SILENT MURDER

AMERICA'S SECRET SHAME

COSMIC AWARENESS is the Force that expressed Itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the 'New Age' of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through carefully trained channels. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these various channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel what is the truth. Cosmic Awareness will only 'indicate' and 'suggest'. Neither C.A.C. or any of the Interpreters is responsible for anything Cosmic Awareness states in any of these readings, nor does C.A.C. or the Interpreters necessarily agree with the statements of Cosmic Awareness. The Interpreters interpret the energies as they see them in trance levels and are not personally responsible for what is said. The Interpreters published herein have no connection with, nor control over the editorial comments and material, including illustrations. This is entirely the responsibility of the editor. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication in this newsletter.

SILENT MURDER: THE SECRET SHAME SANCTIONED BY OUR GOVERNMENT

(WHAT REALLY HAPPENED TO THE BHAGWAN, DR. BETER, NORIEGA, CERTAIN ROCK STARS, ETC.?)

QUESTION:

A question from T.H. It's a rather long statement containing several questions, and I'm going to ask them, because tonight on the TV, we heard that the Bhagwan Shree Rajneesh died. His question:

"The last issue of *Critique* magazine carried a review of a book titled *Was Bhagwan Rajneesh Poisoned by Ronald Reagan's America?* The book was written by Sue Appleton and published by Rebel Publishing House, Cologne, W. Germany. This book claims that on October 28, 1985, Shree Rajneesh was arrested in North Carolina, apparently without a warrant, and was held until charges of immigration violations could be made. On Nov. 14, he was ordered to leave the U.S.A. and return to India. But, according to the author of this book, the story does not end there. Since then, Rajneesh has suffered frequent bouts of illness and his body shows signs of premature aging. Attorney Sue Appleton contends that he was poisoned during his incarceration in the U.S. Tests at a forensic laboratory in Harley Street, London, led to a diagnosis of possible poisoning with a 'heavy metal substance, probably thallium.'

If this sounds far-fetched, a similar story appeared in the media on August 8, 1989. Frank Chikane, general-secretary of the South African Council of Churches, and an anti-apartheid leader, said that tests conducted at the University of Wisconsin, at Madison, proved that someone tried to poison him by contaminating his clothing with toxic chemicals. He said he suspected that the poison was the reason he became

seriously ill during a trip to the United States in May. He was hospitalized in Madison, Wisconsin, and missed a scheduled meeting that other anti-apartheid clergymen held with President Bush. In the November issue of *Playboy*, the self-described hit-man who tells how Jimmy Hoffa was allegedly killed, when asked by the *Playboy* interviewer why he thinks he might soon end up dead, says, "Because I'm in a position where it don't look too good at all. I'm locked up four years in a cell. I'm controlled by various correction officers. They might one day take me outside and say I was trying to escape and shoot me in the head. I've seen it done before. I've seen a lot of my friends die in jail. I'm not talking only Mafioso, but a lot of power criminals in jail. All of a sudden, everybody that I knew around me that got arrested, six months to a year later, they all die from stomach cancer. I don't know what the hell they might be feeding me, you know."

This made me recall that the man who shot Lee Harvey Oswald, Jack Ruby (Rubenstein), died of cancer while incarcerated. I'm wondering how many people who the government considers some type of threat, have been poisoned or have had some type of disease such as cancer, introduced into their bodies through injection or by ingesting disease-carrying substances with the food they have eaten? It also makes me wonder how many have died from something such as a heart attack that was induced by psionic means? After all, if they can kill the Hmong like this, they obviously can do this to anyone else, also. Would Awareness comment on my speculations concerning people being killed by cancer or psionic means?"

COSMIC AWARENESS:

This Awareness indicates this as being accurate, correct in all levels as you have perceived them to be in each case. This Awareness indicates that this has long been used; that there are a variety of ways by which silent murder is exercised through such poisonings or through psionics. This Awareness indicates that Dr. Beter as also one who was thus silenced;

this because of his work as an attorney in his activities after the Audio Letter had ceased.

This Awareness indicates that many in the network associated with the Kennedy assassination and aftermath were also thus silenced, and also many entities in the musical field who have, in the past, taken political stands were thus silenced in one way or another, including Janis Joplin, not that she took a political stand so much, but was seen as one who was a symbol for many that would lead to the corruption of American youth.

AZT for AIDS Hinders Not Helps Immune System

This Awareness indicates that there are widespread uses of certain drugs for different symptoms that have negative qualities on those symptoms; that entities must be very cautious in regards to AZT, for it hinders the immune system rather than helping, even though it is supposed to be helpful to those having AIDS. This Awareness indicates that there is much in this regard released and available in the book *AIDS Incorporated*, which entities, wishing to better understand the disease, should consider as *must reading*. *

**AIDS INC. Scandal of the Century*, by Jon Rappoport, published by Human Energy Press, San Bruno, California, 94066. (Also available from C.A.C. \$13.95 plus postage is current price).

This Awareness indicates that essentially, prisons and also in some cases, the insane asylums can be places for eliminating undesirables to certain elements. Also, it should be recognized that there are ways in which entities are still disposed of in manners whereby the public is not even aware. An example being Noriega, having been disposed of shortly after being lifted up in the helicopter and being replaced by a double. This Awareness indicates that the double will stand in for him, and will later be released and a third party will take his place.

This Awareness indicates that these actions do carry karma for those who are involved in and perpetrate these deaths even though they are hidden from the public. In the end, justice will prevail, but on the earth often justice goes unpaid. Crime prevails, even allowing entities to live out their lives with their dirty secrets unrevealed.

This Awareness indicates that the earth is not the final judgment of right or wrong. The justice courts on earth do not have final say. There are many entities in jails, incarcerated; there are many who have been condemned to die who have been innocent, and there are many who have been guilty who walk the streets while someone else sits rotting in a jail for the crime they committed.

THE IMPACT OF A NEW CONSPIRACY MOVIE: "BEYOND THE DOORS"

(FOLLOW-UP QUESTION):

Speaking of Janis Joplin, on December 1st of last year, I happened to be watching a tabloid TV show called *A Current Affair* (a very trashy program with an extremely obnoxious host, but they do, once in awhile get into interesting areas such as UFOs). Anyway, they mentioned there's a controversial new

movie being made or is about to be released called *Beyond the Doors*, and the premise is that during the 60's many rock musicians being symbols, as Awareness indicated, were a serious threat to the reelection of Richard Nixon, and in the story of this movie, Jim Morrison, Janis Joplin and Jimi Hendrix were all murdered by a secret group high inside the government; and they listed FBI, CIA, and one other group that I didn't make a note on, calling themselves "The 39 Steps," based on a Hitchcock movie of that name, and in this story they say that drugs were forced on Jimi Hendrix, who choked to death...

COSMIC AWARENESS: (interrupting):

...This Awareness indicates this entity was given battery acid.

QUESTIONER:

Okay. And Janis Joplin was killed with poisoned liquor and that Morrison faked his own death and theoretically is still alive, the latter being doubtful, I would think. Would Awareness comment on that movie called *Beyond the Doors*?

COSMIC AWARENESS:

This Awareness indicates that this as a movie which will expose a considerable amount of information that has been hitherto suppressed; that there is some speculation and fabrication or fiction within the movie. It is not to be seen as a documentary of facts, but much of what it portrays is quite accurate in regard to this conspiracy against musicians.

This Awareness indicates that the conspiracy against musicians was particularly hard on drummers, for the drummers were the keys to the success of the group. Without a good drummer, the groups could not continue well and the drummers were often the target of the group, with the realization

'Hello-I Love You' Poster of Jim Morrison during the 1960's.

that if the drummer, who is seldom as well-known as the lead-singers and therefore, would not be missed as readily and as thoroughly as would the lead-singers, the drummers were often brought down through poisons or drugs or a combination of both, or through other forms of violence; that this, in some instances included airplane accidents and that in the systematic killing of these musicians during the 60's it was believed that it would eliminate much of the protests that were occurring.

It was believed that these entities had great influence on the masses, and that by breaking up the musical groups, the generation of rebelling youth would lose its steam, and the country would come back toward a greater normalcy, based on the traditional obedience to authority. This was not the case. This Awareness indicates that it was a kind of systematic effort to destroy the rock and roll musical movement of that era of protest during the Vietnam war, and this continued even into times following, in the 70's to that point of killing John Lennon; that the entity John Lennon was killed because he was preparing to make a new album, which would add to further the peace movement.

IS IT SAFE FOR THE BEATLES TO REUNITE?

(FOLLOW-UP QUESTION):

There was a story in the paper the other day that Paul McCartney announced that it was very possible that the Beatles would reunite; that they would have to find a replacement for John Lennon. At this present time, there isn't any danger to a group like the Beatles, if they would get back together and reunite, is there?

COSMIC AWARENESS:

This Awareness indicates that this is a good time for such a reuniting, partly because the alleged communist threat has subsided, and the very nature of their political scene has changed, to that which would be more harmonious with the reputation of the Beatles. This Awareness indicates that there is seen no immediate or meaningful danger in the sense of a conspiracy of government type concern for these entities.

This Awareness indicates that the great concern during the 70's was because of the fabric of the nation being torn apart by the two opposing forces; that of the government being involved in a war in Vietnam, which was basically representing the opium trade of the Golden Triangle and the heroin trade, and Mobil Oil's interests in the South Sea's and other interests in the area on the one hand, and those who were protesting that war in the United States on the other hand; the protesting being led largely by musicians and groups, and this as also being accompanied by the movement toward civil rights equality for blacks.

This Awareness indicates that it appeared to be a threat to those in power. They saw this as a national security problem, because it was unclear as to how far such movements would go and to what end results might come from these movements. This Awareness indicates it is at present a totally different world than in the late 60's and early 70's.

WHAT WAS BEHIND THE SHOOTING DOWN OF THAT IRANIAN CIVILIAN AIRLINER?

Another question from T.H. I'll read his statement: "On September 1, 1989, a story regarding the shooting down of the Iranian civilian airliner in the Persian Gulf by U.S. forces on July 3, 1988; this resulted in the death of all 290 people on board the aircraft. At the time the U.S. claimed that the Navy mistakenly identified this civilian aircraft for one of the Iranian Air Force's F-14 fighter planes. The Navy also claimed that the civilian aircraft was out of its assigned air corridor and was descending toward the ship that shot it down, the USS Vincennes. This was supposedly the reason that the crew of the USS Vincennes incorrectly assumed they were about to be attacked by what turned out to be a civilian aircraft. But, writing in the September issue of US Naval Institute magazine *Proceedings*, Cmd. David R. Carlson said that the airliner was climbing in a non-threatening way inside the designated commercial airline corridor. He said he would not have ordered his own crew to fire missiles at the plane, as did Capt. Will Rogers III, skipper of the Vincennes. According to the commander of the ship on the scene at the time, Cmdr. Carlson, the USS Vincennes had gained the reputation for being an overly aggressive "robo-cruiser" and probably provoked the sea battle with Iranian gunboats which preceded the incident. I find this reminiscent of the Gulf of Tonkin incident that got the U.S. involved in the Vietnam war. Would you ask Awareness if Cmdr. Carlson's account of this incident is accurate, and if so, were he and his crew acting on their own or was he under orders to provoke an incident with the Iranians?"

One of Ron Cobb's Famous Posters Distributed Widely during the 1960's.

COSMIC AWARENESS:

This Awareness indicates that this entity appears to have been acting in an irresponsible manner in accordance with the way he perceived his duties to be; the entity believing that, and actually wanting to be involved in wartime activities, thinking that were this to occur, there would be greater role and purpose in his career and life, the entity was overly aggressive. There is not seen any indication that the entity was under orders to provoke such an action, but the entity does appear to have believed himself to have the authority and right to act in accordance with what might be termed a trigger-happy ready-to-go-to-war commander.

This Awareness indicates the entity was overly anxious. This reference is in relation to the ship and its crew, under the command of the entity; that the entity himself as having a certain attitude which spread to the crew, which led to this excessive action.

HOW COME CAPTAIN WILL ROGERS' CAR BLEW UP SO MYSTERIOUSLY?

He had a follow-up question. "A short time after Captain Will Rogers returned to the U.S., a bomb exploded in the van his wife was driving and the van caught fire and was completely destroyed, but somehow Mrs. Rogers escaped unharmed. At the time U.S. officials said they thought this was the work of Iranians seeking revenge for the shooting down of the civilian aircraft by Captain Rogers and the crew of the USS Vincennes. However, no one was ever caught, and to my knowledge, no one ever claimed responsibility for this act. A recent press story now claims that U.S. officials now think this was the work of someone who had a personal grudge against Capt. Rogers. Was this car-bombing really an attempt on Capt. Roger's life, or was the attempt on his wife's life meant to scare him into keeping his mouth shut concerning what he knew about the shooting down of the Iranian civilian airliner?"

COSMIC AWARENESS:

This Awareness indicates that it appears there was some kind of personal grudge against the entity associated with past events in the entity's life, in which the entity violated another; that the energies are not clear. It does not appear to have great significance in terms of the public need to know. It does not appear to be in regard to an effort to keep the entity silent in regard to what he knew.

READ THE WORKS OF RAJNEESH

QUESTION:

Thank you. Does Awareness have a closing message?

COSMIC AWARENESS:

This Awareness indicates that there is considerable value in reading some of the works of Rajneesh; that entities have been led by publicity against this entity to make quick judgments and to perceive him as a kind of misfit, but this entity did have great insight into spiritual matters, did have certain clear motivation and intentions, although the entity was not fully competent to manage the camp and was essentially held captive in that camp by those who were in control, and because of his own personal ill health, and the entity therefore being unable to attend as a strong leader, remained only as a spiritual leader, a kind of figurehead, but the entity's spiritual writings and messages do have greater value than most people will likely ever realize, unless they turn and look and read what the entity has written.

This Awareness indicates it is a case of innocence being misused by many, and being abused by the system because of those around the entity misusing his innocence.

ED's Note: CAC permanently stocks two of the books by Bhagwan Rajneesh: "Words Like Fire," and "The Mustard Seed"--the latter being discourses on the sayings of Jesus from the Gospel According to Thomas. Please refer to the CAC book catalog sheet.

THE WEB OF CONSPIRACY: THE ALIEN PRESENCE (Continued):

IS THE DRUG 'CRISIS' IN AMERICA ANOTHER CASE OF 'CRISIS MANAGEMENT'?
(ARE WE ALL BEING SET UP FOR A TOTALITARIAN TAKEOVER?)

QUESTION:

A question from T.H. "Dr. Beter once spoke of something called 'crisis management,' a term he used to describe how our so-called leaders first create a crisis situation and then present to us some solutions, usually three, any of which we would have been very reluctant to accept prior to the crisis. These solutions almost always involve the loss of some of our freedoms but when the situation has reached the crisis stage it appears as if there is no other alternative, and it appears as if the crisis "just happened" rather than being carefully planned. I feel that the current drug crisis is a case in point. There is a tremendous amount of information linking our own government with the drug trade and it appears that this has been going on from at least the 1960s. Year after year the situation has gotten worse and our government has always claimed that they have been unable to stop the flow of drugs into this country no matter how hard they've tried. Yet, not too long ago, this same government was able to find *two* poisoned grapes among millions of pounds of other grapes, and they were even able to trace these two grapes to their source. The end result being that the 'Great Grape Crisis' is over. Of course, this is not very comforting news to the small independent distributors who could not afford to wait until the FDA said it was all right for them to return to business as usual. Most of them went out of business, which was very convenient for the larger corporations who took over their share of the market!

Everyday in the press, it seems as if we're being manipulated into accepting the loss of more of our rights and freedoms because of the drug crisis. We hear over and over again from various leaders calling for the use of the military to do what is really the job of the local police. We hear calls for the right of the military to shoot down airplanes suspected of carrying drugs. We're told that we should submit to random drug testing and that the military may have to be used in foreign countries. On September 20, 1989, former Treasury Secretary and White House Chief of Staff in the Reagan administration, Donald Regan, proposed that the government change the color or size of \$50 and \$100 bills because of the drug crisis. This of course, helps set the stage for the coming currency call-in. Also, on September 20, 1989, a story appeared in the press in which the author called for the repeal of Executive Order 12333, signed in 1975, which absolutely bars agencies of the U.S. government from ordering the killing of specific individuals. The reason given was the 'drug crisis'. A story on July 7, 1989, told of how the Senate has restored the power of public housing authorities to evict drug criminals from federal housing.

There is a continuing call for the banning of firearms because of their use in criminal activity, particularly in drug related crimes. This has already met with partial success and if the pressure is continued in this regard, we may soon see that no private citizen is allowed to bear arms. If I was writing a scenario for the totalitarian takeover of our country, I don't think I could come up with a much better one than what is unfolding before our eyes on a daily basis via newspapers and TV. Would Awareness please comment on this?"

COSMIC AWARENESS:

This Awareness indicates that this as a very clear and precise observation of the situation. This Awareness indicates that the management of events is such as has been described as creating the illness for which the pill has already been invented; that by creating a problem in order to supply a cure that would not have been acceptable without the problem, entities are able to manipulate the masses, making it look as though they are benevolent in handling the situations in behalf of the masses, when in fact they are directing the movement of the masses along a certain path.

Removing Power From the Aliens

This Awareness indicates that in response to your observation relating to the drug situation; the drug situation as that which has assisted in the funding of the aliens in the building of their underground civilization; that much of this money has gone into helping them in their efforts to establish various bases underground in exchange for technology, and in exchange for not going to war with your country or other countries of the world. It has been an effort to fund these entities through various means, not only through the drug systems, but also through oil and through other methods, in order to keep them pacified long enough to where it could be determined as to how best to deal with them, either through coexistence or through expanding the earth civilization's technologies in order to deal with them, in the event of a conflict.

This Awareness indicates that in the recent years, it has been assessed that the aliens are not honoring treaties and agreements that have been made between them and those governments and therefore, are not to be trusted; therefore, the effort to cut off their funding has begun, and one of the routes for cutting off funding is to shut down the drug traffic, the money from the drug cartel.

This Awareness indicates that Noriega was aware of this and one of the areas which he was most interested in was the UFO area; that the cutting down of the drug cartel is helping to shut down the funding for the aliens and is a first step in removing the power of the aliens and pulling back from the agreements. It is something that entities may feel is somewhat late

and should never have occurred in the first place, but it must be understood that there was a dilemma for the government when discovering after World War II, that the earth was actually being held hostage to the alien influence.

There was no reasonable technology for dealing with this alien influence. The previous President, Truman, made considerable effort to engage in combat with these UFO aliens, but the technology of the United States at the time was not advanced enough to even begin having an effect on the aliens, and therefore, the only option was to form agreements relating to provisions for a base and funding for expansion of these bases.

This Awareness indicates that entities should not judge harshly the government for its action as it was put in a very desperate situation in regard to what is in national security interest, whether to inform the masses and have the masses become outraged and perhaps destroy the fabric of society to the point where mobs were demanding military action against a force which the government knew would be far superior or whether the masses would demand resignation of persons in office. Any of the options appeared less viable and workable than to silently make negotiated deals with the aliens to keep them pacified over a period of time.

This Awareness indicates that much of the apparent corruption of the government was actually based on this dilemma of how to deal with this situation. There were of course, certain benefits derived from agreements with the aliens as has been indicated in the work of Cooper, this especially in regard to the Tri-lateralists and those who were involved in direct relationship with the aliens.

Aliens Behind Hitler & Nazi Rise to Power

This Awareness indicates that this government was not alone in dealing with the alien situation; that this alien influence was also connected with Russia, particularly the Bolshevik regimes which held power up to approximately 1977, and the Nazi regime. Much of the technology that the Nazis were developing during the war was actually given to them by the aliens, who were in part behind the Nazi rise to power and the influences associated with some of the hidden philosophies of Hitler and those entities of the inner group.

This Awareness indicates that Hitler has made some statements in reference to these influences of what he considered to be a 'super race' of people. That during the time following World War II, the sightings of UFOs in various parts of the world, near the end of the war and shortly thereafter, during the next decade, were quite frequent, with an aura of mystery and much government scrambling to discover what was going on as to the purpose of these entities, but it needs to be understood that the government was aware of their presence and had agreements that reached back even to 1933, although they were not always sure as to what these entities were up to during all of this time.

It was at later times that the technology exchange between the United States and these aliens began to have its greater influence and the funding actions began. This Awareness indicates that it was in the 30's that the Nazis had their closer ties with these

7. entities, these being the Zeta Reticuli types, the Grey Men.

WHAT COUNTRIES HAVE ALIEN BASES?

(FOLLOW UP QUESTION):

Are there any other countries of the world where these particular aliens have built their underground cities and bases other than the deserts here in the United States?

COSMIC AWARENESS:

This Awareness sees these in Brazil, Argentina, the United States, the Aleutian Islands, certain areas in China, and certain areas in the far North and Arctic and Antarctica, and also there appears to be or to have been a base in New Zealand and Australia; there also are those that are underwater. That there is also seen a base in Canada. There have been a number of bases within the United States; some of these were closed by secret raids from the actions of government teams that were especially established to defuse the influence and presence of these bases, particularly during the 60's and early 70's; that later these teams were stopped and a cooperative effort was made to work with the aliens for a period of time, only to discover that the aliens were not honoring their agreements and could not be trusted.

This Awareness indicates that at present, the assessment of those in the inner circles dealing with the aliens is that they have intentions of ruling this planet, and have been essentially using the government for their own purposes. This Awareness indicates that there are many who feel that the aliens have such high technology that they will not be defeated in the event of conflict and therefore, that humans must succumb to their demands.

This Awareness does not see this as being accurate. This Awareness sees that the human spirit is such as to refuse to be controlled by totalitarian influence, whether on earth or from another area, and that because of this inner desire for freedom and self-expression, humans will prevail, if such conflict between aliens and humans were to occur. This Awareness sees also that there is the possibility of coexistence, but such will be quite difficult, especially as the alien population becomes known and increases.

HOW SWAT TEAMS ENGAGED THE ALIENS

(FOLLOW UP QUESTION):

Some years back, the entity XX, an acquaintance who is into UFO research, used to tell incredible stories about aliens in bases in caves in the state of Oregon I believe it was, that were being zapped by these special teams. Is this one of the incidents Awareness was referring to or was this story embellished by this entity.

COSMIC AWARENESS:

This Awareness indicates this was an instance of a number of instances of which this entity was told by entities who were directly involved in such actions; that the entities involved in such teams mostly have since died for one reason or another, often under

mysterious circumstances. It was not only in regard to Oregon, but also Washington and other states. These teams would actually go to various places in the world, enter into these caves to shut down certain computers, and in the event of running into these aliens inhabiting the caves, would sometimes engage in conflict.

This Awareness suggests the name of this entity be extracted from this, for his own sake; that the entity's initials also not be used. This Awareness suggests you use the initials XX.

CHINA & OTHER WORLD NATIONS ARE UNIFYING AGAINST THE ALIENS

(WHY AWARENESS IS RELEASING THIS INFORMATION)

(FOLLOW-UP QUESTION):

Okay. I usually use fictitious initials on personal stuff anyway. Another question: President Bush has been criticised very widely in the newspapers and on television, for sending an emissary to China within a month after the massacre of those students at Tiananmen Square. Now was the reason for this something having to do with the alien threat, and if so, does that mean China is going to change its ways?

COSMIC AWARENESS:

This Awareness indicates that this as being a major factor, in attempting to harmonize and unify the nations of the earth for what is seen as an impending threat. This threat not simply from those who are already present on earth in their bases, but also craft that have been recognized as being on the way to the earth. This Awareness suggests that this information as that which is not seen by those in the government as being suitable for the public and there have been and even continue to be killings, to keep such information from the public.

This Awareness indicates that because Cooper has released much, there is great concern about the information and there will be considerable efforts to defuse the messages of Cooper through confusing information. There may be several million dollars spent in trying to put out disinformation to alter the credibility of this. This Awareness indicates that the information that is presently being relayed would be of extreme concern and dangerous were it not for the fact that it is coming from this Awareness, a source that to the average person appears to be kooky and lacking in credibility. For that reason the danger factor is greatly reduced.

This Awareness indicates that also, it will greatly reduce the danger factor for this Awareness to give no further information relating to this situation, at this time. It also helps to reduce the danger factor by this Awareness indicating that the government had little other choice but to deal in the way it did with these aliens. The great danger to those entities within the government is that the public will perceive them to have been making deals with an alien and foreign enemy without the people knowing of this, and this under normal circumstances could be classed under treason, but this Awareness suggests that because the situation is so unusual, that they had no other option and as leaders of the country, were more or

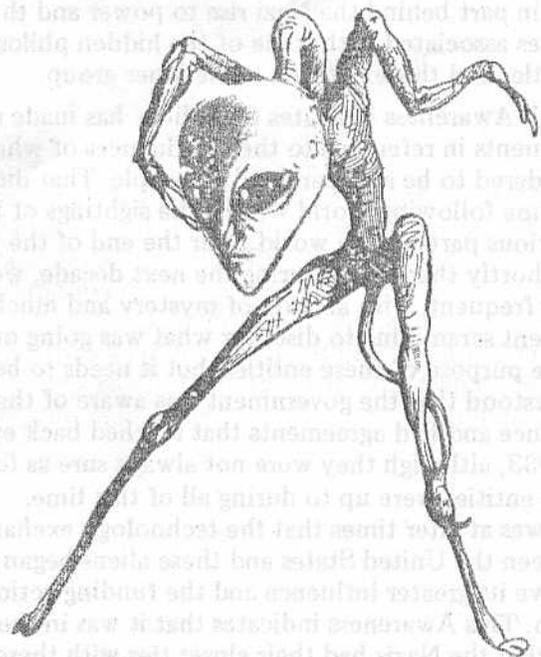

less coerced by circumstances into taking the path of least resistance and negotiating with the aliens and attempting to find ways of coexistence.

This Awareness indicates that you judge not the man without walking in his shoes. You do not know what these entities have gone through in terms of soul searching and trying to find the best way to deal with a crisis which they were forced to manage. This Awareness indicates there is some division and debate between those in the upper echelons of government dealing with this situation as to whether they should simply inform the masses of the problem or continue to keep the problem quiet. Until this debate swings one way or the other, it is relatively hazardous to put out much information regarding this for if it is decided that this information must be kept quiet, many of the sources that are releasing such information may become targets for harassment.

This Awareness indicates that it would be advisable for the masses to be informed, as the events do affect them, but unless this is accepted by those who hold authority, the masses are not going to accept the information from individuals who have read their material and refer to the source of their information as some publication and channel calling itself Cosmic Awareness. The masses are simply going to chuckle at such information. Therefore, this information will simply float out for the few who accept or who reject the information. It is not likely to have a great impact on the masses in any significant way.

The Alchemical Effect of Releasing this Information

The only thing that is significant in releasing this information is that it works through and into consciousness as an alchemical action. It becomes open into the collective consciousness of humanity, for those who can attune into that collective consciousness, the biosphere of consciousness that surrounds the earth, or what you may wish to call the Akashic Record. This information being released in this manner can have an effect in what metaphysicians would consider to be the area of consciousness.

None of this has much meaning to the materialistic thinker: the scientist, the logical or social manager who sees communication as occurring only through words and writing, but if this information is released as through this channeling, into the invisible realm of consciousness, it then becomes subconsciously available to all entities and has some effect in helping to alleviate the conflict that might otherwise develop at a later time between the masses and the government or between the masses and the aliens.

This Awareness indicates that this is not something the rational mind can possibly understand. This Awareness indicates however, that *It* does have *Its* purpose for releasing this information. *It* does not urge entities to spread this information. It does not matter whether it is spread. Its effect will occur in accordance with the will of this Awareness to help diminish the problems that might otherwise have occurred.

IF THE ALIEN INFORMATION IS OFFICIALLY RELEASED, WILL ENTITIES ON EARTH PANIC?

FOLLOW-UP QUESTION:

The government is obviously paranoid about releasing information like that to the public in fear of its reaction. Does Awareness see in the event this information is ever released through normal media channels that the public will react adversely and panic, or does *It* see a unification of the peoples of the world against sort of a new common enemy?

COSMIC AWARENESS:

This Awareness indicates that there was once an attempt to test whether or not the public would panic at the thought of an invasion from aliens; this was the radio broadcast of Orson Welles in 1938. The public reacted with panic and many even committed suicide, even though they were being constantly told that it was just a dramatization. This Awareness indicates that there is now an effort to condition the masses to be more willing to accept an alien presence as a possibility by the programmings that have been placed in movies and on television, everything from *Star Wars*, to *ET*, *Close Encounters of the Third Kind*, *Aliens*, *V*, *Alien Nation*, and *War of the Worlds*. All of these are presenting various images and scenarios to condition the human mind to be open to various scenarios of reality.

The *Alien Nation* scenario is that which would condition the human mind to accept the presence of aliens who are relatively friendly, who can coexist with humans. *War of the Worlds*, which contains a scenario of replicas, humanoid replicas, what this Awareness has referred to as synthetics and robotoids; it also contains the scenario of aliens living underground and of conflict between these aliens and humans, which could eventually become one of the future scenarios in reality.

The friendly miraculous *ET* is that which allows entities to not be paranoid or fearful when thinking of aliens if they perchance should hear of aliens, and are of such nature as to not have the capacity to deal with frightening information causing insecurity. There

are so many different types of aliens being offered to the human mind that entities can accept or reject anything on the table, and therefore, they are gradually being conditioned for the possibility of being informed officially, so that by the time, (if the time comes), they must be informed, there will not be the great shock. Everyone will say: "Oh, I knew it all along! Well of course! What's so big about that? We've been seeing it on television for the last 20 years. We've been reading about it in tabloids! The government has just finally admitted it!"

This Awareness indicates that in 1938 people did not have any preparation, and even though it was already a reality, they were not prepared. Even though they were being informed in fictional terms, they were not prepared even for the fictional presentation. This Awareness indicates also that *It* has previously suggested there were moon landings prior to the official moon landings; this as having occurred in conjunction with the aliens in assisting in the putting together of flights to the moon and bases on the moon.

This Awareness indicates only now are people being given in regular news the information of a potential plan for setting up a moon base that would later lead to a Mars landing and a Mars base. This Awareness suggests that when these things are being discussed as plans, you can be assured they have *already* taken place.

DR. BETER'S "BATTLE OF THE HARVEST MOON" - GETTING THE MOON STORY INTO PERSPECTIVE

Awareness, I was wondering about Dr. Beter's account of the so-called Battle of the Harvest Moon. This seems to conflict with the idea of the Russians and the Americans being in agreement to thwart the aliens, that they would go to the moon and have battles amongst themselves.

COSMIC AWARENESS:

This Awareness indicates that there was an effort to gain control of the moon base, this when it was discovered that the aliens were working with both Russians and Americans. This Awareness indicates that the Russians gained that advantage at that time; that they later began making agreements with the Rockefeller faction in the United States and began working with them; that even the action of the astronaut and the cosmonaut touching hands in space as that which was creating a symbol and image that would help later to reconcile the two nations, and their differences; that much of the cold war was actually a facade in order to extract large sums of money for other purposes, much of the purposes having to do with developing technologies that have yet to be brought out.

Tesla Technology Finally Accepted by U.S.

This Awareness indicates the Tesla approach as that which has for many decades been ignored by the United States but has been used and developed in Russia. It is now being used in the United States as part of the Star Wars program to enhance and move further into the higher technologies. This Awareness suggests however, that Tesla continues to be ignored

publically, so that entities will not easily begin to study or spread the study of Tesla in schools and colleges as this could lead into too many entities learning too much about higher technologies.

This Awareness indicates that there is so much electricity generated by the North and South poles that using Tesla's techniques, the entire earth could be provided with electricity, all the electricity ever necessary, but there would be little way of putting a meter on this, although it would be possible, and may eventually be done, but until the power companies can find a way to tap this source of energy and charge for it they are not likely to make much use of this form of energy, although this Awareness suggests power companies could set up certain stations that tapped the electricity from the North and South pole, and then, using wires, could send this electricity to homes and cities and put meters on this at those places, as they are presently metered.

WILHELM REICH'S ALIEN CLOUDBUSTER

(FOLLOW-UP QUESTION):

Awareness, Dr. Wilhelm Reich was persecuted by the United States government and many thought he was crazy because in his works he referred to aliens, and he could counteract them with his cloudbuster, among other things. I'd like to ask: Were the aliens that Reich was referring to the same that Awareness is referring to today?

COSMIC AWARENESS:

This as in the affirmative.

(Follow-Up Question):

And would the cloudbuster be an effective way to repel an invasion fleet?

COSMIC AWARENESS:

This Awareness indicates that this is one of a number of weapons that are being developed; that the cloudbuster is a kind of prototype for other Star Wars type weapons; that there are evolvments in the technology. This Awareness suggests that these go beyond the cloudbuster, but that the cloudbuster did in fact bring down several of the UFOs, or alien spacecraft.

Are We but Cattle--the Property of Alien Beings?

This Awareness reminds you also that you may wish to reflect back on the works of Charles Fort, who spoke of strange things falling from the sky even before there were airplanes, who spoke of a theory, the possibility that we were simply the property of some alien beings, some force; that we were like cattle to this force. This Awareness suggests the works of Charles Fort, the works of H.G. Wells to some degree hint at this, and the works of various writers who have written about the Middle Earth, and the various literature of this century that relates to and have been spoken of in regard to the UFO phenomena; that this phenomena goes back beyond this century; that there are even references in the papyrus of ancient Egypt to those who come from the sky.

UFO References in the Old Testament

There are references in the Tibetan and sanskrit writings of ships and how these flying ships were constructed. There are references in the Bible to these, wherein Moses received from the mountaintop the stones with the Ten Commandments and the Lord came as a pillar of fire; this is in reference to this Light Ship and the Lord as the Commander of the ship. There are times when the Lord walked with him and times when the Lord was referred to as the ship.

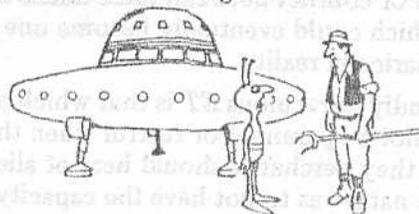

This Awareness indicates Ezekial's wheel within a wheel as that which refers to the space craft; that not all of these are referring to the same group of entities. This Awareness indicates that these groups have interacted with human life forms for hundreds, even thousands of years; that the Orion types were here during the days of Babylon. It was their influence that set up the city of Tyre, named after their planet Tyrantor.

Usury System Came from Tyrantor

This Awareness indicates that much of the system of usury actually came from Orion, from Tyrantor; there have also been the more highly evolved who have been referred to as angels. There are drawings in South America and drawings in various parts of the world of space ships and entities flying through space, and to the stars. This Awareness indicates that entities should not be too surprised of find it too bizarre to think that there have been, in our present time period, aliens in contact with humans, particularly with all of the reports that occur at present time which are often isolated from each other in various parts of the world, which reports are often very similar in nature as though entities in different parts of the world are experiencing the same abduction, the same kind of abduction from the same kind of people.

This should not come as a great surprise to those who think broadly about the total information surrounding this issue. This Awareness indicates that had there never been a denial of UFO presence by a trustworthy organization such as your government, the average person would assume they existed because of the reports stemming from ancient history, up through Biblical and more recent times, and from the present reports that come from all parts of the world. The only reason entities don't believe is because they believe the government which denies the existence.

This Awareness suggests however, that you will notice the government has not made denials in regard to UFOs for many years, only the skeptics continue to make these denials. This Awareness indicates that there are more entities who now accept the existence of UFOs and aliens, therefore, then there are who don't, but there are more entities who do not openly acknowledge their belief in UFOs than there are who do, because they do not want to appear to be naive or gullible to those who might ridicule them.

"Our baggage was sent to Jupiter."

THOSE MONUMENTS ON MARS AND OTHER PLANETS: TRUE OR FALSE?

(How Jehovah Marked his Territories)

(FOLLOW-UP QUESTION):

In a somewhat related question, T.H. sent in a packet of tabloid photographs taken of this face that was on Mars, and these stories now say a computer enhanced image beamed back to earth by the Voyager II space probe clearly shows a stone-like face that pulsates in the gaseous wind-whipped atmosphere of Neptune and it's identical to those faces on the Moon, Venus and Mars; that both Russia and the United States know these exist, and his question is: "These stories about the face on Mars keep cropping up. I know that Awareness has given information previously relating to this, and the Jehovah, but there seems to be more to this story than has been stated so far. Is it true, as is being alleged in these stories, that similar faces are being discovered on other planets and on the moon?"

COSMIC AWARENESS:

The Sphinx an Earth Trademark for Space Aliens

This Awareness indicates that this is in the affirmative; these generally being remnants of...one might refer to this as likened unto the concept of a trademark, certain interplanetary types leaving their mark where they have been. It is likened unto planting a flag, making a claim to that territory. This Awareness indicates that the sphinx was a kind of attempt to create a trademark for the earth. Those entities who were involved in assisting the Egyptians in building the pyramids, in placing the pyramids and the sphinx, were more or less stating: "This is our territory!"; the pyramids being built in various places on the earth in different shapes represented the trademark at different times in its development, and there were of course, civilizations that copied these.

The Nasca Lines: Their Creation & Function

This Awareness indicates that there were also certain mounds that have been built, the mounds as being indicators for flying craft to use as landmarks to know where certain locations were, to know where they were in terms of those landmarks; this relating to gridlines also; as likewise, the drawings of Nasca of those lines which looked like airfields, but also which were the drawings of animals; the birds and so forth. These were landmarks pointing the way to different areas of the earth so that a UFO spaceflight coming

Actual photo taken of Mars by Mariner Probe

11. into this area of the planet earth could simply aim for the Southern part of the South American continent, locate the lines and follow the direction of the line to particular places indicated by the drawing of the creature associated with the lines.

This Awareness indicates that these drawings were accomplished through the recruiting and training of natives on earth who were taught the skill, who were shown how to draw these lines using ropes, to keep the correct distance for correct placement of the line as it was dug in the earth. It was drawn out mathematically in proportion and then expanded in proportion on the earth through the digging of ditches, stacking of rocks and use of ropes in order to create spirals and lines and angles.

The supervision was from those of higher technology. The work was from those of earth entities.

HOW THE JEHOVAH MONUMENTS WERE ENGINEERED & CREATED

(FOLLOW-UP QUESTION):

Those monuments of Jehovah they're finding on these planets appear to be many many times the size of the pyramids here on earth. Could Awareness discuss how these were built?

COSMIC AWARENESS:

This Awareness indicates that these appear to have been built from a natural placement of energy, stone or substances that were piled into first a large pile, then were basically blasted from the air to form the eyes, nose, mouth and hairlines; this as a kind of laser-like carving action. This Awareness indicates that finishing touches included certain hardening materials in some cases, or final scratchings on the surface itself by tools to give the finishing touches.

(FOLLOW-UP QUESTION):

But at the time those monuments were created there were civilizations going on all of those planets; is that correct?

COSMIC AWARENESS:

This Awareness indicates that there were civilizations either at the sites or nearby, and the spacecraft acting as agents of such civilizations were attempting to present to other space travelers the message that 'this territory is claimed,' this is the territory of *this* people whose brand, whose trademark is represented by *this* face.

THOSE WORLD WAR II BOMBERS ON THE MOON: IS THERE ANY TRUTH TO SUCH STORIES?

(MORE ON THE 12 VORTEXES ON EARTH)

While we're on this subject, the tabloids keep putting out stories that sound really incredible, to me anyway, about what they're picking up by these satellite photos and using the computer to bring them out. For example, there was the story recently that a World War II bomber was found on the moon and there's been other similar type stories, that they spot other objects of our civilization on some of these other planets. Is there any truth at all to those stories?

This Awareness indicates that it does not appear there is any truth relating to the bomber on the moon. It does appear however, that many of these stories which would seem quite bizarre do have the basis of truth in them. It relates in part to a kind of vortex that occurs in certain areas of the earth; there being 12 of these, including what is termed the Devil's Triangle and the Bermuda Triangle, and these areas can be, by certain implants of devices within the earth which serves as one end of a mechanism, can be activated so as to create an alteration in the molecular structure and atomic structure of energy fields emanating from that mechanism, and in this process they can alter the atoms so as to allow for substances to transverse time and space and enter into other dimensions.

The Holy Man who got Stuck in the Wall
(More on the Philadelphia Experiment)

This Awareness indicates you will recall or notice in a recent tabloid, a story of an Indian holy man, who in demonstrating his ability to fly through walls, flew through two walls, these being solid rock walls, but got stuck in the third wall; upon materializing, was stuck in the wall, and could not move further. Scientists seeing this action, surmised that his molecules under extreme concentration, were altered to allow him to go through two of the walls, but that somehow he lost concentration upon hitting the third wall, and melted into the wall as part of it; the entity then being stuck there.

This Awareness indicates that this story would be an example of how physical molecules and atomic substances can be altered so as to traverse matter; that it is not the first time entities have been seen to walk through a wall. You will recall the Philadelphia Experiment in which reports of certain entities having forever disappeared by walking through a wall, of an entity being stuck in the deck of a ship when it re-materialized, wherein the metal and the flesh of the entity became materialized simultaneously with the entity protruding out of the metal of the deck. This is an action in which the molecules and atomic substances dematerialize and re-materialize to move in and out of this physical dimension which entities perceive as reality, and that other dimension which entities do not see, but often visit in their dreams, in their sleep states. It is the moving into another realm or dimension, but whereby they take with them the molecules of their body, the molecules that are comprised of those atoms.

This Awareness indicates that this is what sometimes leads to either the destruction of ships and entities in those places such as the Devil's Triangle or the Bermuda Triangle, or the time-warp, in which one appears or disappears and perhaps returns at some time in the distant future.

This Awareness indicates that *It* once spoke of the EIs as having discovered how to move in a perpendicular line away from the time/space continuum; that if time and space are moving in one direction, the EIs found a way to escape that continuum and move in a perpendicular direction, transcending time and space, and that in this action they essentially became the Eloi, or Gods, who were capable then of creating planets, capable of creating materializations.

This Awareness indicates that this is also based on the same principle of altering the atomic and molecular polarities so as to create antimatter fields within materializations, which amount to dematerializations within those antimatter fields. That this also is used as part of that technology in which certain spacecraft are said to suddenly disappear. They do not necessarily travel into another place quickly, they simply enter into a dematerialization zone, an antimatter field.

The Chip Implanted in the Brain of Bigfoot

This Awareness indicates that the Bigfoot is capable of this when properly monitored; that it contains a chip; the aliens placed a chip in the Bigfoot's brain in such a way as to be able to allow it to dematerialize. If that chip is working properly it can simply suddenly disappear.

(Follow-Up Question):

Is teleportation sort of the same type of thing as finding these planes on other planets?

COSMIC AWARENESS:

This is in the affirmative. This Awareness indicates the plane would not actually fly there for there is no air current to carry the wings. If such an event occurred it would either be teleported there or brought there by some other craft.

WILL COLOMBIAN DRUG BARONS
STICK TO THEIR AGREEMENTS?

QUESTION:

One final question about the drug situation. The other day the Colombian drug barons announced to the Colombian government, since Noriega has been removed and so forth, that they would be willing to dismantle their empire and their cartel in exchange for amnesty. Does Awareness see this occurring, or if it doesn't one way or another, would these entities stick to that agreement if there was an agreement to that effect?

COSMIC AWARENESS:

This Awareness indicates that there does appear to be a strong potential for some kind of negotiated settlement in this regard. It appears that this will be given considerable thought; the probability is strong. It is not seen as being an absolute solution or outcome at this time. There may be further action before an agreement is reached, but it does appear that this could have considerable probability as being a quick solution to the situation.

ROOM TO READ BETWEEN THE LINES

(Closing Message):

This Awareness indicates that there have been many movements and energies touched in this reading; that there is much information herein that carries with it a considerable depth that entities may wish to ponder on; that there is room to read between the lines and gain further information by rereading and thinking in terms of other messages from other readings that relate to this.

GURU GOOFS!

By IRWIN FISHER

An East Indian guru stunned the world's scientists by flying through two walls before he lost concentration and got stuck in a third!

"Most of his face and his left hand cleared the surface but the rest of his body is trapped in the wall," Dr. Joshi Gayar, the paranormal researcher, told newsmen in Calcutta.

"He's on his own now," continued the expert. "If he can't get out of this by himself he's going to stay in there forever. There's nothing we can do to

He flies through two walls — but gets stuck in third!

help him." The mind-blowing drama unfolded after Hindu holy man Kesari Rawal, 69, agreed to demonstrate his ability to fly for short distances and go through walls like a ghost before a gathering of scientists in Calcutta.

The guru reportedly went into a trance and flew through two concrete walls surrounding the Indian Paranormal Research Institute without in-

cident. But on his next try something caused him to lose his concentration and he got stuck in the third wall that was described as being six feet thick.

"There were over 200 scientists and researchers present but the silence was eerie — you could literally have heard a pin drop," said Dr. Gayar.

"Something had obviously gone wrong but we were

powerless to do anything about it. We tried to communicate with the guru but he cannot speak.

"We think that his molecules merged with those of the wall. And if that is the case, he's as hard and lifeless as brick."

The guru remains in the wall just south of Calcutta and is under constant guard to prevent sightseers from tampering with the exposed portions of his fingers and face.

There was some discussion of dismantling the wall to get the guru out. But the scientists who were consulted about the matter unanimously agreed that such a move would kill the guru.

"This is a tragedy of the highest magnitude," said Dr. Gayar.

"Our only consolation is

that the guru knew what he was getting into before he agreed to fly through the wall. This is no game or parlor trick."

THE WISDOM OF AWARENESS

ON THE MASS MIND:

This Awareness indicates this is a difficult planet for entities to live upon for the mass mind is essentially insane, has been manipulated and hypnotized by magicians, by black magicians, by forces which have set one part against the other, and entities who attempt to spread truth or Light are often persecuted, or eliminated as those forces who follow the darkness and ignorance and who perpetrate this upon others often enjoy keeping the mass mind confused, scattered and in conflict. It behooves entities who wish to see improvements to be especially aware of being more forgiving, being more merciful, being more loving than even appears to be appropriate in view of the violation which they must suffer.
