# THE FAKE INVASION AND FAKE RAPTURE

COSMIC AWARENESS is the Force that expressed Itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the 'New Age' of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through carefully trained channels. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these various channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel what is the truth. Cosmic Awareness will only 'indicate' and 'suggest'. Neither C.A.C. or any of the Interpreters is responsible for anything Cosmic Awareness states in any of these readings, nor does C.A.C. or the Interpreters necessarily agree with the statements of Cosmic Awareness. The Interpreters interpret the energies as they see them in trance levels and are not personally responsible for what is said. The Interpreters published herein have no connection with, nor control over the editorial comments and material, including illustrations. This is entirely the responsibility of the editor. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication in this newsletter.

## THE ALIEN AGENDA: COMING SOON,--THE FAKE INVASION, THE FAKE RAPTURE ( A COSMIC AWARENESS OVERVIEW OF THE COMING SCENARIO )

( C.A.C. General Reading )  
September 7, 1990

### QUESTION:

Awareness, we're here for a general C.A.C. reading. Does Awareness have an opening message?

### COSMIC AWARENESS:

This Awareness indicates that those who watch television will have already begun to notice the increase of reptilian references on your television, not only in advertisements, which are part of the conditioning process, but also in some of the more educational programs in the sense of discovery programs; that there have been large sums of money given towards the research of reptilians, just during the past few months, and that this is in part a result of the concern by those who understand the nature of things on your plane in regard to the Reptoids and their threat.

This Awareness indicates that by studying the reptilians, the nature of reptiles in great detail, they hope to find information that helps to deal with this threat. This Awareness indicates that it has been suggested in the Isuzu advertisement 'When the reptilians come, will you be ready?, will your car be large enough?' etcetera. It is done as a kind of joke, but it is also part of the preparation. This Awareness indicates the Japanese are far ahead in terms of exposing such information to the public, having played the Cooper tapes and other UFO tapes on Japanese television during the past year quite frequently. Most of the Japanese people are very much informed in regard to this kind of information. It is still being withheld in the United States.

This Awareness indicates that the situation is that the Reptoids are *already* present on earth in considerable numbers. There are, of course, the further numbers yet to come, when the timing is right for this action. This Awareness indicates that in a time as early as one decade ago, many of your scientists discovered a planetoid moving in the direction of earth, toward the solar system, and mention of this was made in several of your publications; these in terms of scientific publications and newspapers, then there was suddenly silence in regard to this phenomenon.

This Awareness indicates that essentially, that planetoid has already arrived and is parked outside of the orbit of Pluto; that from that planetoid are shuttle craft that frequently move through the solar system, to and from earth, using bases on the moon and Mars, also Titan, a moon of Saturn. This Awareness indicates that the Reptoids have this area already under their domain in a sense, in the sense that they direct the behavior and control over the Greys and the Greys have considerable influence over the leaders of many of the countries, the nations.

This Awareness indicates there is of course factions within your nation in which there is both support and conflict with the scenario of the aliens. There are many who want to prevent this alien takeover of the planet and are working toward that end, while others are currying favor from the aliens in hopes that by compromising with them and licking their boots they will be spared any adverse treatment.

This Awareness indicates that the purpose of this discussion at this time is to present a rough idea of the alien agenda, for there is a chance that this agenda will not be presented in the future, wherein certain of the government/alien control groups will present a different scenario to give a different impression of what is occurring. This Awareness wishes that you understand the agenda that is being promoted before it becomes illegal to talk about any other agenda than that which becomes the official line, for this could occur in the future.

### Area 51 to be Staging Ground for Alleged UFO 'Landing'

This Awareness indicates that it appears that the plan of the aliens is thus: During the next few years, and quite likely within the next year, more and more attention from the media and other sources will be focused on UFOs, and the publicity will become more and more popularized for the masses;\* especially possible is an increased focus on that which is called Area 51 in Nevada, for entities to be given more and more information on this in small articles and various press releases scattered throughout different publications, until the area becomes fairly well known, especially among those who have an interest in UFOs, because this appears to be the staging ground for the alleged landing for the UFO, which will be publicly, officially announced.

This Awareness indicates by putting this in an area that is classed as secret, it can be controlled so that the press can be selectively chosen to give information regarding this landing. This Awareness indicates that the plan also would call for, (this in reference to the aliens' general plan, which may be altered of course, especially since this is being released), world-wide attention to be brought to this along with other sightings and other events pointing to the real existence of UFOs.

\*ED's Note: on Sept. 19th, the first of the new seasons' TV show, "Unsolved Mysteries," had a 25 minute segment of a UFO sighting and subsequent government coverup in Pennsylvania some years back. Also, one of the tabloid TV shows, "A Current Affair," revealed that the mysterious circles appearing in the wheat fields of England, have now spread into Canada and the United States, the camera showing a much more sophisticated design, almost artlike, in the new fields.

Also, on Sept. 21, the TV news program 20/20, with Hugh Downs and Barbara Walters, did an indepth story on the strange circles in the fields, the implication being that these must have been made by extraterrestrials.

The hard-core cynics and critics of UFOlogy will then officially recognize the existence, because spokesmen from the media will have officially recognized the presence, and these critics who class themselves as intellectuals will now have someone official on whom they can rely, and will then become hard-core believers. They will then be the main supporters of the scenario that is being presented, even though it will be a part of a facade, a trick, a program, to fool the masses.

This Awareness indicates it will be part of a fake invasion. This Awareness indicates that this is the reason why this Awareness has referred entities to Stan Deyo's book *Cosmic Conspiracy*, because Deyo presents detailed information on the fake invasion. He has much other information that is irrelevant and of a personal position, but he does present well the information regarding the fake invasion, which he refers to as the fake rapture. It will give the impression that the aliens are here to protect mankind from a further invasion that is coming, an invasion by Reptoids.

This Awareness indicates the fact is, these aliens will *already* be representing and working for the Reptoids. The Reptoids will remain out of sight. This Awareness indicates that the true invasion that these entities are protecting you against will be that of the Sirians, those from Sirius and those from the Pleiades and

those who are in fact true friends of humanity, and they will be preparing you for war against those entities who plan to come and rescue earth from the Reptilian forces, in the mid-part of this decade.

This Awareness indicates that it will thus be a false invasion in that sense; that there will be many who are opposed to the very entities who are trying to preserve humanity's claim to the earth. In creating a false belief that they are fighting one group, when in fact they are actually working for the enemy group of Reptoids, and believe that the human group whom they are in fact fighting against, are the Reptoids.

### The Role of the Many Half-Breeds Created from Stolen Eggs

This Awareness indicates that you may wonder: How can this be that humans would be so fooled? This Awareness indicates that this is the other aspects that need to be looked at in the alien plan. This Awareness indicates that for many years, aliens have been abducting humans and have been taking sperm and eggs and for some time, have used fetuses for their own purposes, trying to build up their own race,--this in reference to the Greys, trying to strengthen their own race, which is weakening and dying because of radiation that has depleted their reproductive abilities, wherein they have to rely on cloning in order to continue, and wherein they have to rely on human glandular substances in order to keep immunity and resistance to disease, and nutrients for themselves.

Therefore, some part of the abduction program of the aliens is for their own personal survival, but other aspects of the abduction program, especially in more recent times, in the last 20 years especially, has been to create a hybrid or half-breed, half human and half Reptilian; these being entities who can serve to interface between the aliens and the humans on some levels at a time in the future; these being created from the collection of eggs from abductee women, whom they use repeatedly, mostly from abductions that take place within the entity's own home.

In some cases, however, women are collected and not returned, and kept in cages underground, where they are used for laying of eggs, or the giving of eggs, for the alien purposes. They are often implanted with sperm from the Reptoids for the first trimester, and then the child taken to be raised elsewhere. This Awareness indicates that this purpose is to raise an army of half-breeds who will be able to pilot the ships that have been built and are stored in great underground caverns, which will be brought out at the time of the invasion and used to fight against those from Sirius, the Pleiades, Arcturus and others of the confederation of humans, who have a desire to protect mankind.

### A 25 Million Army of Implants Now in U.S. Awaiting the Call

This Awareness indicates that this is essentially an overview of the situation that is coming in the future. There will be announcements, there will be presentations, official lines, if this plan is carried through, and *any entities* who deviate from the 'official' lines will be seen as troublemakers and imprisoned. This Awareness indicates that these entities who have been abducted and implanted, will be likened unto a 25 million person army in the United States, subject to the

directions and control of the aliens through the implants and can be trained in further abductions for use in operations as needed. It is because of this that certain factions of the government are most nervous about the implants and may initiate a national emergency to round up all troublemakers, those who do not follow the official line, and those who have received implants other than from the government itself.

This Awareness indicates that one may ask: Why does the Alien Force require so many entities with implants? This Awareness indicates that the Reptilians do not trust humans at all, even the government officials that are working with them. They trust only those whom they can control with the implants placed within them, who have no choice but to obey, and they trust only the Greys who are subject to their domination; the Greys also having implants.

The Reptilians being most cautious in their domination of others, do not leave things to chance. They also will trust and use the half-breeds to fight their war for them against the humans from the Pleiades, Sirius, Arcturus and Vega. This Awareness indicates that this is essentially the plan of the aliens, and it can take on various shades and alterations from time to time with the appearance of one thing happening, when in fact another is occurring, as described in this plan.

This Awareness indicates that you may well see half-breeds,--half-human, half-Reptilian,--masquerading as Pleiadians, wearing long wigs of blonde color. This Awareness indicates that there are also humanoids, or human types; the blonde Nordic types, many of whom work with the Greys as subservient to them. These are the Aryan race, created long ago, captured by Reptilians and used. They also are related closely to earth humans and the Aryans who populated the earth in Carpathia.

This Awareness indicates that these entities may at a certain time shift loyalties, but it cannot be counted on, for they also have implants and have been subjects of the Greys, the Orion forces, or Orion Empire, and the Reptoids, for many generations; that this is in reference to some of those who are referred to as the Blondes. This Awareness indicates there are both short and tall Blondes. The short Blondes are dominated by the tall Blondes.

#### Aliens Plan to Divide Humanity by Wars (Middle East Situation a Part of This)

This Awareness indicates that there are a number of human types and some are more allied with the aliens; others are more allied with the humans and Pleiadian and Sirius types. This Awareness indicates that it also appears that part of the alien plan is to divide humanity, to lead humanity into a conquest, one group over another, so as to keep humanity weakened as much as possible with war and violence. This Awareness indicates that this is in part what some of the energy is about in the Middle East, and it is very likely that this will continue for some time.

#### Alien Plan for the One World Government

Another aspect that is occurring, has to do with the effort by some to unify the world into a One World Government. This is part of the plan also, to unify the world into a One World Government with the argument that only by joining together can humanity defeat the

invasion of the Reptoids. This Awareness indicates that this is designed to bring about a One World Government. It would be to the benefit of either side for humanity to be more united in a sense, thus, the alien plan would like to see a united humanity that obeys their own plan and dictates, but those in government who are attempting to break out of the trap would like to see the One World Government, wherein entities can unite as humans, to fight against the invaders.

#### A Cosmic View of How Reptoids are Created

This Awareness indicates that it is likened unto a power struggle between those who would surrender to such an outside alien power, and those who would prefer to stand firm against such intrusion. This Awareness wishes to proceed to another step or level in understanding the present situation. This Awareness indicates that from a cosmic point of view, all entities are aspects of this Awareness, whether they be alien to earth, or inhabitants of earth, or whether they be from other planets or other systems, or other planes of existence; all are aspects of the Universal Consciousness, a consciousness that resides throughout the universe in all things.

This Awareness indicates that when consciousness began to divide and fragment, each fragment took on its own unique appearance. Many of these fragments then divided further and created multitudes of fragmented beings similar to each other. Other fragments of the original group divided into multiple fragments, creating multitudes of other beings, having different features, different from the first fragmented group.

For example, those of the Reptilian types and those of the human types came from different fragments of consciousness. This Awareness has indicated previously that in the sense of polarity, such as a line of a magnet or a magnetic bar, the positive pole on one end and the negative pole on the other end; if this bar were made of light or consciousness, and one end of that bar were to develop faster than the other end, the faster growing end would become the head, the other end, the tail.

Now, if the positive end of the bar became the head, it would result in a creature different from the bar in which the negative end became the head. This Awareness is speaking in terms of molecule levels, also in terms of galactic and stellar levels and in terms of universal levels; that whatever creature is created it has a positive and negative side, and one side is energized more than the other. The positive side, if energized more, becomes the head, and the negative side, if energized more, becomes the head.

The Reptoids were born out of the negative end of such polarized energy, and the mammals were born out of the positive side of such energies, and there are, of course, many degrees in between. Thus, you see the cat with its cat eyes having certain qualities similar to that of the Reptoids and Greys and the dog with its round eyes and round pupils having certain qualities and facial features more akin to that of the human.

Of course, the monkeys and anthropoid types are even closer to human shapes and forms and, of course, the serpents and reptiles are closer to the Reptoid forms and shapes. This Awareness indicates that many entities have been conditioned to believe that man evolved out

of the animal; that the energies of evolution coming up from the animal led to the creation of mankind, of humankind. This Awareness suggests that essentially, it was the opposite; that out of consciousness came rays of energy, split and divided like that from a prism, wherein light broke into various colors and light itself carrying consciousness, unique to its own vibration and color, then again being split, created still further aspects of being, which again split, carrying further aspects of being, which again split and continued ad infinitum.

This Awareness indicates that the animals essentially are cast off from the consciousness of humans and other higher creatures, and are splits in consciousness that occurred as this big bang of consciousness occurred, creating all of the reflections moving down into greater and greater fragmentation. Thus, the Creators, the Creator was the consciousness, but the gods that took on form were partly the next aspect of that Creator and subsequently came the plants and animals that followed as consciousness splintered and fragmented further.

#### Darwin's Theory is Backwards

This Awareness indicates that the Darwin theory that it all started out 'here' somewhere, with multitudes of atoms combining into molecules, combining into living cells, splitting and becoming larger celled creatures, eventually evolving into small amoeba and further evolved creatures, is simply backwards of the actual creation. This Awareness indicates the humanoid type creations occurred close to the beginning, even before there were plants, but these creations did not move into form, in the density levels of physical form, until quite some time later, after the big bang of consciousness, wherein a cooling process took place, in the sense that the vibrations slowed down sufficiently to create a flux of energy that can be classed as physical form.

This Awareness indicates that even the physical form that you recognize is only solid for your own perceptions, the levels of your perception. It is possible that if you were to move into other frequencies you would pass right through physical forms and not know of their existence. This Awareness indicates that cosmic rays, for example, can pass right through physical forms without being hindered or stopped by them. Were you at such a frequency, it would be the same for you.

This Awareness indicates that therefore, in this sense, the Reptoids came from a different ray than that of the humans, or that of other creatures or creators, and though they have shared in the universe together, they are of such difference in their makeup that they tend to be incompatible. They appear to be incompatible. The humans would be extremely distraught at seeing a Reptoid, and a Reptoid would look on the human with great contempt as an individual and see it only as something edible and worthwhile only in the sense of its usefulness to the Reptoid.

#### Reptoids can Recognize All Is One and Still Eat You

This Awareness indicates that with this understanding, it must also be understood that the fragmentation that started everything also was accompanied by physics principles, -principles of light and

consciousness of a universal nature that will not allow the origin and source of one's creation to be totally forgotten. Thus, each being tends to develop at some stage the realization of one's own source, and the spiritual evolution sufficient to take the entity back to the recognition of the oneness of all things.

This Awareness indicates that entities can have a sense of the oneness of all things, realizing that all is one, and still be eaten by an aspect of consciousness in the sense that their own form may be devoured by the form created from another aspect of consciousness. Just as an entity can eat a peach, so a Reptoid may eat a human, even if it had evolved spiritually to the point of recognizing all is one.

This Awareness indicates that the spiritual recognition of oneness does not guarantee that everyone will leave everyone else alone. It simply acknowledges that the forms are not the ultimate reality and that the ultimate reality is what really matters. This Awareness indicates that everyone can cling to their own shape and individuality and form as much as is possible, but it may not prevent you from losing that form. What is truly important is that you recognize your consciousness is eternal and endures forever, and that consciousness is universal, and that you can hold and cling to universal consciousness regardless of what is occurring to your form.

It is as Kapila taught: You may be the tree on the bank or you may be the river. If you are the tree on the bank, you may be washed away. If you are the bank, you may be eroded. If you are the river, you go on and on. If you are the physical body, it may be chopped down and washed away with time. If you are the bank of information holding knowledge and wisdom, things of importance to you, you may be eroded and washed away with time; but if you are consciousness, Universal Consciousness, and identify yourself with Universal Consciousness, then whatever happens to the body or to your knowledge matters little in so far as your own being is concerned, for you will endure forever as consciousness.

#### The Ultimate Security of Humans (Put Away that Fear and Terror)

This Awareness indicates you may see your body, you may see your knowledge as a costume. The body is but a costume, covering your consciousness. The knowledge is but a script which you use to portray a role in this life, but your consciousness is you, and you endure as that great actor, or actress in consciousness, regardless of what happens to the role or to the costume.

This Awareness indicates that this is the ultimate security. This Awareness indicates that *It* wishes you all to have this kind of ultimate security so that when threats come into your consciousness, when your role is threatened, when your costume is threatened, when all the body of knowledge that is accumulated in your experiences is seen as a script for this life, and when the physical body that you have acquired through nurturing, eating, exercising and attending, is available to you, and when these two things are threatened with extinction, you may wish to preserve them, and you may do all you can to preserve them, but it is important that you not be terrorized inside if they are threat-

ened, for your consciousness endures, and that consciousness is the ultimate you, for these things are your past life when the curtain is drawn, and you have many future lives and roles and scripts for you.

This Awareness indicates you no longer are terrorized or threatened or fearful or worried about a previous lifetime that you lived, when things didn't go well, and again, it may occur that when this lifetime closes, when this play is over, you may lament and be saddened to see it end: the final curtain of one great glorious play, but it is only the beginning of the next great play yet to come.

This Awareness suggests therefore, that you put away terror and fear regarding life and death. Get into living fully; living your life to the fullest in accordance with the values that are the Highest and Best and not those that are based on fear and terror, for those values that are based on fear and terror tend to drag down the soul, tend to weaken the soul, tend to diminish your capacity and ability to serve as the true deities whom you can be, whom you descended from, whom you truly are, when you rise above the petty self.

This Awareness indicates your Higher Self IS Cosmic Consciousness. Become cosmically conscious and you will have no further fear. You will be guided to play the role you are most needed for in this lifetime. You will be guided to discover the knowledge, to witness, to share the knowledge, to help others gain the knowledge they need to develop their Higher Self.

#### Time Now to Re-energize the Kahuna Ring

This Awareness indicates that a 4th aspect of this alien scenario has to do with the fact that the aliens do not understand spiritual values. They are becoming curious and have some fear of humans who are highly spiritual, and they are weakened in the face of highly spiritual energies and tend to back off when the human is strongly motivated and assertive in his or her beliefs.

This Awareness indicates that at some time in the past, approximately in the early 70s or late 60s rather, this Awareness gave information on establishing the Kahuna Ring around the earth, out in space, to protect against war and violence that was ravaging the earth, and to call upon the Kahuna Ring to enlighten the masses, and to give strength to those who were trying to awaken the masses to a greater and higher spiritual understanding.

This Awareness indicates that to establish this Kahuna Ring, *It* asked entities to meditate periodically so that there was someone meditating at all times on the Kahuna Ring, helping to establish and form it and energize it. This Awareness indicates that this went on for approximately a year, in which there were entities meditating at different times around the earth, energizing and creating and maintaining the Kahuna Ring as a field of energy protecting and surrounding the earth.

This Awareness would ask that entities do this again, if you wish to save the earth from the Reptilian domination, for it is a powerful force and can influence and protect the earth against these negative vibrations which have developed technically, but without spiritual development. This Awareness indicates that the Reptilians have

6. great technology and strength and appetite. They have not developed their sense of spirituality which would eventually lead them back to the Law of One, to the recognition of Universal Consciousness.

This Awareness indicates that the Kahuna Ring is that which can bring this about, which can strengthen this energy field upon the earth of a higher frequency and vibration that will make their stay such that they can only endure the vibration by changing to meet it, to merge with it.

This Awareness indicates also that *It* wishes you to not only meditate, 15 minutes daily, at times you set for yourself, but to begin each meditation with a count of 144. This being a mystical number associated with light frequencies.

This Awareness indicates the aliens are well aware of the power of light. They use it in their technology, but they are not used to using it in drawing in spiritual light. By counting 144 with the intention of drawing in spiritual light to this planet, it will have a profound and powerful effect in reducing the strength of negative technology used by these aliens, and it will strengthen the spirituality of humans so that they can find for themselves the inner guidance, and inner strength and spiritual unity to deal with the difficulties that are coming.

This Awareness indicates it will also diminish much of the violence that is occurring on earth in your cities, streets and in the areas of conflict around the world.

This Awareness indicates that this concludes this reading, which is intended to be a general overview of the total alien situation. *It* suggests that there may be further details or questions or additional information, but that you keep this general overview in mind when considering all other factors, and when reading further information that may follow.

This Awareness suggests the Interpreter be brought from trance.

### HOW TO VISUALIZE THE KAHUNA RING MEDITATION

(Sept. 8, 1990)

**QUESTION:**

In regard to the Kahuna Ring, could Awareness, for the benefit of new members, give more information on this and how they are to visualize it?

**COSMIC AWARENESS:**

This Awareness suggests that entities may visualize this as a ring of White Light that surrounds the earth. This may be seen as being approximately 20 to 50 miles high; that this White Light as that which has elements of consciousness carrying messages of peace and harmony which entities can tap into and which in tapping into such, feeds the Ring to increase and enhance its glow.

This Awareness indicates that this Ring may be visualized as likened unto the rings of Saturn, but as being more of an etheric White Light energy rather than being the particles of matter that make up the rings of Saturn. This Awareness indicates that *It* also suggests that as this Ring is built and strengthened with more Light, it already exists, but it can be strengthened greatly with more Light, and as this occurs, the energies from this will emanate onto the earth itself, giving entities a kind of energy that tends to attune them toward peace and harmony.

This Awareness indicates that in the meditative process, entities can, during their meditation, enhance this Ring in the areas above them as well as in areas around other parts of the earth. It does not have to be only that area above them. This Awareness indicates that wherever entities focus, the Ring will receive their energy. This Awareness indicates that this Kahuna Ring is that which is an actuality in consciousness and all of the universe is made up of consciousness. It will not be seen with your senses or perceived by instruments that cannot read consciousness. Therefore, it is not something that would be termed 'reality' but it is

something that is actuality, in that you can actualize it in consciousness, even though it does not come into existence in physical manifestation at this time. This Awareness indicates that there may be a time in the future when these energies will condense and move into physical actuality or physical reality.

This Awareness indicates that for the time being, the creation of the Kahuna Ring as that which is a mental or conscious creation, a system created in consciousness that cannot be measured scientifically. This Awareness wishes you to understand however, that it does not matter. Just because something is not scientifically present does not mean it cannot have an influence. Democracy, for example, is a concept, yet it has a influence, and it influences behavior simply because the idea can be of significance and can be used to modify behavior, but where the scientific proof or measurement of Democracy is required, it would be difficult to show some subject or object that could be measured as proof of a Democracy in terms of physical reality.

This Awareness indicates that a concept can be put into motion, can be put into action on different levels. Not all concepts are required to be manifested in reality. Many can operate in consciousness. This Awareness indicates the Kahuna Ring as that which is an idea, a visualizing process. It serves as something that can link entities together and can be used for energizing and for bringing entities into a harmony and especially can be drawn upon during difficult times ahead. This can be used to bring about influences in consciousness, in the collective consciousness of humanity.

This Awareness suggests that entities wishing to study further on this may also find information in earlier works through the readings given by David Worcester in the late 60s, and early 70s.

The Kahuna Ring readings by David Worcester, just mentioned by Awareness, are out of print and unavailable at this time. (Ed.)

8.

**ED's Note:** Back in the Sixties when the Vietnam War was raging and the country was divided, Awareness brought forth the Kahuna Ring, created it at that time so entities, through linking their meditations in the various time zones, would in effect create a vast pool of energy which Awareness could then use to help bring peace and harmony to our planet. Members in many countries of the world, and in all 50 United States and Canada participated in this daily 15 minute meditation; some in groups, many just individually, and doing this for one full year. Periodically, Awareness would provide updates on how the Kahuna Ring was being energized (successfully, I might add) and where, if any, there needed to be a link added to make sure that someone, somewhere, was meditating to keep the 24 hour schedule intact. The usual meditation time was 15 minutes, set aside daily, and not to be interrupted by TV or other activities. Eventually the war in Vietnam did finally end, the daily horror show on the TV nightly news finally shut down the blood and guts and gore, the endless body bags returning on the jet planes to bewildered and grieving families. How much the Kahuna Ring meditation by several thousand Cosmic Awareness readers contributed to this ending of the war is not known (we never asked). However, it did finally end and to the surprise of many entities, ended much sooner than had been planned, based on the events and actions of the 'enemy.'

Here at CAC we know that most of you readers have done meditations in the past, and that many of you are doing this on a regular basis. We are suggesting now that all of us try to find the time and space each day or night to meditate on the Kahuna Ring, for at least a minimum of 15 minutes, preferably longer. That you do what you can, because it now appears (if we are to believe Awareness) that the threat of the Reptoids at this time appears to be not only real, but invincible. The information in this reading provides the first real ray of hope that humans on this plane, at this time, can, through a simple daily meditation on a regular basis, actually alter this planet's vibrations so that the Reptoids either split the scene or die on the earth, or alter their vibrations to that of the Kahuna Ring energies here on the earth, thus creating our own salvation as well their own spiritual salvation and evolution. Let's go for it, gang! We have nothing to lose and EVERYTHING to gain! Let's get these meditations started at once, as soon as you digest this reading. Let Vikki hear from you as to how things are progressing. Many thanks. (Avaton).
