## The Mystery of TWA Flight 800

**The Cosmic Awareness Forecast  
for the Rest of the Year 1996**

INDEX IS ON PAGE 20

## A DESPERATE CLINTON AT BAY: HE COULD DO ANYTHING

(CAC General Reading, August 3, 19996)

### OPENING MESSAGE:

This Awareness indicates the recent information the questioner received relating to the demand for the president to resign as that which is very likely to create for this entity a sense of desperation.\* The entity being in a desperate position while holding so much power, can become unpredictable. This Awareness indicates that this could lead to activity or executive orders being thrown out in such a way as to create a critical situation in this country. It is possible the entity could, if so choosing, go quietly into resignation, or it is possible that the entity will become extremely erratic and unpredictable in his behavior.

This Awareness indicates the suggestion by those demanding his resignation, that the entity is excessive in his use of cocaine indicates the potential for this entity to act in an irrational manner. Therefore, this Awareness suggests that entities should not be surprised at anything that may happen between now and the time of the Democratic Convention. This Awareness indicates it becomes clear as a result of this recently received information that the Democratic party does not want the entity to be nominated or run for president, but wants the entity to resign.

This Awareness indicates the option that he send his wife out of the country for 6 months will be of little help to this entity, although it will be something the entity would consider. The information being that his wife is to be indicted before the Democratic convention, or between the Democratic convention and the election, and that such indictment would destroy the Democratic party, at least for this election, and therefore, the Democratic leaders asking the president to resign is their solution. The one less viable option being to send his wife out of the country for 6 months so that she cannot be indicted. This Awareness indicates this would put the indictment after the election.

This Awareness indicates that this of course will be the preferable option for the president, but it is not likely to satisfy the Democrats in charge of the party and is not likely to work as a solution to the situation. This Awareness indicates therefore, because of the nature of the entity and the effects of cocaine on the entity's thinking process, it is important that the entity be carefully watched for a reaction toward those who have given him the ultimatum and also a potential for him to do something totally erratic in terms of using his presidential powers over the country during this time period.

The entity for example, conceivably, though not likely, could create an international or national crisis for which he could have an excuse for calling forth certain Executive Orders that would set up a kind of dictatorial situation. This Awareness indicates this is highly unlikely, in terms of a rational president, but this Awareness reminds you that there is a certain unpredictability in regards to this entity at this time.

This Awareness indicates at any rate, it appears the entity will not be re-elected, or, if re-elected, which is a very unlikely situation, will not remain in office for long. This Awareness indicates that if the entity **does** resign, he then faces other problems, because as president he can only be impeached, but as a citizen he can also be indicted along with his wife for misdeeds that have occurred and are being investigated by the White Water team of investigators which are planning the

indictment of Hillary Clinton.

### FOLLOW-UP QUESTION:

Is it to the advantage at this time, of Clinton's handlers that they protect the entity, or that they allow him to 'go down the tube', so to speak?

### COSMIC AWARENESS:

This Awareness indicates this would depend on whether the replacement for the entity would be someone they would feel comfortable working with. The entity now is handled by those who are representative of the New World Order and they would want someone as replacement only if that entity also would work for the New World Order. This Awareness indicates the two names that have been suggested: it appears to be Bill Bradley, or something Bradley, the name not clear; and Jay Rockefeller. Whether these entities would fill the satisfaction of those working for the New World Order is questionable.

The names being suggested by the entities in the Democratic Party to be nominated at the Democratic Convention; this Awareness indicates that there appear to be some questions as to whether the entities would satisfy those handlers who now work with the President. This Awareness indicates the entity Dole and his wife are both likely to come under a similar type of situation wherein they are also forced to relinquish their ambitions in terms of moving toward the presidency, though it is still unclear as to the exact nature.

The entity Elizabeth Dole appears to be one who will be receiving a manila envelope from that group associated with the entity known as the Avenging Angel, or the Angel of Death; the entity who uses the software known as Promis, to follow money transfers and to locate ill-gotten gains of government officials and to give them warning of their crimes being released to the public, if they do not resign or if they do not cease and desist in their normal occupations.\*

\*Please refer to "Revelations of Awareness" issue No. 96-6 (The Angel of Death) for more on this. \$3.00 from CAC.

This Awareness indicates it appears also that a similar situation will be presented to Dole, prior to the Republican convention, whereby the entity will be inclined to refuse or renounce his desire to run for president. This Awareness indicates it is not totally clear that this will be the way whereby this entity is removed from the presidential race, but this is one of the various possibilities.

## WHAT IF JAY ROCKEFELLER IS ELECTED?

### FOLLOW-UP QUESTION:

If Jay Rockefeller were to be elected President of the United States, wouldn't this be advantageous to the New World Order people?

### COSMIC AWARENESS:

This Awareness indicates that this entity has been programmed along the lines of the elite, but there are certain moral and valuable scruples inherent in this entity that are not well known or are not expected from a Rockefeller. This Awareness indicates the entity is somewhat more credible than most of the previous Rockefeller generation, but there could be a perverting of his values so that he could be corrupted to work for the New World order. It is uncertain.

This Awareness indicates the entity does appear to have certain scruples that are not common to most politicians on the East Coast, but this is not to say he is incorruptible. It appears that his mother was instrumental in giving him certain values that reflect a kind of concern for the masses of people, and a kind of patriotism for the country as it was in the past, so that he is not

so quick or so eager to pursue power, but has certain traditional values. This Awareness indicates that these of course can be corrupted.

This Awareness also suggests that many in the second generation of Rockefeller's also share in this more compassionate approach to life. Whereas their fathers were very cold-blooded in their financial dealings and pursuit of power, the children and the grandchildren are more humane and more compassionate. This Awareness does recognize, however, that even a compassionate person in the office of presidency will likely be under the control of those who will mold him and use him in a way that may not allow for his true compassion to be expressed.

This Awareness indicates that even so, it is better to start out with a president who is compassionate, who is then molded into a more cold and sinister-type leader, than to start out with a sinister-type leader to begin with.

\*Ed's Note: the information this editor showed the Interpreter as indicated by Awareness in the Opening Message was from the Internet, buzzing with the story that Clinton was asked to resign. A guest on the Diane Silverman radio program, "The Best of Everything" which airs 5-7 pm week nights via the Talk America Network astonished the host when a very reliable guest reported that officials very high up in the Democratic National Party have demanded Bill Clinton's resignation before the Convention.

According to her guest, who spoke with people close to Gore and Strauss, a secret meeting was held at the White House August 3 attended by Robert Strauss, former head of the DNC, Clinton and four people on the nominating committee at which time Strauss made it very clear he doesn't want an October Surprise.

By "October Surprise," Strauss was referring to indictments of Hillary Clinton due to be handed down by the grand jury the night before the elections, which according to Strauss, would sink the Democratic Party at a time in which it could not recover.

At the demand for his resignation President Clinton reportedly went ballistic. He called the others "Traitors" and ordered them to get the hell out of his office before, "I do something to you!"

Strauss reportedly smashed a glass ashtray on the table and called Clinton deranged from cocaine and alcohol. "You use cocaine and liquor. You are unfit to deal with worldwide emergencies." Strauss allegedly threatened to use the 25<sup>th</sup> Amendment to put Clinton out of office if he doesn't voluntarily step down before the Convention.

When Strauss asked Clinton, "Can't you send your wife out of the country for six months?", Clinton cooled down and began to discuss ways to do it. Sources say Clinton knew on Friday, the day before the meeting at the White House that it was going to take place.

Sherman Skolnick released a similar story which Strauss has denied and is threatening to sue over. However, "Exegesis," published in Washington, a usually reliable source inside the Democratic Party, stated essentially the same thing, that Bill Clinton has been told by party elders to announce before the Democratic National Convention that he will not run for re-election.

The same day we received this information, the mail brought a 37 page report by Nicholas Guarino who publishes a financial newsletter called "The Wall Street Underground". The report is devastating to Bill Clinton. It is called "Murder in the First Degree"; an Interim Report on the Death of Commerce Secretary Ron Brown and 34 Other United States Citizens. Top-Secret U.S. Government Classified Information Leaked 5/14.96 by Military Informant Eye Three. Part II of the report is called "A Summary of the 56 Clinton Dead: The Unknown and Deadly Side of the Whitewater Scandal. This report goes into great detail about Clinton's heavy cocaine addiction and his involvement in the drug trafficking in Arkansas and how most of the murders could be traced back to this entity. The purpose of the report is to inform investors what to expect and do when all this becomes public, for it could very well cause the crash of Wall Street. We recommend those interested in all this to write the Wall Street Underground, 12254 Nicollet Ave. S., Burnsville, Minnesota 55337 and ask that a copy of this report "Murder in the First Degree" be mailed to you. Although it is free, if you send them a couple of dollar bills, it might expedite things.

## WHAT HAPPENED TO TWA FLIGHT 800?

### QUESTION:

A question from Alice E., in New York City, which is basically a question a number of people sent in. She writes: "You've probably already received scores of questions on the ill-fated TWA Flight 800 which went down in New York City last Wednesday. Let me add my

two-cents worth, since this is so close to home, it is home, and it still remains a mystery as to who might be responsible and how and why the plane exploded.

"It would appear that the people in charge know more than they let on in spite of their daily briefings, so original suspicions that this was a Muslim terrorist act are shifting to perhaps an "alien" attack. Could it be? Either way, it's scary to be so vulnerable anywhere at anytime these days. Was there perhaps a personality aboard who had to be made to disappear, as in some of the previous accidents? Would Awareness give us the truth about that TWA crash, or explosion?"

### COSMIC AWARENESS:

This Awareness indicates there are *some* areas that this Awareness will comment on. This Awareness indicates it appears that this was not a bomb, but a missile, and it appears the missile was a government-issue type of missile. An airliner flying as high as it did could not be hit by the ordinary ground to air-type missile. It was something much more powerful. This Awareness indicates it appears also that there was an entity on board which was a potential trouble-maker.

This Awareness indicates it is difficult to see a name for this entity, but the entity did pose a serious threat to certain entities in high positions. This Awareness indicates the energies are not clear on this. There appears to be some connection to the Department of Defense and an entity who was threatening certain activities against important persons. This Awareness indicates this as having to do with the spread of AIDS and the targeting of this spread to certain entities of a particular group of people who had considerable amount of power, and their discovery of this entity and the kind of extortion or blackmail type of plan occurring whereby the entity would use this.

This Awareness indicates it appears to be AIDS infected blood to strike at entities if certain amount of payment was not given in a certain pattern or certain way prior to the landing of the craft. This Awareness indicates it is very difficult to see the energies involved. There are many complications. This Awareness indicates there is also an effect related to doubles, or persons who are a facsimile of someone else involved in this situation, and because of this there is a certain amount of confusion in terms of trying to see the precise information relating to the motive and reasons for this shooting down of this craft.

This Awareness indicates it does not appear to be a Moslem action or anyone from the Middle East as a terrorist type of activity.

### FOLLOW-UP QUESTION:

The media and the government are covering up this idea, the fact that it was a missile. In the beginning it was very strongly suggested, and now it points to no such thing, that it was an explosion in the cockpit of the plane, and it might be just to justify all the Gestapo-like tactics that they're now using in airports, like you have to have two pieces of identification with your photograph on it when you get your ticket, for example, and it's just more of the government herding the people around like sheep, getting them used to the idea of being more controlled.

### COSMIC AWARENESS:

This Awareness indicates that it appears that every incident is in some way connected with the government or used by the government to create more controls over the masses. In many cases it is seen that considerable evidence points to the government as the cause of the problem, which is then followed by the so-called 'cure', or more government regulations.

## Was Henry Kissinger on the Plane?

### FOLLOW-UP QUESTION:

There was a rumor on the Internet that Henry Kissinger could have been aboard. Does Awareness see this as being true?

### COSMIC AWARENESS:

This Awareness indicates that this does appear to be the entity; that there appears to be a double for the entity so that this double will take the place of the entity on board the plane. This Awareness indicates, however, that it appears also that the entity on the plane known as Henry Kissinger himself, was *already* a duplicate; that this entity had been replaced some years ago by a duplicate, and that now the duplicate has been replaced. In other words, there will be more sightings of Henry Kissinger.

### FOLLOW-UP QUESTION (VIKKI):

There never appeared to be a list of all the passengers put out. Is his name on it one of the reasons it wasn't given?

### COSMIC AWARENESS:

This Awareness indicates that the reasons for not putting the names out is not clear to this Awareness at this time. It appears that this was something decided from certain levels not associated with the airlines itself, but with some government officials dictating the procedures. This Awareness indicates there also were certain efforts to recover bodies and the arguments that the bodies were too deep in sea to find, whereas many of these bodies were still floating below the surface, but not that deeply, and these were being examined.

The release of the names of those bodies that were found being withheld from the public, from the closest of kin, allowed the various groups working to locate particular entities aboard the plane, before any release of names might occur through the media. It was part of the attempt to hide certain information from the public regarding *who* was on the plane, and this created considerable frustration for the close kin of those victims on the plane, because they could not get the names of the entities aboard the plane. The information, being withheld for a considerable length of time, beyond that which is normal in such cases.

The arguments of course were that the bodies were too deep to be found and they were experiencing difficulties in identifying bodies they could not locate. This Awareness indicates, however, there were bodies much closer to the surface that were being found which also were not being identified publicly. This Awareness indicates that bodies do not sink all the way to the ocean floor quickly, for many of these entities would still have air and enough fat on the bodies to keep them from sinking all the way to the bottom of the sea, where the pressure is so great.

## Did the U.S. Military Have Prior Warning?

### QUESTION:

We got a lot of information on the Internet about this. One came out of some conspiracy group that asks the question: "Did the United States military have prior warning?"

Reports out of our East Coast bureau have verified that a C 130 from a US Air Force Air National Guard unit was on maneuvers at the time the plane was downed. This C 130 was credited with giving some of the first eye witness reports of the explosion, the fireball and the crash. According to the pilot of the C 130, Major Fred Meyer, he saw "A streak of red orange" heading toward the plane. "It arrived at a point in space where I saw a small explosion which grew to a small fireball, then a second explosion, and a huge fireball."

"The complete eye-witness report, which was captured on video, has only been aired on local stations. The major media deletes the part about the streak of red orange heading towards the plane and only reports the description of the fireball which was given by the pilot. However, no media, local or major, has reported that the C 130 was dropping white phosphorus flares called Willy Peter Flares.

"Experienced fighter pilots have stated that 'Willy Peters' are dropped when a pilot knows that a heat-seeking missile has locked onto its craft. The Willy Peters are used to draw the missile away from the plane's engines. If the Air National Guard was in the area dropping Willy Peter flares, could they have had prior warning that a substantial threat to TWA Flight 800 existed? If someone in our government knew that TWA 800 may be the target of terrorists, why was it allowed to take off? Why was the C 130 deployed? Did the Air Force believe that a heat-seeking missile such as Sparrow, Toe, or Side-winder was going to be used?"

"Who ordered the Air Force to drop flares? If the Air Force was given prior knowledge that such a threat to an American airplane existed, why wasn't the American public made aware of a threat that could prove fatal to them and their loved ones?"

And it goes on and on, but basically, the question: Did the United States military have prior warning of this?

### COSMIC AWARENESS:

This Awareness indicates this is in the affirmative.

## Both Witnesses and Media Report U.S. State Department Pouches of AIDS -Tainted Blood With Instructions on How to Infect Children

### QUESTION:

There was also a bulletin on this that came in on July 19th on the TWA Flight 800, which says "

On Thursday, 18th July, 1996, Dennis R. Hilton wrote : "A pool reporter who was selected to ride along on a Coast Guard 33-foot rescue boat, claims that State Department pouches were retrieved from the water, as well as at least 7 packages which were labeled as HIV infected blood, and instructions on how to use this blood to infect children. I watched the CNN interview of this man live, and they made no attempt to shut him up. He openly stated and verified his affiliation and appeared to be quite stable. Yes, the New York City stations are confirming the State Department pouches. Also mention of the fact that the DOD routinely books blocks of seats on all TWA flights for "whomever" to have seats ready for whom-ever needs one on short notice, but (there was no mention or confirmation of whether any of those seats were actually filled on this flight).

"WABC FM this afternoon was reporting that the plane was definitely downed by an Islamic terrorist group, possibly by a bomb, but more likely by a surface-to-air missile. Curtis Sliwa reported that more than one FBI agent told him this, plus Senator Alphonse D'Amato was interviewed and stated as a given that it was shot down, mentioning that the exact details were given to a Cairo newspaper yesterday by a group calling itself "The Movement for Islamic Change"

"Also, eye-witnesses, including the ANG, which "just happened" to be conducting an exercise in the area when the plane went down, reports seeing "something" described as a small glowing object flying toward the plane, and radar tapes confirm this."

So I guess basically my question is: With all this information out on the Internet, the implication is it was a missile, and eye-witnesses claim this, and it was on CNN and so on, how can the government continue to ignore that fact and to cover the truth of this matter?

### COSMIC AWARENESS:

This Awareness indicates it is part of the agenda of

the government to put more and more controls on the American people, to get them to think it is for their own good that they are being regimented so completely, and by pretending that this was a bomb taken aboard by a passenger, it will allow them to put greater controls on those entities who wish to fly, so that as you suggested previously, they now need more identification, and there can be closer scrutiny of luggage and properties of the entities, so that eventually entities will need to have proper papers in order to go from one place to another, for their own good of course, and they will likely be searched as in Nazi Germany, when entities traveled from one place to another, for their own good.

This Awareness indicates that entities will feel secure that all of the other passengers are being searched equally, for the good of all. This Awareness indicates to think of someone from outside shooting down the plane you might fly in does not give a sense of security, but to think of everyone being searched and scrutinized carefully gives entities a sense of security on their flight. Therefore, promoting the idea that it was a bomb serves the purpose of the agenda of government controls and still gives the passengers a feeling that all is well.

### **What Can be Done to Change this Situation?**

#### **FOLLOW-UP QUESTION (VIKKI):**

Is there any level at which this insidious search and ID requirements could successfully be fought as it stands now?

#### **COSMIC AWARENESS:**

This Awareness indicates the question as being very broad. The term 'fought' has so many different meanings. A thing can be fought legally, a thing can be fought physically, a thing can be fought by an irate teenager who swings his fists. The question is: By what means are you speaking of in terms of the word fought?

#### **VIKKI:**

Something that would successfully change the course of events.

#### **COSMIC AWARENESS:**

This Awareness indicates the awakening of the masses as to what is occurring in this country in terms of the continual encroachment of government controls on everything and the manipulation of events so that these controls can be repeatedly added more and more after each event, and as entities become aware of these things, the awareness of the people can eventually, if occurring soon enough, become a powerful weapon to help reverse the trend.

But to simply fight legally in a court, or to fight with fists or weapons would avail nothing. There can be no victory in either approach. Education and awareness are the tools, but these have to be spread to the masses. It is not something that occurs easily, nor can one or two people do it? But the masses cannot be fooled forever. Eventually, people begin to catch on and recognize that the government seems to be creating problems in order to solve them with dastardly solutions, and that freedoms are being taken extremely fast from each of these situations that occur.

This Awareness indicates it is happening, in that more and more people are noticing that every time there is an incident, the government creates new controls on the people, supposedly to help prevent such incidents. There are still many entities who believe this is for the good of the people, but more and more of the masses are beginning to notice that something is not right about the way this happens. Every time there is a Bill in Congress that would create some kind of restriction on the people, an incident occurs that accents the needs for the bill's

passage, and people begin to wonder: "Why does this happen every time?"

## **WRITE YOUR CONGRESS PEOPLE ON ANTI-TERRORIST BILLS. NOW!**

#### **FOLLOW-UP QUESTION (VIKKI):**

One of the Internet communications on this Flight 800 crash suggested that you write your Congressmen, cause they're going to pass this next restriction, and it seems that there's not enough people at this point to affect this vote, and secondarily, these are the people who were putting it together anyway. So is there any point in writing your Congressmen at this time?

#### **COSMIC AWARENESS:**

This is in the affirmative, because the Congressmen begin to realize "The people are waking up. The people are catching on. The people are not totally asleep. We cannot just continue doing this without any consequences."

## **THAT BOMB DURING THE OLYMPIC GAMES IN ATLANTA**

#### **QUESTION:**

I think an example of what Awareness just gave would explain a recent incident during the Olympic Games in Atlanta wherein some crazed person set off a bomb, and it happened during the time when the Anti-Terrorist Bill was being debated in Congress. Does Awareness see that as being an isolated case, or was this another case where it was deliberately set up to do that?

#### **COSMIC AWARENESS:**

This again was a similar situation in which the Bill in Congress was not absolutely certain of passage, and by setting off a bomb, it would help to make sure the passage of the Bill would occur. This Awareness indicates you will recall before a certain gun law was passed some year or two back, there were the shooting incidents in school grounds, and similar type of situations for other passages of Bills are common.

This Awareness reminds you that the Oklahoma City bombing occurred at a time when there was an Anti-Terrorist Bill on the agenda and much of that was passed after the bombing in Oklahoma City. This Awareness indicates that too many incidents are too closely related to be coincidence. It is as though they are planned, and the masses are beginning to notice this. It is like ham and cheese in a sandwich. They go together. Now people are beginning to recognize when there is a Bill in Congress, watch for this or that event in the news to help promote the Bill.

This Awareness indicates when you can start predicting these events by watching what Bills are in Congress, you know that there is some kind of conspiracy, whether you believe in conspiracies or not. You cannot ignore such a connection.

## **WHY WAS OUR STATE DEPT. SHIPPING AIDS-INFECTED BLOOD?**

#### **QUESTION:**

In regard to the sacks of HIV-infected blood that was found on this wreck, and acknowledged in the press, (which did not acknowledge that it had instructions on how to use it to infect children); what exactly was the purpose of that HIV infected blood coming out of the United States in official State Department pouches with instructions on how to use this to infect children?

#### **COSMIC AWARENESS:**

This Awareness indicates this appears to be part of a plot to help spread the AIDS as a kind of new terrorist

action in certain areas, to cause havoc and....This Awareness indicates this is extremely unclear. It appears to be in connection with an attempt to manipulate certain people into a kind of intimidation whereby children being inoculated would in fact be tainted with AIDS and it would help to spread AIDS among young people, in part to take away the stigma of homosexuals being the source of AIDS and in part to indicate that anyone can carry AIDS.

It also would serve as an intimidation effort or action to persuade certain people that they cannot even protect their own children or protect themselves from this disease. This Awareness indicates there are several factors involved. It appears that this was headed toward areas of Africa and the Middle East; that these pouches would be sent in different directions, to help in the spread of this disease. This Awareness indicates in Africa, many of the parents of many children have died from AIDS, and there is a great population of orphaned children. Many of the entities in Africa are aware of the dangers of AIDS, but do not ever check or want to test themselves for AIDS, and therefore, many of the countries there have vast numbers of AIDS adults who are beginning to die from the disease. The children still being free of the disease, then being orphaned, are having to be taken by any who will help them.

#### **One Purpose is to Destroy Orphan Children In Africa**

It appears that this was headed for these countries to help destroy some of those orphaned children, to prevent them from growing to adulthood. The idea also being to destroy the children in other overpopulated areas. This Awareness suggests also that this does not appear to be limited only to children, but appears to be part of a program that would mix the tainted blood with vaccines that would be used for other purposes in other countries so that the injection of a vaccine would in fact be an injection of AIDS to help bring down the population of these various countries, and this would generally be targeted to the injection of children in schools and in various regions, with the promotion that it is helping to save the children from various diseases when in fact it would be giving AIDS to an entire population of children.

This Awareness indicates that in this sense, they would be helping to spread the disease more rapidly. It has not spread as fast as previously predicted or expected, and the population continues to grow worldwide.

#### **A Few Elite Mattoids Have Chosen to Make War on the Masses**

This Awareness indicates there are a few elite people who have chosen to make war on the masses. These entities look down upon the masses as though they were less than human. They look upon them as though they were livestock, or subhuman creatures, and see themselves as being almost god-like, not in terms of compassion or humanitarian (qualities) but in terms of power, and they do not see the killing of people as any consequence. They simply see the end results they want to bring about: a decline in the world population, a considerable decline; a slave force to help work as is necessary, and their own increasing wealth and increasing power in the game of life.

This Awareness indicates they are willing to use all of the technologies including biological warfare, genetic engineering, electronic surveillance, all of the military technologies and all of the economic controls and uses that are available to them to help bring about what they call the New World Order, in which they see themselves as being part of the great leadership of this new world. This Awareness indicates they are essentially mad, and

totally lacking in normal human compassion, and think of themselves as elite.

#### **"Object Based Education" Promotes New World Order In Schools**

This Awareness indicates in the new educational system that is promoted in the United States and in other countries, there is that reference or educational method which is called 'Object Based Education.' It simply means focusing on the end results of an educational program. It is basically the same as the Communist doctrine: "The end justifies the means." The Object Based Education tries to educate the masses to be good servants, to be good slaves at their job, but one of the things that is part of the program is to find certain entities who appear to have leadership qualities or be extra-intelligent and set these entities apart from the masses, and put them in special schools where they are taught that they are the elite, that they are more highly intelligent than the other people, and to give them a sense of contempt for other people, while seeing themselves as being super-important.

This Awareness indicates there have been reports from parents whose children went to these elite schools who find that when their children return, they are almost impossible to live with, and they become extremely frustrated at the programming their children have received. One mother reported that it took two years to get her child back to normal, to where they would just be a normal person, because the school had programmed the entity into such high conceit and arrogance that the parents could not stand being around the child.

This Awareness indicates that these programming techniques of the Object Based Education create for the ordinary person just enough intelligence to follow orders on the job. They do not want them to read any kind of philosophical or great artistic work. Anything that would educate them or give them higher values is shunned. All they want is enough education so that the entity can follow orders, will obey the orders and will be a good worker. This Awareness indicates that is the purpose of the Object Based Education system which has been and is being implemented throughout the United States today; the schools being now set up so that this is the purpose of these schools.

This Awareness indicates that these 'elite' people are more or less behind this, and their purpose is to create two classes: the super-rich and the super intelligent, and the super-poor and super-stupid or dumb, where they do not have the intelligence to think or find out how to overthrow their masters. They do not want entities to be intellectual leaders, so if an entity has a strong intellect and is a leader, they take them out of the masses and put them into the elite group and educate them to be one of the masters rather than one of the slaves.

#### **Parents Must Now Teach Their Children History and Values**

In other words, the world is being turned into a master/slave society. That will be the outcome of the New World Order. If you understand this, then you can understand the reasons why the children are not learning to read well in school, are not learning the things that you learned when you were in school, or are not being taught things such as the American history, as you were taught, and the value system that you were taught as a child. This Awareness indicates as this becomes more common, parents will realize that they must teach their children values at home, teach their children the history that they themselves learned, and they may also need to teach their children to read and write so that their children can in fact do more than just read a few simple pictures and a few words to follow directions for some job duty.

## WHY THE MEDIA COVER-UP ON AMSCHEL ROTHSCHILD'S MURDER?

### QUESTION:

I'd like to read a little article in the Spotlight and ask Awareness to comment. It's called Mogul Distorts Rothschild Death. Police Say Amschel was Murdered. Exclusive to the *Spotlight*.

"French police have determined that Amschel Rothschild, heir to the fabulous Rothschild banking fortune, was murdered, according to well-placed European sources. But French Prime Minister Jacques Chirac has ordered police to close their investigation. Media outlets world-wide have ignored these mysterious developments. Some have reported the death was a suicide. Other outlets disregarded the death altogether.

"As if obeying an invisible choir-master, the world's competing news organization silenced their strident sensationalism this month to cover-up the mysterious death. In the United States, newspapers controlled by Rupert Murdoch, the foreign-born owner of the world's largest media empire, either studiously ignored reports that Rothschild had met a violent end, or relegated it to the back pages as a mere "heart attack."

"A *Spotlight* inquiry has established that Rothschild, 41, a billionaire investment banker and a noted sportsman in excellent health, was discovered lifeless on the floor of the bathroom of his suite at the luxurious Bristol Hotel in Paris on July 8th at 7:32 pm. Police found that he had been strangled with the heavy cord of his own bathrobe. One end of the cord was attached to a towel rack as if to suggest that Rothschild's violent death was self-inflicted.

"The French crime scene investigators never called it suicide," reporter Thierry de Segonzac told the *Spotlight* in a telephone interview from Paris. "After photographing the body, one of the detectives gave the towel rack tied to the body a strong tug. It came right out of the wall." "Had Rothschild really attempted to hang himself from that rack, he would have ended up with nothing worse than a couple of holes in the wall," de Segonzac said.

"There was no suicide note, no discernible cause or reason for a finding of suicide knowledgeable sources say. Rothschild, an athletic and imperious figure in early middle age, was a renown race car driver and the husband of Anita Guinness, herself one of the world's wealthiest heiresses. The couple had three children who spent most of their time on their family's baronial estate in Suffolk, England.

"Rothschild had arrived in Paris to take over one of the many family consortium's French assets-management operations which were to be merged with N.M. Rothschild's London-based investment banking center. "Far from being troubled, Amschel Rothschild's star was on the rise, and he relished his success" says an executive at Keefe, Bruyette and Company, a respected Wall Street monitor of the financial service industry. "I don't believe for a moment he suddenly went and killed himself. There is much more to this story."

"But with frantic speed, within an hour after the body's discovery, authorities and news executives in both France and Britain launched an unusual joint offensive to preempt a public inquiry or press investigation into the circumstances of Rothschild's death. "Murdoch sent a hot-line Fax to his 600 odd editors and news managers around the world ordering them to report Amschel's death as a heart attack, if at all," said British broadcast reporter Ian Gooding. "No one around here has ever seen such pressure to kill a front page story, but in the end, the cover-up was complete."

I'd like to ask Awareness to comment on that article, and see if it's valid, and if so, why the cover-up?

### COSMIC AWARENESS:

This Awareness indicates the article is valid. The entity was murdered. The cover-up by entities in high

positions of power was seen to be important to them, because many of these entities want to create the impression that they and their type are invincible. To suggest that this entity was murdered, also suggests that others like him can be killed, and this is not something the elite want the masses to dwell upon or think about. This Awareness indicates it appears that this entity was murdered by someone of the elite, and that it was because of his rise in power that he was murdered; that someone wanted this entity's position to be left open for them.

This Awareness indicates *It* will not comment on who was behind the action. It does appear that it was something that was in part the result of this entity's own karma. That he sought power, more power than he could use, and never fully reached a satisfaction of the power he sought. This Awareness indicates any entity with that kind of power will have many enemies.

## The Rothschild/Catholic Church Connection

### QUESTION:

Sherman Skolnick has something to say about this. I'll read some of it. He says:

"The press fakers never tells us about the annual secret meetings of secret societies, gathering as the real rulers to plot our destiny. One such is the Bilderberg Group made up of the ultra-rich, their puppets, and the press lords, meeting every year in a different country, usually early in June. One of the only places financial enemies come together, such as the Rockefellers and the Rothschilds. Soon thereafter are wars, depressions, and political murders.

"In July, 1978, right after a Bilderberg meeting, the head of his family empire, John D. Rockefeller III was murdered, made to look like an accident. Likewise, in July, 1996, the one about to be named head of his family banking empire, Amschel Rothschild, was found hanged in Paris, some say murdered. He was head of Rothschild Assets Management Ltd., a unit suffering huge losses because of terrible miscalculations. The Rothschilds are facing a financial shipwreck of almost a trillion dollars. (Both the Rockefellers and the Rothschilds were killed on about the same day in July. To send a message, assassins like an anniversary.)

"We raised questions in 1978. We are raising questions now. Neither the Rockefellers nor the Rothschilds are strangers to political assassinations. To protect their oil and other properties, the Rockefellers have used the American CIA to murder insurgent leaders worldwide. The Rockefellers helped to arrange the murder of President Kennedy, who opposed tax benefits for oil producers.

"The book *The Lincoln Conspiracy* shows how the Rothschilds arranged the murder of President Abraham Lincoln a few days after the end of the Civil War. Lincoln's Post-war policies would have wrecked the Rothschild's commodities speculations. After the war, Lincoln, to bind up the wounds and get the nation together again, intended to go easy on the South, enabling resumption of agricultural production. The Rothschilds and the key members of Congress were betting the other way, on high prices caused by a tough policy on the South.

"For more than 104 years the Rothschild have dominated the Chicago markets. They call the shots on the Chicago Board of Trade, setting prices, relayed worldwide on corn, wheat and soybeans. The Rothschilds also control the Chicago Mercantile Exchange, setting the prices on world currencies, and through their Chicago Board Options Exchange on financial instruments. Through their British relatives, the Rothschilds control the price of gold, set twice each day in London.

"Seldom is it mentioned: that the Rothschilds, along with other western bankers and industrialists, financed the rise of Hitler as a bulwark against the Soviets. The ultra-right wing

falsely described the Rothschilds as 'Jewish Bankers' when, in fact, the Rothschilds are interwoven with the Catholic Church, and, jointly with the traditional Mafia and the American CIA, interlocked with the Vatican Bank which was pro-Nazi.

The Archbishop of Chicago is also the Treasurer for the Church for the whole Western hemisphere, and he deposits those funds in the Continental Bank of Chicago, owned jointly by the Vatican, the Queen of England and the Rothschilds, all of whose representatives always sat on the board of directors of Continental.

"For many years, Chief Judge of the Federal Appeals Court in Chicago was Walter J. Cummings Jr., a man of trust for the Vatican, chosen to secretly handle their funds. Cummings and his family were also major owners of Continental Bank, now merged with Bank of America, for many years owned jointly by the Jesuits and the Rothschilds, and now joined by the Japanese Mafia, the Yakuza.

Most every judge on the Federal Appeals Court here is linked to Continental Bank. The judges *do not* disqualify themselves in cases involving Continental. Guess who wins?

"The Rothschilds and the Japanese seek to control in the United States by buying up large tracts of land, such as in Central Illinois. All in all, Chicago is a center of corruption. It is the cheapest place in the nation for bribing Federal Judges, hence large corporations prefer to have their important litigation in the Windy City, and Chicago is the center for the Rothschilds.

These are subjects forbidden to be discussed and circulated by the liars and whores of the press. Call up your favorite news faker and demand they mention about the secret society, the Bilderberg group and what often happens right after their annual meetings."

And that was the end of his statement. My question basically is: Does Awareness confirm or deny most of that information?

#### COSMIC AWARENESS:

This Awareness indicates that the information is approximately 97% accurate. There may be some slight discrepancy in certain interpretations, but it is essentially correct.

#### FOLLOW-UP QUESTION:

Is there anything to his suggestion that both the Rockefellers and Rothschilds were killed on about the same day in July, to send a message that "assassins like an anniversary"?

#### COSMIC AWARENESS:

This Awareness indicates that this appears to be a common procedure for entities who wish to warn the other side after such an assassination: "You can't get away with this without repercussions!", and by doing it on the anniversary, it makes it clear to the other side, that this was not simply a haphazard assassination. "It was an assassination related to the previous assassination done by your side!"

This Awareness indicates it is very much like the gang wars of the Twenties wherein one gang on one side of town would assassinate someone from the other gang and there would then be a retaliation. It is likened unto a way of letting someone know that you are not intimidated by their threats or their actions of endangerment.

### Is the Rockefeller-Rothschild Feud Resuming?

#### FOLLOW-UP QUESTION:

Both Dr. Beter and Awareness gave a lot of information about the secret war going on between the Rothschilds and the Rockefellers, and then Awareness indicated some years later that there was a reconciliation of sorts. Does that murder of Amschel Rothschild indicate that the secret war between them and the

Rockefellers is resuming?

#### COSMIC AWARENESS:

This Awareness indicates that this appears to be a situation that is not necessarily linked to the Rockefellers; that there are other powerful forces now that have taken positions in the power levels that are also players in this struggle for power. This Awareness reminds you there is only one of the original Rockefeller brothers remaining, and this entity is extremely old to be involved in this kind of activity.

This Awareness indicates however, there are other entities who are still powerful in terms of the world power struggle. The younger Rockefeller, such as Jay Rockefeller, does not appear to have the kind of interest in that type of power struggle in which he would want to get involved with a Rothschild conflict just because of his name, or just because his father and uncles were in conflict with the Rothschilds. This Awareness indicates it does not appear to be connected to the Rockefellers in terms of this entity's death.

## WHAT ARE THE LIMITS IN PRESENTING QUESTIONS TO AWARENESS?

#### QUESTION:

A question from Gordon S., Thunder Bay, Ontario. He writes: "CAC has often described the process of how Paul answers the questions. The response from Cosmic Awareness is in the form of symbols, symbols in the form of pictures, not words. Words are also symbols, but of a different form. The symbols are then interpreted and translated into English words within the abilities and experience of Paul himself. Thus, he is not able to produce scientific formulas, et cetera, in his answers. This makes sense, so I am wondering about the limits involved in asking a question.

"When a question is presented to the Interpreter in trance state, does Awareness actually hear the words and respond to them, or does Paul's mind translate the question into symbols, which then are presented to Awareness? If Paul is not in a clear state at the time, due to health, other worries, et cetera, does Awareness have presented to it a clear question?

"If Paul has to translate the question from English into visual symbols, is there some value in having Paul quickly pre-reading a question a few days before with the intention of simply letting the subconscious pre-process it into a clear form, then a few days later present the question to the Interpreter? Or would this tend to interfere with a clear answer because Paul's conscious mind may have formed a personal opinion on the subject, having had prior knowledge of the question?"

#### COSMIC AWARENESS:

This Awareness indicates the entity's question is very pertinent. This Awareness indicates that when the Interpreter reads questions in advance, it is very important that the Interpreter not form personal opinions in regard to the question. The possibility of reading a question just to get a clear understanding of what the question is, can be beneficial for the Interpreter when a question is later asked, but generally, this is not the procedure that is used because the Interpreter could very easily influence the answer by getting an answer suitable to himself.

Therefore, as a practical approach, the Interpreter does not read questions in advance. This Awareness indicates that where there is a technical information, or technical information is involved in a question, particularly wherein there are terms or terminology that is alien to the Interpreter, such as chemical or physics terms or terminology that is from some special scientific field, it

would be beneficial for the Interpreter to be able to look up those terms prior to the reading in order to be able to understand and grasp the meaning of the question so that this meaning or understanding can be expressed through the Interpreter to the Awareness.

This Awareness indicates that *It* has previously mentioned the reading done for a chemist who wanted to know about the hydrogen bond elements in chemistry in regard to some plant that he was researching for a cancer cure. The Interpreter had no understanding whatsoever as to the terminology as to what 'hydrogen bond' meant, or what the patterns were that the chemist spoke of, but saw instead blackberries, and the Interpreter remarked in his response to the image of blackberries that this Awareness had given, that there was seen the image of a blackberry; that there were many blackberries, and that this was seen and that no meaning was clear to the Interpreter, but that perhaps the chemist would know the meaning of this.

The question appeared to be unanswered to the Interpreter, but the chemist wrote back a letter saying that the blackberries were a perfect symbol for the hydrogen bond which was 6-sided, like a blackberry in shape. This Awareness indicates that to this day, the Interpreter still doesn't understand what 'hydrogen bond' is, but the chemist was quite satisfied with the reading. This Awareness indicates that this is the kind of thing that happens for the Interpreter, and sometimes a question will be answered without the Interpreter even knowing what the meaning of the answer is.

Other times, the Interpreter will receive an answer, and it becomes clear, but the Interpreter has no idea of whether it is accurate or not. In one case, an entity asked who was Patrone in his last life, Patrone being their dog. The Interpreter saw a full-cheeked dark-eyed man with a black beard and black hair. This appears to be an entity of Ukrainian origin. (The name Gregory Yanovich is seen. The last name Yanovich, does not appear to be quite accurate).

The Interpreter had no idea as to whether the information was correct or incorrect, but upon exiting from the reading, the wife of the questioner remarked that she knew the guy. "He was my father's lawyer!", she said. "His name was not Gregory Yanovich. It was Gregory Gorovich." This Awareness indicates this of course was a shock to the Interpreter for he had never heard of nor seen this entity before. This Awareness indicates that it is this kind of thing that occurs in the action of Interpreter for this Awareness.

There are those areas in which mistakes are made, such as Yanovich instead of Gorovich, and there are areas in which slight mistakes can be made from the interpretation. This Awareness suggests therefore, you *always* question whatever comes through the Interpreter and yet there is always enough value in the interpretation that entities can pursue their research into an area and find certain further evidence to substantiate or to verify their quest for information.

This Awareness suggests that your questioning should not be taken blindly as those who are told to believe without question, but that you should question these messages and if there are errors, then you will be more apt to find them than if you simply take the Interpreter's word for everything that is said. This Awareness does not speak except in symbols, and occasionally in letters as may be energized through the Interpreter. Therefore, some of the information this Awareness seeks to present through the Interpreter will get a slight distortion or change in the interpretation.

This Awareness indicates of course, energy levels

involved in the readings are important. The entity does tend to set aside personal mind, emotion and feeling so that there is a blank or void to produce or send its messages. If the Interpreter were not to set aside mind, emotion and feelings, then these would serve to distort the messages from this Awareness to a much greater degree.

#### FOLLOW-UP QUESTION:

When the questioner asks the question, does Awareness hear the questioner ask the question, or does the Interpreter interpret the words of the questions into symbols and send those to Awareness?

#### COSMIC AWARENESS:

This Awareness indicates that the Interpreter does not translate into Awareness symbols. It reads the symbols from Awareness, but the Interpreter listens for the meaning in the question, and this Awareness hears the meaning as the Interpreter perceives it, and if the Interpreter does not perceive the meaning correctly, then this Awareness does not receive the question correctly. Therefore, it is important for the Interpreter to perceive the meaning correctly.

This Awareness indicates in some cases, such as the blackberry chemistry reading, the Interpreter did not perceive the question correctly, but this Awareness understood the question as indicated, and gave back the symbol of the blackberry. Had the Interpreter perceived the question in terms of the chemical definition of hydrogen bond, this Awareness would have given back a more clear and more precise symbol or meaning for the Interpreter to express.

### The Dark Force May Be Celebrating Victory Prematurely

#### CLOSING MESSAGE:

This Awareness indicates you are living in extremely interesting times, times of great significance to the human condition and to the history of humanity on earth. Whether humanity moves into this new age as a two-level master/slave relationship or whether humanity throws off the potential tyrant to prevent that master-slave society from gaining foothold, depends on what occurs in the next four years. It is intended that the New World Order be well established by the year 2000, but within that four year period it is possible that the freedoms that many entities enjoy or have enjoyed in the recent past, particularly in the United States, may need a more solid foundation to let entities move into the new millennium with those human dignities and freedoms still intact, perhaps spreading throughout the world.

This Awareness indicates there are four years in which entities can make a major contribution to the future of humanity and it is in this time period that many of the Light Forces from higher dimensions will be focusing their attention on earth, along with many dark forces, who are at this time basking in their success of having moved so far. It does not mean that they have won the battle they have sought; it simply means that they have come extremely close and they are already celebrating. This Awareness indicates that they may be celebrating too soon, for there are still many things the dark forces do not know, do not understand, cannot understand, and cannot grasp which the Light Forces are well aware of. And even when it looks like the dark forces are winning, it may not be the case for there are many things in the higher regions that are not for dark forces to witness or understand.

The Law of Gratitude is given)

(CAC General Reading, August 4, 1996)

## POSSIBLE ECONOMIC CRASH SHORTLY AFTER ELECTION

### OPENING MESSAGE:

This Awareness wishes to respond to a question the Interpreter uttered some minutes ago, regarding the information in the material that he was reading which suggests an economic crash as being highly probable shortly after the election. This Awareness indicates that this information is indeed valid and very probable.

This Awareness indicates the crash would be far more severe than that of 1929. It appears it may come in two stages: the falling of the stock market, and then further falling after a brief pause. The market falling to below the 2,000 mark would leave many entities in disastrous situations as far as their investments and their savings is concerned. It will also mean many businesses are lost.

This Awareness indicates that of course those entities who have cash after the market has fallen will be able to pick up many of the businesses and stocks at very low prices and can expect to make huge amounts of money from the crash, but for the most part entities will be trying to sell their falling stocks in a desperate frenzy.

### Get Out of the Stock Market Now

This Awareness indicates that it is now a good time to get out of the market if you have not already done so. It may rise as much as 200 more points but after that it is unlikely that it will go any higher, and it is probable that it will start falling, shortly after the election. This Awareness indicates that this of course will take many years to come out of such a recession or depression, and entities will have to find ways to survive.

In the early Thirties when the event occurred, many entities were able to live off of the land because at that time, many farms existed owned by individuals in the form of small farms. Today, most of the farms are owned by large corporations, and entities cannot go onto that land and raise gardens or stock, and therefore, there is more likely to be greater famine in these coming times.

### Only a Two Month Supply of Grain Stocked in U.S.

Particularly, keep in mind that the grain crop is at an all-time low, and there is approximately two months worth of grain stored at this time by the providers of grain. Therefore, grain will be one of the first food items to go, and it is a major part of the diet in its many forms. This Awareness indicates therefore, entities will find famine as a very powerful manipulative tool to herd the masses toward some new government program that is most likely designed to bring them into the New World Order.

This Awareness indicates it is very likely that they will be required to get a number and identification before they can get any help from the government, which in terms begins the program of taking away all privacy from individuals and getting them under the control of a totalitarian government.

### After the Fall of Economy, Patriots May Make Their Move

This Awareness indicates however, there is another aspect to this. It is quite likely that during the crisis, after the fall of the economy, that the Patriots and militia, working together, will make their move to wrest power from the hands of those who would promote the New World Order.

It is likely that this will be the time when the militia and Patriots will actually come out of the closet, so to speak, and attempt to restore the Constitution, and do something for the nation as a free and independent sovereign nation, to keep it from being taken by the

New World Order. While this is occurring of course, those working for the New World Order will see it as an opportunity to herd the masses into the tight controls of a totalitarian government.

This Awareness indicates that it is quite probable that this will occur in the latter part of this year and next year, 1997, as being the time when it appears the economic crisis will be felt most strongly by the masses. This Awareness indicates it will not really matter who wins the election, if it comes to a question between Dole and Clinton, although it does not appear that Clinton will even be in the election, and it appears that Dole may not be in the election.

It appears that whoever is elected will have an extremely difficult time avoiding such a crisis, and regardless of who is president at the time, an economic crisis of great magnitude will occur. It is possible that if some extreme economic genius became president, the crisis could be diminished considerably, so that it does not create a situation that goes on for generations.

This Awareness indicates the Depression of '29 occurred at a time when the economy was much better able to handle a depression than it is now. Present economy would suggest a much deeper, much greater, much more enduring depression that would last possibly ten to thirty years before a reasonable recovery occurred.

This Awareness indicates of course, if some Patriots took control and removed any kind of power over the Federal Reserve Bank except that of the Treasury Department, and if the Treasury Department worked in the manner described by the Constitution, then the crisis could be minimized considerably, because the Treasury could then simply start printing money in a way that accompanies the needs, could also cancel the national debt, and help to set up programs that would start the economy rolling again.

### 13 Families Refuse to Recognize Federal Reserve has Been Sold

As long as the economy is based on the 13 Families who have owned the Federal Reserve Bank and their programs, then this cannot be accomplished. At present, this Awareness indicates the action of the Hildebrand suit as that which resulted in the sale of the Federal Reserve Bank from the settlement of the suit, but it does not appear to be recognized by the international bankers, and therefore, even if something is fact, if it is not recognized and entities pretend it didn't occur, then it is almost the same as if it did not occur.

At this time, it appears the Federal Reserve Bank having been sold to the Treasury Department is not being recognized as of yet. This Awareness indicates that perhaps this is because entities in government do not want the public to realize that for so long they have catered to these International bankers and have violated the Constitution and the law of the land, in allowing the Federal Reserve Bank to operate illegally.

### This is a Time When Anything Can Happen

This Awareness indicates it becomes a time when anything can happen. If an economic crash comes, all kinds of things may be exposed. All kinds of corruption in government may come out. It is quite likely that much of this corruption will come out before the election, and this is part of the expose which this Awareness spoke of in the early part of this year of 1996.

### Will Gold and Silver Stocks Survive the Crash?

#### QUESTION:

When the market crashes, those people holding gold and silver stocks as a general rule; those go up when a market crashes. Does Awareness see that happening?

## COSMIC AWARENESS:

This is in the affirmative. Of course it is always better to have the actual gold than to have paper, but paper will be relatively sound as well as there are strong controls in the countries, banks and courts to make entities honor the value of such paper.

### WHY GRAIN SHORTAGE AND FAMINE COULD OCCUR IN U.S.

## QUESTION:

In regard to the grain shortage, we got a posting from the Internet back on June 12th which is sort of interesting. It's called NAFTA /GATT versus the US food supply.

"Tonight on the ABC news there was a story about a drought in the Western USA with the possibility of the return to dust-bowl days. Also, there was a story on the drying out of a lake in Texas that was at the town of Zapata.

"A few weeks ago there were many stories on the news about great over-supplies of cattle on the market. These stories have much in common. The cattle are in over-supply because there is a shortage of grain to feed the cattle. This drives the farmers to sell their cattle as quickly as they can. Thus, the market is flooded with cattle and no buyers.

"It would seem that dry times out West are supposed to have caused a shortage of grain and driven prices up, thus causing the pinch for the cattle-farmers. I wish that it was that simple! The real story is much deeper and it is one which I just happened onto in November of 1995. There I was sitting in a restaurant on the Memorial Parkway in Huntsville, Alabama, and having a conversation with a fine gentleman who was a commodities broker.

"As we talked, he told me about his trading in commodities and told me he was doing well. Then he told me how he had just sold six of the grain elevators in north Alabama. For those of you who may not know this, one of these elevators handles 25 million tons of soybeans each year. He was no small player in the market!

"Then he unloaded the true reason for his selling the elevators. Under the NAFTA, (North American Free Trade Agreement), and GATT, (General Agreement on Trade and Tariffs), and the regulatory body WTO, (World Trade Organization), things have really changed in the grain market.

"First he told me that the grain supply for North America is down over 30 percent for the past two years due to drought. Then he explained that the GATT rules enforced by the World Trade Organization made it illegal for the USA to retain sufficient supplies of grain in emergency to prevent starvation. We were compelled to sell to the rest of the world regardless of whether we could feed our people or not.

"He further explained that the sharp falls, coupled with the inability of the USA to control its own domestic market under WTO orders, had already driven the price of grain up so much that the farmers were going broke on cattle, and the grain elevator operations in the USA were going broke as a result.

"Frankly, I was shaken, but I was uncertain of the authority and accuracy of his report, so I started looking for information. I did not have to look far. The head of Archer Daniel's Midland Corporation, the world's largest grain company, "Supermarket to the World" as they like to call themselves, reported that this problem was developing and described it identically in February, 1996.

"At the same time the head of ARCO oil and TENACO oil confirmed the information it was this USA inability to manage their own markets that had presented itself in the Spring of 1996 as the sharp run-up in oil prices. A smart observer can clearly see that this is forming a pattern. Food supplies getting short, oil prices going up, cattle in over-supply, press reports of drought and return to dust-bowl conditions; these are all a

set-up.

"No official of the USA can openly admit that he signed away the sovereignty of the USA and now We The People of the USA are in danger of real genuine starvation developing, and as a result, they must find someone else to blame."

It goes on, but is that information basically true, particularly about the GATT and NAFTA preventing the U.S. from keeping supplies of grain from the people?

## COSMIC AWARENESS:

This is in the affirmative. This Awareness indicates that this as another of the tools by which President Clinton has helped to bring this country under the control of the New World Order. It is very difficult to see how this can be reversed in the sense of legalities, unless some extreme action is taken by patriots who can show how the President acted illegally in getting these Bills passed, and these agreements made.

This Awareness indicates it is seen as being a basic sell-out of the country to the international Globalists who seek to destroy this country, bring it down, and make a third world nation of it.

### WILL C.A.C SUBSCRIBERS GET A KNOCK ON THEIR DOOR?

## QUESTION:

Dennis C., in Oregon, sent us some E-mail over the Internet. He writes: "Hi guys! How's it going? Just wanted to comment on most recent readings. It seems that we are doomed on one hand, and then just as it seems the darkest, we are told "Don't worry! The Photon energies will augment all of this, so there's no way the dark forces will be able to control this plane." I just wonder what the situation is!

"It seems likely that we have lost our country to the Rothschilds and their minions and there doesn't appear to be much that we can do. Those of us who are subscribers to *Revelations of Awareness*, and/or the *Spotlight*, will be on the list of those who are potential troublemakers. What will be the best approach if the blue helmets appear at my door. Should I shoot? Go peaceably? I just wanted to get back in touch with you!", he says.

## COSMIC AWARENESS:

This Awareness indicates that being subscribers to the *Spotlight*, or being on the mailing list for *Revelations of Awareness* is not likely to be a serious enough offense to label you as a 'troublemaker.' This Awareness indicates that the entities putting out these publications may be classed as troublemakers, but the subscribers who simply read the material will not be seen as troublemakers. It is only if they take some active part in spreading the information far and wide at a time when this kind of information is forbidden that an entity would be classed as a troublemaker.

This Awareness indicates even the entities involved in publishing these materials may not be classed in the category of troublemakers who need to be exterminated. They may be simply on a list of people to intimidate or warn that they must cease and desist in such further actions. This Awareness indicates it will depend on how heavy they want to bring down the boot on the masses, and much of this will depend on whether they give up on trying to be reasonable and want to use the tyranny card, or if they try to bring people into the New World Order by herding them like sheep or cattle, in a gentle way.

If they choose to use a kind of gentle approach, then they will not come down with the heavy boot of great tyrannical force. This Awareness indicates they would

secretly go after certain entities whom they feel are irredeemable to their cause and be more gentle with others by intimidating them rather than executing them.

This Awareness indicates that it is highly unlikely that there is any danger in reading such materials at this time, although there may come a time after a crack-down or national emergency wherein reading such materials might be akin to a time in the past where subscribing to Communist literature could cause you immense trouble.

This Awareness indicates that it appears there is a choice they will make; they will have to decide whether the masses need to be controlled by a heavy hand, or if the masses can be controlled more gently so as not to rile them too much. In general, in the 'normal' times, they do not wish to rile the masses, because the masses outnumber them so much that to rile them would be to commit suicide, and therefore, they will more likely use the approach of a quiet takeover and setting up the controls more quietly and more peacefully so that the masses are herded into the New World Order without any great disturbance. However, if it comes to a situation wherein they feel the masses do need to be intimidated, then of course they may choose the heavy hand and heavy boot tactics.

This Awareness indicates that the recent activities such as Waco and Ruby Ridge have demonstrated to the government that the people do not like heavy handed techniques and that their activity in regard to the so-called 'patience' shown to the Freemen in Montana indicates that they have an option of being more patient, more gentle, and still being able to get their way. Therefore, it appears that a more likely scenario will be one which does not rile the masses by heavy-handed techniques, but which persuades the masses through communication of the media, and patience shown to those who are potential troublemakers so that they can be quietly arrested, incarcerated and dealt with out of sight from public scrutiny.

#### **Famine a Powerful Tool for Controlling the Masses**

This Awareness indicates it is also well understood by government that hunger is a very powerful tool for controlling the masses, and thereby, in creating famine, they can herd the masses into almost any direction they choose. Therefore, it appears that the plan will be to create hunger in the land and herd entities into certain behavioral scenarios in which they implant greater control over the masses to offset the hunger, rewarding entities with some kind of feeding program if they follow directions properly.

### **ANY KARMA FOR MAKING PROFITS ON FOOD SHORTAGE?**

#### **QUESTION:**

A question from Eva M., in Honolulu, Hawaii. "Do you think it would be karmically okay to turn the upcoming food shortage into an opportunity? A person with food to barter could really do well. I work in a health food store and can get bags of grain and beans at a discount. I could spend a few hundred bucks and barter them away when food gets scarce. What are your feelings on this?"

"I remember in the last two years of World War II in Germany, my brother and I lived on a farm, and people came from the cities with typewriters and Persian rugs and jewelry in exchange for some meat and potatoes." Basically she's asking, if she does this, is there any karmic implications for taking advantage of a bad situation?

#### **COSMIC AWARENESS:**

This Awareness indicates you are **preparing** for a bad situation, and it is not a matter of creating a karmic situation for entities. The entities find themselves in a situation in which they are willing to trade something of value at one time, for something of greater value at present time. This Awareness indicates the typewriter may have had greater value at some time in the past, or in some future time, but at the moment, the value of the typewriter is only the same as "so much food."

Therefore, you are providing the commodity that is wanted or in demand, for a commodity that you have future use of. This Awareness indicates it is simply a matter of business, and it is not seen as taking advantage of anyone. This Awareness indicates it is simply good marketing business. By having made yourself prepared for a time, you are able then to carry on business activities that those who did not have the foresight have missed, and therefore, having foresight gives you an advantage that others may have missed and they have put themselves at a disadvantage because of their lack of foresight.

This Awareness indicates in the Los Angeles area where there were fires, some people were arrested for selling water at four dollars a gallon, on the grounds that they were taking advantage of those in need of water. This Awareness indicates that if those entities needing water could have gone to the supermarket they could have paid \$1.25 per quart, or at a rate of \$5.00 a gallon. This Awareness indicates that someone selling water at \$4.00 a gallon is not overpriced, particularly since they deliver it to the entities. They bring the water out. The entities do not have to go to the supermarket to get their water. Therefore, this was an erroneous law against good business practices.

There is no karmic law to punish such entities for providing a service of this kind and making a reasonable profit from it; however, you never can be sure what your civil law might read into such an action. Therefore This Awareness suggests you be watchful and aware that there is more than karmic law involved; that there is also some civil law that might affect what you plan.

### **What is Best Way to Preserve Assets?**

#### **QUESTION:**

A question from Betty A. Awareness covered some of this. She writes: "I wish to submit this question, only if you deem it appropriate as a general question for the membership. If allowed, I hope this query arrives in time for inclusion of the next issue of *Revelations of Awareness*."

Please ask Awareness: In the event of an economic crisis intended for the United States as part of the New World Order plan before or after the Million Man March, what will likely happen to the currency during this time of upheaval. Will it be a valid instrument for use and exchange? Also Treasury Bills; will they remain a sound haven for assets? What are the best ways and means to protect our assets, the best investments to hold onto, in and during and after this possible scenario occurs?"

#### **COSMIC AWARENESS:**

This Awareness indicates the precious metals are likely to be the more stable and more profitable storage of value. Also bonds can be of considerable value, preferably after the stock market crash. This Awareness indicates that any commodity that can be sold is likely to lose value when the monetary crash occurs, because as money becomes more scarce, items become more difficult to pay for, and therefore lose value.

If there is extreme inflation as might occur if Clinton

were to be re-elected, the extreme inflation would in time create an even worse scenario, but would for a short time allow for items of value such as properties to be sold for higher amounts, which in turn could be beneficial for entities if there is a payment due on such items.

For example, if in extreme inflation, one owes a certain amount on a piece of property and can sell that property for a highly inflated value, then it could be paid off, but would the entity have anything of greater value if the inflation continues?, because the money he or she receives for the property is still subject to greater and greater inflation.

This Awareness indicates therefore, one has to consider various possibilities in order to get a clear understanding of what might occur in some hypothetical future. This Awareness indicates the likelihood of Clinton being re-elected becomes more and more remote. If Dole is elected it appears that it will become more of a recession much quicker without the high inflation. This Awareness indicates this of course will bring things down more quickly into that of property losing its value.

This Awareness indicates in such a case, gold and precious metals will sore in value. This Awareness suggests that the first part of the question be repeated.

**QUESTION REPEATED:**

"Please ask Awareness: In the event of an economic crisis intended for the U.S. as part of the New World Order plan before or after the Million Man March, what will likely happen to the currency during this time of upheaval. Will it be a valid instrument for use in exchange? Also Treasury bills?"

**COSMIC AWARENESS:**

This Awareness indicates that it appears that only after an economic crash will a world currency be brought into play. Meanwhile, the regular currency presently available is that which will be continued, or the new currency which this country holds in reserve, that has been printed some years ago may be released, but this does not appear to be likely until after an economic crash of the stock markets.

This Awareness indicates the world currency may be introduced at some later time, but it appears the present currency will be continued, at least through election time and well into the next year.

**"THE 6<sup>TH</sup> BRANCH" AND THE 4<sup>TH</sup> REICH**  
(More on "Operation Gray Van")

**QUESTION:**

A question from a reader who asks that we "do not use my name, initial, state, city, or even the fact that I wish to be anonymous. You can either state that "One of our subscribers would like to know more about the government secret "elite" branch of the military called the 6th Branch, or simply start off with:

"There is a secret branch of the military made up of the "elite" from all the military forces. This group was formed in 1989, has its own staff at the Pentagon, and has the sole purpose of bringing America to her knees, killing us in order to reduce the population by two-thirds, working non-stop 365 days a year with no breaks or vacations whatsoever.

"These people were at Waco and Ruby Ridge and are no doubt at the Olympic games. The original name for this group was the 6th Branch (of the government, perhaps), and they now call themselves the "Night Stalkers." The Law Enforcement Administration, (LEA), is really a military operation that seizes cities and their government control to give to the 6th Branch.

"This group has done a small amount of 'dry runs' in a few cities whereby they break down the doors of, and forcibly enter the homes of unsuspecting sleeping residents, just for the thrill of it, and to see how easily such a surprise attack could be accomplished.

"The questions are: Is this the appropriate time for you to release any information about this group? What more can you tell us about them? What if anything can we do to protect ourselves from such terrorism? Who, if anyone, or any one group are they likely to go after first? And what cities or part of the country are they more apt to attack first?"

**COSMIC AWARENESS:**

This Awareness indicates it appears that this will be the heavy boot or heavy hand mentioned previously, if that scenario is selected. This Awareness indicates it appears that these entities are those who will be used in that which has previously been discussed as the Gray Van Project. The Gray Van Project being but a kind of miniature model for the activities of this group.

**The 4<sup>th</sup> Reich is Being Re-established**

This Awareness indicates that this being more likened unto the Gestapo branch of Nazi Germany. Much relates back to Nazi Germany, partly because many of the Nazi elite were brought into this country by the Rockefellers after World War II and these entities were put into high positions in this government and gradually have been used for training others and for re-establishing what may be termed as the 4th Reich.

This Awareness indicates the 4th Reich being the new version of the 3rd Reich of Nazi Germany. This Awareness indicates it appears the plan would use these entities to go into houses section by section in cities, getting rid of various people on a list of troublemakers, or entities who they consider to be possible troublemakers; anyone who has had difficulties with police, with law enforcement, or who has been public and vocal against the New World Order; anyone who has guns or munitions in their home, and these entities have the equipment to spot such by the vibrations of a kind of metal detector type equipment; anyone who has connections with Patriot organizations or militia type groups: these would be the population targets.

Also, in some cases they may select certain areas to harass the people, just because that area appears to be undesirable, or to have undesirables located in it. This Awareness indicates the plan being of course to intimidate the masses, to destroy, as indicated, two-thirds of the population. It is part of a policy or program that could then be implemented throughout the world to reduce the world population by two-thirds.

This Awareness indicates that in starting with the United States it would bring complete control of this country to its knees and give that control to the elite. This Awareness indicates of course, this is assuming that there are enough of these entities in this elite corps who would go against their citizens and conduct these activities in the manner that the Nazi Gestapo did. This Awareness indicates it is seen as probable that this could occur. There are reports of tests and questionnaires in which entities in the military have been asked: "Would you, if ordered, kill Americans for your country?", and some of these entities said they would.

It is likely that some of these entities became candidates for this group. This Awareness indicates many of the entities said they would not do so, even if ordered. This Awareness indicates that this appears to be not an extremely large group of entities, but one that is well disciplined and well trained, much like the Gestapo and SS groups in Nazi Germany, so that these entities could

become an extremely effective killing force.

This Awareness indicates it is seen as a potential, an alternate plan for the use of the heavy boot, or heavy hand against the people of this country, and this Awareness suggests that it cannot be ignored or assumed that this will not occur. This Awareness suggests that the militia groups should become more aware of these potentials because most of the entities in the militia group have their own addresses and homes and these entities would be known along with their addresses and the locations of their homes and families, and these entities would become prime targets for this group.

#### **Militia Groups Must be Made Aware of This Scenario**

This Awareness indicates if the militia groups are not fully aware of all of these potentials, they could simply become likened unto archaic armies in a time of crisis, likened unto Saddam Hussein in his vast military experience during a time of Desert Storm, wherein this entity was so confident that he had everything figured out, but he did not understand the great technology that surpassed his military understanding of some previous generation, and many of the militia may well be into that previous generation thinking. If they have not prepared themselves for this day and age they could well become more fodder for the cannons of the new technologies of military training.

This Awareness indicates of course there is always the hope that there are some military leaders who are still loyal to the nation, to the Constitution and to the people for whom they have been chosen to serve. This Awareness indicates however, there was recently the statement issued to military people that if they are not willing to serve under the United Nations, they should get out of the military, and with this kind of statement, perhaps most of the military is now involved with helping to bring the country into the New World Order.

#### **Resist Not Evil Should the Heavy Boot Descend on You**

This Awareness would like to suggest to the subscribers of *Revelations of Awareness* that in the event the situation becomes too extreme and the freedoms that entities have long enjoyed simply cannot be maintained, and there is no way out of the entrapment being set by the New World Order, then entities need to be able to recognize the gravity and reality of the situation, and resist not evil.

This Awareness indicates the only hope then would be that somehow in the totalitarian future, entities could find a way to move, to operate, to experience and express themselves to such a degree that they can reasonably survive, and within reason find happiness and retain their spiritual essence, even under a totalitarian state, hoping that in due time they may throw off the yoke of such a totalitarian state, or somehow persuade those in the totalitarian state to become more gentle, more kind, more flexible in their dealings with the masses.

In other words, if you are a slave and you cannot get away from being a slave, then the best thing to do is to learn to live under slavery in a way that decreases the pain of your servitude and allows you the best you can expect in such a situation. This Awareness indicates of course, the concerns are always more for your loved ones, your children, your spouse, than simply for yourself, even in the circumstance of slavery.

#### **The Pursuit of Happiness will Suffer Under the New World Order**

This Awareness indicates that the pursuit of happiness has long been a common phrase used in this country. Entities need to understand that the pursuit of happiness generally requires a certain amount of personal control over the world an entity finds himself in, and when an

entity loses almost all control, and there is very little that the entity can control, happiness will suffer. This Awareness indicates that entities can be happy without great wealth, but entities find it difficult to find happiness when there is extreme poverty, thus, extreme poverty, famine or total lack of control will not bring happiness to entities.

#### **The Importance of the Element of Control in Your Life**

It is important for entities to understand this and to recognize the element of control as an important ingredient in not only your own happiness, but in the happiness of others, for if you have all of the control and those around you are given none, they will not be happy, and if you have all of the control and you think you can be happy with everyone else being unhappy, or by their unhappiness, you will find it does not satisfy.

Thus, you will try to make others happy under your control, and this does not work unless you can give them control also. If you can share control with those who are close to you, who are associated with you, so that they have control also, at least to some degree, they may have the potential for a degree of happiness in their lives, and often you will feel happier if you have made others happy.

Thus, it is important for entities to become very much aware of the element of control. Many entities are so power-hungry and so concerned about losing control that they seek too much control for their own happiness and deprive others of any control over their lives, and thus think that they are going to be happier because they have so much control, so much power over others; but it does not work that way.

#### **A Shared Control Can Create a Group Happiness**

It has been discovered that entities pursue happiness by pursuing control, but it does not satisfy when others suffer from total lack of control because one or another controls too much. The control needs to be shared so that all entities have a certain amount of control over their own lives, and when this happens, there is a group happiness that develops, and all entities benefit from group happiness.

Just one person being happy that he has control over all others does not create a group happiness, nor does it satisfy the one person, and he cannot order everyone to be happy "under my control" because they will not be happy, even if they smile and pretend to be so.

This Awareness indicates with this understanding, you can see why the totalitarian controls placed upon a population will not bring about satisfaction, even to those in control, even to the elite, who think they have control over the masses.

#### **The Brer Rabbit Stories Satirized the Slave Masters**

This Awareness indicates it wishes also to point out the lessons that were left by the slaves in the deep South of the United States in their stories of their own plight. The Brer Rabbit stories of the deep South were basically stories of the slaves and the masters as told by the slaves when they spoke of Brer Rabbit; Brer Rabbit meaning 'Brother Rabbit'; and these entities telling of the rabbits and their adventures and exploits and tales were actually talking about their masters, the slave masters, and they could tell these stories right in front of their white slave masters without the slave masters realizing the stories were about them.

They could tell the stories in such a way that it made the black slaves chuckle with each other over the information in the stories. They did not let on that they were talking about the white slave masters. Likewise, the same thing occurred in the story called 'The Flies,'

in France. This story was told in such a way that the Nazi Germans standing guard around people did not realize they were the brunt of these jokes from the story 'The Flies', by Jean-Paul Sartre.

This Awareness indicates in other words, there are ways whereby the slaves could keep their personal dignity, communicate with each other and still keep from being punished for their clarity of communication because the slave masters did not understand what was being said. So having control over an entity is not completely easy or not always possible. It is possible that some entity who appears to be a slave is actually controlling without it even being noticed and you may find, as a slave master, that you are the brunt of the joke without even being made aware of it.

This Awareness indicates that there are ways whereby entities learn to keep their spirit, their dignity, their self-esteem intact, even if they are made into slaves, into the abused, subservient position. This Awareness wishes entities to simply be aware of this in case there are times in your future that it becomes critical for you to express yourself. You may need to learn to express in code, in stories, in symbols that are not understood by those around you.

**Remember: "Even the Walls Have Ears"**

This Awareness indicates during World War II there were signs on the walls of taverns, restaurants and places of gathering. These signs would say "Even the walls have ears!" The purpose of the signs was to warn entities not to talk about things that could be of benefit to the enemies of your country.

Many times entities would come home from working at the aircraft assembly plant or go to a tavern afterwards, and it might be tempting to talk about the kind of plane you are building, the fighter, or the bomber, but these signs: "Even the walls have ears," would remind the entities that there may be people listening who are spies for your enemy and therefore, entities would not talk about these things that could be of benefit to the enemy of the country.

This Awareness indicates in the future, this may also become necessary for entities to realize that what they say in casual conversation may be overheard by some agent or some spy for the other side in such a manner that would jeopardize their own lives or their friends, to bring down some heavy boots on these friends or on themselves simply because they said something to someone whom they trusted, but said it too loud, and it was overheard.

This Awareness indicates there are not many areas in which entities can be trained for these kinds of concerns unless your government is behind such training, because in this time, it is the government itself that has been corrupted by these criminals who are opposed to the Constitution and who are trying to turn the country into a satellite of the 13 families who guide the Globalist elite people in order to consolidate their greater power over the masses; and because there is no government effort to warn people how to think, how to speak, how to behave in public, many entities are going to get hurt. They simply don't know. They have not been trained. World War II is too far away for them to have had any connection with those reasonable behavioral patterns that were necessary and that may become necessary in these current times.

**The Concept of Lying Could Save Your Life**

This Awareness indicates there is also a concern this Awareness wishes to speak of in regard to the concept of lying. Entities are trained by their parents: "Do not lie! Tell the truth!" Thus, a child grows up (hearing

"Do not lie! Tell the truth!", and is conditioned in school, "Do not lie! Tell the truth!" and finds himself at some point being confronted by some agent or provocateur trying to take information from the child about his parents:

"Does your father have a gun?" "Does your mother have a computer? Does she use it? What does she do with it?" "Is your family associated with a church? Which church? What are their beliefs? Do they believe in the New World Order? Do they believe the Constitution of the United States is the law of the land?" "Where is your father hiding? Where did he go when he left the house? Tell us where he went! Do not lie! Tell the truth!"

Being confronted by questions of this kind, an entity who is trained to tell the truth, especially if they are told they must tell the truth or they may go to hell, as some children are, can be very difficult in terms of loyalties. Is the child to be loyal to his father who is hiding from the Gestapo? Or is he to be loyal to the truth itself, which would be to tell them: "He is in the attic, hiding from you guys, because he knew you were coming to take him and that you plan to kill him!"?

This Awareness indicates there has to be some kind of recognition of priorities such as: how bad a sin is it to lie when if you tell the truth it becomes a greater sin of betraying your parent or causing your parent to lose his life? Is it not the same as killing your father, if you tell the Gestapo where he is, when you know they want to kill him? Is this not likened unto murder? And is lying about it more serious than murder?

This Awareness indicates children need to learn, to think in terms of perspective: What is the more important, in terms of values?, not just black and white, but in the various shades and degrees and dimensions of reality and the priorities that may affect a command or commandment. But this Awareness indicates these are unlimited in number of potential events or situations that may occur, and therefore, it is almost impossible to prepare entities for every circumstance or situation.

This Awareness indicates *It* just wished to get things into a kind of meaningful perspective for entities to think about, ponder, and consider well before any need for such preparation, or before any decisions are necessary.

**Kids Are Bringing New World Order  
Questionnaires from Schools**

**FOLLOW-UP QUESTION (VIKKI):**

Well, I've heard reports that the kids in school are being sent home questionnaires with many of those questions being asked at this point in time.

**COSMIC AWARENESS:**

This is in the affirmative. There is already an attempt to pry information out of children regarding their parents to get an idea of where the parents are in terms of their mentality, and therefore, it is important for entities to either hide certain information from their children, because the children are being used as spies, or to inform the children what they should or should not disclose in schools.

This Awareness indicates it would be better to keep the information from the children so that they do not have the information to disclose, or you can tell the children to simply say, "I don't know," when asked certain questions.

**DO CANADIANS NEED TO BE ON GUARD?**

**QUESTION:**

A question from Robert S., in this general area, from

Vancouver B.C. He writes: "A few years ago an issue of *Revelations of Awareness* featured a picture of a New World Order concentration camp built, as I recall, in or near Montreal. Whatever became of it? Do Canadians need to be on guard against the New World Order causing their government to round up Welfare recipients, New Agers, handicapped or homeless persons, and those expressing "dangerous" opinions and placing them into concentration camps?"

**COSMIC AWARENESS:**

This Awareness indicates Canadians are also in danger of similar controls. It will become more clear after the controls in the United States become implemented. This Awareness indicates at present time, there are many laws being passed that are not being enforced. Once these laws are enforced, once there is the determination that this country is to be more deeply controlled, then these laws will be pulled out, probably after an entity has been arrested. They will discover that there are laws which they did not even realize existed, laws that they have broken.

This Awareness indicates once the trap is closed and these laws are pulled out, then entities will be rounded up and punished for the laws that have been passed, which have not, up to this time, been implemented or enforced, and the same may be said for Canada. Entities in Canada should be very watchful of any new laws being passed that may relate to new World Order controls.

**Spy-Cameras in Place on Canadian Highways**

This Awareness indicates there are certain features for example, in Canada, that are being promoted for passage. One for example, being a kind of highway control wherein automobiles would be photographed as they drive on certain highways. They can photograph the automobile as it passes one point, and again as it passes another, and thus tell its speed, and this is being promoted as a way of reducing accidents, but it also is a way of keeping track of entities, so that if an entity is traveling from one place to another, that entity can be found on the tapes of these highway cameras, and it can be determined when he passed a certain place, where he went to, and how long it took to get there.

This Awareness indicates it becomes a Big Brother camera, for more than just speed checks, or for more than just preventing accidents. This Awareness indicates there are other laws that are being passed in Canada that are similar to those being passed in the United States and entities need to become aware of these. Some may have been put in place previously to those that are being put in place in the United States.

**FOLLOW-UP QUESTION:**

That so-called concentration camp near Montreal; is it still in place?

**COSMIC AWARENESS:**

This Awareness indicates this is not something this Awareness indicated. This appears to be something that the *Revelations of Awareness*, this in reference to a picture that was printed in *Revelations of Awareness*? This Awareness indicates that it may have been referred to in some question from an entity in Canada. This Awareness indicates it appears to be in the same area; that it does not appear to have been moved or taken down or anything, but it does not appear that this Awareness brought up the placement of the concentration camp.

**Those "Closed" Military Bases in the U.S.**

**QUESTION:**

Someone sent in some news-clippings I can't put my

finger on right now, but it was in reference to the many military bases that Clinton supposedly had closed down, and these articles show very clearly that these bases are *not* closed down. In fact, there's quite a bit of activity going on in them, and a lot of construction. Could Awareness comment on the status of those closed bases?

**COSMIC AWARENESS:**

This Awareness indicates that in some cases they are being prepared for the incarceration of citizens picked up for imprisonment, and in some cases they are being prepared as places for troops to gather, to go out into the land for maneuvers in cities and in states, to control the population and to make arrests and so forth.

**The Government is at War with the People of the United States**

The bases appear to be more for internal controls rather than for external concerns, or for potential enemies of the country from outside. They do not appear to have that purpose anymore, but appear to be solely for the purpose of controlling the American people. As one person put it: "The government is at war with the people of the United States", and this sums it up so that entities can begin to better understand what is going on in this country.

**Ross Perot's Reform Party: Any Influence?**

(The Hit Man George Bush Told to Kill Perot Now Speaks)

**QUESTION:**

Four years ago, before the election, when Ross Perot made his appearance and gathered a lot of followers and it looked like he was going to launch a Reform Party, Awareness indicated when the entity mysteriously dropped out, that the reason was that his life had been threatened, as well as his children.

Now that statement today has been confirmed by an entity named Gene Tatum who was a CIA hit-man, who's been releasing through the Internet what he calls the Tatum Chronicles, and this entity has been a very highly paid CIA killer, who blatantly discusses the people that he dispatched, particularly in South America and the leaders in these countries that the CIA wanted to disrupt that were leaning to the Left.

And on August 1st, he says, he's also previously sent this information to Ross Perot, but he drew the line when he was ordered by George Bush to "neutralize" Ross Perot. Today there's an interesting little bit that he puts out through the *Conspiracy Nation*, dated August 1st, 1996.

"To Mr. Ross Perot, 12377 Merrit Drive, Suite 1700, Dallas Texas, 75251.

"Dear Mr. Perot, please find the accompanying copy of the Tatum Chronicles. I call your attention to page 42 through 46. On March 24th, 1985, I was tasked to fly several passengers to Del Ocotol, Costa Rica. Among those present were William Barr, (future US Attorney General); General Manuel Noriega, (Panamanian military leader), General Gustofo Alvarez, (Honduran army Chief of Staff), Joe Fernandez, (CIA), Mike Harari, (MOSSAD); and Felix Rodreguiz, (CIA).

"During the meeting, the discussion centered around the large amount of drugs and money missing from Lieutenant Colonel Oliver North's Contra drug-manufacturing "Enterprise". These distribution points were discussed: Ohio, Arkansas and Colorado. The Colorado leg was discounted as being the source of the loss. Next Ohio was discounted. It was determined that the Panama to Arkansas leg was where the drugs and money were missing.

"A call was made via SATCOM to the governor of Arkansas concerning the loss. This in itself should not be of concern to you or your party, but as I told you in my letter dated April 20, 1996, Vice President Bush was concerned about the Reform Party being contrary to the interests of America. The order to

"neutralize" you was given to me.

"Now this is not normally the first step in our process. Normally, Vice President Bush would exhaust all diplomatic means before ordering Pegasus on the job. I must ask: Was there an attempt to diplomatically resolve your starting a new party? Only you can answer this, because if there was, you were obviously stalwart in your stand to organize a third party, Bush be damned!

"I believe that Mr. Bush has continued his attempt to thwart the formation and success of the Reform Party via political sabotage. When I refused to carry out the neutralization order and threatened to disclose the documents in my possession, which would destroy several major political figures, he was forced to take a different course of action.

"Look at page 43 of the Chronicles. Who do you think the overseer of the Colorado leg of the "Enterprise" was? I would reasonably assume that since the Arkansas leg was run by the Governor of Arkansas, the Colorado leg was run by the Governor of Colorado. So then I would ask: Who was the Governor of Colorado in 1985. If my memory serves me correctly, Richard Lamm was Colorado's governor from 1974 through 1986.

"Now, suddenly, from nowhere, Mr. Lamm has mustered support and announced his candidacy in your Reform Party. And is further demanding that you step aside and let a third entity manage the party.

Oh what tangled webs we weave! Beware my friend, and good luck! As always, true to America, D.G. "Chip" Tatum."

Would Awareness comment on that information?

#### COSMIC AWARENESS:

This Awareness indicates the information as that which is correct. It compliments information given in the pamphlet which you provided to the Interpreter to read earlier, in that this pamphlet discussed the role of Clinton in the Arkansas drug situation at Mena, where the drugs were brought in to Arkansas.

This Awareness indicates the problem in Arkansas developed when a large amount of drugs disappeared and there was no accounting for them, therefore, they changed the entire operation out of Arkansas at that point because of their suspicion that someone in the Arkansas loop was confiscating the drugs. This dovetails with your just-read report.

This Awareness indicates that the entity Lamm from Colorado appears to be the one who was governor at that time, and the statement appears to be valid from this entity to Ross Perot. Whether or not Ross Perot's Reform Party will do anything, depends on whether Ross Perot is still intimidated by the powers of the New World Order, for most of those involved in the New World Order are also involved in the promotion of drugs in this country.

This Awareness indicates it may well be that the situation of the Reform Party has been compromised so heavily that it is of no value to any patriotic American seeking to have the freedoms that were given to this country by the Founding Fathers.

This Awareness indicates it depends on how this entity fares in his attempt to gain the nomination through the Reform Party. If the entity is unsuccessful, then the Reform Party may still be of some important value.

### What is George Bush Up To These Days?

#### QUESTION:

The media keeps showing the co-called 'retired' George Bush watching various sporting events and so forth, but it's implied in this information just read that Bush is still operating behind the scenes. Is this true?

#### COSMIC AWARENESS:

This is in the affirmative. The entity George Bush had control before he became president. He controlled and pulled the strings on Reagan, as Reagan was president. George Bush was the power behind the man, and he had the power when he was president, and he still has power over Clinton, although Clinton has a certain amount of personal power as president.

It is not a case of George Bush having total power over Clinton, but considerable power over Clinton, and the situation of Clinton's misdeeds is becoming even more powerful on his life so that the entity will very likely, within perhaps the next month or two months at the most, will be forced to resign, or if he fails to resign, suffer extreme notoriety before the American people, to where he would go down in history as a very dishonorable person.

### IN THE UNCERTAIN TIMES AHEAD, REMEMBER AKASHA

#### CLOSING MESSAGE:

This Awareness indicates that events on your plane are becoming very wildly erratic and stormy and it may become even moreso in the next year of 1997, but up to this point in '96 there has been relative peace. Do not expect this to continue throughout the rest of the year. This Awareness indicates the troubles will begin on the higher levels of the pyramid of power, but they will gradually come down to where they eventually may appear in the streets of your cities.

This Awareness suggests entities during these critical times remember Akasha. Akasha is that energy that permeates all things. It is the Life Force that is everywhere present in the universe. It abides within you and beside you. It is everywhere present. It is the Mind of God.

You are within the Mind of God. Akasha is the Spirit, and you float in an ocean of Akasha if you are residing in the universe, and that Akasha can offer you absolute and total peace at any time, regardless of the storm, the chaos that is occurring around you.

In all of the molecules and matter, in all of the emotion and words and potential violence, there is always that peaceful energy known as Akasha, the Spirit of God, which you may attune to simply by focusing and feeling *Its* presence within and around you.

(The Law of Gratitude is given)

Ed's Note: If the scenarios in this reading sound all too familiar, they are. Over the past 20 years we have printed this information time and again: the stock market will crash, a planned food shortage will create famine; Nazis are in control of our government, etc. etc. When it didn't happen, Awareness explained that the timing was off, that the 13 families behind the New World Order had postponed certain events because something had changed. However, they are in control and time is running out. Now they have only four years to bring their tyrannical world plan down on humanity. The very fact that their time is running out, is good reason to pay attention to this message. I have that sinking feeling in my stomach that this time the Awareness forecast could be on the mark. It may help to review a few past issues relating to all this unfortunate business, such as "Revelations of Awareness" 92-12 (Operation 'Hot August Night'); 91-5 (The New World Order part 1); 91-8 (The Moonlight Scenario); 92-11 (The Coming Economic Depression); 93-12 (The New World Order Part 2); 94-14 (The New World Order Part 3); 95-9 (The Oklahoma Bombing); and of course, the mother of them all, 79-1 (The Gathering Storm): \$3.00 each from CAC (except 79-1 & 93-12, which are \$5.00 each).

If you will not fight for the right when you can easily win without bloodshed, if you will not fight when your victory will be sure and not so costly, you may come to the moment when you will have to fight with all the odds against you and only a precarious chance for survival. There may be a worse case. You may have to fight when there is no chance of victory, because it is better to perish than to live as slaves. Winston Churchill

## THE SIGNIFICANCE OF MEL GIBSON'S "BRAVEHEART"

(C.A.C. general Reading, 6/18/96) Opening Message:

This Awareness wishes to call attention to the entity Mel Gibson. This Awareness indicates that this entity has become a kind of Patriot hero. This Awareness indicates that the entity was born and lived in California, before moving to Australia, grew up in Australia, became an actor and has since come back to California, wherein he recently directed and starred in a movie which he also helped to write. This movie is Braveheart.

This Awareness indicates that the movie Braveheart has become a kind of standard for Patriots across the country, and it is said by many that Mel Gibson wrote this story for the Patriots, for the men of America, to remind them of the importance of freedom. It is a story that takes place in Scotland, in the 12th Century, wherein the Scottish people were being ruled by corrupt officials who denied the freedom of the people in that region, and the entity who starred in the story became a local hero to the Scottish people for his strong stand for freedom in helping to lead the Scottish people to resist the tyranny of those who were determined to keep the Scottish people under their control and deny them their rights as humans, taking their women at their own choosing and expecting the Scottish people to accept that as the way of things.

This Awareness indicates that this production of this movie is said to be Mel Gibson's effort to spur the American men to become more determined and more dedicated to the preservation of freedom in the face of an ever-encroaching global tyranny that is attempting to take over this country. This Awareness indicates many of the groups around the nation regard the entity Mel Gibson as a kind of inspirational hero for the movement. This Awareness indicates that if you find yourself attending this movie, consider it in light of today's situations as well as that of the 12th Century, and you will see many parallels.

Even though the times have changed greatly, there are many parallels that are presented. The similar problems of the 12th Century are being brought upon this nation today.

### The Shocking Revealing Book: "Trance Formation of America"

This Awareness wishes to make another comment. There is a book in the marketplace, which most likely will need to be ordered from a particular address. The book is titled *Trance Formation of America* and this book has to do with the claims of an individual who was programmed by certain elitists within the government, including agencies involved, to become a sex slave and courier for diplomatic relationships between national and international personages of well-known names, and the story she tells is that which would shock even the most calloused sailor or most worldly individual because of the things she is put through by her handlers and controllers, and the story also exposes many of the people who you know in terms of their famous positions and names within your country.

You will be utterly shocked and surprised at these claims by this entity, as she was put through these circumstances in which she had to perform various actions, including drug-running for high profile government officials whose names you will recognize, even presidents, and sexual acts for these entities, and how she was considered expendable, and how she managed to escape and remain alive today.

The entity has recently been able to give talks, and

feels that the only way she can stay alive is by speaking out, and the speaking out makes it difficult for her to be silenced as it would give greater credit to her claims, to her book. This Awareness indicates that this is not a book for children. It is not a book for timid people. It is a book for those who want to know what is really going on in high places. How far does the Satanic movement actually extend? How far does corruption go in terms of your government and the officials involved? Just how widespread is white slavery and similar types of corruption of individuals and their lives extend among the top politicians of the government?

This is a book that will shock you, disgust you, cause you to feel total repulsion toward certain famous and well-known individuals and presidents and ex-presidents. This Awareness indicates *It* does not wish to go into the details of this book, but when you have read this book, you will never again be naive about the New World Order, and the kinds of people who are behind this New World Order, or the types of people who are running your country. This Awareness indicates it will awaken you in such a manner that even if you refuse to believe the facts of the book, you will have a very difficult time dismissing its message and content as being false.

Too many details are given to dismiss the information. Too many details that can be checked and verified in various ways. If someone really wanted to discredit the book, there are enough details given that they could discredit the book if it were such that the details were false. This Awareness indicates that the entity has presented such information that it could be refuted if she is wrong on much of her information. This Awareness indicates it appears that in general, the plan is to ignore the book and hope it does not get read or widespread distribution, for it would surely tear apart the reputations of many entities in this country and also much of the structure of politics and power that rules in this country.

This Awareness indicates anyone having this book should be very careful not to let children or adolescents read the information contained therein. It is more or less X-rated material, but entities who really want to know what is going on in the top echelons of this nation do truly need to read this material.

### FOLLOW-UP COMMENT:

Much of that book and lots of the chapters have been going over the Internet for about the last 6 months, so a lot of people are becoming aware of that situation.

### COSMIC AWARENESS:

This Awareness indicates that the part of the book that concerns this Awareness to the point of wanting to bring this out to the public has to do with the exposure of New World Order plans for creating what may be termed 'white slavery' by the use of children and women in the New World Order, how and why, and the probability of such actions when understood as described in this book, especially considering the types of people behind this movement.

This Awareness indicates that it becomes very obvious that the kind of power and control these people use and are used to would be very much at home with the idea of white slavery, sending children and young women to foreign countries for the purposes of prostitution, or use for entertainment for diplomatic purposes and dealings with drug cartels and political dealings between politicians and leaders and state authorities from different countries.

This Awareness indicates that the use of sex to help persuade someone to consider a particular treaty or a

particular agreement wherein the sex can be used not only as buttering actions to persuade the entity, but also as blackmail and coercion in the event the entity should ever attempt to renege on some agreement. This Awareness indicates that these and the exchanges of drugs between these state and government leaders are commonplace among the officials of the many entities making up the shadow government of this and other countries, who have sold out their souls to the New World Order and its agenda.

**FOLLOW-UP COMMENT:**

That book confirms much of what is in John De-camps' book of *The Franklin Cover-up*.

**COSMIC AWARENESS:**

This is in the affirmative. There are many cross references that entities who have read or studied other material from other sources can see that this entity has inside information that parallels other sources of information so that it becomes more and more difficult to simply discard her story. This Awareness indicates that she also gives details that can be verified. If anyone wished to deny her story, they could deny it and produce proof, but if she is right, they could not find the proof to deny what she states.

This Awareness indicates for example, as a sex-slave being used by high-up officials in this country, she has described the size of various officials in terms of their penis size, shapes, et cetera, and she has described their preferences for sex, et cetera, and this Awareness indicates the entity's descriptions could easily be refuted if she were lying about her involvement with them. This Awareness indicates that the entity, being forced from childhood into these relationships by government officials who passed her around like a football, and forced her to play the games with them in such a way that her life was under constant threat, and she was tortured continuously by various means to keep her obedient and under control.

This Awareness indicates that her escape was miraculous in the sense that many others did not escape, have not escaped, could not escape, and the entity lists the names of many other women who are well-known, but who remain slaves to the same kind of mind control under the control of various government officials and agencies. This Awareness indicates that you will also be surprised at how well-known some of these entities are; that these are trained to appear extremely sophisticated and they can be made into stars, singing stars or movie stars, but they have been trained to be sex slaves for government officials.

This Awareness indicates it is a shocking book, and the squeamish should avoid it. It is not something that is entertaining. It is something that is very disturbing. This Awareness indicates unfortunately, its factual information is so important that entities need to be disturbed by it.

Ed's Note: This is an extremely mild review Awareness just gave to this lurid true life account of a CIA mind control sex slave. It is little wonder our country is going to "hell in a handbasket" when our hypocrite leaders and lawmakers lead such sordid double lives and care little to the incredible extent they violate these helpless children and young women. Your editor once mentioned this book in a memo to the membership and suggested that before you start to read it that you fortify yourself with a double shot of good gin. Better make that a triple. CAC has about 30 copies of this book, although it is not listed in our Book Catalog Price sheet. (Price \$15 plus postage). You can also obtain copies from Reality Marketing, Inc. 5300 W. Sahara, Suite 101, Las Vegas, NV 89102 for \$18 which includes postage. You can get 11 to 35 copies for \$12 each, or 36 or more at \$9.00 each plus postage. For VISA/Mastercard orders phone 1-800-656-3597. It also may be obtained by calling 1-800-342-8920 but these numbers constantly change as the various federal agencies are constantly after Cathy O'Brien and Mark Phillips, the authors, who stay alive by moving from

town to town and giving lectures on this incredible mind controlling that is going on right under the nose of the American people. You can contact them for info when they will be in your area by writing Mark Phillips/Cathy O'Brien, PO Box 158352, Nashville, Tennessee 37215. Should you be planning to vote for Clinton this fall, or if you believe Hillary is really the saint her handlers make her out to be, you really do need to read this chilling book. If you can afford it, buy 36 copies and mail them to those many people you know who need to wake up before the New World Order and these mind control tactics make them, too, a slave of their evil agenda. (Avaton).

## Free Will and "Miraculous Healings"

**QUESTION:**

A question from JD in New York. She asks: "What is Cosmic Awareness' view of human free will? Some teach that ethical advanced spiritual beings, for example, never bestow "miraculous healings" unless it is fully in accord with the individual's karma. Others teach that advanced spiritual beings do not intrude to stop our wars, end hunger and so forth, because to do so would grossly violate our free will, as we collectively as a race have created these things, and that we, collectively as a race, must put an end to them, and that our so doing is essential to our spiritual maturing.

"Are advanced spiritual beings indeed so careful not to infringe our free will?" she asks.

**COSMIC AWARENESS:**

This Awareness indicates that there are certain principles of physics, there are certain principles involved in consciousness; there are principles involved in frequencies and vibrations. These are Cosmic Laws. They are laws that are not fully understood by science or by the masses, but there are some entities who have a better understanding of some of these principles than do others.

One entity, for example, may be capable of manipulating certain vibrations in such a way as to heal by touch. Another may heal by focusing energy from the mind. Another may heal by a combination of certain actions, movements or prayers, or other behavior. Others may find that working as a group helps them to bring about miraculous healings or changes of fortune. This Awareness indicates that these are simply actions of manipulating frequencies, vibrations and the energies of the universe.

This Awareness indicates that praying to divine spirits can benefit some entities. Some entities are even able to get dramatic results on occasion, but find it difficult to control every effort to the point of getting a dramatic result in the form of a miracle. This Awareness indicates that the movement of vibrations often involves the need for extreme emotion as well as clarity of concentration and force of will, and by the word 'will' in this use, this Awareness means concentration.

This Awareness suggests also that 'prayer' in the sense of supplicating or pleading or seeking help from higher vibrations for a particular cause, can create a kind of receptivity that helps to bring in the vibrations or frequencies that are needed for a change in consciousness, and thus a miracle that may follow. This Awareness indicates that most entities in thinking of miracles are thinking of something highly dramatic that could not possibly be natural, and therefore, if it is something that comes slowly as a result of imaging or focusing or prayer, and the change occurs, but it occurs in a more slow manner, they do not consider it as a miracle. They think it has come about because of some 'natural' occurrence.

This Awareness indicates however, whether a miracle occurs suddenly or slowly over a period of hours or days, it can still be a miracle in the sense of having been created from prayer or will or other types of mental

effort in manipulating consciousness and vibrations. This Awareness indicates that in reference to the question: whether there is free will; entities need to understand that in one sense, there *is* free will. There is the will to have a different attitude. You can change your mind or change your attitude and thus alter frequencies and vibrations and consciousness to bring about the resulting change from having changed consciousness or having changed vibrations and this free will is commonplace.

This Awareness suggests that others will say "There is no such thing as free will because everyone is conditioned!" and they may even argue that the person who changes his mind has been conditioned to change his mind, and therefore, the entity is operating from a conditioned behavior and is not expressing free will. This Awareness indicates that these are just words trying to describe something that may not be descriptive in the precise sense at all.

This Awareness indicates that for the most part, there are entities who are essentially asleep, unable to think clearly or to express free will, but there are some entities who are more aware than others, and less conditioned. They are not so conditioned in their lives and their thinking and therefore have more choices, have more free will than those who are operating under conditioned consciousness.

This Awareness indicates that in this sense, the entities who are conditioned to behave in a certain way, to react in certain ways, may think they are making choices, but their choices are based on their own conditioning, and these entities do not really have free will to the degree that another entity might have free will who is not so conditioned.

This Awareness indicates that it has discussed various aspects of the question. If this has not covered the full scope of the question, this Awareness suggests that the areas still uncertain should be restated.

#### QUESTIONER:

Well, she asks specifically what was Awareness' view of free will, and also that some teach that ethical advanced spiritual beings, for example, never bestow miraculous healings unless it is fully in accord with the individual's karma. Let's see, Awareness covered that. "Others teach that advanced spiritual beings do not intrude to stop our wars and hunger and so forth, because to do so would grossly violate our free will as we, collectively as a race, have created these things, and that we collectively as a race must put an end to them and that our so doing is essential for our spiritual maturing.

"Are advanced spiritual beings indeed so careful not to infringe on our free will?" That was basically her statement.

#### COSMIC AWARENESS:

This Awareness indicates that the latter part was not fully addressed, but it appears that many of the more highly advanced spiritual beings do not interfere or intrude on the affairs of humans except if invited by entities, and if they are invited or desired, or if there is a petition or prayer for their intrusion or assistance, often these entities will intercede in a way that is not necessarily recognizable as a spiritual intrusion in the affairs.

This Awareness indicates in other words, if there is a war occurring and someone prays for spiritual help, even if the spiritual help were to be offered, it would come in a way that was not obvious as a spiritual miracle, or spiritual intrusion. In other words, perhaps it would simply come as a storm that stops a battle or

some kind of event or change or discovery or breakdown of some controls or some equipment so that the battle could not continue or a weakening of one force would occur to help bring the conflict to an end or prevent it from building momentum.

This Awareness indicates that generally, if it is a major war, or conflict, spiritual intrusion would not be such as to create a major miracle to stop the action without a natural explanation for what occurs. This Awareness indicates for example, there have been reports in World War II of soldiers in battle seeing apparitions or seeing apparitions in the sky of some spiritual apparition or vision. At one point there was a report of soldiers seeing Mother Mary in the sky and this helped to stop both sides from fighting for a period of time. In another battle there was a cloud of fog that came through and stopped the battle for a time.

This Awareness indicates that these can be considered miracles, or they can simply be considered illusions or strong imaginations on the part of the participants of the scene.
