THE OKLAHOMA BOMBING AND WHAT IT REALLY MEANS

(OPENING MESSAGE, CAC GENERAL READING, JUNE 8, 1995)

This Awareness indicates humanity is at a very critical stage in the history of what might be termed the "war for freedom." This Awareness indicates that people in the United States have enjoyed a degree of freedom for quite some time. It has not been total freedom, but it has been more freedom than most other civilizations have enjoyed on this earth at any time in the past.

This Awareness indicates that this freedom is of course under great threat at this time, as the powers that have unfolded from the inception of the Illuminati in 1776, beginning in May of that year up to the present time, have been fulfilling their agenda and movement toward a One World Government for the super rich, by the super rich.

This Awareness indicates that this super rich One World Government has considerable control. It has enjoyed great control over the United States for the past 80 some years, and has controlled to a great degree through the media: newspapers, television, radio. The Internet appears to have been something of a fluke which they have not had complete control of, and whereby much information is now being able to be released that would not released through other mainstream media outlets.

Frustrating the Beast-The Power of The Internet

This Awareness indicates that because of the Internet, more and more people are getting access to an alternative reality other than that which is programmed by the Illuminati or its agents in various government bureaucracies. Therefore, the critical stage which would have been a shoo-in for the New World Order has been reached whereby the New World Order is no longer an absolute certainty and those who are working in behalf of the New World Order are standing on somewhat precarious ground. Their future is not assured.

This Awareness indicates however, it does appear that there will be strong influences, strong forces, strong probability that the forces behind the New World Order will take daring action to push their agenda on the American people. You can expect strange things from these entities to be used

as reasons for implementing new laws, new controls over the masses.

Expect More Bombings or Crises to Occur

There may be further crises such as the Oklahoma bombing or World Trade Center bombing. These may come about in the near future to be used for passing further bills to curtail the people and control them so as to make a total conquest easier.

This Awareness indicates that the Anti-Terrorism Bill that is now being passed, which was passed in the last few days, got its support largely from the Oklahoma bombing and the attitudes it generated, and even though an enormous amount of evidence indicates that government agents were behind this bombing, the media presumes that no one pays attention to any other information other than mainstream news media which has put forth the propaganda that it was the result of right-wing militia groups and their hate-mongering.

Therefore, it is presumed by these government agencies that they have gotten off scot-free and that everyone believes the mainstream media in its version of what happened. But if entities read information from the Internet they will see that there are vast amounts of material being given to the masses, to the readers, which spells out a different scenario, and many of these Internet sources also present underground newsletters and newspapers or magazines that reach many thousands of other entities with similar or same information.

In other words, there is a vast number of people who are seeing a different truth from that which the mainstream media promotes and this number is growing extremely fast. There are far more people now becoming aware of the alternate view of what is happening in this country than even a year ago. The number of people has more or less tripled in terms of people who are getting a different view of the reality of what is happening, and the mainstream is losing credibility along with government officials who promote the New World Order lines and scenarios.

Unless something happens very quickly to change, to intimidate the masses, such as a serious economic crisis or international crisis which brings about martial law and the potential for government and UN troops to intimidate the masses of this country, it does not appear that the people will remain loyal to the mainstream media version or to

the New World Order agents for much longer.

This Awareness indicates even if there is an artificial crisis created, it may, even at this time be used more in the favor of those who want to rid this country of these foreign agents and overthrow the power of the mainstream media. It may work against those who are trying to intimidate the masses, by simply stirring up the masses to revolt.

Time Has Turned Against NWO Conspirators

This Awareness indicates it appears that the time has moved against those who would create a One World Government and masses have been being educated and made aware of the alternate view of what is happening. Those who used to laugh at conspiracy theories are now becoming very much aware of the conspiracies of certain forces working together to enslave the American people, to destroy the Constitution and to set up a totalitarian government in place of the constitutional government.

Of course, there are still many who are sleeping and think everything is the same as always, and that whatever the official line is must be true, but these entities are growing fewer and fewer as their ranks are beginning to weaken and move into the realization that *there is* something happening that does not fit in reality and that the conspiracy theories explain things much better than those who ridicule the conspiracy theories.

This Awareness indicates that *It* wishes entities to be aware of the potential for more hazardous experiences such as these so-called terrorist bombings that have occurred in recent months. The World Trade Center and the Oklahoma city bombing are two instances which have been clearly questionable as to the official story.

Questions Many People Are Asking

The one question that is asked by many: "Why did the FBI informant working with the so-called Middle east terrorists help them to make a bomb when they knew not how to make a bombs"? "Why did he help them to make a bomb that would blow up the World Trade center, when he could have simply a made a false bomb that would have little or no damaging capacity, and they could have arrested the group of terrorists without destroying the building?"

This Awareness indicates these are questions that have not been answered, and there are many more in regard to that bombing. This Awareness indicates also why is it that the New York Trade Center building bombing included a yellow Ryder truck as part of its scenario, in the same way as the Oklahoma bombing? And why is it that the New York Trade Center bombing included informants working with the foreign terrorists who did not stop the bombings

FBI Worked With World Trade Center Bombers

These FBI informants knew of the plan for the bombing, and went along with the terrorists, allowed the bombing to take place, and then made themselves known as FBI informants. Why did they wait to allow the bomb to explode before making arrests? Why were these entities in the agencies allowed to be absent the day of the Oklahoma City bombings

Why were the children of the various intelligence branches out of the day-care center the day of the Oklahoma City bombing?

This Awareness indicates these are the kind of questions and the kind of information that is spreading across the Internet which many people are beginning to think about and there are millions and millions who tap into the Internet and read this information that is being spread across the Internet. It is the *one* area of communication that has not been totally controlled by the Illuminati and its many branches and factions.

New Anti-Terrorist Bill Classifies Anyone as a "Terrorist"

This Awareness indicates that after each of these bombings there have been more laws passed to give the government control over the people. With the Anti-Terrorist Bill that was passed after the Oklahoma City bombing and as a result of that bombing, the government now has a claim to the right, through this Anti-Terrorist Bill, to use biological and chemical weapons against Americans whom they deem to be dangerous terrorists and they have already classed Patriots as terrorists along with militia groups and even along with certain talk-radio show hosts; and with this kind of labeling of various right-wing groups, Christian organizations, paramilitary groups and patriot groups as being terrorists, along with the Anti-terrorist Bill that lets them use chemical and biological weapons against such dangerous people, it

doesn't take much of an imagination to see what is coming in the future from this government.

This Awareness indicates that the Anti-terrorist Bill not only classes those entities as terrorists, but also includes the word "troublemakers." In other words, anyone they deem to be a trouble-maker is also classed as a terrorist. This Awareness suggests that perhaps this message will be categorized as that of a trouble-maker. Perhaps these entities would see this Awareness as being a trouble-maker.

This Awareness indicates that in such a case, it is possible that anyone who speaks out politically against the incumbent government could also be classed as a trouble-maker so that freedom of speech no longer is allowed, so that such entities who speak out in criticism of the government, or the factions of government, could be arrested and jailed, or treated with biological or chemical weaponry.

Desperation Being Felt in High Places

This Awareness indicates it shows the desperation that is being felt in these high places. The very fact that they are so desperate to stop people from discussing and teaching others patriotic concepts indicates they are afraid of these patriot groups, of those entities who criticize.

This Awareness indicates that they began criticizing through the media the various Patriot groups, but Patriots were invited to answer questions put to them in the expectation that they would be exposed as hate mongers, white supremacists, et cetera, and instead they began to get their message out to the public over the mainstream media, and of course, such interviews were quickly stopped, and they were no longer invited to give their view, to state their opinions. They became ignored in the past few weeks.

This Awareness indicates that they are not forgotten by the powers of the New World Order. It is simply a matter of finding a new strategy for dealing with these entities, and it is quite conceivable that a very serious and volatile plan: creating a national crisis or an economic crisis could be employed to create a backdrop for government raids on these individuals, making it appear that they are the cause of the problems, so that the public will turn and hate the militia patriots, the so-called trouble-makers, the Christians, and all of those

entities who want to get back to the Constitution and the freedoms this country was founded upon.

When Civil War Occurs, Readers Should Not Take Up Arms, But Seek Peaceful Resolutions

Do not be surprised if a civil war follows such action. And do not be surprised if the majority of people in this country side with the Patriots rather than with the government and mainstream media, for the people of this country are becoming more aware. They are waking up and they are quite angry with the government and the deception that is seen coming from government.

This Awareness suggests that entities reading these messages from this Awareness are not encouraged to take up arms, are not encouraged to get into violent situations. They are encouraged to work for peaceful resolution through legal means, through political means. They are encouraged to educate, to teach, to inform, but *not* to attempt to violate others or encourage violence as a solution.

This Awareness indicates education and teaching can do more than the promotion of violence in retaining freedoms or gaining freedoms.

MORE SPIRAL ORGANIZATIONS NEEDED IMMEDIATELY

QUESTION:

In regard to those questions Awareness asked about the Oklahoma bombing, the SPIRAL people sent me the information going through the Internet, where it asks 26 questions, and the top four were those that Awareness asked; but it goes on and asks a total of 26 questions relating to that bombing. So this type of information, although these questions are never asked by the controlled press, they're certainly going to be asked by the millions of people who are on the Internet.

COSMIC AWARENESS:

This Awareness suggests you print the entire 26 questions in your newsletter. This Awareness wishes also to point out that *Its* reason for this introductory statement was to encourage entities to start their own SPIRAL organization if they can reasonably do so. It is not necessary in starting your SPIRAL organization for you to incorporate or create it as a business.

You simply use the term "Society For The Protection of Individual Rights and Liberties", as a SPIRAL organization, and your action is simply to pass information to those who are open to receive such information, and allow yourself to be known to other SPIRAL organizations as receiving information from them so that you gather information from other SPIRAL groups or from the Internet and that your information be spread

Anyone Can Start Their Own SPIRAL

This Awareness suggests you also encourage on the Internet that others start their own SPIRAL organizations. These are the SPIRAL Eyes that inform the masses and help to spread the information from person to person as a kind of alternate to the controlled media. It is a time in which these SPIRAL organizations can become a force whereby anyone can do it from their own home and there is not central control on these SPIRAL organizations, therefore there is no need for entities to feel endangered by having a SPIRAL organization. You simply use the term and pass information and keep it going from person to person and encourage others to do the same.

This Awareness indicates that SPIRAL already has organizations throughout the world. There are those in other countries, there are those in this country that simply spread information, sending it to senators, to Congress-people, to mayors, to governors, to individuals and many have their own mailing list, and when they receive certain information they send it out to those on their mailing list.

This Awareness indicates that it is alright to take donations to help further your efforts in spreading information. This Awareness indicates that you may even have reports for which you charge a payment, for the report should be of reasonable price. This Awareness indicates that it is important that entities encourage others to start their organizations and if you need help in understanding what a SPIRAL organization is, simply write to or contact any SPIRAL organization that is already in existence, or simply use the information this Awareness has just given.

It is a very simple action. You just use the term SPIRAL as an anagram for "Society For the Protection of Individual Rights and Liberties". There *is* no control. There *is* no license. No one has any super-

vision. You are trusted to be concerned about the welfare of others, the freedoms of others, and you are trusted to do whatever you can to help preserve those freedoms.

This Awareness indicates obviously, without any kind of control, there will be those provocateurs from government agencies who will try to set up SPIRAL organizations in such a way as to take control of other SPIRAL organizations or to influence them with misinformation, and therefore it is suggested that entities be somewhat wary and suspicious of each other's SPIRAL organization, but at the same time recognize that for the most part, these organizations are simply the work of sincere individuals in their action of spreading the word. Be more suspicious if any SPIRAL organization attempts to bring other SPIRAL organizations together in some kind of a conglomerate that has a centralized headquarters. This would be a way of destroying the effectiveness of SPIRAL organizations.

This Awareness indicates that because these organizations so far are independent there will be various emphasis on different things. One SPIRAL organization for example, focuses mostly on UFO information. Others focus on conspiracy information. Some focus on Congressional Bills and what is going on in this regard. This Awareness indicates there are some that focus largely on legalities and what is happening in the courts. This Awareness suggests that your choice of what focus you want your SPIRAL organization to have is your own decision. The purpose is to protect individual rights and freedoms. Therefore, keep that as the central purpose for your SPIRAL organization.

This Awareness indicates that if any SPIRAL organization wishes to put such information on the Internet describing how SPIRAL organizations can be formed, this can be beneficial, encouraging entities to form their own SPIRAL organization along the lines suggested in this message. This Awareness suggests also that you make sure your SPIRAL organization does not take up a violent attitude or promote violence, for it would tend to disturb the very nature of that spirit of the concept of the SPIRAL organizations.

TED GUNDERSON TAPE EXPOSING CONSPIRACY IN OKLA. BOMBING SHOULD BE MADE AVAILABLE

QUESTION:

One of our members in Florida sent us a tape-recording of a talk-show down there wherein they interviewed an ex-FBI agent named Ted Gunderson who has all kinds of credentials. And on this tape there was some really dynamite information released that if true, people should write letters to the editors and talk-shows, TV-type things, asking some of the questions brought up. Does Awareness see that tape as being basically valid? And the information that was on it?

COSMIC AWARENESS:

This Awareness indicates this is in the affirmative. This Awareness indicates that this information was temporarily placed on the Internet but there were certain forces that made sure this was removed very quickly. This Awareness indicates that the tapes should be made available to the masses, and the information should be spread so that this entity's message can be released to alert entities who may still have questions that need answering, which can be answered by the information on this tape.

This Awareness suggests that it does not appear the information on the tape is copyrighted, and therefore, it would be worth encouraging entities to make copies and spread these copies with the instructions that others make copies also.

Oklahoma City Bomb Tape Now Available

Ed's Note: CAC is now making available this most revealing 92 minute cassette tape. We suggest a minimum donation of \$7.00 plus \$1.00 postage, but any amount you care to donate is welcomed and is acceptable. Ask for the Oklahoma Bombing tape.

WAS GOVERNMENT PLANNING RAIDS ON MILITIAS LAST MARCH?

(Power of the Internet Impresses Agencies)

QUESTION:

Dan T. sent us some information over the Internet and I'd like to read this and ask if this information is true. He says: "This is from the Strategic Investing Newsletter dated April 19th, 1995. (This was before the Oklahoma bombing I believe) "At 10:30

in the morning, Friday, March 24th, an official from the NRA called to tell me "All indications are the BATF/FBI raid on militias is still on. The Rapid Response Center at Fort Bragg, for example, is on two hour alert. The raids are scheduled to begin at 4:00 AM tomorrow morning."

Two or three days later, the March issue of Strategic Investing had arrived to subscribers, and this column titled "Waco and Warning of the Impending Attack" was soon posted at several locations on the Internet. Just before 5:00 in the afternoon, with less than 12 hours to go, the NRA called again. Fort Bragg and other military installations are off alert. With the element of surprise so clearly lost, the raid has been called off, at least for now."

And the editor, I believe it's Patterson, says "Thanks. We were told that with the efforts of Strategic Investors and others a lot of bloodshed may have been averted. This was a subterranean drama, not a word of which was printed in the Liberal mainstream press. TO all of our readers who played a role in preventing an entire score of government atrocities: Thank you!"

Does Awareness see that scenario as actually set up as he described?"

COSMIC AWARENESS:

This Awareness indicates this is in the affirmative. In fact, it confirms what this Awareness mentioned yesterday in a related message. This Awareness indicates that there were plans for these raids to occur immediately following, or simultaneously occurring with the bombing in Oklahoma City. It *does* indicate the link between the government sponsored raids and the bombing.

IS NEW BLINDING WEAPON FOR USE AGAINST MILITIAS?

QUESTION:

We get bulletins from a publication called "Conservative Consensus", out of Seattle, and they send teasers out on the Internet with hopes that you'll subscribe to their publication, either through the Internet or through the actual printed version.

We received one yesterday that says, in an upcoming issue one of the stories is that the army blinding device, which the media notified had been perfected some months ago and which a lot of humanitarian groups

are decrying to the government to not manufacture; it says that this army blinding device is to be aimed at the militias. Does Awareness see any truth to that?

COSMIC AWARENESS:

This Awareness indicates it appears there will be various weapons tested during these planned scenarios in dealing with troublesome people, including patriots and right-wing Christian organizations, as well as the militia groups.

FOLLOW-UP QUESTION:

Wouldn't such weapons as blinding devices be outlawed by the so-called Geneva Convention? Or does that even matter?

COSMIC AWARENESS:

This Awareness indicates there are many things outlawed by the Geneva Convention that historically have occurred in spite of the Geneva Convention's rules. This Awareness indicates that the main reason for any lack of use of such devices would be whether the use would hinder the users or help the users. If it appears the device would be more beneficial to those who would use it, then they will use it.

If it appears it would cause them backlash of public opinion that would be of a serious nature, then they would not use it. But if they reach a point where they no longer care about public opinion, they simply want to intimidate the masses, they may not care enough regarding public opinion to hold back on the use of such weapons. They may in fact want to teach people to obey or be blinded, or face the prospect of chemical or biological warfare.

This Awareness indicates that all the weapons available to control the masses allows them an entire tool chest of many ways to deal with the enemies.

Many Ways to Wipe Out the Militias

For example, they could introduce biological bacteria at a militia meeting that would wipe out the leaders and many of the followers in that militia group, by simply putting a few drops in water, or in the atmosphere, through air-conditioners or such or they could likewise spray chemicals into a room where entities were meeting wherein the chemicals could have a devastating effect, or they could use some of the vibrational devices that when aimed at a

certain area create frequencies that are disruptive and destructive to the people.

There are many ways they may choose to attack, if they so choose. This Awareness indicates that if they choose to raid an entity's home, for example, they do not have to come in with gun blazing. They could simply fire a gas grenade through the window and destroy the inhabitants with toxic gas. This Awareness indicates that entities might find the Geneva Convention does not agree with these tactics, but what are they to do about it? The Geneva Convention did not agree with the actions of Adolf Hitler in World War 2, it was before entities even knew what was going on inside Germany.

'MAD COW DISEASE' AND OTHER CENSORED STORIES OF THE YEAR

QUESTION:

We received over the Internet a long dissertation listing the subjects from an outfit called Project Censored. The top 25 censored stories that the media either played down entirely or didn't mention. And I want to ask about two of these that might be related to the message Awareness just gave.

#25: "A deadly "mad cow" disease spreads to North America. A new and ghastly disease which turns the brain spongelike and has been attacking dairy cows in England for years has now appeared in North America. Nicknamed "Mad Cow Disease", Bovine Spongiform encephalopathy has infected more than 120,000 cattle since it was discovered in 1985."

And the other one concerns the return of Tuberculosis. This is #8 in their list.

"Tuberculosis, TB, thought to be a disease of the past, has surged back with a vengeance and now kills more people than any other infectious or communicable disease in the world, despite the fact that it is curable. Today, TB threatens more people than AIDS, cholera, Dengue Fever, and other infectious diseases combined. "A person who has active TB can spread the infection simply by coughing, sneezing and so forth, while another person has only to inhale the bacilli to become infected". Does Awareness want to comment on those two diseases?

COSMIC AWARENESS:

This Awareness indicates the first disease relating to the cattle is a relative of the Ebola virus that is now happening in Zaire. The Ebola virus is said to have been contained, but this is not quite so. There were many medical persons working in Zaire with these patients who left the country to various parts of the world without being found, without being tracked. Several of these entities did go to Italy and there have been reported cases of Ebola in Italy.

This Awareness indicates others are not located in the various places they have gone to. Therefore, it is possible that further spread of this disease could be occurring in other parts of the world. This Awareness indicates that this disease tends to turn organs to mush in the body, similar to that which has been described as the disease affecting cattle in this country.

This Awareness indicates that *It* spoke of the new resurgence of tuberculosis as having come out of an Eastern prison in which it was artificially created and introduced, from which it then began to spread. It is another biological warfare tool, introduced because the AIDS virus was not reaching enough people. It is part of the Global 2000 plan to decimate the population on earth so that by the year 2000, two-thirds of the people will have been removed from the face of the earth.

This was the plan. It has not moved fast enough for the instigators, therefore, new diseases are being introduced and will be introduced to speed up the destruction of the earth population so that by the year 2000 there will be only one third of the people on earth remaining. That is the plan of Global 2000.

This Awareness indicates there will be a third disease introduced into society also having a shorter time-period than AIDS which may be even more deadly and more hideous, and more easily spread.

A TIE-IN WITH JAPANESE CULT?

FOLLOW-UP QUESTION;

Does this also tie-in with the continual goings-on in Japan where they're trying to gas people and they've found a cult that had all sorts of diabolical plans to kill literally millions of people over there?

COSMIC AWARENESS:

This Awareness indicates that this is in the affirmative; that this cult has ties with certain metaphysical groups from England. This Awareness indicates it appears that the influence on this cult comes out of England and is part of the Illuminati. It is seen as another force operating on a major economic center to bring down the power of Japan and to spread havoc throughout Asia. This Awareness indicates it appears there is much more to this, but that the energies on this need time to gel before further information is presented.

THE BRITISH CONNECTION

FOLLOW-UP QUESTION:

This confirms a SPIRAL message sent over the Internet on May 26th that says "The LaRouche people say that the AUM sect in Japan is an asset of British Intelligence, since its leader is connected to the Dalai Lama who is in league with the Royal Family by way of prince Phillip.

"The LaRouche people think that the British are orchestrating the nerve gas and the Oklahoma bomb events, plus Whitewater and the Limbaugh/ Gingrich folks. They also think that Waco was an attack by US Intelligence against operatives from Australia and the United Kingdom. Also, that British Intelligence has compromised the militia movement." And evidently there was somebody by the name of Van Trapp who published the story about all of this and they tied it up that "This would certainly lend credibility to Deborah Van Trapp's story that some portion of the US Government was responsible for the subway nerve gassing in Japan." The whole thing really seems complicated and involved.

COSMIC AWARENESS:

This Awareness indicates that *it is* complicated. It does appear to be accurate however. But there is still even more that could be brought out on this. The energies still need to be clarified further in order to get the full picture of what is happening.

This Awareness did indicate some time in the recent past that the British and the President have a rift that was much greater than people realized and the rift was largely caused by Clinton not being as cooperative with the British as they had anticipated or expected him to be. This Awareness indicates that because of this conflict between

the President and the British forces that have controlled much of the United States, some of these elements of the scenario have become very muddled, and while there is some waffling on the part of the President, his loyalty and broken loyalty to the British controllers; it creates a confusion in regard to many of the events, whereas some of his actions cooperate with them, while other actions resist their influence.

This Awareness indicates you must understand the President is in a very difficult situation: what may be termed "caught between a rock and a hard place." This Awareness indicates that there are Right Wing elements, Patriot groups that are making demands on the President that he face up to his sworn oath to the Constitution, and there are also the forces from the UN and British elements that are demanding that he face up to his obligations to them, for they have long attempted to have control and manipulate this entity, along with George Bush, and have much coercive power on this entity whereby they can do great harm to him politically and personally through release of certain information, or simply through physical violence directed toward him.

This Awareness indicates that he is more or less walking a tight-rope, trying to avoid going too far in either direction, neither completely serving the British nor completely serving the Patriots of this country. It is a kind of balancing act that is not really to his benefit because neither side recognizes his effort to please and sees only his loyalty to the other side.

This Awareness indicates that you can see the result of the stress this man is under by noting that since he has been elected President his hair has turned completely white, whereas before, it was somewhat darker with a few white hairs. The entity is under great stress.

IS CLINTON SETTING UP FOR WAR? (His Many Problems May Force a Diversion)

QUESTION:

A bulletin received on the Internet from the Conservative Consensus claims that the Bosnia situation is all set up to put American troops in there and to leave them there after the thing is over with, and they think that this will have to do with the Mid-East, the troops could go over there to defend Israel and the oil fields and so forth, and

they tie it up with: "Worst of all we have a President who knows that his career is finished and that as Whitewater unfolds he will be looking at jail time unless he can distract the nation's attention. War anyone?", they ask.

COSMIC AWARENESS:

This Awareness indicates that it is unlikely the entity will finish out his term. It is a desperate man in the presidency, and desperate men do strange things.

This Awareness indicates that it appears by the fall of this year, the Whitewater thing will become much broader in scope, affecting the President's wife at first and then dragging him into it. This Awareness indicates the recent arrest of the Arkansas banker as that which appears to be the trigger for moving the thing forward in a more timely manner.

This Awareness indicates that it appears the O.J. Simpson trial will fizzle out, leaving the media open for the Whitewater scenario to be put in front of the nation.

THE 'CRAZED GUNMAN' SCENARIO (Is The Government Afraid of the National Guard?)

QUESTION:

Last month there was a story in the media of a crazed gunman who seized an army tank in California and ran amok with it and the police killed him. SPIRAL sent us through the Internet a comment on this story by somebody who asked that their name not be posted with it. It was in a personal E-mail letter he received, and this person says there were other problems with the story.

"One person told me of a news report with a hospital representative talking about the man's two gunshot wounds. As reported by the media, the man was shot in the neck once. Another news article also indicated that the man was busy working the controls and knocked the officers off the tank. This would put the man's back toward the police and the bullet would have struck the back of the neck.

"I won't go into the messy details of ballistic and flow mechanics, but suffice it to say that there would have been more to show for the "single gunshot wound" through the neck. What I suspect will happen as a result of this incident is the public will demand that such "nasty equipment" be removed from the armories.

"Having been the in the "nasty guard" and the regular army, I can tell you there are a few issues the Feds are concerned about. First, the National Guardsmen are more loyal to the Constitution and their neighbors than hold any allegiance to the President as many in the regular army do.

"Second, some of the best-trained personnel are found in the National Guard. They have proven better than the active duty personnel in arms competition constantly.

Third, the amount of weapons and other equipment found in the armory and the relative ease of access to this material by the Guard members.

"The Feds would be concerned about any real resistance from the population at large, especially from the Guardsmen, if an incident occurred which warranted such armed response. I do know that on the quiet the Feds have been removing arms and equipment from a few armories under protest by the Guardsmen. "Now, with this incident in San Diego, the general population could start calling for the wholesale removal of this equipment from the hands of the "Patriotic Guardsmen" to make all communities safe from another crazed National Guardsman who could do this sort of thing again."

Just some thoughts he had. Does Awareness see that as another case where a person was set up to create a situation that would inflame the public?

COSMIC AWARENESS:

This Awareness indicates that this is in the affirmative. That this same scenario of creating a problem and solving the problem with a solution that suited the needs before the problem occurred, is a common technique that has been used time and again, repeatedly, for many many years in order to get something to happen.

This Awareness indicates the school-yard shootings of crazy individuals was designed to help get rid of guns owned by individuals. It did not succeed as desired, but it *did* have some success in turning many people away from the idea of owning guns or the right to own guns. It is likely that there will be further individuals encouraged to be violent with handguns, encouraged to be violent with these National Guard weapons in order to help those who would take over this country have

greater argument and more public support in their efforts to do so.

When will the people realize *who* is behind these dastardly deeds and why? This Awareness indicates that it may seem that people will never wake up, but this Awareness indicates if you look back five years in comparison to now, you would see that the awakening is occurring at an enormously fast pace. In another five years it is likely that half the public will side with the Patriots and militias, if this rate of awakening continues.

That is why it is such a dangerous time, because even those who work for the foreign powers recognize their time is limited if they allow things to continue as they are, and therefore, they are very likely to promote some kind of crisis. This Awareness indicates it will most likely be discussed at the 7-nation economic summit in some kind of secret meetings and new strategies for dealing with their plans for world takeover are likely to emerge from that meeting.

Protest Constitutional Convention this July

This Awareness indicates this meeting appears to be scheduled for July. This Awareness indicates there is also a planned scheduled meeting in July for a constitutional convention in which there will be efforts by some to change the Constitution or to set a time in October for changing the Constitution. This could become a very dangerous time for freedom if these entities are successful.

They will need to have 38 states in agreement on the changes. This Awareness indicates already many of the states have declared sovereignty from the Federal Government and therefore, these states are not likely to fall into the group of states that would want to change the Constitution, but if sufficient trickery or deception is involved, it is possible that this could be effective and there could be a change brought about in the Constitution.

This Awareness does not see this as a probability; *It* simply sees it as a potential chance happening. You're living in a very volatile time period. Your freedoms are jeopardized, threatened, and potentially under fire from many different sources. This Awareness indicates it is for this reason that even the Hildebrand/Schwasinger trial and Redress of Grievances projects are still uncertain, for you never know what might

happen outside the courtrooms that could affect what goes on in this regard.

There *are* no guarantees. Nothing is certain. Entities who need to have and hold control will find it is not there. This Awareness indicates that it works both ways however. Even those who feel they have control, have held control for 80 or more years in this country, are only getting a slight hint that they may not have as much control as they thought.

The arrogance of these entities is such that they believe they still have control simply because they control the press, the television, the book publishers and the newsprint organizations.

This Awareness indicates a schism in the ranks of Americans has occurred, beginning very slightly in the Fifties, spreading somewhat in the Sixties, partly because of the Vietnam war, increasing somewhat in the Seventies with the degrading of the presidency by Richard Nixon, and in the Eighties a greater schism from those who were concerned about the potential for nuclear war, and now in the Nineties, the Waco incident, the Weaver incident, the Oklahoma City and New York World Trade Center bombings, these are beginning to wake up the masses to the realization that their government has become criminal in many ways.

This Awareness indicates there are agents influencing the government; that although many elected officials are sincere, are honest and very much loyal to the United States, that there are many constituting an element of criminals in the government who are working for foreign powers, and this is becoming a clear message from many groups, many publications, and throughout that new creation, that new world of information known as the Internet.

Be Prepared for Desperate Acts to Come

There are millions and millions of entities residing in the Internet in which information flows freely without great censorship. This Awareness indicates it is creating chaos for those who would promote and coerce the masses into accepting the New World Order. Be prepared for some utterly desperate acts on the part of these entities.

REMEMBER TIANANMEN SQUARE

CLOSING MESSAGE:

This Awareness wishes to warn entities to be very aware of the total picture. *Do not* engage yourself in areas of conflict wherein you might find yourself being the target of some force that wishes to make an example for others. *Do not* put yourself in situations in which you make a stand without knowing what is happening. *Do not* over-expose yourself.

There was a picture in Tiananmen Square that was made available through the world of a single individual standing before a line of tanks and the tanks stopped because that individual was standing there. This impressed the masses around the world.

This Awareness indicates that it may be that you were impressed by this. It may be that you would like to have the kind of power that this entity had in that moment. This Awareness wishes to remind you that once the cameras were removed, once the media was forced to leave the area, these tanks began rolling over the demonstrators.

It was said that you could hear their heads popping like watermelons as the tanks rolled over them. This Awareness suggests you not try to be heroes before forces that are far greater than yours. This Awareness indicates that it is more importantly to stay alive, and await your time. In your time you may have a meaningful purpose in helping to put things right, in helping to encourage those who need help, to serve those who are in great need. You may have greater purpose in living than in dying as a hero.

This Awareness indicates likewise, *It* does not encourage, *It* does not wish to encourage anyone to take up arms to slaughter your enemies. It is much better if you can befriend your enemies, persuade your enemies to recognize the futility of their position. If you can help your enemies to see the glory of the freeing of the masses, and how the Constitution helps to free these entities for the glory of humanity; if you can persuade them to turn their faces from conquering the masses to serving the masses, you will do a much greater benefit than holding arms against these entities.

This Awareness indicates that it is quite possible that a civil war will erupt before the next century. It is quite possible it will

occur before this year is out, or within the next year. This Awareness indicates however, there is also an equal possibility that the masses of Patriotic Americans will prevail and will persuade those who would seek to overturn the freedoms of Americans to back off from their quest, to renounce their goals.

This Awareness indicates that this is seen as a very strong potential and this is what This Awareness wishes to encourage: that entities spread information, awaken each other, and try to awaken your leaders to the realization that you had a near perfect country, with its near perfect body of laws through the Constitution of the United States and that the subjugation of these people into a United Nations charter and the New Constitution that enslaves the masses is not worth living for nor, is it worth dying for; and therefore, that these entities should cease in their efforts to promote such.

This Awareness indicates if you can send information, spread information and help entities to recognize where indeed they should stand on the issues, this is a greater act, far better than preparing for war. This Awareness indicates there will always be those who can take up arms and it is sad that many of these will kill or will be killed, but it is also very important to have those who do not engage in violence, but who work with gentle persuasion to bring about a better world.

The Law of Gratitude is given.

16. Why is it that JTF-6 soldiers are stating that BATF agents are telling them that they think that they can get the guns away from Americans in direct violation to the Constitution?
17. Why is it that FBI agents are telling local sheriffs, in January, that Martial Law will be declared by July, months before the bomb blast or any other reason for declaring Martial Law?
18. Why is it that 70% of people polled support the militias and want the government to leave them alone?
19. Why is it that a growing percentage of Americans now believe beyond a doubt that the government was directly involved with the bombing?
20. Why is it that 16 indictments came down in the Whitewater case 2 days before the bombing and the news media has been kept from covering the story?
21. Why is it that a great percentage of Americans believe that if the militias are taken out, that not only the U.S. but the rest of the world will come under a world dictatorship?
22. Why is it when just after an election that the people in an election that could be described as revolutionary declared they wanted less government

and now it looks like they will get more because of this bombing?

23. Why is it that the day before the bombing that a group of high ranking Military Brass stated that there was a compromise and boarded a plane for Oklahoma and when that plane went down in a heavy forested area the media failed to cover it?
24. Why were there U.N observers at the bomb site the day of the blast and who gave them permission?
25. Why is it that during the 70's, the BATF was used to place agents in peace groups and they made bombs used to blow up a church in Chicago and other places in the U.S.?
26. Now for the 100 million dollar Question: Who would have the most to gain from the bombing? The militias and the American people or the government?
27. Why did the media not interview ex-FBI agent Ted Gunderson after he appeared April 27th on the Mark Koernke Intelligence Report radio program and stated there was no way a fertilizer bomb could do that much damage; that he recognized immediately that it was a "Barometric Bomb" the size of a Coke bottle, and similar to the Army Blue-82

27 QUESTIONS ABOUT THE BOMBING THE MEDIA DIDN'T ASK

1. Why were there no BATF in the building?
2. Why were there no FBI in the building?
3. Why were there no DEA in the building;?
4. Why were there no CIA in the building?
5. Why did none of the above agencies have their children in the daycare center?
6. Why did the records for Waco get stolen that were stored in that building?
7. Why were those the only copies of the records?
8. Where did Thomas McVeigh disappear to after he left the service?
9. Why would anyone going to commit a crime rent a hotel room and truck in his own name, drive at high speed in a car without license plates and have a gun in plain sight?
10. How could someone working part time afford to travel all over the country, afford the components for a massive bomb and afford to rent a truck and hotel rooms?
11. Why is it the press, which is controlled by Rockefeller, point the finger at all the groups that stand in his way, i.e. militias, Christians, conservatives and Pro-lifers?
12. Why did and is large groups of military, police, National Guardsmen, lawyers, businessmen and honest hard working people joining the Militias in record numbers?
13. Why is it that since Clinton has become president that nearly all of our Bill of Rights have come under attack due to communistic legislation and the Anti-Terrorist bill, which just happened to be in legislation at the time?
14. Why is it that it took the government so long to release the pictures from the video cameras?
15. Why is it that military officers were stating back in December that Posse Comitatus was no longer in effect, when the Anti-Terrorist Bill did not get submitted until February?

bomb called the "Daisy Cutter"--a bomb only possessed by certain government agencies? He also produced copies of two seismograms which showed plainly there were two explosions, not one. Ted Gunderson also appeared on the Dan Gregory Radio show in Florida and stated there were "evil" men in government, who represented the "Illuminati", who were behind the bombing, that Thomas McVeigh was a "patsy", a "throwaway" like Oswald, who will probably be murdered before ever going to trial.

Ted Gunderson is one of the most respected ex-FBI agent. He worked 22 years for the FBI and at one time had over 5000 men under his command. He can be reached for further information and interviews by writing:

PHOTON BELT ENERGIES ARE NOW PREPARING ENTITIES

COSMIC AWARENESS:(OPENING MESSAGE):

This Awareness indicates there are many disturbances in energy fields that have been experienced by entities during the recent days and weeks. This Awareness indicates that these disturbances are in part related to the effects of the photon belt on the energies.

This Awareness indicates that this is only the beginning, and entities who have experienced certain disturbances in their own health, in their own nervous systems and in their emotional and psychological levels are actually being prepared for movement into these more intense energies, and thus by having suffered through these present distresses will have been prepared and made ready for that which is coming.

This Awareness indicates that it is poise as much as is possible. There will be changes that occur. The energies and the effects of these energies are very likely to influence entities into danger, perhaps even drastic changes in their lives. This Awareness indicates that as long as entities keep a positive outlook and do not become discouraged, depressed or negative in their view of life, it is seen that they will adjust and move through these disturbing energies into the more harmonious experiences to come.

QUESTION:

What happened to the bliss Awareness predicted we should be having by now?

COSMIC AWARENESS:

This Awareness indicates *It* did not give a date for this. This Awareness indicates that *It* indicated these energies would start to have certain effects in April. This Awareness indicates that entities have not been ready for this bliss, and certain negativities have to be worked off prior to experiencing bliss.

QUESTION:

Can *It* discuss some of the other energies in motion that *It* sees at this time?

COSMIC AWARENESS:

This Awareness indicates there has been intense hostility, intense polarities among different factions and groups and also individuals during the past several years. Of course this has persisted over a much longer period of time, going back into history for many ages.

This Awareness indicates that these polarities, this hostility and these negativities that entities have long felt are reaching a point in which they must be released or entities will feel a greater disturbance in holding these hostilities and these polarities. This Awareness indicates that there is a great amount of condemnation that entities hold toward one another. There is a great amount of criticism that entities feel toward others.

This Awareness indicates that these polarized hostilities may seem justified to individuals, but at the same time they are not only draining the energy of the person who is the subject of such hostility, but also draining energy from the one who holds such hostilities. This Awareness indicates that as these become more focused, and entities become more aware of their own action of carrying such hostilities, such polarities, they will find it difficult to function, to have energy, and will find it easier to let go of these extremes, and in so doing, will find more harmony in their own life and will be able to extend harmony to others.

WILL PUBLIC'S NEW KNOWLEDGE OF PATRIOT GROUPS SET BACK NWO?

QUESTION:

A question from JD in New York. "The Oklahoma bombing has now informed the public about the militias, the Patriot Movement, their fears and complaints, including exposure, albeit with incredulous derision, of numerous facets of the New World Order plot (which includes the Illuminati also). Does this exposure beneficially render the exposed plans now impractical?"

COSMIC AWARENESS:

This Awareness indicates this is a step in the education of the masses, although it was not intended as such. The intention was to create an incident that would allow for the movement of certain troops to close in on some of the militia. This in Arizona,

in South Carolina, Michigan, Montana and several other places of less significance, in order to make arrests, seize weapons and essentially create a climate in which the militias would be classified as criminals with intent to overthrow the US government.

This Awareness indicates however, the militias, discovering the plot, communicated so completely with various groups around the country and put information out through the computer networks in such a way that it rendered the efforts of attacking these groups as fruitless, because the plot had been exposed too quickly. This Awareness indicates that there were troops ready to move in on many of these militia group leaders, but because so much information was released so quickly it would have resulted in a backlash and an exposure of the government's involvement in the Oklahoma incident.

CIA's David Karesh Influenced Bombing

This Awareness indicates that in a related sense, this Awareness has previously indicated that David Karesh of the Waco incident was still alive. In fact, the editor of CAC received a letter from this entity, approximately one year ago. This Awareness indicates that this entity as having been an agent of the government intelligence bureau (CIA?) and was involved in encouraging certain entities who were involved in the Oklahoma bombing to do so.

It was in part his encouragement that influenced these entities into this action. This Awareness indicates that the incident was more than the act of a single or several individuals. It was more than a truck bombing. There were explosives placed on strategic areas of the building so that the truck bomb was only a small part of the explosion.

Had the truck been the only source of explosion, it would not have gone straight up the building, but would have gone in various directions such as toward the street, and through the building and would have reached only a few floors upward, but there were strategically placed explosives through the structure of the building, up to the area close to the top floors of the building, so that the entire face of the building would be removed.

Two Explosions, Not Just One

This Awareness indicates that there were also noted on the seismograph, two separate jolts; the first being the explosion of the truck, and between two and ten seconds later, the other explosions in the structure of the building and this was reported in the seismograph, showing that two separate explosions occurred rather than just a truck being exploded.

This Awareness indicates that in a sense, the effort to create this situation was a failure in terms of the intention, but there was nothing to do other than to call it a tragedy and pretend that it was individual terrorists and that the explosion was created by fertilizer. This Awareness indicates that fertilizer of this type would not create the kind of explosion necessary to do as much damage as was done, but there are explosives that can fit into very small spaces which are capable of such magnitude.

This Awareness indicates that what has essentially happened from this is that people have become more aware of the extent of the militia groups and of the Patriot groups. To some degree entities have become frightened about these groups, but there is also a growing curiosity and some of the Patriots and militias are now finding it important, indeed critical, to get their information out to the masses as quickly as possible in a way that is not frightening, but is informative.

This Awareness indicates that in this sense there is the growing trend of information being broadcast and expressed throughout this country with an action of parallel dimension, creating some concern, even fear of these militia groups. This Awareness indicates that where the militias can speak for themselves, instead of letting the news media speak for them, they can clarify much in such a way as to reduce the amount of fear generated and to educate the masses as to what their real agenda and purpose is.

This Awareness indicates if the militias do not speak for themselves and if they let the media speak for them with all of the propaganda, they will get characterized in a way that is unfavorable to them. This Awareness indicates there are of course some of these groups that have unfavorable characterizations and deserve them, but for

the most part, the Patriot groups especially are relatively decent people who have a clear understanding of some of the more unfavorable activities and expressions and agendas of those who are working under the guise of government to create a totalitarian world government.

This Awareness indicates these entities are bad at educating the public and this becomes a call to arms for such entities to double their efforts in educating the masses. This Awareness indicates that while this is happening, there are also others who are working through the courts and through Congress in attempting to clean up government and to restore the principles of the U.S. Constitution to its original intent of keeping the systems free and able to govern themselves through the structure created by the founding fathers of this country.

The Redress of Grievances

This Awareness indicates that this is also having considerable success at the moment but is not yet completed. This Awareness indicates there is that which is known as the Redress of Grievances in which Congress has been petitioned to look carefully, to hold hearings on the way in which this country has been taken over by multinational foreign interests through the Federal Reserve Banks, through the foreign powers and influences and how these forces have almost completely subjugated the masses through illegal and improper manipulation of the economy, of the Congress and of the presidency that has long been influenced and controlled by these money barons, the foreign families who have spent the last 80 years squeezing the American economy in order to gain greater and greater control over the people.

This Redress of Grievances has been put before Congress and Congress has now placed this on their agenda for future sessions, for future hearings, discussions. It is having an impact, and as more and more entities write their Congress representatives and their senators, it takes on a greater and greater significance.

This Awareness indicates the time for focus from these government bodies is now, and is developing in such a way that at this time it is almost too late for the foreign powers to rekindle or regain the control that they have in the past held so easily through their stealth and manipulations

and deception. This Awareness indicates it appears to have reached a point wherein it is turning in favor of those Patriots who are moving this country back to its Constitutional origins.

There are still entities who work for these foreign powers in this country and these entities still have considerable power, but the forces working to break that power are growing ever stronger day by day. This Awareness indicates that there are certain things happening in the courts also that are being watched carefully from Washington D.C., as these things will have a profound effect on events.

Treasonous Entities Are Being Spotlighted

This Awareness indicates there are many entities who act as representatives of the people, who as individuals have such pressure from the foreign powers operating through the banking system and through the agencies of this country that they have been unable to do anything but keep their mouths shut and work at their job without disturbing the status quo and control of foreign powers.

This Awareness indicates because of these changes that are now occurring and because these Patriots have informed entities who are elected officials that their sworn patriotic duty is to uphold the Constitution, and to do less is treasonous; these entities have been put on the spot, and some welcome this because now they can do what they were elected to do, and they can uphold their allegiance to the Constitution for fear of being tried for treason if they do not, and many welcome this because no longer are they subjected to the will of foreign powers.

They now can have a good reason and support from their fellow peers for standing tall as elected officials doing their proper and correct duties. This Awareness indicates that is why the Redress of Grievances has been placed on the agenda for Congress to review and to consider.

This Awareness indicates that the entity Schwasinger, who has been imprisoned with a 14 years sentence for obstruction of justice because he put liens on certain judges' properties, has been given a new trial, and the entity's trial may reverse his conviction, and the entity may also, if winning this time, strengthen the position of his previous settlement.

The entity is also part of a general action attempting to show that the settlement which was previously made by the Federal Reserve Bank and certain officials of the government was fraudulently entered into in such a way as to make the settlement uncollectable, and this is also being retried in the courts because of the of the fraudulent settlement aspects.

This Awareness indicates that these are actions which can have a profound effect upon the future of this country. The court action would have a quicker effect, but it might not be as far reaching to the welfare of the masses as would the effect of the Congressional investigation and consideration of the Redress of Grievances.

How the Illegal "National Debt" Was Created

Essentially, the Redress of Grievances looks at the action of Congress having turned over its obligation to control the money of the country through the Treasury, turning this over to the Federal Reserve Bank, wherein the Federal Reserve Bank *loans* money to the Treasury, whereas the Treasury *could have created the money for itself* and spent the money into the U.S. economy *without having created a national debt at all*.

This Awareness indicates that by Congress turning over its obligation to the Federal Reserve Bank, the Federal Reserve Bank has the Treasury print the money as Federal Reserve Notes, and then the Federal Reserve Bank loans the money back to the Treasury, which then spends the money into the U.S. economy and must pay on the full face value of the money along with the principal of the borrowed money from the Federal Reserve Bank.

This is how the U.S. national debt has accumulated to the trillions of dollars that are owed to the Federal Reserve Bank, which is a bank owned mostly by *foreign bankers*. This Awareness indicates that the Redress of Grievances brings this out in a clear discussion for Congress to review and to reconsider. It is clear that Congress could, if they so desired, nullify the trillions of dollars in national debt on the grounds that it was illegal and unconstitutional from the beginning.

This Awareness indicates that any debt owed is *illegal* from the beginning if it is illegal at the time of its beginning. In other words, all of the debt that has occurred

since the illegal beginning of the Federal Reserve Bank is voidable and can be negated simply by Congress recognizing it had no right, Constitutionally, to give its assigned duty over to the Federal Reserve Bank, for it was the duty of the Treasury working for the Congress, to control the money of the United States.

It was never allowed by the Constitution for the government to turn the minting and coining of money over to the Federal Reserve Bank, a foreign owned corporation. They are no more a government agency than is Federal Express or the Federal Plumbing Association. This Awareness indicates that these are things going on outside of the news because the media is controlled by the powers that work for the foreign bankers and their organizations, the Bilderbergers and the Council on Foreign Relations, the Trilateralists and other such organizations that are created by and work with these foreign bankers.

Don't Believe Everything the Media Tells You

This Awareness indicates that there have also been certain stories planted in newspapers suggesting that many of these entities involved in these actions were criminals or con-artists. Entities should be very careful to recognize that you cannot believe everything you read in the newspapers, because these newspapers can slant the stories to suit their agenda or the agenda of those who own and control them or have power over them.

This Awareness indicates a recent article from Kalamazoo, Michigan spoke of a court action in which Hildebrand and several other entities involved in the claims action against the Federal Reserve Bank had been convicted of fraud. This Awareness indicates that this was erroneous because the trial was held in a state court relating to Federal charges and could only be tried in a Federal Court and therefore will not stand up to a court of appeals. Therefore the conviction is moot and was designed mostly for the purpose of publicity.

This Awareness indicates that it was to get misinformation out among the masses to make sure that fewer people would sign for the claims so that less would need to be paid out on these claims. This Awareness indicates however, that it should be noted that claims are not being taken at this time

anyway, since December 28th of 1994. Entities in these groups are not taking claims and no claims will be taken until all of the court activities have been completed.

This Awareness indicates that it is simply a matter of waiting, watching and trying to stay balanced, recognizing that some of this is going to be distorted, with false stories planted here and there. If it can't be done legally, the foreign bankers will use tricks and public opinion and force, if necessary, to overturn the chances of this government being retaken by the people. However, the people are becoming well informed and more vocal and more able in their legal maneuvers, and now, with militias growing stronger and also becoming more informed, it is reaching a critical point wherein people know too much, too many know about it for it ever to be reversed.

Never again can the people be so deceived as they have been during these past 80 years.

DID A "COMMITTEE OF 10" PLAN THE OKLAHOMA BOMBING?

QUESTION:

In regard to the Oklahoma bombing, we've been getting all kinds of stuff from the SPIRAL organizations that they're picking up on the Internet, and I'd like to read a few of these to see if Awareness confirms or denies the information. One that came in on May 16th: "Two government officials confess to Oklahoma bombing. This was a summary of Mark Boswell's radio talk-show, at 12:00 AM Eastern daylight time, on April 29th, short-wave channel 12160, satellite Galaxy 6, 6-G2 transponder 14.

"Boswell interviewed 25 year CIA veteran James Black and assistant Ron Jackson regarding sworn affidavits now in their possession, sworn by two Justice Department officials which state that they were part of a "committee of 10" who planned the Oklahoma bombing. The officials claim the bomb was supposed to be detonated at 6:00 AM with no one around, as a scare tactic to procure sympathy, money and power for government agencies, but that something went wrong and it was detonated later during business hours.

"This could explain why McViegh was reported being so lost while driving the

bomb truck to the scene. He had to stop and ask a policeman for directions. The officials have retained a prominent East coast attorney and they and their families are now in hiding. "Their affidavits have reportedly been delivered to a prominent government official who will be asked to launch a proper course of action. It was promised that if he does not soon, then the affidavits will be FAXed via the interviewer's FAX network to approximately 200,000, recipients. Associated Press has been informed and is investigating. "Check for yourself by calling 405-525-2121. "

Does Awareness see any truth to that one?

COSMIC AWARENESS:

This Awareness indicates that this is in the affirmative for the most part. It appears that there are some slight mis-statements of a minor nature and some information being left out that is intentional, but for the most part it appears that this is correct.

IS THE WHITE HOUSE 'CONNECTION' TRUE?

QUESTION

Another one. "On the previously mentioned talk show, it also revealed that the day prior to the explosion, the ATF agents underwent explosive training in the basement of the Federal Building. After that training, a number of agents were told not to come to work at the office the next day, but to report elsewhere. When one asked why, a confidant instructed that the building was "coming down." He and several fellow ATF agents have retained the same attorney that the Justice Officials have.

"On the previously mentioned talk show it was also revealed that a Secret Service agent overhead shrouded talk in the White House regarding the bombing on the day before it occurred, but did not understand the significance of what he had heard until the details of the blast and the President's propaganda speeches which followed started matching what he had previously heard.

"The Secret Service agent has reportedly retained the same attorney as

the Justice Officials and ATF agents have." Does Awareness see any validity in those two items?

COSMIC AWARENESS:

This Awareness indicates that this is in the affirmative. This Awareness wishes to state that the attorney representing all of these different entities would be in a somewhat hazardous position and that it would be wise to get other attorneys involved, if this has not already occurred. This Awareness indicates that it does appear that this has occurred; that there are a number of attorneys. This attorney is a key player.

QUESTION:

It also states the government's records and evidence lockers related to Waco were evidently destroyed in the blast. Thus, when the Congressional investigation commences next month as they were previously scheduled to, much of the original evidence will not now be available.

COSMIC AWARENESS:

This is in the affirmative.

THE CLINTON/JANET RENO CONNECTION

QUESTION:

On the Sherman Skolnick Citizen's Committee to Clean up the Courts Radio Show, among a number of things regarding this bombing that were sort of coincidental he figured, were the following. He writes: "On the Oklahoma bombing, the newspapers are not telling us the truth, and are not making sense of the pertinent facts. They fail to ask if there *is* a conspiracy. Who benefits?" Item: The location is the most unprotected Federal office building in the nation. Item: It was a demolition type project, with the blast directed upward rather than side to side. Question: Were explosives already inserted in some of the building's pillars? (Awareness has already answered that one)

"Item: State and Federal law enforcement were informed several days previous that so-called "Mid-East types were headed for Oklahoma City to carry out some possible terrorism." Despite that, no precautions were taken.

Item: Contained in the building were secret records of the Bureau of Alcohol,

Tobacco and Firearms relating to the Waco holocaust. The bombing, coming on the second anniversary of Waco, tended to be falsely blamed on the Branch Davidians. The BATF records destroyed in the bombing tended to incriminate Clinton and US attorney Janet Reno for murder in Waco.

"Item: At the time of the bombing, the Whitewater independent prosecutor was considering whether to indict First Lady Hillary for Federal crimes of embezzling large sums from Federally insured banks and Savings and Loans. In the week prior to the bombing confidence in the Clinton White House was slipping away. Clinton, unable to deal with the collapse of the dollar, Congress against him and such. The public tends to rally around the flag however, and support the central government, with Clinton and Janet Reno announcing that they are "sending in all kinds of emergency teams and counter terrorism experts to Oklahoma City."

"Item: The ultra-rich who installed Clinton have benefited from him being there. To protect *their* financial interest and investment in Clinton, they have arranged to "suicide", (that is murder) Clinton White House aide Vincent Foster Jr. Also murdered have been 30 eye-witnesses to crimes Bill and Hillary committed as a CIA couple; the spy agency siphoning off money from some thirty Savings and Loans, making them defunct, with the connivance of Bill and Hillary,-- including, reportedly, San Jacinto Savings and Loan in Texas. (The spy agency being the "Cocaine Import Agency" [CIA], using the airport at Mina, Arkansas.

Item: The Rockefellers and others like them have set off wars and depressions costing millions of lives. Why would they hesitate to bomb an unprotected Federal office building to promote their New World Order?

Item: Is it just a coincidence that Oklahoma is right near Rockefeller dominated Arkansas? "

Item: "Some years ago, 4,000 pages of highly secret BATF documents fell into our possession, proving that agency has a long history of bombing and violence to block dissident movements. For example, during the Anti-Vietnam war period, BATF supplied explosives and bombers to blow up a church in Suburban Elgin, Illinois, at the

time, the site of peace me Our chairman was the first speaker at the Church after it was rebuilt. The BATF, according to the document, was active and planning for the CIA assassination of Fred Hampton, head of the Illinois Black Panther party.

Item: Forces in with George Bush still control the Clinton Justice Department. They have an interest to protect Iranian terrorists. Why? Because of the October Surprise scenario."

Could Awareness comment on any of that information?

COSMIC AWARENESS:

This Awareness indicates that most of this information has been commented on by This Awareness previously in different readings over the past year or so. This Awareness indicates that *It* did not comment on the reference to George Bush's having influence on the Justice Department, however this does appear to be correct.

QUESTION:

Some of the questions, in fact there's so many questions as the result of that bombing, and of course the media never asks the right ones, but I have a few here perhaps Awareness would answer. Let's see. The first five are: "Why were there no BATF agents in the building? Why were there no FBI agents in the building? Why were there no DEA agents in the buildings? Why were there no CIA agents in the building? And why did none of the above agencies not have their children in the day-care center?"

COSMIC AWARENESS:

This Awareness indicates that the question is important because these agencies, the agents and the children of the agents would normally have been in the building at the time. This Awareness indicates that obviously, these entities were informed of the event or were instructed not to be there.

This Awareness indicates that the entity McVeigh was involved in the truck explosion, enticed into this through contacts with Karesh, who is an agent; this entity being part of what is termed the Witness Protection Program, but is still acting as an agent and who had influence on McVeigh in a way that kept McVeigh from realizing he was being used, and that

the building was being targeted for political purposes by other government agencies.

McVeigh's belief was that he was doing this for the people who were killed in Waco, and for David Karesh, whom he held in high esteem. This Awareness indicates it appears that the ill-gotten gains from this bombing will be short-lived. That information is being spread quickly, widely, and that also those entities who were on the track of Hillary Clinton and Bill Clinton were only delayed briefly by this action and by the trip Hillary took to Africa, and that this will begin to unravel very quickly in the near future, well before the election of '96, so that by the time the election *does* roll around, the scandal for the Clintons will be so great that chances of reelection will be nil.

This Awareness indicates that there is seen a potential for drastic actions to divert attention and to create new situations to take focus away from these investigations and accusations, but it does not appear that this will stop the movement of the investigations and the uncovering of various dastardly deeds.

This Awareness indicates of course you must also be aware that many of the accusations against the President and his wife are politically inspired, defamations, with little substance behind them. This Awareness indicates never the less, there *is* enough substance that much will stick. This Awareness indicates that this entity is not a Teflon President as was Ronald Reagan who managed to let everything slip off of him. Mud was thrown at him, or accusations hurled, and these would not stick to this entity even though they may have been accurate in some instances.

WHO DID IT: CIA, FBI, THE VATICAN?

QUESTION:

Barbara H., Winter Springs, Florida, asks about the bombing: "Is there bad blood between the FBI and CIA? One group knew about it and the other didn't. Did the CIA blow up the building, and why did the Vatican City say nobody can feel safe anymore?"

COSMIC AWARENESS:

This Awareness indicates that the FBI is largely controlled by the MOSSAD; the CIA is largely controlled by the Rockefeller

faction, or the Fascist element in the United States, and obviously, the Fascists and the Jewish people are not the best of friends. The Fascists being such as to include Neo-Nazis.

This Awareness indicates that the Vatican has certain links to the CIA and certain influence exists between the Vatican and the CIA, and it appears that this has some connection with the statement from the Vatican. This Awareness indicates that Karesh was linked with the CIA and had certain influence on McVeigh.

It does not appear that the FBI was involved in the bombing other than to investigate afterwards. This Awareness indicates that this appears to have answered the question.

THAT COMPUTER CHIP IMPLANTED IN MCVEIGH BY THE MILITARY

(That "Mad" Subway Shooter Had One Too)

QUESTION

During the first day or two after that bombing there was mention on CNN and in some of the newspapers that the entity McVeigh complained that the army had implanted a computer chip or holographic read-out device into his buttocks. Since then we have not heard another word about this. Will Awareness discuss the significance, if any, of that implant?

COSMIC AWARENESS:

This Awareness indicates that the entity who shot up the subway and claimed mistaken identity also had a similar statement about the army having implanted him with a chip in the buttocks.

This Awareness indicates that this chip is seen as that which helps in locating the entity and also in influencing or triggering certain electrical vibrations throughout the body which in turn affect certain chemical releases in the endocrine and hormonal system, such as to trigger anxieties and hostilities, which in themselves might not be of enough significance as to cause one to take on such an action, but coupled with certain other influences and programmings helps to make the entity susceptible to suggestion, and to the focus which others might indicate, as well as giving the entity certain courage to act upon those suggestions which he might not otherwise

have without the effect of the chip acting upon his endocrine and hormonal system.

This Awareness indicates that there are devices that can be used which are available for certain agencies in your government, devices which can be used to influence the attitudes and thinking of individuals, providing their mental frequencies or vibrations are within a certain range, and this chip helps to put the frequency of an entity's mind or consciousness into that certain vibratory range that is susceptible to those devices.

Devices are Similar to Radionics Machines

This Awareness indicates that these devices are similar to radionics machines, wherein an operator tunes to the subject's mentality and suggests certain mental thoughts along the frequency from the device to the frequency at which the entity is attuned. The attunement being that which can be set through the use of the chip and the thought of the operator can be picked up then by the individual who is the recipient of the operator's thought. It is a way of sending thought as a kind of telepathic attunement by use of this particular machine or device.

This Awareness indicates that the normal radionics machine sends vibrations from the operator's thought for purposes of healing, or affecting the health of the target. In this case the machine works to pick up not just the energies of healing or health intentions, but of a focus toward an action, and the operator of the machine focuses a command or action to the mind of the recipient which impels in a strong way the action to be implemented by the entity.

DAMNING EVIDENCE LEVELED AGAINST GOVERNMENT AGENCIES BY EX-FBI AGENT

QUESTION:

There's a tape we have, of one of the radio programs, one of the short-wave programs that expose the New World Order and so forth, and it was concerned with this Oklahoma City bombing and they got ahold of this retired FBI executive by the name of Gunderson who's now in California and has written a number of books, and he was the man that first released the information when he heard about the bombing. After waiting two or three days for the government to come clean about it,

he released the information; that the destruction could not possibly have all been done by a fertilizer bomb as claimed, and it was interesting too that the government first said it was a thousand pounds in a small trailer, and by the end of the week it had gone up to two or three tons of this in a much larger rental truck. He said that the minute he read that or heard about it or saw it on TV, he knew it was the work of a "Barometric Bomb", the size of a Coke bottle, which a friend of his in the FBI had designed for the government, and only government agents had it in their possession, and so he released that through the Internet and then he went on the radio, and I suspect it was also to protect his life.

One of the things that he said was that McVeigh is what they call in the business a "throwaway", and that an "evil force" within our government was behind this. When he was pressed by the interviewer, he mentioned the Illuminati, and the interviewer asked what that was, and he referred to all kinds of books and that he wouldn't go into it, but he said there definitely was an evil force in our government that was trying to enslave the people for the New World Order.

This entity is a very well-respected FBI man with a record of 20 or 30 years of service. I'd like to ask Awareness: "This information did not appear anywhere in the media that I know of; however, the *Spotlight* has picked it up and it's all over the Internet and it's all over the various short-wave Patriot-type radio stations. Does Awareness see, as this entity does, that the government is going to confess, or certain people within the government are going to be forced to confess that they participated in this bombing?"

COSMIC AWARENESS:

This Awareness indicates that there appears to be approximately a 50% chance of this information getting out, but that major controlled press is not likely to print any such information. It is possible that it will get out into some of the smaller underground or less read newspapers, newsletters, magazines, but it is not seen that this will make headlines in your major publications because these are *almost entirely controlled* by the same forces that are promoting the New World Order and seeking to enslave the masses of people.

The Internet Will Continue to Spread Information

This Awareness indicates that it is extremely fortunate in your world that the Internet has been as freely available to people as it has been. It was originally implemented from the influence of the Rand Corporation and it has gone into such growth and expression that it appears almost impossible to control. Even if the main parts of the Internet were to be shut down, other bulletin boards and areas would grow to take the place of the main part that has been closed.

Therefore, it is a way whereby information can be spread without great effective censorship. There have been some efforts to censor certain information and some of these efforts have been successful, but it is all to a very limited degree because there is simply too much to censor.

There are simply thousands and thousands of communications on a single route. It is as fast as a map covering all the cities of the world. Where do you censor such a map to stop a certain information when you can't even travel around to read the information that is available in such vast quantities?

This Awareness indicates that it is growing ever greater in scope so that a new world of information is available in such a magnitude as has never been dreamed of on this earth prior to what has occurred just in the past few years, and which will grow ever so much greater in the next months and coming years.

Those who have tried to control the masses in the past with hiding information or creating false scenarios can no longer use these lines, manipulations and deceit with such ease, and can no longer control the masses with such effectiveness because they cannot own all of the Internet.

Perhaps they can control all of the newspapers and magazines of any significance, but they cannot control everything that goes over the Internet, and more and more people are tuning in, and this is creating a situation in which they cannot put a cap on it. They cannot stop it without shutting down all of the telephones or taking away all of the computers.

How long can they stop such communication if they even made the effort? This Awareness indicates that it appears that truth will come out,

regardless of efforts of these tyrants, of these Dark Forces and the truth is that which shall make entities free from the control of these Dark Forces.

This Awareness indicates already many entities who have worked for these Dark Forces are scurrying to find some shadow to hide in, trying to find something to protect them from the light that is encroaching on them, exposing them more and more each day.

IS A HARD RAIN GONNA FALL

QUESTION:

Does; Awareness have a closing message?

COSMIC AWARENESS:

This Awareness suggests that entities be very watchful of further alleged terrorist activity and not to assume that what you hear is a terrorist act is really necessarily so. It appears that the Oklahoma bombing did not accomplish all that was desired in regard to riling up the public against Patriots and militia groups and that likely there will be further similar terrorist type activities.

This Awareness indicates that the probability is that it will still be another action from a government agency, and this Awareness suggests that entities be watchful and not get themselves in any situation where they could be classed or labeled as a terrorist or linked to terrorist organizations. At least *be aware* of the dangers if you walk into such potential areas, so that you do not naively stumble into something that could be extremely dangerous to you.

This Awareness indicates that especially be cautious to avoid the impression of any anti-government action or expressions as it could class you as a danger to the government or as a trouble-maker. This Awareness indicates it is quite possible to give information without being nasty or threatening to the government, and recognize that lists are being created and things you say in the wrong places could put your name on a list that could be detrimental to you in the future.

This Awareness indicates it is a very precarious time. This Awareness does not even wish to talk about the remainder of this year and the year 1996. *It* does not

even wish to show the Interpreter the energies coming. It is for this reason that This Awareness did not give a prediction for this present year. There are too many volatile potentials and it could be frightening to many entities.

It is better that entities just be cautious and not put themselves in a position wherein they could be endangered. This Awareness wishes to keep entities from becoming unnecessarily frightened by the potential hazards that are likely to occur during the remainder of this year and the year 1996, and this Awareness suggests that if the energies relating to the photon belt do occur as scheduled, much of this potential hazard will not likely occur at all.

This Awareness indicates that because there are so many potentials, it is difficult to make a clear prediction about anything. This Awareness *will* say, however, that there is a potential for economic downturn in the Fall, and entities need to be watchful in that regard. Also, at the same time, because it is approaching the next election, there is a good likelihood of an economic upturn during the coming Winter, in order to get the economy sailing prior to the election. This will depend of course on how things go for the current administration.
