COSMIC AWARENESS is the Force that expressed itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the New Age of spiritual consciousness and awareness. Since 1953 Cosmic Awareness has been communicating through carefully-trained channels. The information contained herein was received from deep super-conscious trance levels and 'interpreted' by an entity affiliated with C.A.C. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel, what is the truth. Cosmic Awareness will only indicate and suggest. Neither C.A.C., the Aquarian Church of Universal Service, or the Interpreter, Paul Shockley is responsible for anything Cosmic Awareness may state in any of these readings, nor does C.A.C. or Paul Shockley necessarily believe or agree with the statements of Cosmic Awareness. Paul interprets the energies as he sees them in trance levels and is not personally responsible for what is said. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication.

QUESTION:

We received a letter from B.D. of Wausau, Wisconsin, which isn't a question but it contains an interesting idea, and I'll read the letter and then ask Awareness to comment on the merits of the idea:

"My purpose in writing today is to express what is uppermost in my mind these days and in our other members' too, I know, and this is: How can I go the voting booth this November and vote for one of these three men? I just cannot do it; and so I ask myself, "Who in our nation is best qualified"? I can think of a few. Number one is Dr. Beter, I think one of the greatest patriots of all history. So I am going to vote now after all. I intend to walk in and write in the name of Dr. Beter. I strongly believe that if enough people did this it could cause a great upset percentage-wise, but what is more important and what we are praying and working for is attention brought to bear--publicity. Can't you just imagine the people in the media asking loudly, "Who is Dr. Beter?" It just might save us all and our nation. Sincerely, B.D."

COSMIC AWARENESS:

This Awareness indicates that this as a legitimate feeling for this entity. This Awareness indicates that there are also other entities who are not well known by the majority of voters. This Awareness indicates that *It* does not wish to make suggestions as to who entities should vote for, as this could be construed as lobbying through religious, non-profit organizations. This Awareness indicates that it is not that important to the future affairs whether this Awareness gives suggestions of this nature anyway.

QUESTION:

If a few thousand people wrote in the name of Dr. Beter instead of any of the candidates running, would this come to the attention of the media and questions start being asked, "Who is Dr. Beter?", and in the process they would dig out the information and inform an awfully lot of people of the existence and work of Dr. Beter?

COSMIC AWARENESS:

This Awareness indicates that this may be effective to some degree. This Awareness indicates that some of the more independent members of the media might draw attention to this. This Awareness indicates, however, that the major media has long had standing instructions to avoid publicizing anything related to Dr. Beter.

QUESTION:

In relation to a church organization staying out of politics, I would like to ask Awareness to comment on the significance of the many, many evangelical organizations who now are not only sponsoring political figures like Ronald Reagan, but endorsing them publicly, having fund-raising campaigns and importuning their people to vote for a 'good Christian man' like Ronald Reagan. It seems to me that these Evangelists, who represent very profitable non-profit organizations, are indeed putting this in jeopardy.

COSMIC AWARENESS:

This Awareness indicates this particularly relates to the expenditure of funds for political lobbying or purposes of such nature. This Awareness indicates that individuals belonging to a religious organization can give their own personal views as individuals. This Awareness indicates, however, when they begin speaking for a religious organization, promoting a candidate, this can begin to move very closely to borderline political involvement. This Awareness indicates that religious organizations and persons involved can comment on political affairs, just as politicians can comment on religious affairs.

This Awareness indicates that it is important at these times, however, that the religions and politics have some clear separation, so that religions do not infringe too much into political matters, particularly in regards to suggesting or informing their members how to vote, who to vote for. This Awareness indicates that, likewise, it is important for religions to insist on keeping the political and government concerns out of their religious activities, at least to the extent that the freedoms are not overlapping to a point of confusion which erodes the separation of church and state. This Awareness indicates that it is apparent to most of your membership that if they desire to write in a vote for another entity, such as Dr. Beter or Barry Commoner or some other dark horse candidate or entity of their choice, that they have this right. This Awareness indicates that they do not need the endorsement from this Awareness, nor the permission from this Awareness to conduct this action. This Awareness indicates that *It* casts *Its* votes for such entities as Dr. Beter in other ways, and *Its* endorsement has previously been given for his efforts. This Awareness does not comprehend the need for further concern or endorsement in this area.

This Awareness suggests that if you, as the head of C.A.C. and the officers of C.A.C., agree to endorse such for the purposes described in the question, that this may be done through an action of your own with a suggestion to your membership that they may wish to join this entity in voting in that manner. This Awareness indicates that, likewise, the membership may wish to communicate with this entity, and this entity may lead a movement with the membership for such, if desired. This Awareness indicates there are many ways wherein entities could respond in this action if desirable. This Awareness suggests, however, that it will have little affect on the general future of this country. *

WRITE SENATOR PROXMIRE

This Awareness indicates that entities wishing to assist in the future of this country, and to do something very worthwhile for Dr. Beter, could follow his suggestions as given recently in his tapes, of writing to Senator Proxmire about the missing gold from Fort Knox and the investigation which Dr. Beter suggests; and to follow the messages which Dr. Beter is presenting, along with the steps available for entities to take in order to help bring about the urgent changes which are necessary to prevent chaos and the possible total annihilation of this nation.

This Awareness indicates that *It* has previously given much information regarding the dangers of the future, regarding the material from the *Gathering Storm*, the potential for the Beast-type dictatorship as predicted in the *Book of Revelation*, and how this has been in movement within this country. *It* has given much information to entities, that they may be abreast of the news through the different newspapers which this Awareness has suggested that entities read in order to get a broad, general background of the events as they occur.* *It* has also suggested that entities listen to the messages of Dr. Beter, as these are relatively accurate to a very high degree.

This Awareness indicates that *It* is not *Itself* in the business of creating a continued supply of information which is available elsewhere through different sources. This Awareness suggests that *It* has given the entities the basic scenario of what is occurring, the opportunities to become aware. *That* is the purpose of this Awareness in communicating to entities on this plane. *Its* purpose is not to serve as a daily newspaper, prognosticator, or to keep entities abreast of what is going on behind the scenes. *Its purpose is to make people aware*, so that they may have the tools to think, the tools to discover, the tools to know or discover how to find out what is going on behind the scenes; and the references to Dr. Beter and the various newspapers which *It* previously suggested, and newsletters and books which *It* has suggested---these are the ways whereby entities may find what is occurring behind the scenes or in their lives.

This Awareness indicates that to advise entities on day-to-day decision-making is not the purpose of this Awareness; but to advise entities on how to think and how to make day-to-day decisions, this is the purpose of this Awareness. This Awareness indicates that *Its* purpose is to help entities to become aware, so that they no longer need to rely strictly on some other entity to tell them every little detail of their life and activities, but that they may begin to understand for themselves what is occurring. This Awareness refers entities to books and to sources of information, and those who seek out and read those books and sources of information will find themselves becoming more aware. Those who simply read the Awareness readings and expect everything to be given to them by this Awareness on a continued, day-to-day basis, year in and year out, may not find themselves increasing in levels of awareness nearly so fast as if they would follow through on some of the suggestions which this Awareness gives.

This Awareness indicates that it appears that many entities, in having heard some of the Dr. Beter information, later ceased to listen, and are still somewhat behind on the times and on the changing events which have occurred, and have been waiting for Awareness to reinterpret or to restate the information which Dr. Beter supplies. This Awareness is not in the business of parroting Dr. Beter's information, for *It* has given this entity as a source of information in order that entities may look and follow the messages. This Awareness indicates that the entity has and is doing an excellent job of informing people, and therefore needs no backup; and those who wish to know what is going on in this area, may attune themselves to the Beter material and may be informed.

This Awareness does not feel that it should be necessary to keep pointing toward Dr. Beter and telling the audience who to listen to for this information, for the entity as giving his message clearly, and this Awareness will inform entities when and if the messages are not being given properly or if there is some type of error in a major sense which the entity is relaying.

This Awareness indicates, however, that as far as the C.A.C. membership is concerned, this Awareness still suggests that entities listen to and to take action on the information being given by Dr. Beter. This Awareness suggests the C.A.C. membership may also subscribe to the SPIRAL publications*, that there are many of these organizations now, giving forth great amounts of information regarding what is occurring behind the scenes and along these lines. This Awareness indicates that the dangers have again increased upon the earth, and any entity, even those who previously insisted in closing their eyes to the information given, cannot help but notice that the world has moved closer toward the previously foretold crisis levels.

This Awareness indicates that the election as being controlled basically by the networks, the media, and by those who pull the strings for the media, and that it essentially is nothing more than a diversion to keep the American people's minds occupied while other affairs are being maneuvered for the real purposes which are already in motion. This Awareness indicates that the election (naturally) was to be held; that it is beneficial and convenient to use to occupy the news while other actions are taking place.

This Awareness indicates that those who have listened to the Dr. Beter material, who have subscribed to the SPIRAL information, and those who are reading the scenes and the news, as this Awareness has suggested, and those who are reading the controlled press to recognize what is being seen and what is being said and what is behind the stories, those who are reading the various magazines and newspapers which this Awareness has suggested previously---these entities know reasonably well what is about to occur in the near future and the potential dangers and the potential chances of avoiding these experiences and circumstances.

This Awareness indicates that in order that entities begin to expand their own awareness, there are some areas whereby this Awareness can point the direction for information, but must, at some point, allow the entity to do some of the work of discovering on his or her own. This Awareness indicates at this particular point this Awareness has chosen to suggest the areas whereby entities may look for answers, rather than supplying the answers to the entities.

This Awareness indicates it is a very urgent time in which entities are presently living, and were this Awareness to supply an answer or to make a statement, the entities would become alarmed, irritated, agitated, frustrated, or may refuse to consider what is said; but whereby the entities begin searching and looking in these areas and see the realities for themselves and see the potentials and see what is occurring, then the entities are struck with levels of awareness which cannot be argued over, and they simply must be looked at.

This Awareness indicates that *It* could very easily in one sentence inform entities of the potential during the coming months. This Awareness indicates this would only create extreme interaction of conflict. This Awareness wishes that entities discover what is about to happen in the coming months for themselves, by looking deeper at the various sources of information and by looking deep within themselves through their own channel.

BEYOND "THE GEMSTONE FILE"
(MORE ON ARISTOTLE ONASSIS -- MAFIA LEADER)

QUESTION:

This question from B.S. of Lakewood, Colorado, is probably appropriate at this particular time, because it may open up another source of information for entities. "Enclosed is an article that I clipped from the August 12, 1980 edition of *Globe*, a tabloid scandal sheet (with a circulation of over 5 million). This article has also had a follow-up in the August 19th edition of the paper. As you can see, this article is about the *Gemstone File* and I am curious about the accuracy of the accusations made, -- perhaps you could ask the Awareness."

The article promotes a book, *Beyond the Gemstone File*, by a supposed former CIA agent, Peter Renzo, and is available from 'Fighting Tigers, South Lake Tahoe, California for \$10, (a publishing house). "Is the book accurate enough to justify the expense of ten dollars and should I hurry up and send in my money before Fighting Tigers Publishers burn to the ground and Renzo gets a one-way ticket to an uninhabitable planet?"

As you can see, the article makes some pretty heavy accusations, which leads me to wonder what kind of people are these to behave in such a manner as depicted here. Renzo says that no one, not rival, nor member of the family was safe from elimination if they should present a problem. One thing Awareness has never gone into is what motivates these people and how they think. I would be interested in having a frame of reference explained to me that is as alien as that of little green men from the galaxy of Andromeda. I would also like to know how Onassis fitted in with Rockefeller's plan for world domination."

She enclosed one of the articles which the *Globe* gave two and one half pages to the first time, and they also put in a disclaimer that "Renzo's book is mind-boggling entertainment, and *Globe* believes it is a brilliant spoof, so fascinating, we are publishing detailed extracts," and I'll read just a little bit of what they say in this article:

"Incredible new book claims--one of the most astonishing books in publishing history--exposes what it claims is the truth behind the biggest crimes in modern United States history. And the incredible dossier points the finger at 'drug king' Aristotle Onassis as the mastermind behind horrific events like: the assassination of John F. Kennedy and his brother, Bobby; the kidnapping--and eventual killing--of Howard Hughes to get control of his empire; domination of the United States government headed by Onassis 'puppet', Lyndon B. Johnson, who was eventually murdered: a string of Mafia executions involving some of the world's biggest names.

"The late, Greek shipping magnate is not the only villain in *Beyond the Gemstone File*, the sizzling book by 34 year-old New Yorker, Peter Renzo, who claims to be a CIA agent. Renzo says he knows the truth about the "murders" of Mary Jo Kopechne at Chappaquiddick; Pope Pius XI, FBI kingpin, J. Edgar Hoover; Lee Harvey Oswald and Martin Luther King.

The author won't be shaken on its validity. 'It's not satire,' he told the *Globe*. "This is all too real, unfortunately.' Even so, the book was turned down by 30 publishers before it was accepted by the Los Angeles-based Fighting Tigers, Inc. The book won't be published until next year, says Fighting Tigers boss, Vincent Taylor, but it is already being made into a movie by Republic Pictures Corporation."

And it goes on and on about some of the wicked things that Onassis is accused of doing, and I'd like to ask Awareness to comment on the book in general as to its percentage of validity, and perhaps answer the questions that are specifically asked by this lady who sent in the question.

COSMIC AWARENESS:

This Awareness indicates that essentially this book as approximately 80% accurate. This Awareness indicates that the entity Onassis as being of a very powerful level in the Illuminati. This Awareness indicates the entity as having had complete control over many of the underground organizations, including the drug traffic, the control over many underground criminal-type organizations in various countries, particularly in Europe and the Americas.

This Awareness indicates that the entity also as having had connections with the wealthy families in the United States. That this entity did have a link with the Rothschilds and was essentially under the control, to some extent, through agreements and arrangements, of the Rothschild family. This Awareness indicates this particularly in terms of the banking empire and linked to the St. John Cross of Jerusalem, the Queen of England and others involved in these networks. This Awareness indicates this entity as also having had various contracts and agreements through the major families in various South American countries and in some of the European nations.

ARISTOTLE ONASSIS

This Awareness indicates that essentially, the information in the *Gemstone File* and in this book will supply a great portion of the major intrigues and connections between events and individuals in high places and the purposes and circumstances which are behind the news and the historical events which have occurred, and may still occur in future times. This as another area of profound revelation of what occurs behind the news.

QUESTION:

Awareness, in this book this entity reveals that Onassis had four people (and this author names these entities) set up to assassinate President Kennedy in Dallas in a withering cross fire. Is this part of the book within the 80% that is valid?

COSMIC AWARENESS:

This Awareness indicates this in the affirmative. This Awareness indicates this also corresponds and ties in with the information which Dr. Beter supplied in his tape on the Kennedy assassination. This Awareness indicates that this fills in some of the missing information which Dr. Beter did not supply, and the Dr. Beter information fills in some information regarding other links of high officials in the United States, the links into the banking establishment in the United States with the assassination; and from these two, the individuals can get a relatively clear picture of what occurred and who was behind the actions and how it was accomplished. This Awareness indicates that the information within the *Gemstone File* itself as also supplying a great deal of the parts of the mystery.

QUESTION:

WHAT MOTIVATED ONASSIS ?

Would Awareness care to comment on that part of the lady's question where she asks, "The one thing that Awareness has never gone into is what motivates these people and how they think." She would be interested in having a frame of reference explained to her that would explain this strange motivation of these entities.

COSMIC AWARENESS:

This Awareness indicates that for those who are familiar with the works of *Faust* or with the musical, *The Devil and Daniel Webster*, or the storyline of these performances--the plots--you may recall that the concept was of an entity who was willing to sell his soul for riches, in exchange for some wealth, that he might enjoy himself more and pay later with the price of his soul.

This Awareness indicates that in regards to certain powers that control high places upon the uppermost tiers of the society, there are many cases whereby an entity is invited to join the "in" group or the elite sector, but to do so, the entity may find that there is to be a kind of "catch" at a later time where the favors which are to be given will need to be paid for by a future payment of a special favor.

This Awareness indicates that always this occurs with these entities, whereby one may find oneself being given the opportunity of a lifetime to advance and to have the chance which others would forever envy, and one might wonder, 'why me? How can I be so lucky to have such friends who would give me this opportunity?' This Awareness indicates that this opportunity may include the chance to be part of history, to be part of an established elite group of persons, to be famous, to be wealthy, or to be of a special corp of beings having comforts and privileges denied to others. This Awareness indicates this may be in a form of secret society or secret service type of organization, a kind of spy system; or it may be in terms of communication, or in terms of banking, or in terms of foreign diplomacy and affairs, or in political areas, or in dozens of other areas of society; and the entity may find that the offer is just 'too good to be true'.

This Awareness indicates the entity may then ask, "What will I be expected to do in return for such a favor, for this opportunity?" and may be told, "Don't worry about that. We'll worry about that later." This Awareness indicates that the entity may then find himself moving into the elite levels and may find much comfort and pleasure in life, with opportunities abounding.

This Awareness indicates that within a few months or years, however, the entity may be told that, "It is time for you to do us a favor." And if the entity refuses the favor, the entity then is on the 'black list' and everything goes wrong----The entity loses here, loses there, etc., in one way or another. And if the entity cooperates, the entity may be promoted even higher. This Awareness indicates that some of these requests for repayment of the favor can be of an extremely demanding and negative nature. And whereby once one follows through on such an action, the entity may find that it not only goes against his own principles, but also creates a lever for those above, whereby they could point to this action and show the entity as having committed an illegal-action or immoral action or some type of action, which would be extremely detrimental to the entity's well-being.

This Awareness indicates that in some cases, the entity's family may be held as kind of hostage to force the entity to go along with the scheme. This Awareness indicates that in some instances, well-known persons who have not gone along with the scheme have lost their children. This Awareness indicates that you may recall one of the sons of Nelson Rockefeller having disappeared and never being seen again. This Awareness indicates you may also recall one of Aristotle Onassis' sons as having been killed. This Awareness indicates these occurring at similar, or very close proximity in terms of time.

This Awareness indicates that you may, in checking out some of these families, discover such occurrences of events not to be as uncommon as one might imagine, particularly between rival families or during times wherein the families are rivaling each other over power. This Awareness indicates that there is also the action of not dispensing directly ones family or family members, but of eliminating their agents and those who work for them.

This Awareness indicates that the entity John Kennedy, the entity Robert Kennedy--these were terminated because these entities, after their father's death, decided to try to destroy the power of those who were controlling the drug scene and the organized crime. This Awareness indicates that Ted Kennedy was not physically assassinated, but was destroyed by what was termed the 'ill-defame', the political or character assassination by the drowning of the companion after the party. This Awareness indicates that this served as a warning without the actual destruction of this man, but it also served as a lever to force the entity to cooperate in the future with those in power.

This Awareness indicates that the entity, Martin Luther King, was basically destroyed because he was doing too much good for the masses and it could not be controlled, and there was danger that the mass movement of the blacks in search of their freedoms and their rights through the upliftment of their spirit could be not only beneficial to them, but that his concepts of freedom would also spread to other ethnic groups and even to the whites who likewise did not feel a sense of freedom of the type Martin Luther King was promoting. This Awareness indicates that entity, in preaching non-violence as a means of protest, was introducing a tool into consciousness which was difficult to control. This Awareness indicates that the entity also knew too much for the comfort of those above him.

This Awareness indicates that, likewise, the entity J. Edgar Hoover was too well informed of what was occurring in this nation, and was therefore able to have a great influence on the affairs of things, and this influence and this control could not be allowed, according to the purposes of those powers which wanted control. This Awareness indicates that, therefore, the entity was destroyed so that the organization could be controlled by others.

This Awareness suggests that greater detail and understanding of these ramifications and interrelationships between entities is available in the sources mentioned in the question.

QUESTION:

Then the basic motivation of an entity like Onassis is power and greed. Is that correct?

COSMIC AWARENESS:

This Awareness indicates that it not only as that, but also the fear of nonperformance, which would, in many cases for these entities, result in their annihilation or in having themselves partially destroyed: financially or reputation or in terms of their family and loved ones.

WHY HAVEN'T THE ROTHSCHILDS BEEN ELIMINATED ?

QUESTION:

Last year when Awareness indicated the pyramid of the Illuminati was crumbling, that these powers, these banking interests were being removed and in many cases being replaced by other entities, how is it that the Rothschilds, who evidently still have this tremendous power over entities and are heading us toward world conflict again; how is it that the Rothschilds have not been removed by those forces that were crumbling the Illuminati pyramid?

COSMIC AWARENESS:

This Awareness indicates that there was great protection around these entities, that there are still forces.....This Awareness indicates that essentially, the crumbling of the power which occurred last year began at the top level in the United States and began moving downward. This Awareness indicates that there was not the opportunity for the action to occur on all levels simultaneously. This Awareness indicates that much of this has been covered in the Dr. Beter material and also in previous messages from this Awareness.

This Awareness indicates, however, that it was a great effort extended to bring down the power, from the top down, and it did serve to prevent a major crisis from occurring on schedule over a year ago which would have been able to ignite a nuclear holocaust. This Awareness indicates that this crisis having been thrown off schedule, set back, has given certain time for the masses to awaken, to become more aware of what is occurring on this plane. This Awareness indicates that this mass awakening is an action or a situation which is not being put into the calculations of the Beast plans for conquest, and as having an effect of throwing off the time-table for its conquest. This Awareness indicates, however, that the gain which occurred a year or so ago has been lost on some levels, and the power of these entities has been restored in those areas which were lost. This Awareness indicates that the effect of the events of the Spring of '79 as that which has severely weakened the chances of a world domination by those forces.

This Awareness indicates, however, it has not totally eliminated the chances of the world domination. This Awareness indicates there have been continued struggles by these forces to overthrow the Skopties and to gain greater control over various countries in the Arc of Crisis and this as all designed as part of the continued efforts to restore total domination in order to have the eventual total control.

This Awareness indicates that the intention is to create a crisis of unparalleled proportions, such as the nuclear war; and after the crisis is over and the long shot of having destroyed most of the opposition, these entities hope that they then can pick up the remaining parts of power which are left to them and re-establish their grand design for world domination.

This Awareness reminds entities that *It* previously indicated that the Alien Force had left a kind of kamikaze here on this plane. That its purpose was to wreak havoc and to create as much damage as possible, so that upon return, the Alien Force could have its chance in taking over the planet. This Awareness indicates that the entities serving as agents to the Alien Force are carrying out these orders to the best of their abilities.

QUESTION:

Awareness, compared to how much havoc they potentially could have brought on, how successful have they been?

COSMIC AWARENESS:

This Awareness indicates they have been having quite a number of setbacks, but are still coming up with more efforts. This Awareness indicates this as much likened unto the Road Runner cartoon, wherein the one entity seeks to pull out a bag of tricks to catch the other, but always ends up getting caught in his own trick.

This Awareness indicates that this does not, of course, guarantee that the next effort to create nuclear war will not be successful. This Awareness indicates that it does appear to be growing in its probability with each new effort. This Awareness indicates that this month of October as being highly crucial in this regard.

QUESTION:

WHAT IS THE SIGNIFICANCE OF COLOR-CODING ?

Thank you. A final question from A.P. of Kennett Square, Pa. "What is the color coding in clothing: red, yellow, brown, blue-green all about? Certain people in government dress in red: red ties, blouses for meeting with the public. It operates on an international scale. Is it a part of the Beast conspiracy or what? What do the colors represent and when are they worn? Those who color-code are part of an inner circle which the rest of us are excluded from. This hurts!"

COSMIC AWARENESS:

This Awareness indicates this as in the affirmative. This Awareness indicates that this code as likened unto a kind of symbol whereby rank and purpose is designated. This Awareness indicates that there may be more information on this at a later time. There is nothing seen further at this time.

(Closing Message)

This Awareness indicates that the world as moving into levels of great intensity. This shall have times of release and times of stress. This Awareness indicates that it appears the coming weeks as being times of stress, which will be followed by times of release. This Awareness indicates, however, that these times will leave scars which will never be erased from the memory of humanity; and these coming years, the next five to six years generally, shall see many changes on many levels of human affairs. But when it is over, then entities shall begin to discover the full truth of what is occurring, what has occurred, and why the events were allowed to be.

ED's Note:

Ten days after this reading was given, Iraq declared war on Iran. The potential for this to grow into a world-wide conflict may be part of what Awareness was seeing in this closing message and in the previous readings given this September. (No. 80-28) Hotline .

Incidentally, the book on the destruction of the Orion Empire Awareness suggested we read if we want to more fully understand the plan of Ahriman the antichrist and his wicked plan to enslave this planet, has been located and C.A.C. now has this in stock for those of you who may wish to energize further questions on this subject. (Awareness has indicated more readings on Orion are forthcoming). The book is called, 'Decline and Destruction of the Orion Empire', by Ruth Norman and Unarius Students. (Price: \$6.95).
