Helping People Become Aware

**An opportunity to turn
the table on the Beast !**

COSMIC AWARENESS is the Force that expressed Itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the 'New Age' of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through carefully trained channels. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these various channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel what is the truth. Cosmic Awareness will only 'indicate' and 'suggest'. Neither C.A.C. or any of the Interpreters is responsible for anything Cosmic Awareness states in any of these readings, nor does C.A.C. or the Interpreters necessarily agree with the statements of Cosmic Awareness. The Interpreters interpret the energies as they see them in trance levels and are not personally responsible for what is said. The Interpreters published herein have no connection with, nor control over the editorial comments and material, including illustrations. This is entirely the responsibility of the editor. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication in this newsletter.

A FURTHER UPDATE ON THE INSIDIOUS CONSPIRACY OF THE MONEY MONGERS

AND HOW YOU CAN HELP LESSEN THE SORROW, SUFFERING, AND TRAGEDY ON THIS PLANE

(Opening Message, April 13, 1983)

COSMIC AWARENESS:

This Awareness suggests that the changes which are occurring at this time as that which need to be brought into focus. This Awareness indicates that approximately 8 or 9 years ago, this Awareness gave information relating to the general conspiracy of the program of that which has been called the Beast. This Awareness indicates that in releasing the *Gathering Storm* material, approximately one-third of the membership of *Cosmic Awareness Communications* dropped out because of the intensities of the information. There were others who remained in the organization and took action in spreading the information; there were numerous repercussions including visitations from government officials and there were numerous complaints issued about the information having been released, and it was, in a sense, a kind of high intensity period.

This Awareness indicates that since that time, much of this information has been spread and has been reprinted or has been researched by others. There have been those who researched the information and have added even more information or more sources for information and the movement that was so shocking to the membership in 1979 as that which now has been picked up by that group known as American Patriots. These may have different names. It is essentially, a continually growing group of individuals largely composed of right wing groups, many times those who have been divested of their properties by banks or by government programs and planning.

It has been picked up by entities who are associated with religious organizations and also by entities who have been involved in the study of common law, and numerous other groups. This Awareness indicates that these groups have begun researching and studying the economic system and have concluded and discovered that the Federal Reserve Bank is not a government branch or agency, but a privately owned corporation owned mostly by foreign interests, and that many of the government programs and activities have been designed around projects that would, in the future, intend to take away private properties and personal rights from individuals.

This Awareness indicates that this has become a major concern of the government, that these patriots are beginning to spread around the country with such fervor and that the truth is being spread by these entities. This Awareness indicates it has in fact become a major concern by the government and this Awareness has indicated previously that if this operation by these forces could not be put into effect by 1986, its chances of being made active would be greatly decreased as anytime past thereafter, for more and more entities would catch on.

This Awareness indicates at this stage, there are so many entities who know what the plan is or know who is behind the activity that in the event a great catastrophe occurred, an economic crisis or national emergency, and the economic program was to be implemented which would be designed to enslave the masses; at this time, there are so many entities who understand this plan and how it would work and who is behind it, it would have very little chance of any long-term success, and those responsible would soon find themselves being the victims of their own design; those who would persecute would find themselves the ones being persecuted.

This Awareness indicates therefore, it does appear at this time that the likelihood of such a sudden effort by these forces to implement their plan of enslavement of the masses through the economic system would be very hazardous to their efforts and benefit and therefore, it does appear that they are reassessing and will instead hold off either for a better opportunity or hold off in search of a way to make the plan work with less shock to the masses. This Awareness indicates that they have not fully given up on their desire to control the masses with greater management, but they are somewhat fearful of implementing the plan without fully knowing what the repercussions might be.

This Awareness indicates that the greatest fear these entities have is that they might be exposed in what they are doing, and in such exposure they would become the minority and could very easily be seen as tyrants, attempting to steal and destroy the energies of the masses, which in fact, is so. That once these entities are exposed for what they are, they know that they would be in great danger, regardless of the fact that they at present control military and other governmental agencies and powers.

This Awareness indicates that control is only available to them through the agreement of the masses to allow them to maintain their control, and once the masses realize the total picture, total scenario, there is little chance that the masses will continue to feel agreeable toward this arrangement. This Awareness indicates that *It* does not wish to again force the membership to be the front-runners in a kind of alarm system to awake the masses, but *It* does see considerable value in suggesting to the masses that they can help to spread the word about this group which has for so long manipulated the masses, created wars, sacrificed humanity that they might swindle the masses from their earnings and might in the future swindle them from all their assets and turn them into servants and slaves.

This Awareness indicates that at this particular time, there are the American Patriots, under various names, who have an understanding of what is occurring and are working feverishly to alert others. That

Nathan Mayer Rothschild
(From an old print)

these are just individuals who meet here and there, now and then, share information, pass information along to others, and alert the masses in a quiet way that is not generally sufficient or is not generally acceptable for news release over the media. This Awareness indicates in fact, the powers that control the media would prefer that this not be made known, that there are such people who are exposing information that is generally kept from the masses.

This Awareness indicates however, that there is information available that can, if spread, and as spread, shake this group from the top to the bottom, whereby their very foundation becomes uncertain, because this information can expose quickly and fully who they are and what they are, and what their plans are for the future. This Awareness indicates that one of many such books as that which the entity Lindsey Williams called *Syndrome of Control*; that this book as one which has some few errors, but is otherwise so complete and so revealing of these entities in such a concise and clear exposure with documentation that can be checked out by those who wish to, and with such crystal clear definition of the structure and means by which these entities would enslave the masses, that this book becomes a classic in its field, and can, in such a few pages, give entities a totally different view of the problems facing them, a totally different view of the reality in which they operate so that all of the nebulous, unclear, uncertain misrepresentations they have heard about different things suddenly becomes clear like a lightbulb going on in one's head wherein everything suddenly makes sense: the reason for the terrorisms, the reason for the various events that have occurred during the past decade, and other exposure relating to things that are occurring daily in the news.

Cloak and Dagger Information not Awareness's Purpose

All of this suddenly becomes clear. This Awareness indicates there are many entities who wish this Awareness would continue revealing information relating to the behind-the-scenes operations, or as one entity said: "I miss the cloak and dagger information that Awareness used to give!" This Awareness does not wish to make a career of giving cloak and dagger information. That is not *Its* purpose. *Its* purpose is to reduce sorrow and suffering and tragedy. A part of the reduction of sorrow, suffering and tragedy is to alert entities of this cloak and dagger information so that they may be warned of dangers that are being planned for them, and so that they may have access to information whereby they can continue being alerted as needed, but *It* is not here to please entities who enjoy cloak and dagger information.

This Awareness indicates *It* is here to help reduce sorrow, suffering and tragedy, and this includes other types of information, information that helps entities to grow, to have better relationships, to develop more spiritual insight, and to heal themselves physically, mentally and emotionally. *It* is here to alleviate suffering on all levels, and *It* wishes to focus much of *Its* attention to these other levels, yet *It* does not wish to deny entities the opportunity to study this area of cloak and dagger information, for it may indeed have some bearing on their future welfare; therefore, this Awareness has focused this message on a way by which entities can assist in the exposure of this conspiracy that hides always behind the news and which can continually chew away at the freedoms of the masses, if the masses are not alerted, and this Awareness wishes that this action of alerting the masses be increased as possible, enhanced and spread more rapidly, and this Awareness suggests that since this entity Lindsey Williams has written books which are already defining clearly the concern, and the issues and the problem of this conspiracy, it is suggested that those who are inclined to want to do something or to be informed and kept up to date on what is occurring; that they order these books from this entity.

Lindsey Williams Books Should Circulate

This Awareness indicates there are several books: *It* recommends *Syndrome of Control*, and the book *To Seduce a Nation*; these are extremely revealing as to what is actually occurring behind the scenes; that this Awareness asks that those who are serious about helping do more than simply order these books for themselves to be informed. This Awareness indicates that if you wish to do something, to do something worthwhile, to really put tacks in the path of those who would enslave you, to throw roadblocks in their plans, to pour sugar in their gas tanks or to in some way hinder their operation, the best thing that can be

done is to spread this book around as far and as wide as is possible, preferably to those who have influence among others.

This Awareness suggests for example, not only buying copies for yourself, but buying copies for your local minister, copies for leaders in your town; the politicians of your city, state and county governments; that these entities in receiving this book become aware of this kind of conspiracy looming on the horizon and behind the scenes so that they, when confronted themselves with the potential of becoming involved in that conspiracy, of being cooperative with those who are conspiring, will have second thoughts and will think perhaps: "Hey! Do I want to get involved with them? The masses are beginning to catch on to this whole scam. I don't think I want to be part of it!"

This Awareness indicates that as more and more politicians begin to realize that the masses are catching on, they may begin to pull back any cooperation they had and may gather together with others who have also received this book, or similar material and begin to form alliances among each other, with each other, in an effort to counter some of these conspiracies relating to the plans to enslave the masses. That in this manner you can speed up the effort of the American Patriots and others who are working in this direction to chisel away at the power of those who would otherwise enslave the masses through the economic controls, through the economic system.

A Mathematical Formula for Enslaving the Masses (Remember the Gasolene Shortage?)

This Awareness wishes you to know that these masters of economics are not operating without a map; that these entities have a precise, almost mathematical formula for enslaving the masses. Those experiences of the past, such as the sugar rationing, the gasolene shortage, the coffee shortage, other similar crises in commodities and in the political and military events that have happened over the past two decades,--these things were not haphazard. They did not simply happen because someone overestimated something or because weather affected the crops or because some event occurred. These were manufactured in order to get a computer readout of how the masses would respond to such a crisis, and from these readouts, in a kind of linear programming, they could take this information, put it in a formula and make predictions as to how the masses will behave, and as to what degree they can influence the masses without the masses turning against them, and this kind of computerized social programmings perfected to such a degree that it is almost mathematical, almost as accurate as any mathematical formula in its predictive outcome.

They know exactly *what* kind of crisis to create in order to get the public to do this or that. They know exactly *how much* of a crisis they can give without the public turning against them; therefore, without this action of the American Patriots and others of a similar nature, these entities are quite well along in their plans to enslave the masses. Whether this upsets you or not, the fact remains, and if you are not somewhat upset now, to the point of being able to mentally handle such information, guess what will happen when it occurs?

Is Being Comfortable Being Spiritual?

This Awareness indicates that there are many entities who consider themselves spiritual simply because they want to be comfortable. This Awareness indicates that being spiritual has nothing to do with being comfortable, and entities who think that all they have to do to be spiritual is to stay away from anything negative are simply being unreasonable, unrealistic and are avoiding reality, and therefore ignoring truth; and how can you ignore truth and consider yourself spiritual? This Awareness indicates isn't it truth that makes you free? Or is it ignorance? Is it hiding from truth that makes you free?

This Awareness indicates that *It* does not wish to startle or shake entities from their comfort zones any more than is necessary, and this action of purchasing this book, or these books, as that which, even if you don't read them yourself, can go a long way in alerting the masses. This Awareness suggests you send copies of this information to ministers, to leaders, to politicians, to heads of schools, to actors and actresses in the entertainment and media, to those who have their shows: talk shows, radio shows, television shows, giving them something of depth to chew on; these entities often get up and rap for hours over nonsensical nothings. Give them something of substance to talk about to their listeners. Even if they don't themselves bring this out on their talk show, it is important that they might at least understand reality when talking to those who call in.

This Awareness indicates too many entities in positions of alleged knowledge or claimed knowledge, in their talk shows or in their newscast or in their commentaries, don't even know that the Federal Reserve is not a Federal agency, anymore than is the Federal Express a Federal agency. Most of these entities believe the Federal Reserve is part of the government. This Awareness indicates it is time that we educate each other, and this information by this entity who has carefully compiled the material in a concise and clear manner, can go very far in awakening the masses.

This Awareness indicates that this entity, a minister himself, involved in the teaching of Christian doctrine, as one who has his particular religious view, which you may or may not fully agree with, and these are espoused on a few pages near the end of the book. It is suggested

that these be read. It is suggested that you make up your own mind regarding this, but it is suggested also that the rest of the book as that which very few could argue with, regardless of your religious viewpoint.*

This Awareness indicates the rest of the book as that which is practical and is urgent in the sense of information that entities need to know; that the religious aspects in the last chapter are those which you may or may not fully accept. It is your choice. It is also your choice to review the other material in the book. What is of importance is that the information needs to get out, and this information is well put together in this book, in a concise manner; that in fact both books are very concise and clear.

*Ed's Note: Another thing not to get turned off about is the frame of reference Lindsey Williams is seeing the total picture from. For example, he likens the order of command of the International Conspiracy to a pyramid, with Satan at the top, Illuminati Bildeburgers below Satan, the Trilateral Commission and the Council of Foreign Relations below that; the Bureaucracy below that, then Elected officials, and finally, the citizens at the bottom of the pyramid. From Williams' frame of reference, the force known as 'Satan' is in command of the whole show, whereas Awareness refers to this force as the 'Force of Ahriman'--which essentially is the same thing.

Mail Out these Books and Ask Questions

This Awareness suggests that if you wish to do something to enhance your future, to preserve your freedom, to assure your comfort zone remains intact; if you wish to see that the Constitution remains firm as the Law of the Land, if you wish to see America surviving as a nation of the people, for the people and by the people, you will want to help preserve it by spreading the truth to the masses, and one of the best sources for spreading this information is in these book. It is inexpensive and it is easy to do. You simply purchase the books and mail them off to influential people. Put in a note: "Have you read this yet?", or whatever else you wish to write. Ask them questions. Tell them: Have you read this book? Can you tell me if these things are so?

By asking the question: Can you tell me if these things are so?, they will need at least to glance through the book in order to answer your questions. This Awareness indicates that as more and more influential people read this information, if they did not know what's going on and they suddenly discover, they will have a totally different insight into their position of influence and can then function with greater efficiency in preserving the freedoms and rights of the people, if that is their intent.

If, on the other hand, their intent is to *participate* in the program that would enslave the masses and they receive this book from one or more people, they will begin to feel very uneasy in their position and in their role, and will perhaps compromise somewhat

their position of furthering that program, for fear that they themselves may be caught up in a backlash from an awakening society. This Awareness indicates that this kind of grass roots movement can have a powerful effect, for the one thing that these money mongers fear the most is that the masses will discover how they are manipulated by those who manipulate the money, and these books clearly expose them and their method.

Only 5% Needed to Alter the Course of History

This Awareness indicates it only takes approximately 5 percent of a group of people to alter the course of that group and already approximately 4 percent of the people in this nation have some contact with this type of information, are to some degree aware that the money-changers, the banking system, the money-mongers are manipulating the nations, the politicians and the masses through the misuse of economics. It only requires approximately one or two percent more of this nation to awaken and to have the power at such time as to be able to alter the course of history.

This Awareness reminds you that less than one percent, far less than one percent, approximately one person in ten thousand is actually participating in this effort to enslave the masses, thus, when 5 percent of the population catches on, these entities who would enslave the masses will be a great minority, and when the knowledge of how they do such, how they plan and operate toward their enslavement is clearly understood by that five percent, their chances are greatly diminished. Within three to four or five years they could well be in total reverse, scampering for survival or scampering to alter their image and to preserve themselves by truly serving the masses instead of trying to enslave them.

This Awareness indicates that the nature of their occupation can continue to supply the masses with money, with currency, much as is done presently, but *without* the motive of enslaving the masses. This money system could very well be transformed into that of a system which is designed to provide for the needs of the masses, wherein those in charge of the system which is designed to provide for the needs of the masses, wherein those in charge of the system are either elected or appointed, not as owners who would use the system to control the masses, but as servants, serving the system, operating the system in behalf of the masses.

Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it's the only thing that ever has.

Margaret Mead

This Awareness indicates that either way, the system continues to work, but if the motive is to use the system to enslave the masses, it will only work for that purpose, whereas if the motive is because the masses understand how the system works, that they demand the system be used properly to serve the masses, indeed it is a reverse role, and the system will then be operated properly in behalf of the masses so that depressions, recessions, inflation, and all of those manipulations are done for the benefit of the masses to strengthen their energy, to strengthen the economy, not to rob them of their earnings in order to put money in the pockets of those who pulled the strings and manipulated the crash or inflation, or whatever manipulation was used.

This Awareness indicates that it is important that entities understand the nature of manipulating the money through altering interest points, through operating the currency flow, for these cost you if they are implemented by those who would manipulate for their own gain, and likewise, these can serve the masses if they are implemented at the right time to strengthen the economy. This Awareness indicates that all of this is clarified in these books, and entities who wish to know what is going on are those who will help to preserve the future for themselves and others.

This Awareness indicates there is an attitude among certain elite members of society that if entities do not use their brains, they may as well not have any brains, and therefore, this Awareness suggests that you use your brains and learn what it is that pulls the strings that makes you gain or lose your life's energies and savings, that you may better protect yourself and your future and preserve the freedoms and rights that you have for your children and your children's children.

This Awareness suggests the questions may be asked.

TOP SECRET PUBLICATION JUST FOUND REVEALS EARLY PLANS OF THE BEAST

QUESTION:

Several members have sent me a copy of a document called *Top Secret: Confidential. Silent Weapons for Quiet Wars*. It was put together by some unknown entity, and I'll read a bit of it. Chris L. sent me this copy. He's an American teacher in Japan, and he writes: "Have you read this one? I got it from American Promise.* This is a copy I made. If possible, we would like to know what Awareness thinks of this manual. Is it what it claims to be? Is the information in it accurate?" Now I'll just read the introduction, what the person who found the original, and who's circulating this says about it.

"Conspiracy theories are nothing new to history. Plots to kill Caesar and overthrow Rome abounded, for instance. However, it is seldom that concrete clues to such plots come to light and are generally known. The document you are about to read is real. It is no forgery as is alleged of the *Protocols of the Learned Elders of Zion*, or actual forgeries such as those of Anne Frank, or more recently, Hitler's diary.

TOP SECRET: Silent Weapons for Quiet Wars, an introductory programming manual, was uncovered quite by accident on July 7th, 1986, when an employee of Boeing Aircraft Company purchased a surplus IBM copier for scrap parts, at a sale, and discovered inside details of a plan hatched in the embryonic days of the cold war, which called for control of the masses through manipulation of industry, people's pastimes, education and political leanings. It called for a quiet revolution, pitting brother against brother and diverting the public's attention from what is really going on.

For all intents and purposes this document has 'come to pass' much as Henry Ford, Sr. said that the *Protocols*, regardless of their veracity, applied to the events of his day. It is reprinted in its virgin form with diagrams as a touch of reality. It is heavy reading, but it will, as well it should, spur you to read further. Keep your eyes and ears open and sound an alarm in Zion, for though she presently dwells with Babylon's daughter, Michal 4, her redemption draweth nigh. Truth bears no fear!"

That's the end of the introduction. Now this document, *Top Secret*, is about 57 pages, and I won't go into it, but it looks like a very erudite work, and details the scheme using money transfers and computers and everything else one can think of to control people, and I'd like to ask Awareness: Is this document a forgery, or is it what this person claims it to be?

*American Promise is one of the patriotic organizations Awareness was just speaking about. Their address keeps changing, probably because the Federal agencies are after

them for releasing this type of information. The last address we had is no longer valid. If we can find the address where this booklet can be obtained, we will let you know.

COSMIC AWARENESS:

This Awareness indicates that this is indeed accurate in the sense that the information as to how it was obtained is correct. It is also accurate in the sense that it was a copy of a confidential document that was circulated among certain individuals. This Awareness indicates that it is not a completed volume, in the sense that it is still in its earlier unfinished form; that this becomes a, what may be termed an earlier version of one which now exists that is far more complex, having further information and further data based on experiments that were conducted influencing society and getting information on how society responded.

This Awareness indicates that this as being 57 pages, whereas the new version, updated version as that which runs several hundred pages. This Awareness indicates there is even further information addendums to that work. However, this does give a basic structure of the work that is now top secret and unavailable to the masses which becomes the guiding textbook for the control of the masses. This Awareness indicates that this particular document that you have as that which does serve as a kind of framework or skeleton of the further document that has been developed since.

This Awareness indicates in reference to the information within this document, that all of this is indeed based on accurate programming information theorizing and preparation as these researchers attempted to find ways to monitor society and influence and control society. This Awareness wishes to remind you that back in 1975 and '76, this Awareness occasionally referred to linear programming in reference to the experiments that were being conducted relating to coffee and sugar shortages; that these were part of a research program to see how masses reacted to certain types of shortages. This was part of the experiments that went into this program which this document refers to.

This Awareness indicates that by using these linear programming computerized projects, the forces in charge of this research have been able to estimate with great certainty the behavioral patterns of individuals in society, given various circumstances that might occur. These entities even know how to create certain crises or circumstances in society sufficient to disrupt the family loyalties if that is something they wish to do.

This Awareness indicates that the nature of the program as that which works on the principle of a metaphor; that the behavior of currency, the economics of a society is metaphorically similar to that

movement of electricity in a circuitry, and by following the law of electronics, but applying those laws to society, these entities can use the same laws of electronics to measure the outcome of social behavior as it relates to economic manipulations. The economics serve the society as the electricity serves the circuitry of an electronic board. It is a kind of metaphorical science in which only the names need to be changed in order to use the rules of one science as it applies to another.

Thus, the electronic science, in reference to the circuitry of an electronics board, can serve as a model for estimating behavior of the social sciences as they relate to manipulation by currency flowing through the society. This Awareness has made reference to this at various times before; that this book clarifies the manner by which this kind of operation is conducted and also explains motives and ways of using this for certain purposes that are not in the highest and best interest of individuals.

THE STOCK MARKET CRASH OF OCT. 1987: WHAT HAPPENED TO ONE TRILLION DOLLARS?

(FOLLOW-UP QUESTION):

On October 19th, 1987, which is now known as Black Monday when the stock market crashed, some of the reports say that close to one trillion dollars,—half of the national debt,—just disappeared into thin air, and now some people are asking questions: What happened to this incredible amount of money, and is it a fact that it's just gone poof? Where did it go? Was this another manipulation of these world planners, or was this just simply excess and greed on behalf of those people who gamble in the stock market?

COSMIC AWARENESS:

This Awareness indicates that Black Monday scenario as that which was another trial run or test of the system. It was intended as a further test of the researching program to determine behavior patterns in regard to a present stock market crash. From that information, which can then be put into a computer and through linear programming, altered for different scenarios; this information can yield further data as to how far they can go, to what degree they can bring the market down in reference to the social effect as well as the monetary effect.

This Awareness indicates that it is not necessary that they test different kinds of, different amounts of fluctuation in the market in order to devise a program which will give them information on all of the fluctuation possibilities. They can gain information on varying degrees of fluctuation of the market simply from one good scenario. This was a one-time reality of

altering certain figures, putting out certain information which would cause investors to react in a particular way and lead to certain further reactions, considering all of the circumstances involved, so that they could get a series of data bases from which to run tests to determine exactly how far they can go, exactly what they can do to get a precise result.

This Awareness indicates that these are the same entities who are behind the Federal Reserve Bank and you will recall that following this stock market crash there was a great effort on the part of many to set up a committee or group in the Federal Reserve Bank to assist in creating a program that would stabilize the market, to make sure that the market behaved according to their wishes, and there were many who said: "Who could do better at this than the Federal Reserve?" Keep in mind that the Federal Reserve Bank is a private corporation run by private individuals and their companies and that most of these investors of the Federal Reserve system are not American, but are foreign and are simply in it for the money.*

This Awareness indicates that this information from that stock market crash is now being utilized by these entities to formulate programs whereby they can come up with various options in regard to future stock market manipulations that will be of benefit to themselves with the certainty, the mathematical certainty of the particular outcome of the manipulation.

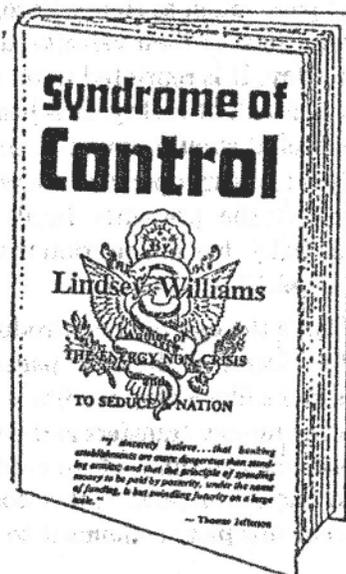

*ED's Note : Who owns the Federal Reserve has been one of the most carefully guarded secrets since its formation in 1912. For a list of the Zionist families who do actually own and control the Federal Reserve, please refer to 'Revelations of Awareness' Issue No. 82-15, (\$3.00 from CAC.)

WHY DO THE CONSPIRATORS WANT TO CONTINUE TO ACQUIRE MORE MONEY WHEN THEY ALREADY CONTROL MUCH OF THE ENTIRE WORLD'S WEALTH ?

IN WASHINGTON STATE 300,000 PEOPLE VOTED TO SUE THE FEDERAL RESERVE. WILL THIS ATTEMPT SPUR OTHER STATES?

(MORE ON HOW THE PRESS & MEDIA IS CONTROLLED)

(FOLLOW-UP QUESTION):

Awareness, these people already have so much of the world's wealth, such a huge percentage of its money, far more than they know what to do with; why then, as human beings, would they continually conspire to acquire more?

(FOLLOW-UP QUESTION):

Last year a state senator here in Washington state named Jack Metcalf; he's a hard money man and he understands what's going on with the Federal Reserve, mustered his followers and was able to get an initiative put out in the state and acquired the necessary 200,000 signatures, I believe it was, which would put it on the ballot, and if it passed, the state of Washington would be the first state that could legally sue the Federal Reserve, in reference to a number of things, particularly the ownership of the money, and bringing the whole structure out into the light, that it was not owned by the Federal government etc. Anyway, when it came to the actual vote last fall, it did not pass, but over 300,000 people in the state did vote for it. However, the newspaper editorials and the TV people before the election seldom even mentioned the initiative, and when they did they put it down as a crank and told the people not to vote for it, they said it was pure nonsense and wasn't true and all that. So I would like to ask, the fact that this was tried once and about 300,000 people voted for it, is this an indication that this will be attempted again, maybe in some other state, and enough people will become aware of this conspiracy that through the ballot, expose the Federal Reserve system?

COSMIC AWARENESS:

This Awareness indicates it is not the money they desire, it is the power. They have more money than is necessary already, they could never spend all of their money, but by manipulating money they can gain greater and greater power. This Awareness indicates that in understanding the use of the manipulating of money, they can formulate plans and policies and scenarios whereby they can maintain greater and greater control, assuring that they could never be displaced from their position of power. They see this with a kind of almost religious fervor, that they are superior in every way to the masses, and that it is their sacred duty to remain in power, because of their greater intelligence and greater role in society, and they are deathly frightened that someone will learn what they already know, and attempt to alter their roles, so that they can no longer deceive the masses and maintain the power which they hold.

COSMIC AWARENESS:

This Awareness indicates that this is in the affirmative, that as entities gain more and more support, more and more encouragement, more and more understanding of what is going on, the opportunities will increase and the number of efforts to do something about this will begin to increase, and eventually, somewhere, sometime, a ballot of this type will win, and it will become very difficult for the media to ignore that winning, although no doubt they will try to ignore that winning.

This Awareness indicates that this may sound far-fetched, when you think of the difference between these entities and the average person on the street who would see to be no threat whatsoever to these entities, but it is not the man on the street that these entities fear. It is the person who is approaching their own level of understanding, it is the person who is earning large amounts of money and who is beginning to catch on to the game that may in time become a threat to them. They would like to totally eliminate the middle class so that they have their elite position and no economic ladder between them and the common person, that the system being a two class system; the super rich and super poor would be much easier for them to manage without having any threat of people climbing the social and economic ladder, approaching them and threatening their position of power.

This Awareness indicates that you must understand that even local stations, local media are influenced by information that is given from other sources; the big media sources in the East, and many of the networks are in fact owned and controlled by these entities who control the Federal Reserve. Many of these entities in charge of networks and in charge of agencies and various bureaucracies are in fact subordinates to those who own the Federal Reserve, and these larger networks and media often purchase a controlling interest in the small local radio and television stations so that they have much to say about the position the station should take in regard to information. The same is true in regard to newspapers.

This is essentially the motive behind their efforts to gain more and more power over the masses: the elimination of the middle class, the elimination of opportunities to rise economically in society.

WHY IS THE MEDIA BEGINNING TO RELEASE 'DIRTY LAUNDRY' NEWS STORIES ?

(MORE ON THE SECRET WAR)

(FOLLOW-UP QUESTION):

This Awareness indicates that as entities begin to understand this, it is not surprising that the media would not support this kind of effort to do something about the Federal Reserve. This Awareness also wishes to remind entities that the voting booth in many states is serviced by those who are part of this establishment; that you will remember the information from Dr. Beter in regard to his experience in running for governor of Virginia, wherein they offered him the governorship if he would do certain things, and he told them that could not do that, but he would win anyway, and they told him that he could not win, because the voting machines are controlled by them and can be manipulated just like slot machines, to give votes directed to him to the other party, the other candidate.

The information is already starting to come out along that line as a result of the lawsuit by the Christic Institute, and the powers that be are trying to pass the lawsuit off as a crank and to cast aspersions on them and everything, yet, more and more of this testimony is beginning to come out, and it's being cross-referenced down the line and it looks like even the media is beginning to carry these stories--the CIA drug connection, the Whitehouse knowledge, questions on George Bush's participation etc. Now, why is that, that the media is beginning to open up so much in this area?

This Awareness indicates also many of the large publishing houses of books are likewise controlled by the powers of those who own the Federal Reserve, and this has considerable influence, especially when those publishing companies write textbooks for schools; that these textbooks for schools that go out across the country are often written according to the dictates or certain policies of those money mongers. It is in this sense that the *Protocols of Zion* can give light on how this mandala of power is expressed through the press, through the media, through the textbooks and information sources as well as through government agencies.*

COSMIC AWARENESS:

This Awareness indicates that you must understand there is a kind of secret war going on between the Rockefeller forces and the Zionist forces; that these two powers are essentially warring with each other behind the scenes in a manner to keep the masses from realizing the conflict that is occurring. The Zionist forces are seeking to gain greater and greater power in this country. This Awareness is not referring to Jews. It is referring to that which is a secret organization that seeks to set up world domination, a kind of political movement which has great power in both Israel and in the United States and did, at one time, control most of Russia under the name of Bolsheviks; that the Bolsheviks and Zionists were basically the same thing.

* ED's Note: "The Protocols of the Meetings of the Learned Elders of Zion" is not a forgery, according to Awareness. You can get copies, translated from the Russian text by Victor E. Marsden, with preface and explanatory notes, from Omni Publications, Box 216, Hawthorne, Calif. 90250. (Copies are also available from C.A.C. for \$5 plus postage).

How the Voting Machines are Rigged

This Awareness indicates this entity explained that this was a group from Atlantic City that serviced the slot machines in Atlantic City, working for the Rockefeller group, which also serviced the voting machines around the country. This was some time back, but this kind of manipulation is still prevalent, and there are many times in various voting arrangements for certain candidates and projects that the votes are switched to go to another party or to another program from that which the voter intended.

This Awareness is not referring to Jews, for there are many Jews who are not Zionists. There are more Jews who are not Zionists and only a few of the Jews are Zionists, and there are also entities who are Zionists who are not even Jewish. This Awareness indicates that this is however, something that the Zionists prefer entities not know, and most Zionists like to confuse the issue and make entities believe that if you are heard speaking against Zionism, then you are against the Jews. This Awareness indicates that Zionism is no more Jewish than is the Masonic movement Caucasian; that in order to match this kind of argument, you would have to convince the masses that all Caucasians are Masonic, which you know is not so. Neither are all Jews Zionists.

This Awareness indicates it is still important to vote where you can, in hopes that the particular interest you have has not been tampered with. This Awareness indicates that this summer, entities will begin to witness a growing exposure of conspiracy information; that it will especially relate to the Iran/Contra/Nicaragua connection but will also include drug connections, and that this will, in time, gradually open up a condition in consciousness that will lead to further exposures; eventually all that is hidden will come out, and the masses will wonder how in the world they could have been so deceived by so few, for so long.

This Awareness indicates that the Rockefeller forces have greater control over the media than do the Zionists, and therefore the media is beginning to work in behalf of the exposure of these Zionist plotters; that the Zionist plotters include many of those who are involved in that secret team, and the groups which work closely with Israel, and there are also numerous drug-running organizations involved in this scenario; that much of this will be exposed during this coming

summer, beginning in June and running throughout this year and probably far into future years as more and more comes out.

This Awareness indicates that the control of the present administration switched into the hands of the Rockefeller faction when Donald Regan was replaced by...This Awareness indicates the name as not clear.

(Avaton); Baker.

This as in the affirmative. This Awareness indicates that when this entity Howard Baker replaced Regan and others were dismissed or fired, it was in behalf of efforts from the Rockefeller faction, and it was also that same day that Gorbachev made suggestions of conciliation in regard to weapons, and it was very quickly following this that meetings were held between the superpowers for the potential prospect of arms agreements; that these manipulations by the Rockefeller faction and the quick tie-down of an arms agreement were to ensure that the Zionist faction could not regain control of the administration and reverse the general affiliation that the Rockefeller factions had developed with the Russians.

This Awareness indicates that the first effort by these Rockefeller factions occurred in Reykjavik, but was quickly put down by the Zionist factions upon the return by the President, and this was quickly reversed so that the cold war would continue. This Awareness indicates you must remember that the Bolsheviks have been generally removed from Russia after the breakdown of detente and the movement of Skoptsis into higher power in Russia. When the expulsion of Jews began in Russia, this was an action in which the Bolsheviks were being removed from power, many being sent to the United States as refugees.

Why the Disarmament Treaty Happened

This Awareness indicates that this occurred at the same time, or approximate same time that the Rockefellers began to realize that the Bolsheviks or Zionists in the United States had double-crossed them and that they then began to form an alliance with the Skoptsis in Russia in order to even survive, and this then led to their present alliance. This Awareness indicates that after Howard Baker and other entities were put into positions by the Rockefeller movements, many of those who had been firm followers and had loyalty to the Zionist movement were relieved and ousted, and support is no longer forthcoming for them. The role of the Presidency as that which continues to appear the same, but his actions have basically switched from that of one who refused to communicate seriously with the so-called 'evil empire', to one who is now quite friendly and willing to negotiate some kind of disarmament programs, that the nations can live in greater harmony together. Also, you will note that trade is beginning to develop between the two superpowers, which was relatively

unheard of several years ago in the early days of the Reagan administration.

This Awareness indicates many of those extreme right wing organizations who are quite hostile to Russia, even though Russia has been more conciliatory, are conditioned and programmed by Zionist factions, even though many of them do not trust Zionism and do not support Zionism. This is simply because they are not fully aware of where they and their position sits in terms of what is going on. There are still many entities who do not understand the true scenario of events and of the principle players in those events and they believe that it is a conflict between communism and capitalism, or between God and atheism. It is more of a conflict between forces who want power against forces who want power, yet few really understand this.

This Awareness indicates the masses are beginning to awaken; that it is not easy to awaken the mind that does not care to bother to think, does not wish to hear anything contrary to what it already accepts. Masses who do not wish their mind to be influenced, only to be supported, are not thinking. If you cannot question your beliefs, if you cannot seek to know more than that which simply assures you that you are right, you are not thinking.

This Awareness indicates that entities who wish to truly think and learn, must be vulnerable and open and willing to seek information, look at both sides, and to find the arguments of your opponents, and to look at your own arguments and beliefs, not as though they were sacred, but as though they were something to examine along with your opponent's arguments, to see if something in both of these might give a clue to more pertinent positions and information.

This Awareness indicates that when the entity Weinberger was removed, another instance of the Rockefeller forces taking control of that position; it was shortly after that the Queen of England gave great honors to Weinberger. This Awareness wishes to remind you that the Rothschild faction which controls England is the heart or basis for the Zionist movement.

(FOLLOW-UP QUESTION):

One of the Rothschilds died last year. Will that change the situation any?

COSMIC AWARENESS:

This Awareness indicates that this does not appear to have altered anything; that it appears this was in reference to one of the entities who was not that much involved in political concerns.

**HOW WILL THE ISRAELI/ARAB
CONFLICT BE RESOLVED?**

QUESTION:

A question from E.R., Auburn New York. She asks:
"How will the Israeli/Arab conflict finally terminate?"

COSMIC AWARENESS:

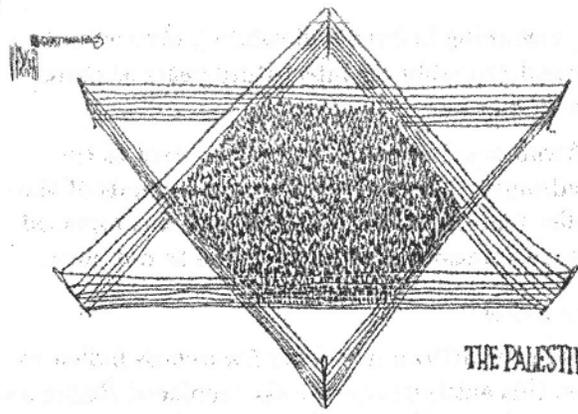

This Awareness indicates that this is very uncertain. This Awareness indicates that the Israelis are working somewhat secretly with the Iranian groups; that they assisted in helping set up Khomeini; that they have certain dealings with the Iranians and consider Kuwait and Iraq and Saudi Arabia as being their greater enemies. This Awareness indicates that the conflict in the Gaza strip and West Bank as that which could greatly undermine support for Israel if it continues much longer; that this undermining of support in terms of the psychological effect or attitude entities have toward Israel as that which may in time begin to have dire consequences.

This Awareness indicates that in reference to those things which this Awareness has just indicated, the Zionist faction versus the Rockefeller faction, you may begin to better understand what is happening in this conflict of the Gaza strip and West Bank. This Awareness indicates that the resolution is not clear at this time. It will depend greatly on how Israel treats the situation in respect to the inhabitants of this area; whether they can reach a settlement, whether they desire to resolve the problem in a manner that is equitable to those inhabitants of the West Bank and Gaza strip; if they can indeed compromise to the extent of reaching an agreement with these entities, there could be a settlement and peaceful resolution.

This Awareness indicates in the event this cannot occur, there is the probability that the conflict will spread beyond the borders of Israel and that other Arab nations will begin to move and act with greater hostility toward Israel. This Awareness indicates you must remember that Israel has a rather large arsenal of nuclear weapons. This Awareness indicates that there are also others who are aware of this, and would not hesitate if necessary to do a first strike against these nuclear weapons. It could, in fact, lead to some extreme confrontation and crisis. It is more likely however, that Israel will eventually determine the need to reach a settlement with these Arabs in the Gaza strip and West Bank.

Why the Arabs Fight Israel

This Awareness indicates that many entities wonder why the Arabs should rebel against Israel in this area.

**THE PALESTINIANS**

This Awareness reminds you that the Israelis were given land by England after the First World War, and that they were given the right to live there and be protected by the Arab government; then, after the Second World War, they gained control of the area, and the Palestine government became subordinate. This Awareness indicates that in the First World War, the Palestinians were assured by the British that the Israelis would not attempt to govern them or take over their land; they only needed a place to live.

This Awareness indicates these Palestinians now are the ones who are subordinate and under the domination of the Israelis. This Awareness indicates that it is this which troubles the Palestinians; that they gave up their land to help the Israelis, and then they were put into subordinate positions. This Awareness indicates that after the 6 Day War, the Gaza strip and extensions of borders was added to the present state of Israel, and the promise was given that these would be turned back when things were properly settled in terms of Israel's right to exist and other points of agreement.

This Awareness indicates that these conflicts between Israel and the Arabs still need to be resolved and this is the general condition that keeps the pot boiling for there has not been sufficient effort or willingness from either side to totally face the issues one by one, to be fair in dealing with the issues, or resolving the issues. This Awareness indicates that there is the possibility of great danger in the area, even the destruction of the state of Israel itself if this kind of continued conflict is not eventually resolved by fair and just negotiations.

**IS A RELIGIOUS WAR ALSO
OCCURRING IN PALESTINE?**

(THE INFLUENCE OF THE AFTERLIFE)

(FOLLOW-UP QUESTION):

One of the religious leaders in Palestine recently made the statement that the Jewish claims to the land where Moslems have long lived is an affront to Islam. He says Moslems cannot be Moslems unless they live in an Islamic state. Isn't there, if this is really a fact, that most of those entities in Palestine are Moslems, then isn't what is really happening actually a religious war?

COSMIC AWARENESS:

This Awareness indicates this in the affirmative; that this is extremely important to these entities, that the various kinds of affronts which both parties perceive as that which aggravates even more intensely the situation. This Awareness indicates that it is more than a battle over land, or even over freedom. It is a conflict related to what these entities perceive as being their very soul, if they do not abide by the religion which they believe, they may not go to the holy afterlife. This Awareness indicates that these beliefs are powerful, and in many instances the entities are more loyal to their beliefs than to life itself. They do not care whether they live or die. They may feel that it is better to martyr yourself seeking the religious demands of a free Palestinian or Moslem land than to live in a Jewish land dominated by Jews and still themselves find no solace in their afterlife.

This Awareness indicates that Moslems tend to take their religious beliefs much more seriously than do most Christians. They are much more willing to die for their beliefs because the Koran assures them a place in heaven if they martyr themselves for their beliefs.

**IS SHUTTING DOWN THE P.L.O. OFFICE
IN NEW YORK A WISE THING TO DO?**

(FOLLOW-UP QUESTION):

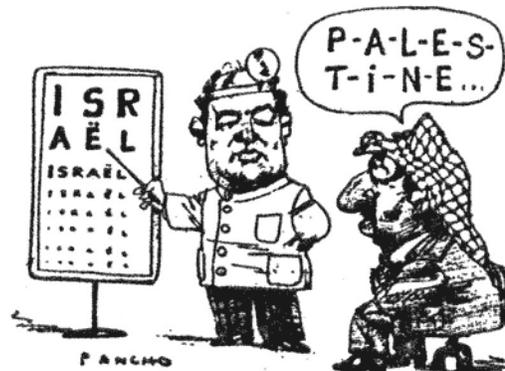

The Palestine Liberation organization has an office in New York City attached to the United Nations which has been used for many years as the only mechanism to inform the American people of their side of the situation, and recently the government, on Reagan's orders, closed down the PLO office. The United Nations general assembly members, all except Israel and the United States, voted to keep the PLO office open and censured the U.S. for this action. Now, this is a blatant example that shows the tremendous pressure of the Jewish lobby and the clout it can carry here in the U.S. But it seems to me that if there is ever going to be communication and reconciliation between the Palestinians and Israel, shutting down that office is about the last thing Reagan should have done. What does Awareness see about that?

COSMIC AWARENESS:

This Awareness indicates this is in the affirmative. This Awareness wishes to remind you that even though the Rockefellers have gained great control of this administration, they are not in total control of the statements and positions of the President; that this entity still has other forces directing him too. It is not as though this position was something that the President did not want to take. It is more that there are influences being asserted which are pressuring the President in

various directions and the peace proposals came from the Rockefeller factions. This particular position was that which was pressed by the Zionist lobby, but the Rockefeller factions felt that it would be of little general value to make an effort to prevent this.

This Awareness indicates that the President hasn't gained anything by attempting to shut down the PLO office other than causing entities to feel compassion for the PLO position, and other than causing some publicity that is not necessarily favorable to those who would seek to shut off the voice of the Palestinians and keep them from having any outlet to the press. This Awareness indicates that it simply shows unfairness on behalf of the government's position; that in fact, this may hinder the Zionist lobby more than help, to have the government forcing the Palestinians to not have a voice while allowing the Zionists lobby to have so much outlet for expression.

**AWARENESS PROMISES****LESS HEAVY INFO IN THE FUTURE**

(Closing Message)

This Awareness indicates that *It* is wishing to assure the readers that *It* does not intend to get into heavy conspiracy information as a course of general action. There is however, that occasional need to clarify certain things that are occurring on this plane and to assist entities who wish to study further in their ability to find information, and from time to time, this Awareness will give such information as has been given in this reading.

This Awareness wishes to assure entities however, that in the greater part of these readings *It* will attempt to stay more on the course of soul development, personal help information and other general classifications of information as come through questions from the membership. This Awareness indicates that at this time, the Interpreter may be brought from trance. ***
