## THE NATURE OF OUR WORLD AT PRESENT TIME

(How to Better Understand the Coming Events)

## QUESTION:

Awareness, we're here to begin a series of CAC general readings, with questions sent in from the membership. Does Awareness have an opening message?

## COSMIC AWARENESS:

This Awareness indicates there are many things happening in today's world. This Awareness indicates it is as though things are speeding up toward a frantic climax. This Awareness indicates there are things upcoming, and things presently occurring that can best be understood with a background or foundation that is yet to be clarified.

This Awareness indicates there is much that has been given over the past 20 years by this Awareness which serves as a kind of foundation for this information that is necessary at present, but this Awareness wishes to comment in a capsulating manner the nature of the world in which you live at present, much of which will summarize information that has been given over the past 20 years; much of which will perform as a platform from which entities can better understand the coming events as they unfold.

This Awareness wishes also to comment on two especially important books that are now available, which will help further in understanding information this Awareness has given in the past, in which these books summarize much of the information and add more clarifying detail in regard to specifics in the information which this Awareness has given over the past 20 years. These books also are timely in terms of present events, and this Awareness will comment on these also.

### The Quiet War That is Now Going On

This Awareness wishes to point out at present that essentially, there is war going on. It is a different kind of war than those which entities are used to when they hear the word 'war'. It is essentially quiet war. It is a war that takes place in many different battlefields. It occurs occasionally with some form of explosion, such as the Oklahoma City bombing. It occurs occasionally with some weeping and wailing, but for the most part, it is a quiet war that rages incessantly in various battlefields or arenas.

### The Battlefields of the Quiet War

The war, for example, takes place in one battlefield called the media, in another battlefield called the Department of Justice or the courts of the land, the judicial arena; in another area it occurs in the schools of your nation, in the schools of the world through the indoctrination of the children, through the manner by which the brains of children are manipulated to make them into good and proper soldiers for this war in the coming years.

It occurs even in the market place. These are the battlefields. They are not specifically located in time and place. They are scattered in various places, but are in the form of areas of society. This Awareness indicates the conflict occurs also in the law enforcement arenas between different agencies, between different levels of jurisdiction, whether local or statewide or national. The battle can be between entities from different jurisdictions.

This Awareness indicates that there is a conflict and dispute that rages between various companies in the business world, but it is more than business itself; it is

vying for power, and these efforts to gain power over competitors or to push certain entities out of the running; these are part of the war. This Awareness indicates that the companies in business that become the strongest during the next few years may be given an opportunity to play with the 'big boy' companies. Otherwise they are likely to be shut out altogether.

### Buying In to "Political Correctness"

This Awareness indicates there is also that which is known as the political war. Essentially, if entities understand what is meant by 'political,' it is best to think of it in terms of popularity contests, for essentially that is what political correctness is: the position that is most popular, the position that is promoted as being the most popular. If entities can begin to understand a certain position as being politically correct and buy into that political correctness, they are seeking to be popular on the agenda of that which is promoted as the politically correct or popular position.

This Awareness indicates there are many who are not politically correct, who take a position that is less than popular, and there are many who take a popular position, but whose position is described as unpopular. Many of these entities being described as unpopular, will find that gradually their position becomes less and less popular because the masses want to be on the right side of politics. They want to be politically correct.

This Awareness indicates therefore, if they are told by polls or by the media that it is politically correct to be "such and such" and politically **incorrect** to be something else, then they are likely to switch their positions accordingly. This Awareness indicates there is a war in regard to the taking of polls, because this is part of the propaganda war, part of the machinery that persuades entities to take a position which lines them up to give power to one group over another.

It is a war for power. In some cases it erupts in violence. For the most part the violence is kept secret or hidden or is presented in a way that excuses it or makes it appear that the victims of the violence are 'evil' and unworthy to live. An example of this is that which occurred in the Waco scenario and situation. Likewise, in the Montana Freemen situation.

These entities were vilified without ever having the opportunity to give their side of the story to the press, or to the public. The press was of course part of the propaganda for those elite factions that control the one side of the story. This Awareness indicates essentially, this is a war between the masses, the people, and the various governments and the elite controllers of those governments.

This Awareness indicates there is a term used in one of these books which this Awareness will mention: the 'Global Elite'. This term is that which serves well in describing the masters behind the controlling factors that are promoting this war against the masses, against humanity on earth. This Awareness indicates that this book does not clearly define who the Global Elite are. It does define, as has this Awareness, the lesser levels of this Global Elite.

### Behind the Global Elite: the Murder of Amschel Rothschild

This Awareness indicates that the book does point out that the Rothschilds are not necessarily the highest or top of the pyramid of global elite powers. This Awareness indicates that *It* suggests that there is someone giving the Rothschilds directions and orders also. If you will recall, Amschel Rothschild was recently murdered in Paris. Allegedly, they claim he committed suicide by wrapping a towel around his neck and hanging himself from a towel rack. This Awareness indicates that this of

course is an absurdity. It is not seen as probable for entities to hang themselves with a towel hanging from a towel rack. It would simply break the towel rack and the entity might bump their head in falling, but they are not likely to commit suicide in such a manner.

#### **The Murder of Ron Rummel and his Associate Phil Snyder**

This Awareness indicates it is likened unto Ron Rummel or Creston's friend who called for, and insisted on a Grand Jury to look into his, Ron Rummel's alleged suicide, which he perceived to be murder, and after months of his persistence, he was found dead in his apartment. This is the entity Phil Snyder. He was found dead in his apartment, hanged by a tie on his wheelchair. It was ruled suicide through hanging.

This Awareness indicates it is very difficult to see how a person could hang themselves from their wheelchair, for the wheelchair would either tip over, or, if from the handle of the wheelchair, the entity would not have far to drop. He would be simply sitting up, or if he tried especially hard, he could lie down and pull from his neck on the handle of the wheelchair. In any case, before it could break his neck, the wheelchair would more likely tip over than cause the entity to strangle or to drop far enough to break his neck.

This Awareness indicates it is no longer necessary for these entities to make sense of what they rule as "suicide," and therefore, they are becoming so arrogant and blatant that they simply kill people and call it suicide. This Awareness indicates that is an indication that these entities are so sure of their position, they no longer have to be careful or to hide their activities.

This Awareness indicates that you are in a world wherein these entities of the global elite and all of their spread-out followers are becoming more and more blatant, and the information about this is becoming more and more available to the masses. These two books that are out help to focus and summarize what is happening in the world, and this Awareness indicates that once you have read these books you are never going to see the world the same as before.

This Awareness indicates that much of what this Awareness has given over the past 20 years has been missed or lost or forgotten; or many entities were not present during the entire 20 year period to have the information in a compact way, but these two books are of great importance because they allow entities in approximately two pounds of paper, to have access to the full picture of what is occurring in their world, and with this information they can see the reality and not be confused by false stories on the news or propaganda or other arguments of the pundits and panelists who are truly representative of the Global Elite.

#### **Khazars--the Blond Nordics from Underground who Influenced and Controlled Adolf Hitler**

This Awareness does wish to comment further at this time on the Global Elite. It is suggested that many of these entities within the books described, as being from an underground society, that influenced Adolf Hitler and other entities who have contributed to the New World Order in their own various ways, and that these entities from this underground society were related to blond Nordic types who have also been seen and described by entities who have claimed to have been abducted by UFOs.

This Awareness indicates that if you will recall, there also have been mentioned by this Awareness and others of Khazars. These were Nordic type entities who used to live on the Volga river, taking taxes from passing boats, sometimes robbing the passing boats of money, creating a kind of society that taxed people and used money for

usury purposes of acquiring great wealth.

This Awareness indicates there is some indication by many of those who have studied these areas to believe that the underground society is more than just a term, or metaphorical use of the word 'underground'. There is some belief that it is a city underground, in the area between China and Tibet. Some called this Shamballah, but there are other names also, and some see this as a place inhabited by blond-haired, blue-eyed entities of the Nordic type.

#### **Adolf Hitler's Description of the Aliens**

Adolf Hitler spoke of having seen the "Superman and that his eyes were frightening, and "I was afraid"--these were his words in describing this entity. This Awareness suggests that these are extraterrestrial entities who have long lived underground in this area. These are the entities who have the ultimate control, the ultimate power over the various leaders of the world.

#### **The Big Picture**

This Awareness indicates that it is their purpose to set up this world so that it becomes a part of the Draconian Federation; the federation that is controlled out of Draco, using influence from Orion, Draco, and Zeta Reticula; these extraterrestrials working through Nordic type entities who have influence in this underground city; these entities having accepted the job of bringing this earth into alliance with the Draco Federation and the Orion Empire, who are allies in the galactic war that is occurring in this galaxy.

#### **On the Global Level: Aliens Have Set Up the New World Order**

This Awareness indicates this is the big picture. This Awareness indicates on the more global level, it is an effort to create a One World Government that is capable of controlling all levels of society through the manipulation of individuals through their ability to buy and sell, and also through the control of health care and through the education and mind controls available to them through various electronic devices and media, and also through the microscopic chips that will eventually be implanted, presumably by the year 1998, into every person's hand or forehead as mentioned in the *Book of Revelation*.

#### **"Book of Revelation" a Blueprint for World Dominion**

This Awareness indicates it is no coincidence that the *Book of Revelation* is being used as a kind of blueprint for the world domination. It is a fact that the *Book of Revelation* was originally a writing of the Templars. The Templars having discovered the pattern or plan of alien conquest of a planet, and put this information into the *Book of Revelation*, and if you examine it, you will notice that it speaks of the "dragon." Instead of calling it the dragon, read it as "Draco," the constellation Draco.

#### **How to Interpret the Secret Meanings in the Book of Revelation**

This Awareness indicates that instead of reading about the 'Mark of the Beast' think of it as a microchip. You can see how the Templars wrote this book in an attempt to expose the plans of the extraterrestrials to the masses. It became inserted in the New Testament almost accidentally. There were people who were very much opposed to it being put into the *New Testament*, but because it had some useful value in helping to control Christians, it was eventually decided to put it in, and use it as a means of coercion: "If you do not follow Christianity properly, you will be doomed!"

#### **Christian Ministers Intimidated: "Do Not Preach End Times!"**

This Awareness indicates that at this time in history, there are many threats to ministers to avoid preaching End Time information. They are not to discuss the *Book of Revelation*. They are not to speak of the End Times and the dangers of accepting the Mark of the Beast.

Those preachers who do so are more or less threatened with either being taken off the air, or otherwise harmed. This Awareness indicates this does not necessarily mean they will not do so, but it is becoming less and less frequent that you hear these preachers speaking of these things. Only the daring continue.

#### Most People Too Busy Making a Living to Get Involved

This Awareness indicates that there is seen a kind of manipulation going on in so many different levels, and in so many areas of society that entities simply want to back off and forget about all of it, and not think about it, and just attend to the hardships of daily life. "God knows daily life is hard enough without all this!" they say. This Awareness indicates that they are right.

It is difficult for them to cope with the everyday problems of life, two people to a family being necessary to make a living, and in many cases, in daily life, there is only one person capable of working in a family. In some cases there is no one capable of working to support the family.

This Awareness indicates that entities are having greater and greater difficulty surviving and therefore, they have no time to worry about spiritual pursuits or the spiritual threats, or the threats of extinction of their freedoms. They only want to know how to get another meal for their children. Each day they go through this same concern, the same problem: "How can I feed my kids tonight? What can I do to scrounge up another meal? Who can I call to go visit so that my children can have some cookies or something to eat?"

This Awareness indicates that this is a major problem for many entities, and these entities are open to anything that the government tells them. They do not have time to question. They do not have the interest to pursue any search for truth. This Awareness indicates that it is a time in which entities need to help each other, but instead it is a time in which the have-nots are being told "We are stripping you of what little we have been giving you, and it is time for you to have less. Unless you learn how to make more money yourself, you are not getting anything more from the government." The Welfare programs are being cut off to the poor, while being enhanced to the corporations. Corporations are being given greater and greater amounts through cuts in taxes or through handouts from the government such as occurred with the Chrysler corporation in recent years, to allow them to become bigger and stronger than ever.

#### Corporate Welfare is Okay But Private Welfare is a Sin

Corporate Welfare has become acceptable to the masses, but private individual Welfare is a sin of all sins, a shame of a nation, and entities want to see it stopped immediately. "If the children cannot survive, then take the children away from the Welfare recipient and put them in foster homes!", or as one entity said, into "orphanages." This Awareness indicates that it is a time when heartless measures are being taken, but it is only the *beginning* of this kind of treatment of the poor. It will get much worse as the New World Order moves in.

This Awareness indicates at present, there is still the semblance of compassion from higher officials. There is still the pretense of caring about the masses. The reason for this is because it gets them votes. Once they no longer need the votes of the people, they can be as cruel and as heartless as they wish. This Awareness indicates once the New World Order is in place, there is no need to appeal to the masses for votes. There is no need to be sympathetic or to appear compassionate at all.

#### In Three Years the New World Order Will Come Down on Us

This Awareness indicates the time is approaching very

quickly. There are less than four years left in this century: three years and 3 months. This Awareness indicates that by the year 2000, if these entities have their way, there will be a global government that reaches into every home, dictates what you do, what you have, what you eat, what you see, what you read, and what you can do in terms of your occupation. They may separate parents from children, break up families deliberately in order to have better control, and to have less motivation among individual.

If you do not have your family with you, what motivates you to do anything but obey and survive? If they can get entities' families broken up, they have more control over the entities. This Awareness indicates at such time there will also be new forms of biological warfare that destroys entities through disease, starvation, plague, pestilence, so that the population of earth can be reduced after the work has been completed that slave labor brings.

There may be a time wherein the entities can remain alive as long as they work hard, just as in Nazi Germany, many of those who later became part of the millions who died, did remain alive as long as they were capable of working well, but the time eventually came when they could no longer function as a slave laborer, and they were then either starved totally, or put to death in some other manner.

#### Fear and Intimidation: "I Don't Want to Rock the Boat!"

This Awareness indicates there are many who will say "Life is so comfortable for me now! I don't want to put myself out to risk messing up my comfort zone. I do not wish to disrupt the comfort of my home. I have everything just the way I want it after working so long, so much of my life to get this way. I do not wish to speak out or do anything that would cause the Gray Van to come to my door." This Awareness indicates it is this type of intimidation that these entities count on as keeping people in line so that they remain silent so that it is beyond repair, so that the silence eventually allows them to become victimized without a sound on their behalf.

This Awareness indicates it is that kind of war, wherein the screams are not heard at the moment. The gunshots are not heard on the streets at present. It is a war that takes its victims now, but the victims do not even recognize they have been taken, and the screams will not come for perhaps months or years from now. Then they will scream and ask, "What happened? Where is my world? Where is my family? How did this come to be? What have you done to my life?" This Awareness indicates the screams are delayed. The gunshots are delayed, but the controls are being put in place quietly, silently, thoroughly and completely so that entities will not be able to wiggle or move when the strings are tightened.

#### The Financial Paradigm Awareness Spoke About

This Awareness indicates the new financial paradigm which this Awareness spoke of some several months back was a reference to Fortuna Alliance which was a program that would have, could have, and possibly could yet free many entities financially, but this Awareness indicates something happened. The Federal Trade Commission on May 29th, with hands on guns, in a SWAT team-like action, and with invited media, broke into the offices of the Fortuna Alliance, brought the people up against the wall, and confiscated all the records and all the equipment and any money available and told the press that this was the biggest Internet pyramid scam that they had ever busted.

The Fortuna Alliance is not a pyramid organization; it

is a membership cooperative, just like a co-op in a small town, except it had some 230,000 businesses that would sell products through the Fortuna Alliance. The idea being that these could be sold over the Internet and throughout the world, and that you would buy into this co-op with a \$250.00 fee, and could, for that purchase price, benefit by a 15% amount on your ownership of a certain number of purchases over the long period of time.

This Awareness indicates the Federal Trade Commission did not have any clear understanding of how the co-op functioned and did not understand its nature, but declared it to be an illegal pyramid, and thus closed it down, confiscated its assets and forbid it to do any business at all. A few days after this occurred, one man in California set up some hot-lines so that the members could talk and be informed as to what had occurred. This man was then arrested for conducting business after they had been told not to conduct business.

He simply was letting people have information as to what had happened, but they called it "conducting business". This Awareness indicates the Fortuna Alliance then had to stop all communications to its members so that entities could not even get information as to what had happened or find out anything about their own positions. This Awareness indicates that people who had signed up were not sent their money back, even though their membership had not been processed, until a court ordered the Federal Trade Commission to send back their money if they had not been processed into Fortuna Alliance, but even then, all they got back was a letter saying that they would get their money back. They have not yet gotten their money back and it has been two months since the court order.

This Awareness indicates that in the meantime, the receiver for the Federal Trade Commission cashed some two and a half million dollars worth of checks of the Fortuna Alliance, and has used much of this money for his fees and for the Federal Trade Commission to use in their legal investigations and pursuits. This Awareness indicates also, the assets of the company had been put into Caribbean banks in order to prevent this kind of thing from happening, because they expected to be raided. Since the city of Bellingham had investigated and found no illegal actions, and the state of Washington had found no illegal actions when they investigated Fortuna Alliance, they assumed that the government would be next, and that there may be falsification, and therefore, the money was sent to offshore banks to protect the membership money in Antigua.

The banks were threatened by the Federal Trade Commission, although it has no jurisdiction in that area, so that they froze the money from the Fortuna Alliance and it could not be used, even to hire lawyers. This was the same scenario used in the Federal Trade Commission's attack on a vitamin company in California. All of the assets were taken so that the company could not defend itself in court, because it had no money to hire lawyers.

This Awareness indicates the reason *It* is giving this information is because it is a tactic being used by those who promote the New World Order to stop any kind of activity that might hinder or threaten or interfere with the agenda of the New World Order, and this Fortuna Alliance program could have allowed entities all over the world to have a part of the business that would be conducted world-wide through the Internet.

This Awareness indicates it could threaten some of the major corporations, although many of the major corporations had already agreed to work with Fortuna

Alliance in providing products at a discounted price. Members of Fortuna Alliance eventually formed a group called Friends of Fortuna that was not in any way connected business-wise with Fortuna, to raise money for legal expenses to help fight the Federal Trade Commission case, so that they had good legal representation.

The legal staff of several lawyers did manage to get the receiver to acknowledge he had no right to take the membership's money or to take the money from entities who had sent in for membership but had not yet been given the membership. He did acknowledge that this would be returned, although there is no clear evidence that he has returned anything as yet.

A letter was sent out by the Federal Trade Commission to many of the members stating that they had raided the offices and that there was considerably fraud that had occurred and that they were working to get the membership's money back to them, and those who had put in money would get their money back.

The only thing about this letter is that it did not say how much money they would get back from their investment, and the record average for the Federal Trade Commission in returning money to those who have allegedly been defrauded is about 3%. They usually get about 3% of whatever their investment was back. The rest goes to the Federal Trade Commission for its own efforts, its own fees, and for the cost of litigation.

This Awareness indicates in other words, a person who had sent in \$250.00 for a membership could expect to get approximately \$12.00 to \$15.00 in return for the efforts of the Federal Trade Commission to thwart the fraud action of Fortuna Alliance.

This Awareness indicates that likewise, in another situation, the entity Hildebrand, in the Federal Reserve case, is scheduled to go to a fraud trial in November along with several other people. A letter was recently sent out by a prosecutor for the government from the Department of Justice, informing entities that this fraud case against Hildebrand was caused by a class action suit against the Federal Reserve Bank in Fort Collins, Colorado, but that the trial never occurred, and the whole thing was a fraud, and that the person to whom the letter is addressed should contact the number on the letter to discuss his or her investment and any complaint that he or she wishes to lodge against the entities so that they may have a chance of getting their money back.

Again, they would get approximately 3% back, if they lodge a complaint and the government case is satisfactory against the defendants. This Awareness indicates this letter is another similar to that which the Federal Trade Commission sent out, trying to find someone who will complain against the defendants so that they can pursue the case further. In the case of the Fortuna Alliance, the entire membership sent hostile letters to the Federal Trade Commission informing them that they had a right to spend their money however they chose and did not like the Gestapo tactics of the Federal Trade Commission and did not want their money back. They simply wanted their investment and Fortuna Alliance to be left alone.

The Federal Trade Commission cannot find anyone who will complain. It appears that only one person was willing to complain. Then the Federal Trade Commission informed the newspaper: "We don't have to have a complaint if we think someone is doing something wrong!" And therefore, they excused their activity. Even though they had no complaints, they claimed they are **protecting** the membership because they think there

is something wrong with the operation of Fortuna Alliance.

This Awareness indicates they also did not investigate, nor have they given Fortuna Alliance permission to see any evidence, or present their own evidence as to what they are about. They are trying to stall off any of this so that Fortuna loses its case by simply losing its support from the membership, for it costs money to keep the lawyers busy, to keep them hired, and they assume that the members will only pay the legal fees for so long. They will eventually tire, and at that point, the government can take control of the entire situation because Fortuna will not be able to pursue its case, since they have frozen its money and Friends of Fortuna can only put up so much to keep the case going.

This Awareness indicates the Hildebrand thing is much the same. Many entities in receiving this letter have written back: "The \$300.00 I spent was for my education. It was the best education I ever got. Now I know so much more about the Federal Reserve Bank than I otherwise would have known!" And many of these entities, in writing this, feel they have not really contributed to the government case against these entities.

This Awareness indicates that they see it as an opportunity for Hildebrand and others to make their case in court, but there are probably going to be many entities in the Federal Reserve class action suit who feel they have been ripped off and who will want to make a complaint in hopes of getting their \$300.00 back. If they do succeed in getting some complaints, then they can present these complaints in court to show that the people are angry at Hildebrand for defrauding them.

In other words, it is an action, a letter that is based on misinformation and designed to create a divide and conquer approach so that they can keep the entity Hildebrand in jail where he cannot pursue or follow-through on the class action suit. This Awareness indicates it is a situation in which a class action suit was not settled in court, but settled out of court, and the settlement now is being hidden, trying to be stopped by those Global Elites.

#### **Federal Reserve Bank Sold to the Treasury in 1993**

This Awareness wishes to back up again. In 1993, the class action suit resulted in the Federal Reserve Bank being sold to the Treasury for the money that was acquired through the settlement, but because the Federal Reserve Bank was sold to the Treasury, the Treasury allowed it to continue operation, so as not to upset the status quo of the United States.

The only change that was noticed was on the bank doors, in which a new statement was issued saying "Backed by the full credit and confidence of the United States government." This Awareness indicates this was different from the previous statement that showed the money of the bank was being backed by the FDIC, the Federal Deposit Insurance Corporation.

This Awareness indicates that the Federal Reserve Bank now belonged to the Treasury of the United States, has been operating as though nothing had changed whatsoever. There are many in government who are also pretending nothing has changed. There are also many in government who *know* what has happened, many in the Treasury Department who know what has happened, and who would like to see this change in such a way as to eventually get back to the Constitutional aspects of the situation, so that the Constitution rules the country.

#### **All Global Elite Needs Now is to Eliminate the Patriots**

This Awareness indicates, however, the Global Elite

have decided they can live with the Federal Reserve Bank being owned by the Treasury Department so long as they control the leaders of the country and so long as the elite leaders of the country, working with the Global Elite, are all willing to work together. All they have to do then is to get rid of the Patriots, who want the Constitution to work, and get rid of those entities who keep causing trouble for the Global Elite and the New World Order.

Therefore, you will see things carrying on as usual, even though a major change took place in this country. Now, if they can just get rid of these people like Hildebrand and those organizations like Fortuna Alliance, and any other organization that puts out information that they don't want the public to know about, they can have full power.

They can have complete control over the masses. This Awareness indicates that is the purpose and great goal of these Global Elites. They want power, but they want to make money in the process. Not that they don't have enough money, but they wanted to become even richer, because money builds more power, and by taking money from others, it makes them more powerless. If they can take enough money away from the masses, the masses have much less chance of ever threatening the Global Elite.

#### **Total Denial and Believing in TV Versions—"La-La Land"**

The masses, being divided into ultra-poor and ultra-rich, by getting rid of the middle class, will be much easier to manipulate and manage by the ultra-rich. This Awareness indicates this is the situation for these entities, and it is the situation that is affecting the world in which you live. You can continue to ignore the realities. You can continue to listen to the fairy tales promoted by the controlled media, but the realities continue to exist, whether entities recognize them or are in a state of total denial.

This Awareness indicates there are many entities who enjoy the media version of reality. Indeed, it is much more fun to believe in the media version of reality. It is more pleasant to believe in friendly government. It is more pleasant to believe there are no conspiracies and that everything is exactly the way it is portrayed on television, and these entities will look at those who believe in conspiracies as though they are lunatics, and those who understand the conspiracies look at these entities as though they are naive, wishful-thinking people who live in La-la Land.

This Awareness indicates there are many entities in this country walking around with their heads in the clouds, believing in La-la Land, but who have a very snobbish attitude about it, and look down on those who are groveling in the dirt, or whose friends have been killed or whose actions and studies and research has led them to recognize the world is not a very pleasing place, but could be better, if we could simply all work together to make it so.

#### **Three Must-Read Books That Expose New World Order**

This Awareness indicates the Global Elite is not that big a crowd. It is just that it has controls on most of the buttons, and those buttons tend to push the masses through much of what would be termed 'mind control.' This Awareness indicates that entities do need to read the book **Trance Formation of America** and *do* need to read these other two books which Awareness has discussed, one by a CAC member, Gurudas, called **Treason; The New World Order**.

The other book by an entity named Icke. It appears to be David Icke, a British writer, whose book is titled **And The Truth Shall Make You Free**. Both these

entities go into the details of what is happening in today's world, how it happened, how things have come to where they are at present, the goals and purpose of the New World Order, who is behind what, and much of what this Awareness has covered in the past 20 years, but these books are condensed and much more precise, much more poignant than the information that has been given through this Interpreter in the past 20 years.

This Awareness indicates, of course, the books do not go into some of the areas this Awareness has spoken of in terms of UFO's, in terms of spiritual content, or any particularly notable social benefits of information which this Awareness has given, but they go into those things pertaining to the New World Order and how it affects society in today's world, including many of the special events.

This Awareness urges entities to get at least one copy of these books. The Gurudas book appears to be approximately \$15.00 and runs approximately 300 and some pages. The other book appears to be, with shipping costs, approximately, \$25.00 or \$26.00 and runs about 500 pages. It is preceding a tour, a United States and Canadian tour by the entity Icke who will be scheduled in different areas during the coming months.

This Awareness indicates the entity also will be featuring Cathy O'Brien and Mark Phillips, who wrote the **Trance Formation Of America** in at least one of those tour places; this appears to be in Saint Louis, Missouri. There is a 1-800 number to call in regard to the book and the tour so that entities can find information. It is not seen clearly whether this book can be sold through Cosmic Awareness Communications, but the other book by Gurudas can be made available through Cosmic Awareness Communications.\*

\*CAC does stock this book. We have it now, but it is not listed in present book catalog, but will be listed in the next one. Price: \$14.95 plus \$2.00 postage. ### Why Clinton Got the Democratic Nomination

This Awareness wishes to speak on a different topic at this time. This Awareness has previously suggested that the entity Bill Clinton would not likely be nominated for Democratic President at the Democratic Convention. This Awareness indicates that *It* has always suggested that the future is not fixed, and in most cases this statement was used in describing negative events, showing that these negative events might not occur because the future was not fixed.

This Awareness indicates that it also applied in this situation. There is a reason why the entity was able to accept the nomination. This Awareness indicates that the entity Bill Clinton arrived at the Democratic Convention late. He went there by train. This Awareness indicates that while he was on his way, another entity also was on his way to the Democratic Convention in Chicago. This entity was the son of a woman who had been Bill Clinton's mistress, and this woman had information, evidence or proof that she had decided to turn over to leading Democrats which would destroy the president's chances of re-election.

She gave it to her son to take to the Democratic Convention. This entity never arrived, and the evidence which was to be presented at the Democratic Convention, if Clinton accepted the nomination, was not available, and therefore, he was able to accept with no

apparent repercussions.

This Awareness indicates, however, it is not over for the entity. It appears that there will be increased difficulties for this entity because he did not resign previous to the Democratic Convention. It appears that probably even before this happens for this entity, that Hillary Clinton and several other entities will be indicted. This appears to be scheduled for some time in October. Probably in late October.

This Awareness indicates that Bill Clinton will most likely drop out of the race shortly thereafter, and prior to the election. It appears also that Elizabeth Dole will be indicted, which will have a negative effect on Bob Dole's chances of election. This Awareness indicates this may possibly make room for the entity Ross Perot to enter, or it may be that there will be someone else, or that the elections will be postponed, or that Al Gore, in taking over, will simply cancel the election at least temporarily.

## PSYCHIC CONFIRMS THAT CLINTON WON'T BE PRESIDENT

(Will Clinton's Clone Also be Addicted to Cocaine)

### QUESTION:

A question from Alexandra B. along this line. I'll read her statement, which is rather long. She writes: "The statement by Awareness that *It* sees neither Clinton or Dole as winning the upcoming election corroborates exactly with what my friend Sean Martin has been seeing in his visions and writing in his newsletter for almost a year now.

"I have always chalked that up to Awareness' repeated statement that Bill Clinton and his wife and daughter, if I remember correctly, have been replaced by robotoids. I assume that this meant that the Bill Clinton robot would win the election. This latest issue of the *Revelations of Awareness* expounded at length about Clinton's cocaine and alcohol addiction, and it got my head spinning about the nature of robotoids.

"Can a robotoid be addicted to cocaine? From what I recall of Awareness' explanation of how robotoids are produced, they take a holographic rendering of the signature electromagnetic output of an individual and duplicate the full spectrum of the entity's wavelengths, such that the product, the robotoid, believes itself to actually be the original.

"This is much like the androids in the movie *Blade Runner*, who steadfastly believed that they were the humans whose memories had been programmed into them. Therefore, if the original Clinton was a coke addict, then his robotoid would tend to be as well. Am I correct? By the way, what was that thing that they just surgically removed from Bill Clinton's neck?

"Anyway, with all this talk about doubles and robotoids in recent issues, it may be time for Awareness to recap that information. Could Awareness please describe the process by which Bill Clinton's robotoid was produced, and are there any new breakthroughs in robotoid technology that Awareness could share with the readership?"

### COSMIC AWARENESS

This Awareness indicates that everything changes somewhat. It is not seen that these are the same as robotoids. Robotoids were the Russian versions of duplicates. The American versions were called 'synthetics' and this Awareness does not wish to discuss this, as it is quite dangerous to even know about these things.

This Awareness indicates that in reference to the

replacement of the entity Bill Clinton, it is seen that this occurred when the entity was on the runway, and the plane was stopped for an hour, while he had a haircut, while at the juncture of the runway, causing a traffic tie-up of many airplanes, while the entity was given his special haircut which he emerged with. Obviously the haircut statement was to allow entities to attribute the difference in appearance to his haircut rather than to think: "That isn't the same Clinton I saw before!"

#### British Newspapers are Talking About Clinton's Coke Habit

This Awareness indicates in references to the coke use, in the last day or two, British newspapers have come out with this story of Clinton's addiction to the use of cocaine. Whether this will work its way into the American press is not clear. The American media is still very much controlled and wants the entity Bill Clinton to be re-elected, and therefore, they may not touch the story, but entities could get more information from the British press, if they wish to pursue this further.

This Awareness reminds you also that the entity Bob Dole has repeatedly asked for Clinton's medical records to be provided, and the White House has repeatedly ignored this request. The reason Bob Dole wants this released is because Clinton had work done on his nose because of the use of cocaine, and it shows in his medical records. However, the White House has released only a portion of the medical records of Bill Clinton and has not released any of this particular information.

#### Of the 3 Clintons, One Has a Obvious Red Cocaine Nose

This Awareness indicates you will notice also that there are approximately two main Bill Clintons that appear on television. There are actually three, but two that are used most often. The one that has the cocaine addiction the strongest, which affects the entity's nose, shows him having a red nose that seems to be injured, as if he were hit. It is even somewhat curved, as though he had been slugged in the nose.

This Awareness indicates there are other duplicates that do not seem to have this problem, or perhaps the Handlers manage to cover over the problem with make-up. This Awareness indicates the entity that travels out in the public for campaigning purposes is not the real Clinton of course, and could be expendable if any injury took place from his being commingling with the public. It is presumed that in such an event he would be whisked away and would appear later in the same manner as did President Reagan, being injured and recovered, using a different duplicate.

#### FOLLOW-UP QUESTION:

The Clinton that was campaigning out here in Washington state last week had a rather large red blotch or spot on his right cheek. Is that significant?

#### COSMIC AWARENESS:

This Awareness indicates it does not appear to be of any particular significance or of any importance other than the entity apparently bumped or did something to cause it to redden, but it does not appear that it was of any political or serious significance. Perhaps the mark on his cheek was designed to detract from the redness of his nose, although it simply added to the total grotesqueness of his facial appearance.

#### What Was Removed from Clinton's Neck?

#### QUESTION:

Was there anything significant...she asks: "What was that thing they just surgically removed from Bill Clinton's neck?"

#### COSMIC AWARENESS:

This Awareness indicates this appears to have been a

kind of monitoring device that was removed from one of the duplicates.

## THE TWA 800 TRAGEDY: WHO'S WHO ON THE FIRE ISLAND BEACH?

### (Who on That Plane was Worth all that Dying?)

#### QUESTION

Okay. One other question from Alexandra. She writes: "I also wanted to share that I've spent a great deal of time at the beach this Summer on Fire Island, some 15 miles from Moriches Point, where TWA 800 blew up. Starting a week after the explosion, bits of wreckage began washing up. I even heard that a passenger strapped to his seat washed up on the beach as recently as two weeks ago."

(This was dated September 6<sup>th</sup>). "As you can imagine, every conceivable Federal agency swarmed the beach, including very low-flying Warthog attack planes and F-14's. A detective came to our house and questioned us. On an extremely active Sunday last month, my friends and I were on the beach when we noticed something bobbing in the surf. We joked that it was wreckage, thinking that it was actually an errant fishing buoy or something.

"Then a park ranger vehicle pulled up. Then a Suffolk County police truck pulled up, and they waited. Then a black pickup truck pulled up. When the object finally washed up, a two foot by three foot three inch strip of metal, it was the guy in the black pickup who got to claim it. He put it in a plastic bag and drove past us. The sign on his truck read "Marine Services Incorporated. Oil Spill Clean-ups, et cetera." It was one of those magnetic signs that you just slap on to the side of a car, totally fake. Plus, the black truck had no license plates.

"My question is: If the park rangers or part of the Department of Interior, the Suffolk County cops and the FBI who were cruising up and down the beach and waving at us all day; if none of these authorities got to hold on to the evidence, then *who* was the guy in the black pick-up? The CIA?

"I got the distinct feeling that whoever was behind that wheel was working for the entity or group who blew up the plane. Maybe if you tell Awareness my story it will energize a clearer picture of who was behind the TWA- 800 explosion."

#### COSMIC AWARENESS:

This Awareness indicates *It* does not wish to be specific on this for obvious reasons. This Awareness wishes to comment, however, that there were, in addition to the duplicate of Henry Kissinger, there were also two Arkansas troopers on board who were on their way to Paris to talk to newspaper reporters there about the Clinton connection with Mena drug operations.

This Awareness indicates that there is no need to get into details.

## IS MEXICO GOING TO "EXPLODE" ON DECEMBER FIRST?

#### QUESTION:

An item came over the Internet yesterday, which essentially stated: "Mexico to explode by December 1st? Lyndon Larouche blames International Monetary Fund policies for "mass murder," which could have the whole hemisphere in flames within the next two months." He warns that Mexico is going to blow up before December 1st. According to Gretchen Small writing in the *New Federalist*, Mexico could blow up by December 1st, 1996.

"Mexico faces "imminent physical and economic

disintegration." She claims that foreign-run narco-terrorist armies masquerading as defenders of the poor and the Indians are proliferating." Could Awareness explain what's going on in Mexico?

#### COSMIC AWARENESS:

This Awareness indicates there are many entities who are very much opposed to the NAFTA treaty, even in Mexico. These entities see the encroaching U.S. businesses in that area as taking from Mexico, whereas the United States citizens see this as a way by which the corporations are moving jobs to Mexico to get cheap labor.

This Awareness indicates that the Mexicans see it as a way of getting their people cheap labor and giving them almost nothing in return, and in so doing, they can't afford to buy any of the things they are building; these things are being shipped back to the United States for sales and for marketing. This Awareness indicates that many of these entities see the United States as simply using Mexico through these NAFTA treaty activities.

This Awareness indicates that many of these entities see the present administrative officials in Mexico as having sold out, and also there is the belief that the previous president was killed by forces loyal to the present president of Mexico, and they see this as a corrupt regime in Mexico, and there have been many joining in greater and greater attacks against the Mexican police. This group of rebels is growing as time passes. It may be that the entity is referring to the same group as protectors of Indian rights, protectors of the poor.

#### Mexican Faction Intends to Take Back California, Arizona, etc.

This Awareness indicates that these rebels in Mexico may well be a part of some global scheme to create civil war in the North American continent with the intention of it spreading Northward. This Awareness indicates there is a movement in the Southern part of the United States called...the name not fully clear. It appears to be related to Chicano. The Chicano movement appears to be an action created by a few Mexicans that has been spreading in the Southern Southwestern part of the United States, spreading the belief that Mexico has the opportunity and the right to reclaim California, Arizona, and New Mexico as part of Mexico that was lost, through illegal force used by the United States in the earlier part of the history.

This Awareness indicates that the California, Arizona, New Mexico area once belonged to Spain and Mexico and was taken illegally, and that by moving across as 'Wetbacks' they are now stronger in number and growing ever-stronger. They are encouraging more Mexican babies to be born, and with the California initiative against Mexicans and taking away their right to medical aid and supplemental income from the United States, they are feeling a need to act, and this is causing the Chicano movement to spread faster among the Latinos, and rebels in Mexico who presume to be able to inflame that energy in the Southwestern part of the United States into a kind of civil war or insurrection of Latinos against the Americans in the United States.

This Awareness indicates It does not see this as being a good plan for the Latinos, but there is enough passion that it may actually stir up a kind of civil unrest in the area with some potential violence erupting. This Awareness indicates the beating of the Mexicans by the truck by the Highway Patrol, televised across this country, helped to enflame the Mexicans even further and could contribute also to much of the resentment toward the United States from these entities.

## Big Brother's New X-Ray Vision

(New Technology Can See Through Your Panties and Brassieres!)

#### QUESTION:

One last question here. This came over the Internet. "Is Big brother soon to have x-ray vision? Joyce Price of the *Washington Times*, on August 13, 1996, reports that the government will soon have a new weapon in its war on liberty: a camera that can see through clothes to reveal all the private goodies concealed therein. Someday soon there will be no place to run, no place to hide, no place outside the all-seeing eye of the state.

"Ms Price writes in the *Times*: "A new weapon against terrorism works like Superman's eyes. It looks right through you. The high-tech camera known as a Passive Millimeter Wave Imager boasts the equivalent of X-Ray vision which allows it to penetrate clothing to "see a concealed weapon, plastic explosives, or drugs." The Millivision camera is not an X-ray machine. An X-ray machine creates an X-ray image by sending X-rays through a person's body.

"This device on the other hand, is passive and merely receives and reads the natural radiations from your body, radiations that are in a different part of the spectrum than x-rays. Sufficiently solid items such as a gun, a bag of crack or candy, block these radiations, revealing the silhouetted shape of that item to the camera and in turn to the government's eyes.

"The National Institute of Justice funded the research and development of this new tool for tyranny under the pretext of stopping terrorism. The new wave of terrorism that has hit the U.S. is doing wonders for the growth of government power, just as the Reichstag fire did wonders for the Nazis.

"The ACLU, the NRA and the National Association of Criminal Defense Lawyers are not happy about the new device." And it goes on stating that "This seems to be highly intrusive and a violation of the Fourth Amendment, which guarantees a right to be secure against unreasonable searches and seizures," and so forth.

Does Awareness see that information as being accurate?

#### COSMIC AWARENESS:

This Awareness indicates it appears that this is based on reality.

## Global Elite's Plan for the Mark of the Beast

(Why Cathy O'Brien is Still Alive)

#### CLOSING MESSAGE:

This Awareness indicates at the year 1998, the plan of the Global Elite is to have most of the entities in the United States implanted with a microchip that can be used to locate, monitor, and read everything about the individual, and without this microchip, entities would be without any form of commerce.

It will contain information regarding their bank account number so that this can be monitored for the amount within. It will include information about their medical status, about their occupation, their name, their genetics, heredity, and can be used to determine if they are a fugitive or in any kind of legal trouble, or if they are out of place.

For example, if rules or laws are passed forbidding entities to travel without special permission, the microchip would inform that they were not where they were supposed to be. This Awareness indicates there is also now available the means by which automobiles can be stopped from the air. Simply by sending a signal to the computer in the automobile it will be stopped on the highway so that it cannot run.

There will be a gradual slowing down so that accidents are not caused, but it can be made in such a way that the automobile must stop when the device triggers the automobile, or a device can stop large numbers of automobiles simultaneously from the sky, such as from a satellite, stopping all traffic from leaving a city, for example.

This Awareness indicates also, that around the country at this time, cameras have been strategically placed so that license plates can be photographed and Big Brother can keep track of entities as necessary. They may be used to indicate where an entity went to, and when, as it passed a camera on a highway.

The excuse is that these cameras are monitoring speed, but the real purpose is to be able to track citizens as they travel around the country. The statement "No place to go, no place to hide" wherein this was used in the entity Cathy O'Brien's book, where they told her "You can run, but you can't hide! There's no place to go, and no place to hide!" She responded, after having been helped in finding her freedom and in the work of Mark Phillips helping her to get her book written; her response was "There is a place to go. **Right at them!**", and she has done well in doing so.

Her efforts to go "right at them" with her book is what is keeping her alive, and they can seem to do nothing about it as long as she is so much in the public, regarding this. If they kill her, it helps to verify her book and the truth of it. At present, many entities will ask if they have threatened to kill her just for turning 30 years old, as she says in the book. Why don't they kill her now, when she's writing such things?

This Awareness indicates it helps to keep her alive, that they don't kill her now, and if they **did** kill her now, it would satisfy those entities who doubted her and make them feel: "Yes. She must have been telling the truth. They actually **did** kill her!"

(The Law of Gratitude is given)

### WHAT IS COSMIC AWARENESS?

COSMIC AWARENESS is the Force that expressed Itself through Jesus of Nazareth, the Buddha, Krishna, Mohammed, Edgar Cayce and other great avatars who served as 'Channels' for the 'Heavenly Father' and who speaks again today as the world begins to enter the 'New Age' of spiritual consciousness and awareness. Since 1963 Cosmic Awareness has been communicating through carefully trained channels. This information is for those who desire to help in bringing in the New Age. Throughout the thousands of 'Readings' given through these various channels, Cosmic Awareness tells us not to believe anything, but to question, explore, doubt, and discover for yourself, through your own channel what is the truth. Cosmic Awareness will only 'indicate' and 'suggest'. Neither C.A.C. or any of the Interpreters is responsible for anything Cosmic Awareness states in any of these readings, nor does C.A.C. or the Interpreters necessarily agree with the statements of Cosmic Awareness. The Interpreters interpret the energies as they see them in trance levels and are not personally responsible for what is said. The Interpreters published herein have no connection with, nor control over the editorial comments and material, including illustrations. This is entirely the responsibility of the editor. Members of C.A.C. are invited to send in questions of general interest to ask Awareness for possible publication in this newsletter.

The Interpreter for this reading is Paul Shockley

There is so much frustration in the world because we have relied on gods rather than God. We have genuflected before the god of science only to find that it has given us the atomic bomb, producing fears and anxieties that science can never mitigate. We have worshiped the god of pleasure only to discover that thrills play out and sensations are short-lived. We have bowed before the god of money only to learn that there are such things as love and friendship that money cannot buy and that in a world of possible depressions, stock market crashes, and bad business investments, money is a rather uncertain deity. These transitory gods are not able to save or bring happiness to the human heart. Only God is able. It is faith in Him that we must rediscover - Martin Luther King, Jr.

**CURRENT EVENTS UPDATE**

(CAC General Reading, November 12, 1996)

Q. Awareness, we're here to begin a series of CAC general readings. Does Awareness have an opening message?

**COSMIC AWARENESS:**

This Awareness indicates it has been some time since this Awareness spoke through the Interpreter and in the previous sessions, this Awareness indicated that the possibility of indictments being handed down to certain White House staff persons, including, though she is not a staff person in the White House, Hillary Clinton. The possibility was strong that this would occur before the election, which would in turn cause a disruption to the re-election of President Clinton.

**The Indictment of Hillary Clinton**

This Awareness indicates that approximately 3 weeks before the election the Grand Jury did indeed indict Hillary Clinton, but the information was not made public by the press. The media has been instructed to keep this quiet until after the election. After the election, the media has still remained silent on this, although there have been some hints and leaks here and there that Hillary Clinton might yet be indicted.

**"Angel of Death" Arrested and Held Without Bail**

This Awareness indicates that the entity known as the Angel of Death, the entity who was a strong and center-point focus of the 5th Column was put under arrest, and is now no longer providing information to the special prosecutor, Kenneth Starr. This Awareness indicates that much of the information available to this prosecutor came from this entity, who provided certain evidence and documentation in regard to the role of Hillary Clinton in the 14 counts for which she was indicted.

**Hillary Clinton Sics FBI and IRS on Sherman Skolnick**

This Awareness indicates that in addition, the entity Hillary Clinton has likewise called certain agencies into play, including the FBI and IRS to give certain harassment to the entity Sherman Skolnick, who in turn, has filed a suit against her for some forty million dollars. This Awareness indicates that the purpose of this suit is to stop her from using Federal agencies for personal vendetta and the argument is that she is not a member of the government; she was never elected to her position, and has no position by which to call FBI or IRS to harass a citizen of the United States.

This Awareness indicates the entity argues that he and his partner, who are both involved in the suit, are simply doing their job as journalists and that they have the right to do so. The entity Hillary Clinton also went on the Oprah show in Chicago during the Democratic Convention and spoke out against this entity Sherman Skolnick as an "evil man who was harassing her" and who needed to be stopped. This Awareness indicates that this also is in the suit that Sherman Skolnick and his associate have filed against her.

**Clinton Targets 400 Military Patriots for Insubordination**

This Awareness indicates that in addition, there are approximately 400 military personnel being mostly officers of high level, who have been targeted by President Clinton to be watched and carefully monitored, and this has created some serious breach between the President and the military. Many of these entities desire to have him arrested for treason. He in turn, is considering having them all dishonorably discharged for insubordination. This Awareness indicates that the officers argue that if he does anything to them, they will have him arrested for treason.

Meanwhile, everything is at a kind of stand-off or

stand-still situation. The entities who are looking at the total situation perceive the probability of having a Congressional investigation of the president in his role relating to drug trafficking in the Mena, Arkansas, situation, and other crimes that are well-known in the carrying out of his activities as Governor of Arkansas and as President of the United States.

**If Clinton Gets Impeached, It's Al Gore and Rockefeller**

This Awareness indicates the entity is seen as having committed enough crimes to be impeached; that they do not plan to impeach him without indictment, but that when a Congressional investigation is called, then the plan is to eventually indict him, allowing Al Gore to become President, much the same way that Nixon was ousted, and Gerald Ford became President.

This Awareness indicates that this is seen as a likely scenario now that the election has put him back in his position as President. This Awareness indicates that it is further seen that Al Gore also has skeletons in the closet which could lead to him being ousted as president, and that Al Gore already has discussed with his family that he is to be President, and will select Jay Rockefeller as his Vice President. This of course would follow the Nixon parallel, wherein Nelson Rockefeller was appointed as the Vice President under Gerald Ford.

You will recall that several attempts on Gerald Ford's life occurred shortly thereafter and Nelson Rockefeller almost became president. If the assassination attempts against Gerald Ford had been successful, he would have been the president without having been elected. This Awareness indicates that this relates in part to the global situation in which the Rothschilds and the Rockefellers have long been competitors.

You will recall in July, that Amschel Rothschild was killed in Paris, and that it was considered suicide in all of the papers except the *Spotlight*, which considered it as murder. The entity was found hanging in the bathroom from a towel rack, and the incident was considered suicide. The entity was on the verge of taking full control of the Rothschild family fortune; he would have then been the most powerful man in the world.

This Awareness indicates that it was almost to the day of the anniversary, approximately 18 years, of the death of one of the Rockefeller brothers; this appears to be John D. III, or John D. II. This Awareness indicates that this entity Amschel Rothschild having been thus removed as a kind of ongoing retaliation between the Rockefellers and the Rothschilds, wherein Jay Rockefeller may become, according to the plan, the next president after Al Gore.

This Awareness indicates that all of this is beyond the surface and scope of what most entities expect or understand from the current political situation, but this Awareness suggests that entities keep it on the back-burner as a potential scenario for the upcoming year. This Awareness indicates that this being but one of many things to be watchful for.

**The Plan: As Economy Crashes, Clinton Will be the Scapegoat**

This Awareness indicates that there is also another aspect to watch, and this being that as the president begins to come under greater pressure from those seeking to oust him from his office, and as more and more comes out about him, as his power begins to unravel; likewise, you may expect to see the economy beginning to unravel, and as the economy unravels, this entity becomes the scapegoat for the bad economy that follows.

This Awareness indicates that both Hillary and Bill Clinton are and have been CIA operatives in the past, and are still connected with these entities. They worked

under George Bush, and these entities feel themselves to be very well protected by their connections, and in many ways they have been. They have been extremely fortunate to have been able to get by with, and do so many things that any other person would not have been able to do, in order to preserve their power. This is because they had the full CIA backing them.

This Awareness indicates that part of what they do not fully understand, however, is that they are simply set up to be used, and the use of these entities in this coming year is to be for the purpose of a scapegoat, or a pair of scapegoats so that they can bring the economy down and have the full blame placed on them, so that others will not be blamed for the falling economy.

#### The Plan to Bring Down Our Constitution by 1998

This Awareness indicates that this is part of the New World Order program, to bring about the setting-up of the United Nations as a world government and to bring down the Constitution by the year 1998. This Awareness indicates whether or not the Patriots have any chance of winning is an issue to think about.

This Awareness indicates that the entity David Rockefeller made a statement that has considerable truth to it. He told the people in his talk that they need not worry about the Patriots of the United States, because they don't even have enough money to attend their own rallies. This Awareness indicates that this is an indication that they are unable to do anything to preserve the country, to preserve the Constitution, or to do anything that might threaten the New World Order.

This Awareness indicates the next question is whether the military would be used by the UN, used by the president and others, to carry out the wishes of the New World Order. This Awareness indicates that President Clinton has alienated at least 400 top military leaders of this country by his actions of placing them under close surveillance and the threat of ruining their careers or firing them or in other ways damaging them or their reputations.

This Awareness indicates that because of this, there is the possibility that these entities who have sworn allegiance to the United States Constitution, may not go easily with the New World Order scheme and plans, and therefore, any control of this country could very easily be shifted to where a military force from outside would have to overpower the military of the United States.

Whether this could occur depends largely on what kind of manipulation the outside powers, the political powers could muster to control or influence, or what might happen between the military leaders and the next president of this country; whether the damage that Clinton has done could be undone to bring these military people back into good standing with the Commander In Chief, or whether the damage has gone too far, and the military will simply not go along with the plans of a New World Order.

#### Planned Blackout of Eastern U.S. to Create National Emergency

This Awareness indicates this has essentially been a kind of generalized overview of the current situation, and of course, it is subject to change. This Awareness suggests also, there is another factor that may tie in to all of this. There is some indication that part of a general plan is to have the Eastern seaboard blacked out. You will recall there were several blackouts during this last year in various parts of the country which many wondered if these could have been dry-runs.

This Awareness suggests that there is indeed a plan for having the Eastern seaboard experience a major blackout, which would be triggered from Canada, and

throughout most of the Eastern part of the United States. This would then be used to call forth for a "National Emergency," which would then require that FEMA become involved and could lead to the invitation of bringing in UN troops to help quell rioting, which would also start at that time, and this entire situation could be used to begin the general takeover of this country by foreign troops.

#### Another Possibility: Sheldon Nidle's Prediction for December 16<sup>th</sup> of 3 Days of Darkness and Mass Landings of UFOs

This Awareness indicates that this is one possible scenario. This Awareness does not see it as being probable, but as being *possible*. This Awareness indicates there is another factor that does need to be mentioned, but it too is seen only as possible and not probable. This Awareness indicates this having to do with the predictions of Nidle in regard to the Photon Belt. The entity is now suggesting that on December 16th of this year, 1996, that the 3 days of darkness will occur and the sky will be filled with UFO's.

This Awareness does not see this as probable, but as *very possible*. This Awareness indicates that it appears that there is a potential for something of this nature to occur as a kind of plan, but it will not be likely to be in connection with beings from Sirius. It appears that this could be used as a plan to prepare people for what Kissinger calls the "ET card." This Awareness, however, sees this as being very remote.

#### "Remote Viewer" Sees Clinton Pleading for "Poor Little Ets"

This Awareness indicates that there is another similar ET card scenario that is being promoted by an entity named Brown, who is involved in Remote Viewing. Remote Viewing is similar to what people have long called 'clairvoyance': seeing at a distance, seeing into the future, or seeing something elsewhere.

This Awareness indicates that the military intelligence agencies call it "Remote Viewing," and train certain entities to do this kind of work. This entity Brown claims to have been trained by the intelligence agencies, and claims that he has the ability to see into the future, and in his recent projections or interpretations of his viewing, he claims that he is seeing a time in which President Clinton will make an announcement as to the reality of extraterrestrials on earth.

He claims that this will occur soon, and that the reason for this announcement is to inform the people that there are extraterrestrials who have been endangered by the disruption of some natural catastrophe. This entity is suggesting a volcano. Of course, in a scenario that is being created for the consumption of the public, it could be some other natural disaster, but the Remote Viewing that the entity has given suggests that a volcano is creating an endangerment of the extraterrestrials and their own people are trying to help them.

The request is for help from humans. It becomes a great situation because the president announces to the world that these entities are in great danger, and it calls forth sympathy from people of the world, who worry about the poor little extraterrestrials who are being threatened by the volcano. This Awareness indicates that of course this is not the way the entity Brown presents the situation. He presents it simply as the president doing his duty, informing the masses of this great danger, and that the masses respond in great concern for these entities.

This Awareness indicates of course, anyone who understands the situation can see that this would be a very powerful way of getting the people of the earth to accept the presence of extraterrestrials on earth. There would be very little threat to the people. There would be

little reason for people to fear them because they are already in great danger, and there would be much empathy from humans, much compassion directed from humans toward these endangered creatures.

#### **A Powerful Scenario to Introduce Extraterrestrials to the World**

This Awareness indicates what a fantastic introduction to extraterrestrials! This Awareness indicates this of course would be a very powerful way to get people to accept the presence of extraterrestrials without the potential fear of a Martian invasion, or the potential of being destroyed by extraterrestrials or a great mistrust of these entities upon the introduction of such information. This Awareness indicates one thing that people have is great compassion for those who are in great need and who are in danger.

This Awareness indicates that this is seen as a very powerful scenario that could well be used. This Awareness indicates that these are general overviews of some of the more recent situations that have evolved during the past several months which have not yet previously been touched upon by this Awareness.

#### **Other Possible Scenarios: Clinton Assassinated, Hillary Flees US**

This Awareness indicates it is seen that the probability is that in a Congressional Hearing relating to the misdeeds of Clinton, that these will be resisted highly by this entity and his associates and that the entity will not resign easily nor give in easily, and that the Hearings could go on for a great period of time; up to two years. This Awareness indicates there are many who are predicting that the entity will, rather than be allowed to drag this on for two years, will be assassinated before the situation gets too far into the quagmire.

This Awareness indicates there are some who also predict that Hillary Clinton, rather than being imprisoned, will go to a foreign country, such as Brazil or Ireland, where extradition is not available to the United States, and this Awareness suggests that these are also part of the potential in the previously given scenarios.

This Awareness indicates that in the past several days, approximately 7 or more White House officials have resigned their duties at the White House, and there are others being brought in to take their place. The president is strongly looking to bring in Republicans into his administration, into his cabinet, in order to appease the Republicans somewhat so that they back off in their heavy pressure on him, but this Awareness does not see this as being effective.

This Awareness indicates that those who resigned in some cases had been given the brown manila envelope from the 5th Column, and in other cases simply wanted out because they knew what was coming, could read the handwriting on the wall, and saw themselves as being dragged into the quagmire as the president is brought down through the various investigations and indictments that are soon to be announced.

#### **Clinton Prosecutor Kenneth Starr's Life Threatened**

This Awareness indicates of course there are all kinds of efforts to stop Kenneth Starr. There have been rumors that the entity's life has been threatened and that there are efforts to replace him with someone else. This Awareness indicates that the entity Bob Dole is likely to be rewarded with a good job because the entity ran an opposing campaign which was inept and incapable of creating a real challenge to President Clinton, as he was supposed to have done, and therefore, the entity would be entitled to a reward by those who are the handlers of the president and of the team that is preparing for the New World Order.

#### **Skeletons in the Closet of Bob & Elizabeth Dole**

This Awareness indicates that on the other hand there are many who know of these trickery's and are not going to allow such things to continue. Both Bob Dole and Elizabeth Dole also have skeletons in their closets. This Awareness wishes to clarify the term 'skeletons in their closet' for it seems that many people are not familiar with some of the old common phrases.

To say that an entity has a 'skeleton in a closet' simply means that they have something to hide in their background. They have secrets that are not intended to be publicized. They have that activity or criminal behavior that they are hiding in the 'closet' of their lives, and do not want this to be publicized.

## **CLINTON'S COCAINE HABIT: CAN HE MAKE RIGHT DECISIONS?**

### **QUESTION:**

During the election, Clinton was accused by a number of high-ranking Democrats and Republicans that his five-line a day cocaine habit renders him incapable of making important decisions and could lead to tragic decisions, such as pushing a button and so forth, or some of those options that only a president has. Does Awareness see those accusations of the potential of this cocaine habit actually being threatening to the people?

### **COSMIC AWARENESS:**

This Awareness indicates this is true; that anyone who uses cocaine is incapable of realizing their limitations. They feel like 'Supermen.' They feel that they have all the power in the world. This Awareness indicates you can ask any drug-addict on the street what they enjoy about the use of cocaine, and they will tell you it makes them feel they can do **anything**. This Awareness indicates an attitude of this type could make a person extremely dangerous, when they have all the power available at their fingertips or at the touch of a telephone, to give a command.

#### **A Dry Run by FEMA On Neighborhoods In New Mexico?**

This Awareness indicates if this entity truly felt himself to be threatened in regard to his power, he could very easily misuse the power he has. Indeed, it is suggested that prior to the election he called a National Emergency, but the Supreme Court denied him that call and rescinded his commands. This Awareness indicates that this was rumored or given on the Internet in regard to a time approximately 2 weeks before the election, and that this led to FEMA taking actions in New Mexico, which took control of certain areas in New Mexico, asking people to leave their homes and go to certain places and to leave their homes unlocked. Many of the people did not leave their homes unlocked, and did not even leave their homes, saying that they would not leave their home open to FEMA for any reason.

This Awareness indicates that the program was not seen as being effective in other areas either, but particularly strong was the attempt in the area of New Mexico. A blackout of news centered around this action so that it did not get posted in the media, but messages came from various individuals in the area and were sent to the Internet for public consumption through that means which is not censored or controlled by the Council of Foreign Relations or Bilderbergers or any of the world organizations that control the mainstream media.

This Awareness indicates that it may be shocking for some entities to realize that the President uses what is termed 'five lines' per day of cocaine, but it was his brother who first brought this out to the public, and it has been repeated by others who knew him well, from the time he was governor of Arkansas up to the present.

time. It is for this reason that Bob Dole kept asking for the release of his medical records, because the medical records would suggest that he has a cocaine problem, his nose being damaged greatly from the use of cocaine, and that this is what he has been treated for.

Rather than announcing that his treatment for his nose was due to cocaine, the doctor simply stated "It was *not* from allergies;" that he did not have an allergy problem, and therefore was being released. And rather than releasing his medical records, Clinton simply stated that his medical records indicated he was in good health. His heart was good and so forth.

### **The Economy in 1997: Will it be Stable?**

(The Agenda of the Extraterrestrials Could Determine Outcome)

#### **QUESTION:**

Pat L., Omaha, Nebraska, asks: "Please ask Awareness to bring us up to date on the forecast of conditions of the stock market and the banks in 1997, and does the economy look stable?"

#### **COSMIC AWARENESS:**

This Awareness indicates that the economy itself would be stable except for plans to bring it down by certain factions. If these factions get their way, they can disrupt the economy to their advantage. The purpose being to breakdown the economy so that the masses can be more easily herded into the New World Order. To say that this **will** happen would be erroneous, because there are other forces that would counter this kind of planned economic collapse.

Whether these other forces have the strength to prevent this from happening is not yet fully clear. This Awareness indicates even beyond the human elements, there are also those influences from the extraterrestrials who are promoting and pushing for the New World Order, which is essentially **their** order and **their** control of the earth; but there is also, beyond this, the spiritual aspect of the Light Forces which have a certain agenda that reaches beyond the agenda of the New World Order or the extraterrestrials.

#### **The Forces of Light Also Have Their Secrets and Agenda**

This Awareness indicates that this, for example, being the agenda of the Pleiadians, the Sirians, the Arcturians and those from Vega, and also the Divine Forces themselves. This Awareness indicates that these Higher Light Forces will have their effect, but this Awareness can only assure entities of this and does not wish to get into details or giving away information in regard to these activities. The Dark Forces have their secrets and their plans, and they are overwhelmingly confident in their ability to promote and conclude their takeover of the planet earth.

This Awareness indicates it is their confidence and their certainty that can be used against them by the Light Forces, which not only seek to preserve the freedoms of entities on earth, but also to herd the Dark Forces into a more Light-filled dimension of realization. Therefore this Awareness is not suggesting the Light Forces will destroy the Dark Forces, but that it can be used to alter the nature of the Dark Forces as they become more aware and more enlightened through the effects of the Light Force agenda acting upon these entities.

#### **Enlightenment May Come to the Dark Forces**

This Awareness indicates the Dark Forces seek to control the Light Forces because they can get energy, vitality and livelihood from the Light Forces, and therefore, they seek to take-over spiritually oriented people, but this Awareness indicates that as they seek to devour the Light, they find themselves becoming

enlightened, and the enlightenment that they experience, making them more cosmically aware, denies them the ability to perform their misdeeds of darkness. Therefore, they gradually awaken and gradually alter the very nature of their efforts and their behavior undergoes significance change for the better.

This Awareness indicates that this essentially is the over-all programming or recognition of what is occurring by these various factions and forces. This Awareness indicates that essentially, there can be considerable suffering that entities will endure, but if entities stay clear with the Light, cling to the Light and do not let themselves get into Dark behavior or negative behavior, do not become violent in their expressions, they will survive with the minimum amount of suffering, and gradually, their lives will begin to improve more and more.

#### **Stay Focused and Enjoy the Many Good Things Happening**

There are many good things happening, but these happen generally without great attention, without great focus, and the negative things that happen get all of the attention and all of the focus. Therefore, look for those things that are still good in your life. Look for those things that are still blessings to you. Focus on the blessings, focus on the good, and be joyous that these things are present in these circumstances wherein there is so much difficulty and disruption to the good life.

This Awareness indicates it is not all bad for anyone, and the more you can focus on the good, the more the good will grow and improve. This Awareness indicates that moving into the Photon Belt; that is one of the conditions available to you. The more you look at good things, the more you bring good things into being.

This Awareness indicates that the Photon Energy, which is Light Energy, is also Spiritual Energy, and by focusing this Light Energy and Vital Energy on good things, you help to make improvements. By focusing this on negative things, you bring about the greater negative. This is the quality of the Photon Energy. 'Photon' is simply Light. Light is life. It is Higher Consciousness. Higher Consciousness can be turned negative by using that Light Energy and focusing it toward something negative. In so doing, you become a tool of the negative forces.

You can also focus that Higher Consciousness to bring about greater good, focusing the Light Energies toward a greater good. It gives you the power to work for the Divine Forces, to serve the Divine Forces, to improve the world in which you live. You do not have to pick up guns or weapons to fight against darkness; you simply have to focus on the betterment of humanity's situations.

Look at the good in each other. Focus on the good, rather than fly-swatting and focusing on each other's evils. As you focus on the good available in others, you help those others become better people. As you focus on the good in yourself, you yourself grow in greater goodness. This Awareness indicates that this essentially is the key to the winning of this battle of Armageddon by the Light Forces.

#### **"The Mark of the Beast"—Some Clarification**

This Awareness indicates there is one other area which *It* wishes to mention because of a previous message given by this Awareness, which left things in a kind of disoriented or unclear manner. This Awareness indicates this having to do with the concept of the "Mark of the Beast." In Biblical terms, anyone who gets the Mark of the Beast, loses his soul. In Biblical terms, losing your soul would mean that you would be cast into hell for eternity.

This Awareness indicates that this is *not* what this Awareness meant when *It* explained that entities in receiving the Mark of the Beast could lose their soul. What this Awareness meant is that the Mark of the Beast essentially is a mark which shows that you are branded as being owned by the extraterrestrials. You are owned by those who are behind the New World Order. They essentially are the Beast. The Draconians are the Beast from Draco that was called the Dragon in the Book of Revelation: these are those that you refer to as the Reptoids.

#### The Greys—"The Imps of Satan"—Not Totally Unredeemable

This Awareness indicates the Greys work for the Reptoids. They are mercenaries that have been forced into servitude under the Draconian or Reptoid types. The tall Greys from Orion are the overseers of both the Draconians and the Reticuli Greys. This Awareness indicates the Reticuli Greys are those which have been described in Biblical and religious literature as the imps of Satan.

This Awareness indicates that these so-called 'imps' are not totally unredeemable. In some ways they are, because they have no souls, but they have certain aspects that are not totally evil. They are intelligent enough to know what is good for their own welfare, and if their own welfare requires a cooperative action, they will be cooperative and can even be dependable in certain behaviors.

This Awareness indicates that because they are and have been cross-breeding, or cross-pollinating with humans in terms of genetic half-breeds, some of these entities are in the process of creating rudimentary souls in their half-breed offspring, and this Awareness indicates this is affecting their behavior, so that these imps are being influenced also by the Light Forces to the point where they are starting to change somewhat in their very nature.

This Awareness indicates instead of simply being robotic humanoid extraterrestrial types of an impish nature, subject to the Reptoids, these entities are developing a certain kind of individualistic appreciation for who they *can* be. They are drawing their hope from humanity and the genetic mixture or fusing with humans. It is not to the benefit of a human to be altered with the genes of a Reticuli Grey, but it is of no great harm for a Reticuli Grey to have an offspring that is part human.

This Awareness indicates the offspring that is part human may have slipped into a less spiritual existence, but it may have higher intelligence than the ordinary human because of the high intelligence of these Reticuli Greys. Therefore, there is some give and some take, leading to a compromise that is unique in its result.

#### Orion Greys, Not Rich Jews Control the Economies

This Awareness indicates that essentially, the Orion Greys are the forces that are behind the manipulation of the economy on all of the major situations and events that occur. The method or system used in the economy essentially is controlled by the methodology of the Orion Greys and not by rich Jews, as many entities attempt to suggest.

Though there may be Jews that are used in the economy by those who have the control of the economy, it is not necessarily these entities who are *behind* the control of the economy. It is not necessarily Jewish people. This Awareness indicates that likewise, there are entities known as the Khazars who are in higher echelons of the economic control, but these entities also are under the jurisdiction of the Orion Greys.

This Awareness indicates essentially, it is a situation that has a great power in different ways, wherein various people play their various roles and various parts, but it is all a part of a greater scenario that is influenced in essence, by vibration from higher regions affecting the vibrations on lower regions, and while there are Dark Forces that have certain powerful vibrations to affect the lives of many entities, there are Higher Forces that have even greater vibration to affect the energies of the Dark Forces.

#### Eventually the Dark Forces Will Return to the Light

This Awareness indicates these Dark Forces eventually will be drawn into the Light, and eventually, all will return to one gigantic cosmic ball of White Light, from which all things began, to which all things eventually return, so that all of these Dark Forces will, in time, be brought back into the essence of the One Consciousness of the Divine Vibratory rate of Life, Love and Eternal Bliss.

This Awareness indicates once this has existed in its essence for a long enough period, it again will shine forth, send out rays, send out energies and start the process over again, wherein Dark Forces begin to emerge from the shadows and are imbued with vitality from the Light, and gradually taking on a certain amount of life energy, start becoming ambitious, start becoming greedy, start becoming in need, and start seeking power, and the whole thing starts over again.

This Awareness indicates while all of this takes eons and eons of time to occur, entities who are caught in the middle somewhere on this cosmic journey may find themselves going through this or that experience, suffering here, suffering there, enjoying this, enjoying that, and there is really not a great deal that entities can do other than as in this case, see the total journey and notice that where you are, is truly where you are. You cannot be elsewhere other than where you are, but where you are can be affected by what you feel about the joys, the pleasures, or the sorrows and sadness of where you are.

This Awareness indicates if you accept where you are as being where you are, your best approach to improving your life is to focus on that which is good, focus on that which is best, and let the negative be ignored, unless its attention helps you to resolve it or dissolve it, so that you can get back to focusing on the good.

If you simply wallow in the negative without any effort to get through it, then you are simply wrapping negative energies, sorrows and suffering around you, but sometimes it is necessary to focus on the negative in order to unravel it, disperse it, or get rid of it, so that you can get back into the glowing of good life and higher vibrations and greater harmony.

This Awareness indicates *It* is not one to suggest that you never pay attention to negatives, for pain may be a warning of something disturbing that can be remedied. Therefore, notice whether the negative can be remedied by bringing in more Light, more attention, or more focus of the Light, and do so, if the pain can be remedied. If the ugly can be improved and made better by the Light or by healing energies, then do so. Don't ignore the ugly or the painful, if these can be improved, but do not wallow in the pain.

#### Visit the Pain to Bring in the Light, but Don't Dwell in It

Do not dwell in pain and sorrow and suffering, for that becomes your place of dwelling. This Awareness suggests instead, dwell in the Light, and visit the pain only to bring about the Light and healing that you can provide to that painful and dark area.

This Awareness indicates this essentially is sufficient as an overview of current events and situations, so that entities can have a general understanding. This Awareness suggests you may wish to review this entire message from time to time when things appear confusing or difficult, for it should be beneficial and informative under many different circumstances.

### Did Kuwait Oil Fires Spread Deadly Diseases?

( Anthrax in Nerve Gas Vaccine Given to U.S. Troops )

#### QUESTION:

We received over the Internet the following: "Dr. G. Nicolson of The Department of Tumor Biology at the world's largest cancer facility, the University of Texas, M.D. Anderson Cancer Center in Houston, has officially stated his belief that the Gulf War Syndrome had a biological warfare causative factor and claims to have identified one of the "bugs" microscopically.

"Other sources have suggested that Hussein's so-called ignition of the oil wells in Kuwait was in fact a mask for the release of biological agents which were carried away in the smoke." Does Awareness see any truth to that latter statement?

#### COSMIC AWARENESS:

This Awareness indicates this is in the affirmative. This Awareness suggests it is also seen that the biological warfare included some connection with anthrax, which also had a connection with nerve gas vaccine that was given to many of the troops prior to their engagement in the area. The entities, the French, were not given that nerve vaccine and have not suffered from the Gulf War Syndrome.

#### George Bush Supplied Hussein Biological Warfare Equipment

This Awareness indicates that much of this, the chemicals needed for creating the nerve gas and biological warfare equipment that was supplied to Hussein, was provided to him by agreements with George Bush prior to the Gulf War and in relation to the war of Iraq against Iran, which occurred some several years prior to the Gulf War. This Awareness suggests that the entity George Bush was aware of the capability of Hussein in having these products available for biological warfare.

### George Bush is Charged With High Treason

( A Book Exposing his Villainies is Available for Free )

#### QUESTION:

Speaking of George Bush, we received over the Internet, from the Williams Institute, this entity Michael Williams charges Bush with high treason. We've had information along this line. This is rather strong language he's putting out. I'd like to read this, because if it is valid, it gives members an Internet address where they can download this information, if Awareness confirms this is valid.

He writes: "Greetings from Swiss exile. I have sworn to fight the evil that George Bush and his criminal secret government have been imposing on the American people since he conspired with Richard M. Nixon and Lyndon B. Johnson to take over our once great nation with a coup d'etat that began with the assassination of President John F. Kennedy.

"I have sworn to fight this evil to my last drop of blood and my last breath of air. With my health completely ruined by two years of the most brutal physical and psychological torture in Marion Federal Penitentiary, (the fascist US government torture chamber for political prisoners), and deteriorating rapidly, my last breath is coming closer, and there is no modern medical assistance for me in this backwards primitive country in which I have lived in exile for the last half decade.

"As I continue to turn up the heat on the murderous drug-dealing traitor, George Herbert Walker Bush, I have now arranged for the 434 page book: "*George Bush, the Unauthorized Biography*" to be uploaded to my web page. The 1.2 megabyte book is now there, available for downloading. This is the book that scared the daylights out of Bush. It scared him so much that it is now out of print. In other words, he doesn't want you to read it. He doesn't even want you to know that it exists.

"This evil man, this satanic, demonic monster is responsible for far more crimes than just the assassination of our most beloved president. He is responsible for putting hard drugs on our streets and turning the children of our nation into drug addicts, thieves, robbers and whores. Anyone who casts a vote for Billy Blythe a/k/a Bill Clinton, is casting a vote for his master: George Herbert Walker Bush.

"You now have the chance of a lifetime to read the truth about George Bush and what he did to destroy our country. Additionally, you will be able to read what his father Prescott Bush did to destroy our country. For starters, he financed Adolf Hitler's rise to power. He even had assets seized by the U.S. government for his violations of the "Trading with the Enemies Act" as a result of his doing big business with the Nazis while all of our able-bodied men were being sent to Europe to give their lives and limbs battling them.

"Americans have been duped. As Josef Stalin said of Americans after seeing how Bush had duped them: "You could spit in their faces and they'd think it was morning dew!" There is no excuse for Americans to be duped today. The truth is being laid out on the table for all to see. There is nothing to stop you from downloading this incredible book and finding the truth out for yourself now.

"Anyone who continues to close their eyes to the truth in these dangerous times does so at their own peril. This information, this informative shocking book is available for downloading at: <http://www.kmf.org/williams/>. And he adds: "I, Michael Williams, here and now charge George Herbert Walker Bush with high treason! Who will join me?" And he ends it with a quote from John Kennedy, who said: "*When you make peaceful resolution impossible, you make violent revolution inevitable.*"

Does Awareness see that book as being mostly valid information for people?

#### COSMIC AWARENESS:

This Awareness indicates that the book is mostly valid. This Awareness indicates it is full of shocking information which can be extremely informative to entities. The attempt to download the full 1.2 megabytes may not function completely. This Awareness indicates that at least half that amount appears to be available. It may be that the entity simply was not aware of the full amount of information or perhaps it became condensed when it was uploaded.

This Awareness indicates it could be a situation in which there is a compacting of the information that may be extracted to form 1.2 megabytes when downloaded. This is unclear. This Awareness indicates that essentially however, the information that is available through this process is generally accurate. It is indeed shocking, because this entity Bush having from the time of the Kennedy assassination, been deeply involved in CIA activities and later in control of the CIA, and then as president, and also as still having controls over Clinton, the present President of the United States.

This Awareness indicates that it is because of this

activity of George Bush that Al Gore was able to stall the showdown with Clinton by informing Kenneth Starr and the Republicans and others that if Clinton was arrested or in any way harmed before the election, so that his election was threatened, and he were to become President prior to the election, he would simply announce the arrest or call for the arrest of George Bush for treason.

This would be a great embarrassment to the Republicans, which led them to back off from Bill Clinton until after the election. This Awareness indicates that it appears that Al Gore is now more willing to allow Clinton to be brought down or forced into resignation, now that the election is over, and that Al Gore would now have a more firm position since the election has occurred, and his position as vice president is not up for grabs in the event of Bill Clinton's demise, or removal.

This Awareness indicates Al Gore and many others are well aware of the role which George Bush has played in the shadow government of the renegade CIA activities along with Oliver North and those many others who have played their role so well in creating the coup that has taken control of the United States and which is moving toward the New World Order, as has been promoted and planned for several hundred years; their role being to bring this into fruition prior to the year 2000.

This Awareness indicates many others who are well aware of these entities who are in power, in control, and who are manipulating toward this end, are also holding their own, waiting for the right time to put a stop to those plans, and this Awareness suggests that these may be considered the Forces of Light which could have a profound effect on turning around the momentum in this year of 1997.

## THE BOMB THAT GAVE CLINTON VICTORY MAY COME BACK TO HAUNT HIM

### QUESTION:

We received over the Internet an interesting thing from Brian Redmond called the "Electronic telegraph," dated Sunday, the 10th of November. It's called: "The Bomb That Gave Clinton Victory Could Still Return To Haunt Him," by Ambrose Evens Pritchard, in Washington." And it reads:

"Relaxing on Air Force One after the election, Bill Clinton told reporters it was the Oklahoma bombing that proved the turning point in his political fortunes.

"It was the moment when the militias, the Christian Right and Gingrich onslaught against government all melted together in the public mind as one rampant movement of extremism. "It broke a spell in the country as the people began searching for our common ground again," said Clinton.

"I was struck by the observation, because I have long believed that the Oklahoma bombing was the springboard for the remarkable come-back of Clinton. The lorry bomb that blew up the Murrah Federal Building on April 19th, 1995, killing 168 people, was a traumatic event. Had it been carried out by foreign radicals, the impact on the national psyche would have been far less, but this was a homegrown conspiracy. Americans were committing mass-murder against other Americans. A class full of infants in a day-care center massacred in cold blood --by Americans!

Clinton seized the moment. He blamed Right-Wing radio talk shows for sowing distrust of government institutions and for creating a climate of hate that fostered recourse to violence. He did not name the

Republicans as co-conspirators; he did not have to. The U.S. media made the connection for him.

Tim McVeigh was a military expression of the Gingrich agenda, opined the commentators. Republicans had failed to understand that rhetoric has consequences, and now look what had happened.

A few Republican dared to reply that it was a deployment of tanks and CS gas by a militarized FBI against women and children in Waco that had set off the deadly spiral, but most of them were too intimidated or horrified to articulate the defense. It worked like magic for Clinton. With control over the Justice Department and the FBI, which he has politicized to an extraordinary degree, he has been able to shape perception of the bombing.

But what if the government has suppressed the full truth? What if the most important investigation in modern history has been compromised to ensure the re-election of the president?

These are not idle questions. A family that lost two children has accused the Justice Department of a cover-up. After conducting their own private investigation for the past 18 months, Glenn and Cathy Wilburn have amassed evidence suggesting that the government had prior knowledge of the bombing and negligently failed to stop it. They have demolished the prosecution's claim that McVeigh acted alone at the crime scene. The Wilburn's have over 300 hours of tape testimony from witnesses who spotted McVeigh with other men in Oklahoma City between 8:00 AM and 9:00 AM on April 19th.

The last witness to see the Ryder lorry as it pulled up in front of the Murrah Building, said that the stocky man who got out of the driver's side looked nothing like the tall gangly McVeigh. The Wilburn's and their daughter Eyde Smith, have now taken their case to the Oklahoma courts. In a civil lawsuit, they have named two men: Michael Brescia and a former German Army officer, Andreas Strassmeir as alleged accomplices of McVeigh.

They have accused the Justice Department of failing to pursue all of the conspirators because one or more of them were Federal informants who had penetrated the bombing ring. Fortunately for Clinton, this story did not break in the mainstream media before the election, but it has been percolating gradually for several months. A number of newspapers in Oklahoma, Kansas, and Tennessee have reported the Wilburn allegations, and the Canadian Broadcasting Company recently ran a documentary.

The Justice Department has immense power, of course, but I doubt that it can keep the lid on this case for much longer. The truth will out. And if it is shown that the Oklahoma bombing was a Federal sting that went wrong and was then covered up under pressure of the White House, Clinton will have a lot of explaining to do." That was the end of his statement.

### COSMIC AWARENESS:

This Awareness indicates all of this of course will come out in time, and the entity Clinton will be seen as one who is a monstrous president. The entity will be blamed for all of the misdeeds of his own. He will also get credit for the misdeeds that have brought down the government to become of little importance, and because of this president and his defamation and because of what occurs to the government from this defamation, it will become much easier to manipulate the masses into scrapping the Constitution and going for something totally different that will be more fitting to the New World Order.

Thus, not only will entities get rid of the monster who was the last president, but they will also get rid of the Constitution and the last vestiges of freedom. It is likened unto throwing out the baby with the bath water, or in this case, throwing out the baby with the garbage that the baby was found in.

This Awareness indicates the situation may appear to be a kind of justice, when the president is brought down, but be very much aware that it can also be used as an excuse to bring down the government "Of the People, For the People, By the People," and to replace it with something far more sinister than even a corrupt president.

This Awareness indicates, of course there is also the possibility that this corrupt government could come down and the Constitution would be strongly reinforced by certain Light Forces, perhaps backed with military support and Patriots who wanted to see the government get back to where it once belonged, in the hands of the people, for there are many entities who are still loyal to the Constitution, to the laws of the land and to the concepts and principles on which this country was founded.

### Sale of Federal Reserve to Treasury: "Sounds Unlikely" to One Entity

#### QUESTION:

A question from JD in New York: "The claim that the Federal Reserve has been bought by the Treasury sounds highly unlikely. Who'd sell such a cash cow? And what would the Treasury give the Fed? Its own worthless notes? And they'd take them for the cash cow? And isn't the Fed as rich as Croesus compared to the deficit spend Treasury?"

#### COSMIC AWARENESS:

This Awareness indicates the reality is that the Federal Reserve was based on fraudulent debt and that it owed trillions which it fraudulently took from the Treasury. This Awareness indicates that essentially, the Federal Reserve Notes were nothing more than IOU notes and were given to the Federal Treasury for loans, and the Treasury accepted these in exchange for a debt that did not, could not, should not have ever been recognized, because it was the Treasury Department that authorized the Federal Reserve to produce the IOU Federal Reserve Notes, as bank notes backed by Treasury credits.

This Awareness indicates that the Federal Reserve Bank, operating illegally, *never* had the right to claim a 5 trillion dollar debt against the Treasury. It is likened unto if you were to go to your local bank and make some kind of agreement with them, telling them you have 40 million dollars in your bank. "We will take over and manage your bank and we will give you loans of 140 million dollars for every million dollars you provide us with, and you can borrow this money from us in the form of cashier's checks from our bank, or in the form of loans from our bank secretaries, and it will be perfectly legal for you to use these cashier's checks and money orders to improve your situation."

Therefore, the agreement occurs and the local bank begins to provide a million dollars to your bank, and you write checks for 140 million for every million dollars you receive. Of **course** this is illegal! Of **course** your checks are worthless! Just because they come from a bank does not mean that they are worth something. They are simply IOU notes from your bank to the local bank.

This Awareness indicates the Constitution clearly states that *Congress* has the right to mint and coin

money, and this is done through the Treasury Department which is a creation of Congress. It does not say that Congress has the right to turn over the establishment and control and minting of money to a privately owned bank. Therefore, it is operating outside the law.

#### Treasury Dept. Controlled by Same Fed Faction

This Awareness indicates that the trouble that this Awareness sees with this concept of the Treasury having purchased the Federal Reserve Bank is that the Treasury Department appears to be controlled by many of the subordinates of the same factions that own the Federal Reserve Bank, and therefore, they are running the Federal Reserve Bank in the same manner that it was run before they purchased the Federal Reserve Bank.

They are not informing the masses of a change. They are not informing the masses that the 5 trillion dollar debt is no longer owed, that they have the Federal Reserve Bank under their jurisdiction or under their wings. It is being run as though it still belonged to the foreign owners, and this Awareness indicates it is because there is so much to be gained from this deception and by keeping the Treasury Department under control; just as the FBI and the CIA are also under the control of these international powers, they can maintain the status quo, as though there has not been any change that has occurred.

As long as they can control the press and the agencies involved, they need not leak out the information that anything has changed, and the public will simply continue to accept the belief that they owe 5 trillion dollars as a public debt to the Federal Reserve Bank, the privately owned bank of some 13 families of foreign origin.

This Awareness indicates eventually, this information will have to be brought out. Hopefully, it will come out before the New World Order is set up; however, it is seen that the hope of those involved in the New World Order is that they can keep the information buried until they have taken over the control of the government entirely, and then they won't have to worry about this information coming out.

### Strange Underground Sounds in Denmark

#### QUESTION:

Two last questions from Ole G., in Vedbaek, Denmark. He writes: "In this country, in the North of the island where I live, there is an area where the inhabitants are grossly disturbed by low frequency sounds which cannot be detected by the ear, but it **does** ruin their lives. They feel terrible and cannot sleep. I heard of one who had to leave her house.

"It is a mystery where the sounds come from. I have an idea that it is caused by underground activity by drilling tunnels or manufacturing plants run by extraterrestrials or intraterrestrials. Could Awareness comment on that?" he asks.

#### COSMIC AWARENESS:

This Awareness indicates you are correct. This is very similar to that which has occurred in Taos, New Mexico, some several years ago, wherein there was a constant hum that drove entities crazy.\* It was underground drilling, underground activity, the building of bases underground, tunneling from place to place underground; all of this activity having to do with extraterrestrial activity in conjunction with government agreements in exchange for technologies that can be provided to the government with whom the extraterrestrials deal.

This Awareness indicates that these underground tunnels have been built in many places throughout the

world. It is seen that there is a desire to create a complete network of tunnels to allow traveling from place to place underground, so that they can carry on various types of nefarious business transfers as well as movements of a secret nature.

This Awareness indicates this is not only for the transfer of illegal substances and commodities such as explosives, munitions, drugs; it is also intended at a future time to be used for transferring abductees, slaves and people who have been abducted for alien purposes and for New World Order officials and activities of a nefarious nature.

This Awareness indicates these tunnels also have a purpose of transporting entities for extermination, much in the way trains were used in Nazi Germany, to move entities from place to place. The tunnels, of course, will be even less conspicuous.

### Abolishing Currency in Europe: How Come?

#### QUESTION:

His last question: "Here in Europe, plans are in progress for establishing a common European currency. The bankers want to abolish our good old national currencies like Pound Sterling, D-Marks, French Francs, Danish Kroner, and replace them with a new Euro, issued by the new European Central Bank. When looking at the American experience with "the Federal Reserve," I fear a similar robbery. It could even be that plan which is the real reason for making the European Union a political union.

"What does Awareness see here?" he asks.

#### Cosmic Awareness:

This Awareness suggests you are absolutely correct. It is the same people behind the new currency that have been controlling the Federal Reserve currencies of both this country, and to a similar extent, who have been controlling the currencies in European banks, but these currencies in the European banks have been backed by much of the Federal Reserve money collected from the IRS in the United States.

This Awareness indicates the IRS in collecting taxes only allows 26 of 100 dollars to be paid on the National Debt. The rest goes to the Federal Reserve backed banks in foreign countries to be used to help print and control the various moneys of those countries, and controlling the foreign banks gives them the opportunity to seek interests on mortgages and loans from those banks and to levy taxes similar to those levied in the United States.

This Awareness indicates that by combining it into a clear single currency in Europe it will be much easier for them to operate with greater efficiency in the manipulation of debt and control over the people through the economic efforts. Eventually the plan would be to have a 'world currency' so that all the currencies of the world are of the same value, same appearance and same purposes.

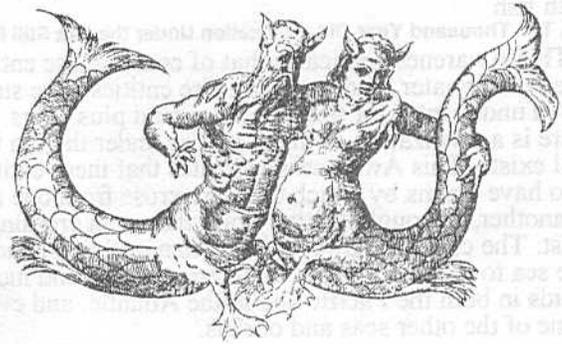

### NEW WORLD ORDER WILL BE IN PLACE BY YEAR 2000--UNLESS

#### CLOSING MESSAGE:

This Awareness indicates there are many things for entities to grasp, to focus on, to consider in these next several years as entities move closer to the year 2000, which is the date set for the New World Order to be fully implemented and running. The great stress and strains of the New World Order will follow after that date, but getting it in place by the year 2000 is the agenda of these entities.

This Awareness indicates that if it does not come together by the year 2000, it will probably be because too many people caught on to the nefarious nature of the game and found ways to sabotage the plans, and somehow were able to divert the direction, to turn it back to something of a more light and spiritual nature, assuring freedom and prosperity to the masses without the masses being enslaved by a New World Order that benefits only the extraterrestrial presence on the earth and their few human henchmen and cohorts.

### DO TATTOOED MERMAIDS AND MERMEN REALLY EXIST?

(What Relationship Have Mermaids to the Crystal Skulls?)

#### QUESTION:

A question from Val Lee L., in California. "Here's a question for you and Awareness. From the book Mysteries of the Crystal Skulls Revealed by Sandra Bowen, F. R. 'Nick' Nocerino and Joshua Shapiro come the following quotes: "While viewing the scenes in all the crystal skulls which I have worked with, I was led to research mermaids because they appeared within the skulls. I had been researching mermaids for a long time and found scattered information about them.

"There was a report in 1983 which states that a body floated up along coast of Africa. The body was intact except for one thing. There was the upper portion of a man, with a fish tail. It was short, supposedly 3 & a half feet to four feet, and allegedly it was completely tattooed. This shows an intelligence. How do you tattoo your back if you are a fish? I mean do you have an octopus come over? How do you do that?"

"Now, following that, another body came up in the Philippines or near there. This one was slightly mutilated, and nobody knew why when it was found. And again it was half fish and half man. This year, 1986, a body floated up with no head. They don't know how the head came off. The body had a complete tattoo, entirely down the back of its hands, its arms and all over its back and down to the fish part of it. This time they were nice enough to give it to the university. So now we have a tangible research project on this."

And he has several questions here. "Question: Is someone doing genetic experiments and turning them loose to see how they do in the open seas? And how is this all connected to the crystal skulls, if at all? And if these accounts are valid, how were these mermaid tattoo anomalies created and why have they been surfacing in our oceans?" And he gratefully asks Awareness to comment on the relatively factual and fictional value pertaining to the content of the above-mentioned books and the merits of further research in this area of the

Crystal Skull and biological experiments." There's a number of questions.

#### COSMIC AWARENESS:

##### More on Life in Atlantis and the Creation of the "Things"

This Awareness indicates there is seen a connection to that ancient continent of Atlantis in which there was an enormous focus on genetic engineering which led to that which was described in the Edgar Cayce readings as the development of 'things'; these were grotesque creatures and beings that the Atlanteans developed through genetic engineering. Some of the 'things' that were created during that time were the cross or morphed mermen and mermaids; these were men and women who were crossed with fish.

##### A Ten Thousand Year Old Civilization Under the Sea Still Exists

This Awareness indicates that of course these entities lived underwater, and some of these entities have survived underwater for these ten thousand plus years. And there is a civilization of these entities under the sea that still exists. This Awareness indicates that these entities also have means by which they can cross from one ocean to another, although it is very rare that such crossings exist. The cultures however have managed to spread from one sea to another, so that there are mermen and mermaids in both the Pacific and in the Atlantic, and even in some of the other seas and oceans.

This Awareness indicates that rumors of these mermaids have been handed down from sailing days. In those days the mermen and mermaids were not as intimidated by the ships for they were silent. In present time the ships with their massive propellers and noise tend to drive the mermen and mermaids into hiding and they are not frequently seen by sailors. There has been some attempt to imply that certain creatures seen off the coast of Florida are what sailors mistakenly call mermaids, but this is incorrect, although there may have been some sailors who thought those fish were mermaids.

##### Mermaids Very Adept in Art of Tattooing

This Awareness indicates that over thousands of years, these sea creatures still having arms, still having brains, are capable of developing some techniques or artistry and part of the artistry that has come down from their ancestry is the art of tattooing, or drawing pictures and designs on each other. This Awareness indicates that if this sounds bizarre, keep in mind that you are living in a time wherein bizarism has become commonplace.

##### A Cross Between a Tomato and a Woman

Remember also that a genetic engineering experiment 40 years ago resulted in the cross between a tomato and a woman, wherein the tomato and woman mutation was created, wherein it was extremely sensitive to touch and to pain. This Awareness indicates that there are many more things far more bizarre than most people could imagine. Recall for example the stories of Dulce, New Mexico, wherein these genetic experiments created the man/spider; the man with 6 legs and other such creations. This is what you have already read about. This Awareness indicates *It* refers to the book *Alien Magic*, but there are many more things that occurred there which were not discussed in that book.\*

### Any Truth to the Lorelei Legends?

#### FOLLOW-UP QUESTION:

Legends of these mermaids, or the Lorelei, as it called in some countries, is that the females are often very sensual creatures with long flowing hair and beautiful features, and that in the old days they used to sit on the rocks and sing and lure the boats in to crash. Is there any

truth to that?

#### COSMIC AWARENESS:

This Awareness indicates only if the sailors are so enraptured that they become negligent in their duties and sloppy in their sailing procedures. This Awareness indicates it could be something that would happen if one is sailing in an area where there is shoals and rocks and the entity becomes fixated on some female form on the beach. It could happen that the sailor neglects watching where he is going. It happens in automobiles.

This Awareness indicates that drivers often will be distracted by some Darryl Hannah or some other creature of that nature and may have an accident. This Awareness indicates that the stories that have come down have generally been considered as mythical and wild imaginings of men who have been adrift too long, but there is truth in regard to the fact of mermaids and mermen.

This Awareness indicates if the mermaids were used to draw ships to shore to crash, it would have been a reasonable action considering that these entities have genetically within them certain human qualities, wherein they may enjoy some of the spoils of a crashed ship; wherein they may enjoy the foods aboard the ships or the jewels or whatever other bounty the ship may have, and the man might remain in hiding, letting the women do the luring, so that when the ship crashes on the rocks, the mermen then could help loot the boat and take the spoils to their undersea city.

#### FOLLOW-UP QUESTION:

These creatures then must be different from the nature spirits called Undines, I believe?

#### COSMIC AWARENESS:

This is in the affirmative.

### The Crystal Skull Connection

#### FOLLOW-UP QUESTION:

How is this all connected to the crystal skull, if at all?

#### COSMIC AWARENESS:

This Awareness indicates the crystal skull appears to be remnants from the continent of Atlantis; that there was a time in Atlantis when these skulls were used for anatomy studies and whereby they were used for communicating telepathically by staring into a skull to see the face of one whom you knew, and superimpose that face over the skull with your mind or imagination. You could then have telepathic control or contact with that person whom you superimpose over the crystal skull.

This Awareness indicates that these mermen and mermaids have a number of these skulls on hand and use them for similar purposes even today. This Awareness indicates that they are used for telepathic communication with one another. The types of anatomical creations in Atlantis had within them colorations so that the skulls and bodies were not as clear as these skulls, but there would be, for example, designs inside the glass body model which would show organs and bone structure and so forth in a slightly colored manner or in drawn outlining of an organ.

This was for the teaching of anatomy in the schools of Atlantis. It was a similar principle but different from the crystal skulls. The same kind of technology was used in making the crystal skulls as was used in making these models for the anatomy classes.

#### Atlantean Technology Being Used Today with Computers

This Awareness suggests there is a process that has been developed and was spoken of in the news media several years ago in which computers were being used to create three-dimensional parts within a vat of liquid based

on some plotting maneuvers within the liquid so that a part of some machine or a part for some device could be made in the liquid by the computer which would create on a kind of three-dimensional grid or screen the image, and this image would have three dimensions and this would all be engulfed in the liquid and the liquid would then be solidified by a certain kind of electrical charge to hold to those outlying grid boundaries so that after a certain time the part could be lifted out of the liquid and would be in its proper shape, all done by a computer operated from above or elsewhere, creating the shape on screen, and creating the reality in the vat.

This Awareness indicates that this kind of technology was available during this period of Atlantis; these entities having had what would be termed 'extraterrestrial' technology, and the crystal bodies that were created for anatomy purposes would, for example, be created in a similar situation wherein the bones would first be created to give the shape of the skeleton, then this would be in a clear glass-like substance of a certain tint of color. Perhaps a whitish gray color, but still translucent so that you could see through it, and see the hollowness inside the bones wherein the bones are hollow, and around these bones would be attached the various organs and cartilage and this would be of a certain slightly shaded color made from similar glass-like material, and around these would be the various organs and eventually the entire anatomical creature would be covered with the shape of the human body.

There would be no actual skin coloration. It would be clear enough that you would look into the glass-like body and see all the parts that make up the human system. This Awareness indicates that this was used in the colleges, or universities, the great school in Atlantis for training in medicine and anatomy. It was also the technology out of which the crystal skulls evolved for the purpose of telepathic communication.

This Awareness suggests that anyone who has a crystal skull might wish to practice telepathic communication by thinking of a class associate or friend and staring at the skull until the eyes begin to tire and begin to see the face of your associate and focusing steadily on this face, begin to hold it somewhat, and when it becomes more solidified, talk to it, communicate, then check later to find out if the entity felt your communication; or, you may, while staring at the face, ask questions that you do not know from the entity you are looking at, and see if the answers you get can be later verified by the entity.

This Awareness indicates this may not occur the first time, but it is good practice for entities wishing to develop their telepathic abilities.

### What Happens to Mermaids After Death?

#### FOLLOW-UP QUESTION:

These entities, the mermaids and mermen, when they pop up minus their head, or when they die, do they go to a group soul type of thing or is it more like a human entity after death?

#### COSMIC AWARENESS:

This Awareness indicates that these entities become bodies of Light, just as do humans, and go into the higher frequencies or dimensions or realms, and they may reincarnate at some later time as physical humans or if they are strongly attached to their previous culture, which will more likely be the case, they would then reincarnate into their subterranean lifestyle and culture.

#### QUESTION:

Do they build and live in little subterranean cities?

#### COSMIC AWARENESS:

And caves.

#### QUESTION:

Is it like what Jules Verne spoke of? That it would be an enclosed area?

#### COSMIC AWARENESS:

These entities do not need air to breathe.

#### QUESTION:

Does Awareness have a closing message?

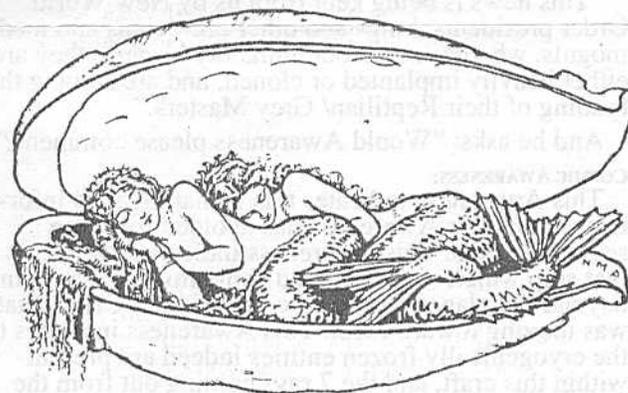

### Don't Share this Information with Your Friends

#### COSMIC AWARENESS:

This Awareness indicates that information such as this can be very entertaining, however this Awareness suggests that entities may wish to rethink or reconsider before passing such information to their friends, for many entities will consider this as being totally absurd. This Awareness suggests that it is not something that has to be believed, nor promoted. It is of little importance to entity's lives, but it is of interest to some entities.

This Awareness reminds you of the book You Are Becoming A Galactic Human and reminds you that this entity Nidle spoke of the people of the sea; those who lived in the sea, cetaceans that became the dolphins that you know today; but this Awareness wishes to add that there were also the people of the sea known as mermen and mermaids which also had their place and which still inhabit certain places on the earth under the sea.

(The Law of Gratitude is given)

### Are Aliens Stealing Waters From the Mersey (Evidently Aliens Not Taking the Ferry Across the Mersey)

#### QUESTION:

A question from Stan W. in England. He writes: "I have heard recently about an incident reported from Runcorn, Cheshire, England, where "Something was seen to descend from the sky and apparently suck up water from the river Mersey." Theories are that the liquid is being carried to the moon, Mars, or elsewhere. Should this be so, is this why the water levels are being lowered because of the impending possibility of the melting ice caps?"

#### COSMIC AWARENESS:

This Awareness indicates that there have also been rumors in the past or stories in the past of UFOs picking up huge chunks of ice from the polar caps and taking these chunks of ice out into space. This Awareness indicates that these appear to have some substance of reality to them. It appears that there are bases not only on the moon, but also on Mars which aliens use, and whereby they can stock those bases with water, which they will need for surviving, they take these ice cubes or water abductions to those places for their use.

It is not sufficient to cause a problem in terms of depleting the earth's water, nor does it have any measurable effect on the lowering of oceans in the event the ice caps were to melt. It is too small an amount.

## THE SECRET OF THE COMET HALE/BOPP

("That Dreaded Information" is Now Released)

A number of our members have sent in questions about the great comet of 1997, the Hale-Bopp, which we've asked Awareness about in the past, and *It* couldn't give any information on it other than "We just have to wait and see." But there is more information coming out now on the Internet. And here, for one, is a question sent in by Ed M., in Syracuse, New York.

He sent in a photograph which I showed the Interpreter yesterday. He writes: "Above is the 7 jet Hale-Bopp photo available." (it's a .jpg file on the web at <http://www.cco.net/~trufax/reports2/hale3.html>).

"As reported to Alex Collier (30 year physical Andromedon Contactee) by his Andromedon teacher group from 357 years into our future, that are here to help us avert the dictatorial Reptilian takeover of our planet.

The enhanced and filtered photo of Hale/Bopp shows propulsion jets streaming out the rear of the space craft/ "comet" as it hurtles toward us here on earth.

"Orion based Reptilian forces hollowed out and altered an asteroid, turning it into a mother ship disguised as a comet, which has two more troop mother ships behind it in tow. Upon arrival, Reptoids plan to awaken many thousands of cryogenically frozen troops for the staging of an invasion of earth around the end of March, 1997.

"This news is being kept from us by New World Order presidents, kings and other politicians and media moguls, who have sold out humanity because they are either heavily implanted or cloned, and are serving the bidding of their Reptilian/ Grey Masters."

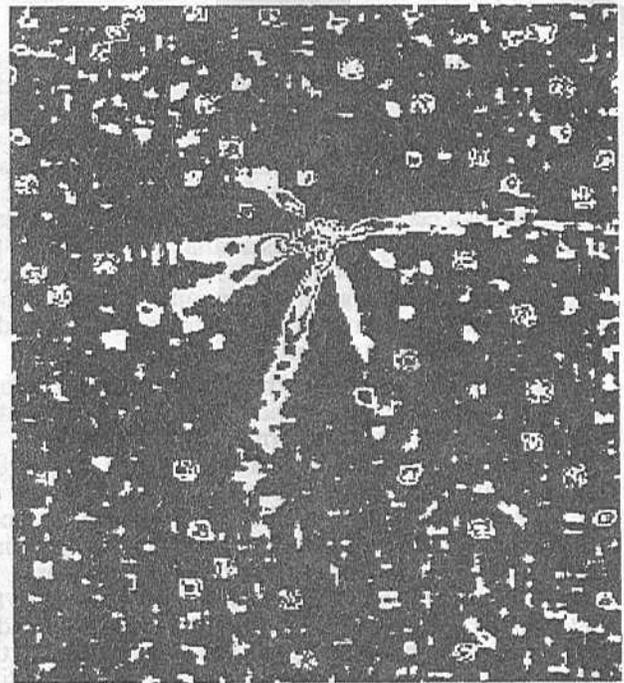

And he asks: "Would Awareness please comment?"

### COSMIC AWARENESS:

This Awareness indicates this is that dreaded information that this Awareness has avoided for some several months. This Awareness indicates that this is that ship which was discussed sometime back as being beyond the planet Pluto in the direction of Orion, that was moving toward earth. This Awareness indicates that the cryogenically frozen entities indeed are present within this craft, and the 7 rays coming out from the craft are indeed jets streaming from behind which are used to propel the craft.

This Awareness indicates that there were others that came in earlier in similar asteroids that were hollowed out, and these were crashed into the planet Jupiter. This Awareness indicates that this one is still to be dealt with. The question of course is "How will it be dealt with?" It does appear that there are forces within the government who know what is happening with this craft, know that it is not just an ordinary comet. This Awareness indicates that it also appears that there are plans to deal with it before it actually reaches the earth, or goes into orbit near the earth, so that it could have an unpleasant effect on civilization.

This Awareness suggests that entities be watchful, but not be disheartened by this. It is a dreadful situation, but it is not a situation that cannot be found solvable. The problem can be reconciled. This Awareness indicates that many of the present Reptoids on earth are looking forward to this event as being that which heralds the beginning of the New World Order as these forces are expected to help conquer the world. This Awareness indicates there is still much that can prevent this from happening.

Above is the "Seven Jet Hale Bopp Photo"

Available .jpg at <http://www.cco.net/~trufax/reports2/hale3.html>

### FOLLOW-UP QUESTION:

The last time Awareness indicated these 7 asteroids were loaded with cryogenic Reptoids, and these were recorded by the various telescopes and they crashed into Jupiter, and I think Awareness indicated it was the Pleiadians or the Sirians that tricked them into crashing into Jupiter.

Does Awareness see a similar type of intervention by these entities to divert the Hale/Bopp "comet" from coming to earth?

### COSMIC AWARENESS:

This Awareness indicates that this could occur. *It* does not wish to foretell any kind of plans or any kind of strategies that might be useful, because there are many entities on this plane who are under the command and control of the Reptoids who are present on earth at this time, and there is no reason to alert them as to any plans or actions of other extraterrestrials in their potential for dealing with this situation.

Ed's Note: the latest discussion of this can be found in "Revelations of Awareness" No. 96-15. The above information explains why Awareness waffled on the question asked in that issue, providing instead an explanation of why the Interpreter can't always see an energy that will answer a specific question. More on this Hale/Bopp object loaded with frozen Reptoid warriors will be forthcoming in our next issue, which will examine possible scenarios for 1997.
