

SAUCER SCOOP

ATTENTION: UFO HUNTERS

Scientists Agree UFOs Not Spaceships

He does not know it but he cant fly either"-!

"All Of Us Ufologists"

" The All Knowing Scientists:"

JANUARY 9, 1969

WASHINGTON (AP) — A blue-ribbon committee of the National Academy of Sciences will agree with the main conclusion of a secret report on a scientific investigation that says there is no evidence to indicate that unidentified flying objects are spaceships from another world.

SCOOP SNOOPS !!!!!

SOVIET WHALERS in the Antartic Ocean have reported sighting a light-brown SEA MONSTER (!) 49 feet long and shaped like a snake! 'Official' explanation?????? "large bundle of seaweed"!! According to the reports it made "convulsive movements".... (Genus: SeaSnakeWeedItis)Meanwhile-- Back at LOCH NESS: "Highly sensitive sonar equipment has established the EXISTENCE OF LIVE MOBILE OBJECTS - uncharacteristic of fish- living in the 700 ft. depths"..... "... there is NOT one Loch Ness Monster but a TRIBE of them." Aw - go one, go two, but a 'tribe'???? (Covey's - herd's and flocks -- but TRIBES of monsters?????).... Sounds more like the Loch Ness Mess!BUT- the TURKS (not wanting to be left out) have come up with a "TALKING CAT"... In KONYA, TURKEY - Veterinarians said that a cat named PALA can speak like a human -- but that it had a "Marked feline accent"..(They expected maybe a "bow-wow"?) Furthermore - the 5 year old black and white cat can speak such words as "Mom" - "dad"- "Sister" - "go out" and "come in"..... While the battle raged between the vets as to did it - or did it not speak - there was no comment from Pala! A LARGE BELL-SHAPED OBJECT was found on the beach at Ft. Monroe, Va..... 28 inches in diameter and weighing 700 to 800 liberal pounds! Curator of the Mariners Museum said - "It does not resemble anything we have around here or have seen. It is something like a submarine bell in shape only." "It is apparently some type of bell or weight but I don't know just what, if it is a weight then I just don't understand it being HOLLOW but it is not like any bell I have seen."..... Could be he just missed a few? HellsBells! There is more doing at NIAGRA FALLS THAN HONEYMOONS..! According to SecretSnooper #9 -- Also in SENECA FALLS ---- UFO'S along with "explosions both heard and felt" - than power failures -- after that? Craters found..... All after an "armada" of UFO'S were seen right over the immediate area!STRANGE VOICES being broadcast in our Churches! According to John Keel this phenomenon has also been occurring in churches in Calif.- W. Va. - and L.I., N.Y. NUMBER-COUNTING voices heard by whole congregations.... In PORTLAND, ORE. at the ALL SAINTS ROMAN CHURCH they seem to be getting some unwelcome comments over their brand new amplifier system...! "Parish officials have been unable to tune it out"..... MOONNEWS*** ASTRONAUTS MAY BE GOING TO HELL ONE OF THESE DAYS..! HELL, of course, is a small crater to the northeast of the crater TYCHO, a prominent spot on the lunar surface as seen from earth. HELL takes its name from Father Maximilian HELL, a 17th. century Jesuit astronomer and director of the Vienna Observatory! (Many have been saying just where they would put the Moon Program - now we all know!) ~~*****~~ UFO's are not licensed... A few days after a National Sky-Watch Day Documentary was screen on bbc-tv "Panorama", Mr. Colin McCarthy had two strange visitors... They were from the GPO's Wireless Licensing Department, and expressed great concern at Mr. McCarthy's attempts to establish radio communication with UFOs. They pointed out that the attempt was contravening their regulations, as UFOs were NOT licensed by the G.P. O.((OH))

This is for real: Scoop has been informed of a disappearance and has been requested to help in trying to locate this man. JAMES EDWARD SCOFFEY - He is a 17 year veteran of the Air Force, often spoke of saucers, and had announced that he was in contact with one from 'out there' and that they were coming to take him away. The name of one of 'them' was given as "Minto"... He was interested in Shaver Research, the Hollow Earth Theory, and other aspects of the ufo field. 5 ft. 8½ in. tall - weight aprox. 195 or 210 lbs. Dark brown hair and blue eyes. Last seen or heard of in ORLANDO, FLA.-- 4 years ago.... Can anyone out there help?????? Please contact this editor.....

EDITORIAL COMMENTS

SGOOP now reprints from THE NEW COSMIC STAR (address given) an Editorial written by AUTHUR LIEBERMAN.....

"The New Cosmic Star" has, within the past few months attended two space conventions, one in Southern California and one in Northern California. Both left something to be desired. At the Southern California Convention there were some well-intentioned but dull, repetitive, boring speeches interspersed with ramblings about contact with space people which would be better saved for publication in cheap pulp magazines i.e. "I met a spaceman in the men's room of a PSA jet enroute to San Fransisco." A statement like this is just the kind of talk that makes a mockery of the sincere research effort being made in the field of UFOs. There were also a few not so subtle politically flavored statements and inferences made that have no place in apolitical gatherings such as this.

The Northern California Convention, held in the Claremont Hotel, Berkeley, was a well-run, dignified affair, chaired by Mrs. Angela Kilsby. It has as its moderator, Fred W. Andrews, who handled the introduction of the speakers with efficiency, humor and grace. So much for the mechanics.

Here again, most of the speakers were of the hum-drum variety - you have heard it all before and what you haven't heard, you have seen - nothing new; with one exception! Out of the prosaic ramblings came a very exciting 45 minutes; a young man by the name of Damien Simpson. His message was clear, succinct and meaningful. It was very inspiring to see one so young stimulate an audience with his truth. Hopefully he is a harbinger, a herald of the future in metaphysics. His prescence, we hope, is portentious.

We respectfully submit, however, that we are confused. We attended what was billed as a Spacecraft Convention, but we are still trying to figure out how sticking needles through cheeks and arms, mysteriously pulling reluctant arms up from the sides of bodies, and talking to mynah birds has to do with spacecraft. When you responde to an automobile dealer's ad - you don't expect to walk into his showroon and buy 3 pounds of swiss cheese.....

SCOOPSAYS: AMEN ! Verily, we agree with you ! This editor attended the much (too much) written about 1967 New York Something-or-Other, commonly called a 'Convention'. A 'Convention' of WHAT though, was the question of that day..! It seemed to be a Hippee one the majority of the time. The Closed Sessions had about as many Openings as your 'swiss cheese'. And we had plenty of that well-known side dish - HAM - to say the very least! It mainly served the purpose of getting the various researchers together - and for this I will vote...

SCOOP is now announcing the plans for a SYMPOSIUM (not a convention) on UFO's. The ground rules are very simple: NO selling of books - NO huge advance publicity - NO speakers - NO open sessions... All sessions will be CLOSED - and open to those who are deeply concerned with the problems facing Ufology today, and who wish a quiet and secluded spot to exchange their viewpoints, ask for fellow-help on any serious case which is needing expert opinions... All cases discussed to be on a CONFIDENTIAL BASIS. A Meeting of Minds - not pocketbooks. SCOOP will NOT pay anyone's way to bring them here - if they do not possess the necessary funds they will have to make their own arrangements. All responsible, serious researchers will be contacted in the near future as to the WHEN and the WHERE of this meeting..... Special emphasis will be placed on Hostility cases, with those who have a 'Need to know' qualification.....

DATELINE: Jan. 7, 1969 -- Washington - "Report says NO evidence UFO's are alien spaceships". A secret report on an Air Force financed investigation of flying saucers will say there is no scientific evidence to indicate that these unidentified flying objects are spaceships from another world. Informed sources told the Associated Press that this will be the primary thrust of the closely guarded report on a two-year study... The sources said the report will not claim that the study produced proof that UFO's are not manned surveillance craft from outer space. "You can't prove a negative," the sources said.... It was learned that the only other copies of the report are locked in a basement at the University of Colorado at Boulder.... The upcoming report appears certain to prompt renewed controversy.....

SCOOPNOTE: After the 133 MPH hurricane type winds (definitely OUT of season) hit Boulder early in January - wonder what's left of their 'famous' report???

Moral: You only get back - must what you put out!

DATELINE: Washington - "U.S. Agencies urged to open public records" -- Senator Edward V. Long (Dem., Mo.) urged all federal agencies to implement the new "Freedom of Information" law passed last year. The act is designed to prevent the withholding of information from the public except in cases involving national security and invasions of privacy. Individuals denied access to documents may seek a court order to make them available... The report said that of 11 court cases decided so far, four have held in favor of disclosure and seven against. Two other cases are pending.....

CREDIT: SCOOP Branch Director - R. F. Scott - PO Box 115, Lamar, Arkansas

SCOOPNOTE: IF ufo's are NOTHING to worry about - and they are NOT invading our 'privacy' - and they are such an insignificant item - let's have all UFO records opened to the Public - ????? Who want's to be the first to TRY??? SCOOP-PREDICTION 'saucers' will most suddenly become 'classified' in a heap big hurry!

WOULD YOU HAVE A HEART - TO HELP ONE SMALL BOY LIVE WITH HIS OWN HEART?

The boy is 19 month old Saken Klinhom, son of a STRATCOM employee. His plight was made known by Col. Jerome R. Behke, chief of the Army Strategic Communications Command Facility in Bangkok, where the boys father has worked for the past eight years. Sakon was born March 31, 1967... The delivery was normal and nothing irregular was detected about the boy. But about a month after he was born, he was having trouble breathing. His Mother felt for his heart on the left side of his chest - it wasn't there! She found it throbbing on the right side. Doctors at the hospital offered little help, but at Sirirah Hospital weeks later, doctors verified that the boy's heart was indeed on the wrong side of his chest. Doctors gave the boy five years to live unless he has an operation. They say the boy can be saved with proper surgical help... Money is flowing in from well-wishers, but it still isn't enough for such a major operation. A representative of the Philco-Ford company has offered to pay the air fare for Sakon's flight back to Thailand from America and two American servicemen back from Vietnam have pledged funds to fly the boy from Thailand to anywhere in the United States...

Any donations would be appreciated - Please send them to:

Maj. William E. Moore, USASTRATCOM FAC BKK, APO, SAN FRANCISCO, CALIF. 96339

SPECIAL REQUEST FROM THE OFFICE OF Mr. Robert Von Brandt - Director - SCOOP LAB
7212 South Fransisco, Chicago, Ill..... "We are going to enter a new
phase of research here in the lab, and request that our reporters and our readers
do the following:

- 1) If they live in an area where there has been a considerable amount of past- or
present UFO activity - to please send us a SOIL SAMPLE of the ground around
their (ufo's) visitations. EVEN IF THE OBJECT DID NOT LAND.
- 2) Carefully send the sample in a sterile jar - properly labled with the DATE
when the sample was taken - the area from which it was taken - What time it
was taken and by whom....."

SPECIAL REQUEST FROM: Mr. Milton Scott - Philadelphia, Pa. (Newspaperman) ...

"Last week I asked any interested parties to write a letter to me if you believe
you've noticed any ALIENS roaming around your areas. Well, you don't have to
write - the UFO PHONE has now been installed... The purpose of this phone is for
you to call us if you feel you have been contacted or have seen aliens landing in
your area. All information taken by us will be in the strictest confidence, and
your name will not appear in this or any other column unless you wish it so...

We are interested in hearing about:

- 1) Unusual Groupings of UFO's sighted over populated areas.
 - 2) Flights of single or groups of UFO's sighted close to the ground or at tree
top level.
 - 3) UFO's that have landed in any areas.
 - 4) UFO's that chase or harrass automobiles on roads.
 - 5) People coming from, standing around, or entering Flying Saucers.
 - 6) Contact with aliens either physically or mentally.
 - 7) Any sudden increase in brown-skinned slant-eyed people in certain areas.....
- ... The number to call: C E 6-0632. Ask for Mr. Scott....

NEW UFO GROUP FORMED - COS-MOS -- It will commence operations on Jan. 1, 1969.
It's aims --- to CONTACT SAUCERS AND THEIR CREWS. IT WILL CONCENTRATE ON TWO
OBJECTIVES:

- 1) Obtaining details of British contacts of all types, be they with spacemen or
spacecraft, physical or mental, or indeed any form or contact whatsoever.
- 2) To attempt to make contact, specific study groups being set up to examine
all possible methods whereby this end may be attained.

Membership cost per year -- write to: Mr. Norman Oliver - Director of COS-MOS.
95 Taunton Road, London, S.E. 12

GIGANTIC DISCOUNTS !!!

FLYING SAUCER DETECTORS -- PHOTOS - MAGAZINES - BOOKS - MANY, MANY ITEMS !!!
World's ONLY UFO DISCOUNT HOUSE ***** ITEMS SOLD ANYWHERE FROM 25% to
59% OFF REGULAR PRICE!!! ***** COLOR UFO PHOTOS - 3 for \$1.00
Send 25¢ for our COMPLETELY ILLUSTRATED 10 page catalog.....

Vidor, Texas 77662

OCT. 16, 1968 - Palermo, Maine - Two teenage boys reported to APRO investigators, Jim Carey and Brent Raynes, they had observed a huge "inverted pan" shaped object that hovered above a hilltop at an altitude of less than 100 feet. The strange vehicle rotated and had large, lighted, rectangular shaped windows around it... One of the boys said that they had observed the same UFO in July of 1968.

SPECIAL REPORTS FROM IRELAND - NOV. 21, 1968 - "Reports of mysterious lights in the sky flooded in to the Press Association offices shortly after 7 o'clock... Callers described them as being like lights flying in formation from North to South at varying speeds with flaming slipstreams... "There seemed to be 50 or 100 of them..." One witness reported... "The incredible thing was that they were putting out big showers of flaming slipstreams like meteors. They seemed like a lot of aircraft going across, traveling in a very wide band." ... "On a high, even and steady course..." ... At Lowestoft, Suffolk (England) a series of brilliant white lights - each with a comet-like tail - passed over just before 7 PM traveling west to east.. Lowestoft coastguards logged the lights as passing out to sea from over the land two minutes before 7-0. Coastguards at Southend, Walton-on-the-Naze, and Clacton saw a mysterious flying object in the night sky, followed by 16 other smaller objects. The Air Ministry was unable to give any reason for them....
SOURCE: BELFAST NEWSLETTER -- Nov. 21, 1968 --
Credit: Scoop Special Correspondent - Mr. Daniel Corr - Belfast, Ireland.....

Dec. 9, 1968 - Highland Park, New Jersey - A man visiting his mother here Sunday said he observed seven unidentified flying objects in the sky. This occurred between 5 and 9:30 PM, according to Harold Salkin, publisher-editor of a Washington newsletter about bizarre and scientific happenings... "red and white lights moving in different paths and speeds in the sky." On Dec. 11, 1968 - Additional reports were filed - by two residents -- thereby giving verification to the statement Harold Salkin made in the Home News Monday... "They were like moths around a flame. They were nothing like a plane's lights."...

CREDIT: Louis Economopoulos - 276 Delavan St., New Brunswick, N.J.

Dec. 11, 1968 - Kent, Washington - FLYING SAUCER OBSERVED - A flying object was reportedly seen over the SEA-TAC Airport on alternate nights recently. The youths who observed it described it as BOWL-SHAPED, large, equipped with a row of "portholes" or windows, and they said that it "glowed with an orange color"... The object was seen on a Sunday night first, then on a Tuesday, a few scattered reports said it came again on a Thursday, and it definitely appeared on a Saturday night. ... All viewers agree on the glowing orange color of the craft... Frank Carbone is the only one of several viewers who describes the object differently, stating that, in his belief, the object was larger on the bottom edge than on the top. The other youths tended to agree that the object was larger at the upper rim, which was estimated at 30 to 50 feet in diameter. On Saturday night, pictures were said to have been taken at a distance of about 300 yards from the "saucer" while the craft was about 100 yards above the ground. On his negatives, the six exposures show the flying object approaching, its image gradually growing larger. A time exposure a f8 and about half a second caught the object at it's closest point, and shows what appear to be ports, portholes, windows, or something of the sort a few feet below the craft's upper rim.....

CONTINUED

LATE NOTE: The Dec. 13, 1968 "Auburn Globe-News" also carried this same article, but some important additional details were added: According to Sylte, he has been contacted by Boeing's research laboratory, in regard to allowing a study of his negatives... The saucer-like flyer is reported to have disposed of something that looked like 'black water'. Subsequent readings with a radio-active 'dosimeter' ran up to the 120 range, while normal readings for the area are at the two to four mark... Mr. Gary Lesley, Our Scoop Branch Director, is now completing his investigation of this report, and will forward it as soon as possible - along with the actual photos of the object.....

SOURCE: KENT NEWS-JOURNAL - Dec. 11, 1968

Credit: Mr. Gary Lesley - 717 "A" St. Auburn, Washington.....

Dec. 11, 1968 - Louisville, Ky. - This area was shaken by something Dec. 11, but no one seemed to know what it was. Residents reported either feeling an earth vibration, hearing a loud sound, or both. (an earthquake was felt in Kentucky and 20 other states in November, but many said this was different...) "It knocked the dishes plumb out of my china cabinet," reported Mrs. Earl Johnson. "It only lasted one or two seconds," said W. D. Day. "There was a slight rumble and then a big noise and a click." A. R. Egbert, chief of air traffic control, said there was nothing on radar at Standiford Field to indicate a sonic boom. The long range radar Center at Indianapolis also reported no such flights. The Air Force base at Peru, Ind., reported it had no planes in the area at the time of the noise, and about 10AM negative reports also came from a semisograph at St. Louis University and from the National Earthquake Information Center near Washington. State police in Frankfort, Elizabethtown and LaGrange offices said they had received no reports of tremors there....

SIGHTINGS ACROSS SOUTH GEORGIA -- AIR FORCE PROBE OF UFOs BEGINS - Nov. 26, 1968

The Air Force announced Monday it has begun an investigation into reports of a UFO that several persons have reported spotting across south Georgia. An Albany man was the first person to report seeing "a yellowish orange oblong shaped ball of fire" while driving in a swampy area of south Georgia this weekend. Officials at Moody Air Force Base near Valdosta confirmed Monday the Air Force had launched an official investigation... Conway Jones, a bank employee in Albany, said the object hovered over his car for about two minutes Friday night, causing his auto's engine to cutt, off and it's electrical system to "go haywire". Three hunters reported that the object had blue and green lights when they saw it and that it "spooked" their hunting dogs.....

SOURCE: SAVANAH MORNING NEWS - Nov. 26, 1968 -

CREDIT: Mr. George Earley - NICAP*CONN - 9 Hiram Lane, Bloomfield, Conn.

S.I.G.A.P. REPORTS - England - A large atmospheric disturbance was recorded at Aberdeen University on Oct. 15, 1968. Experts said it could have been either the explosion of a 5 megaton H-Bomb, a huge meteorite, or a large rocket exploding on it's lauch pad..... (Such a choice!) (Delicious!)

A school cycle shed at Writtle, Sussex, was struck by a thunderbolt on Sept. 23, The shed flew across a road and smashed into a house. Said village policeman Tony Parker: "A huge ball of fire fell from the sky exploding like a bomb on the shed."

BIGFOOT BULLETIN

EDITOR: GEORGE F. HAAS - 5309 College Avenue, Oakland, California

(Scoopnote: We reprint from Mr. Haas' first and very well done issue. We also ask our readers who have any further data concerning any 'bigfoot' talk in their area to contact Mr. Haas.)

On Dec. 2, 1968, two Willow Creek, California, woodsmen found Bigfoot tracks in four to six inches of snow in the Bluff Creek area. The tracks were 16 inches long and 6 inches wide. First sighted at the East Fork of Bluff Creek, they were followed for a distance of almost three miles to the area above Notice Creek. No signs of car tracks or human footprints were seen. (Credit: THE TIMES STANDARD, Eureka, Calif., Dec. 16, 1968, which re-printed from the KLAM-ITY KOURIER - Willow Creek, Calif.)

The Humboldt State College library, at Arcata, California, will have a special "Bigfoot" display in several display cases during the month of January. The library maintains one of the most complete files in the world on Abominable Snowman type creatures. (CREDIT: JIM McCLARIN)

One of the most interesting articles on the Abominable Snowman to appear in a long time is "Russia Claims 300 sightings of the Abominable Snowman" by Richard Gallagher in STAG magazine, Nov. 1968. At that time Russia was said to have had 80 ten-man "Alma Search Groups" poised to enter a 1,000,000 square mile area in the Caucasus at the first snowfall to attempt a capture....

Credit: Jim McClarin - In the Humboldt County Collection of the library of Humboldt State College, Arcata, Calif. is a small booklet titled The Hermit of Siskiyou by L. W. Music. It was "Published from the office of the Crescent City News - in 1896. In it, on pages 79-80, is the following:

"NOTE 1. A Del Norte Record Correspondent, writing from Happy Camp, Siskiyou county, Jan. 2, 1886, discourses as follows: "I do not remember to have seen any reference to the 'Wild Man' which haunts this part of the country, so I shall allude to him briefly. Not a great while since, Mr. Jack Dover, one of our most trustworthy citizens, while hunting saw an object standing one hundred and fifty yards from him picking berries or tender shoots from the bushes. The thing was of gigantic size- about seven feet high - with a bull dog head, short ears and long hair; it was also furnished with a beard, and was free from hair on such parts of its body as is common among men. Its voice was shrill, or soprano, and very human, like that of a woman in great fear. Mr. Dover could not see its foot - prints as it walked on hard soil: He aimed his gun at the animal, or whatever it was, several times, but because it was so human would not shoot. The range of the curiosity is between Marble Mountain and the vicinity of Happy Camp. A number of people have seen it and all agree in their descriptions except some make it taller than others. It is apparently herbivorous and makes winter quarters in some caves of Marble Mountain."

SCOOPNOTE: The above is just a SAMPLE of the new BIGFOOT BULLETIN! It will be published monthly or as and when the news warrants. Subscription price: YOUR COOPERATION WITH NEWS ITEMS AND INFORMATION! YETI - MIGU --- THE ABOMINABLE SNOWMAN! ---

by

DICKHOFF PH.D -- UFOLOGIST --
the Singma Tenzing Lama -

Texas Oilman, Tom Slick, gives the Abominable Snowman enough credence, to finance a second Himalayan expedition to hunt for the fantastic, prehistoric creature. I wish I could be there when they succeed in capturing one or two of these "Missing Links" of mankind, since I have come to the conclusion, that YETI is NOT the Abominable but the "Abandoned" Snowman from perhaps Uranus.

MIGU is Bhutanese for Abominable Snowman, the fearsome, apelike creature, whose huge footprints have been seen in that mountain region of Nepal and Tibet. Tenzing the Tiger, who conquered Chomo-lungma or Everest, mentions the Yeti, saying that both British and American Expeditions have looked in the Everest region for Yeti's. His father reported having seen a female Yeti in his days. It seems that it is one of those strange humanoids abandoned here ages ago by COLONIZERS FROM OTHER WORLDS. Same thing happened to the abandoned Titans, Cyclops from Uranus. YETI is the last of these abandoned species left here by "Visitors" from such worlds as had colonization of this planet on their minds.

YETI managed to survive from antideluvian times, he alone brought along his females. YETI is perhaps the appointed guardian of certain gateways, tunnels, built by Titans, that lead to underground cities like AGHARTA, in the Tzangpo river valley, Tibet. There, as in other underground cities, may lay the hoard, the treasure, taken from space trips of Titans and their masters, prior in coming to the third planet of this solar system... YETI, not being beast, man or God, but the forsaken abominable snowman, perhaps related and descendant from Uranus, the Titans and the Cyclops, having done battle with Jovian hosts on Olympus and lost like Lucifers rebels, retreated by way of cave openings in the Himavat and thus into the bowels of a protecting, good, earth. To live out a mutated existance, as degenerated aborigines, never recalling their former status of a lost glory....

YETI leaves his cavern entrances not necessarily hunting for food. My theory has it, that in some way he is performing sort of a ritual, consumated on the surface of the planet on which he was cast off, abandoned. Perhaps it is not even Sun worship, which makes him scout around, since the food on which his kind does thrive is certainly not water, ice and snow, but that there is an abundance of foodstuffs found on his cavern floors, near cave rivers, vegetable substances which make him the formidable, gigantic creature like a gorrilla... I believe YETI looks for other things on the surface and that he scans the skies for spaceships which should transport him back to his native world... Should, however, the exploring parties of earthlings pay attention to where YETI disappears, should they locate cave openings and follow hidden passageways, there may be a supprise when they locate crude settlements, peopled with YETI'S and their families.

Until then it will remain a mystery of how yeti was able to survive the sinking of MU, how he managed to get into Himvat's catacombs, as it was never discovered how apes came to Gibraltar by way of UNDERGROUND passages from the African mainland... The Brahim pantheon shows HANUMAN, a humanoid deity, having the head of an ape, the body of a man and India borders northwise onto the Himavat. YETI, the HUNUMAN the Abandoned Snowman, is a REALITY and should the RIGHT SPACE CHARIOT arrive to take them HOME - Earthlings will stop wondering about Saucers! or UFO's!

1967 - 68 ROUNDUP OF U.F.O. OCCUPANT SIGHTINGS by DENNIS STAMEY
(Author's address: 7 Clairmont Ave., Asheville, North Carolina)

Being a self-proclaimed "specialist" in the humanoid report category, my information collected in this particular area is day by day piling up. Since I am best suited for the years 1967 through 1968, I particularly want to present some of the most outstanding of these to the reader for the fact that many have, and consistantly are, becoming "classics" as far as the realm of saucerdom is concerned, and invaluable in research. So here they are ...condensed and catalogued for your reference.

FEB. 13, 1967 - Toledo, Ohio - A Mrs. Ralph Vickers noticed curious marks, half an inch long and half an inch wide, in backyard which seem to stop abruptly in the snow. The tracks reportedly vanished, then again reappeared for newsmen to observe.

FEB. 16, 1967 - St. Louis, Mo. - Raymond Wettling conversed with silver-clad occupants of an 180 ft. saucer and was alledgedly invited aboard for breakfast. Wettling described the interior as having two large rooms, one mysteriously bathed in a redlight.

MARCH 22, 1967 - Buffalo, New York - A hunter by the name of De Witt Baldwin was contacted by the pilot of a gold-colored UFO who was dressed "in a sort of black, tight-fitting suit like a flier and had on some sort of helmet and goggles".

APRIL 15, 1967 - Eastern coast of Denmark - Two young boys sighted a "dark grey object" hovering in the sky as a hamper-like elevator descended with eight occupants sliding down a thick cable. The men waved at the witnesses in an unusual manner and were described as wearing caps and containers on their back, apparently serving as a breathing apparatus. All were similarly dressed except for one of the men who wore a blue uniform.

MAY 19, 1967 - West Va. - Two women swore they saw a Mothman fly to rendezvous with a hovering UFO during that mass epidemic of "creature" sightings in that particular area.

July 18, 1967 - Boardman, Ohio - Rev. Anthony De Polo saw a luminous figure in a "space suit and helmet" in his driveway late at night. The entity raised his hand in peace and spoke through telepathy: "You have nothing to fear. I will not harm you, and I know you will not harm me." Then it vanished.

Oct. 22, 1967 - Charleswood, B.C. - The tracks of tiny creatures were discovered in a field clustered about a small pile of stones laid in a circular heap after 17 witnesses reported mysterious lights in the vicinity.

OCT. 24, 1967 - Ithaca, N.Y. - Two boys reported seeing "funny-looking" little creatures inside a hovering disc-shaped craft near their home. The occupants were described as about 5 ft. in height with brownish skin "lumpy" in texture.

CONTINUED

NOV. 2, 1967 - Ririe, Idaho - Two young men, Clyde Soccie and Will Begay claimed a saucer landed on the roof of their car, forcing it off the road and that "two men about three ft. tall" emerged and tried to communicate with them through an unknown language.

DECEMBER 12, 1967 - Ithaca, N.Y. - A young housewife observed an multi-colored saucer that hovered directly over her car and momentarily stalled the engine, She heard a wierd chorus of voices informing her of the approaching death of a friend that seemingly was emitted from the object.

JUNE 14, 1968 - Argentina - Maria Eloadia Pretzel described two handsome Ufo-nauts, 6½ ft. tall, wearing a "kind of sky blue pullover with luminous scales".

JULY 2, 1968 - Olavarria, Argentina - 15 year old Oscar Iriart saw tall, green-clad crewmembers of a spaceship descend from a flying platform described as having a fixed stare and completely void of eyebrows. They handed the youth a note, written in Spanish letters, inviting him to journey to the planets.....

BERYLLIUM POISONING (Scoopnote: As 'Beryllium' has cropped up in many UFO landing reports - Scoop prints some research data)

A middleaged Boston woman recently entered Mass. General Hospital to find out what was causing her shortness of breath and the persistent pain in her arms and legs. Arthritis tests were negative, but X-rays revealed odd lesions on her lungs... Hearing that, her doctors did a biopsy of muscle tissue around her joints and an exhaustive urinalysis. Both tests showed her body riddled with BERYLLIUM. Though it was more than 20 years since she'd handled it, the woman had beryllium poisoning.... brought on by an overexposure to the beryllium powder she used to make fluorescent light tubes... Now battling to stay alive, this woman is one of 800 Americans who have been known victims of beryllium disease in the past 15 years.

... To date beryllium victims include a woman who washed the clothes of a niece working in a beryllium plant and an engineer whose desk was in a warehouse where unwanted fluorescent tubes containing beryllium were kept. Two men taking care of rabbits and monkeys exposed to beryllium caught the disease before the animals did. Another victim was a three year old boy whose father worked for less than two years in a beryllium plant. Another was a nine year old girl who lived more than two miles from the same plant. Of some 70 "neighborhood" cases recorded in the last 10 years, 28 were pregnant women, made susceptible to the disease somehow by their pregnancy. Eighteen of these women are now dead. Fully half the 70 odd cases (neighborhood) have died.... The reason for the rash of new firms and new cases is, of course, the rash of new uses for beryllium. It's light weight (lighter than aluminum) and resistance to heat (won't melt until the temp. is almost 2500 degrees) persuaded Lockheed to use beryllium wheel brakes on its giant C5A transport. Lockheed is also making beryllium heat shields for the new Poseidon missile. Boeing is understood to be doing the same for the newest version of the Minuteman.

... at least two or three firms have test fired large beryllium rocket engines in the atmosphere. Just where the test firings have taken place in not entirely known, but it is understood that NASA and the Air Force have three sites in mind, one in Eniwetok in the Pacific, a second in Nevada and a third in Tennessee. At least one scientist claims that a small test firing in California so contaminated the site that an electrician working there developed chronic beryllium poisoning.

NOTES FROM A Private Investigator ----- England by Jas. M. Ross
Address: K25 Naish Caravan Park, New Milton, Hants, England.....

Report No. 1 - On April 8, 1967, this investigator received a letter - dated April 4th - from an English lady, Mrs. A. A., who lives near Truro in Cornwall...
..."It was like this. (Two friends) and myself were watching TV one evening when suddenly the picture distorted itself, and on the screen appeared the PERFECT SHAPE OF A FLYING SAUCER. We couldn't move it... We twisted the knobs, changed the channel, but no, that was the end of TV for that night. We all went outside to see if we could see anything in the sky, but it was cloudy and we could see nothing." "In the morning I phoned the dealers who supplied my set, and the young man came in the afternoon. I had tested the set during the day and the flying saucer was still there. When the young man asked me what was wrong, I said "look" He did and gasped! He said (getting out his notebook) "I'll just draw this, I know somebody who'll be interested. "He drew it and then started in to examine the set. He could find nothing wrong..."

Additional notes:

Sighting occurred around 9:00 PM one Saturday in mid-November, 1966

Set was a Marconiphone Portable - 12" diagonal

Object occupied about two-thirds of the screen

It was possibly spinning - her home is situated 6 miles SW of Truro

The set was taken to the shop, where it was examined for two days - on the 3rd.

day, they intended to give me another set to replace it, but when trying the set

once more, THEY FOUND THE IMAGE HAD VANISHED, so they returned the set... The

object was a 'typical' shape for a 'saucer' - Color - Misty grey - lighter in tone than the screen and had "porthole" lights in a Whitey-blue////////

Investigator's Question --- It is already suspected (and vehemently contested in certain quarters, not all concerned with electronics) that there is more to RADAR than, literally, "meets the eye": That the device picks up vibrations originating upon supra-physical levels and brings them visible on it phosphor - backed scope; and if RADAR, why not television, which works upon similar electronic principles?

Is it possible that both devices are capable of reaching into the Etheric and even subtler planes, and rendering visible - it is not yet known by what means - manifestations therefrom not normally known to the human eye????

Report No. 2 - On (date not noted, but aprox. during March, 1967) certain information was passed to this investigator, concerning two sightings, on two consecutive days in July of 1959, at Butterworth R.A.A.F. Base in Malaysia. The gist of the report as follows:

During the afternoon of the first day, a large, disc-shaped object was observed to approach the airfield - and as it refused to identify itself or to respond in any way to signalling, it was automatically ruled "hostile". (In Australia and her territories, as in the United States, the military rule with regard to UFOs is to "shoot first and ask questions afterward"). Two F-86 interceptors were scrambled and they fired upon the object, which immediately exploded. No debris was found. The following day, at about the same time and from the same direction, another UFO of the same apparent type was sighted. Two F-86s were scrambled as before, but had not approached closer than a kilometre from the object, when both disintegrated completely. The UFO, in no wise discomposed, continued on its original flight-path and disappeared over the horizon.

CONTINUED

Next of kin were informed that the pilots had been "killed whilst on a training flight". This investigation almost immediately wrote to the O. C. Intelligence Section at Butterworth requesting details of this sighting, and also demanded to know why the next of kin had not been told the truth. On (date not noted) the following letter was received from the O. C. Headquarters at Butterworth:

"I am in receipt of your letter dated 30th March 1967, concerning the 'curious' report which has only recently been passed to you' concerning the UFO incident which supposedly occurred in the first week of July 1959.

"No knowledge of such an incident is known at this H.Q. Your letter has been forwarded to the Department of Air, Canberra, who hold the central records of all UFO reports. Yours sincerely, N. Ford". The letter is headed: "Air Commodore N. Ford, CBE, AFC, R.A.A.F."

The factor that sticks out a mile in the foregoing is the NOT- Before- The- Children in Air-Commodore Ford's letter -- censorship both explicit and implicit. We do not condemn this officer: he acted under orders, no doubt, and he is kind enough to acknowledge this investigation's letter; it is the censorship qua censorship that is regrettable.

To the relatives of the two pilots who were so abruptly "promoted", it boots little whether these courageous boys died "on a training flight" (one example of implicit N.B.T.C.) or whilst pursuing a UFO; but 1) One may question which version of the pilot's death is the more acceptable, and 2) it is interesting, in a gloomy vein, to speculate whether whoever authorized the form of the Sympathy letter felt any happier after having chosen the more believable explanation...

Another example of implicit N.B.T.C. Is the remark "... supposedly occurred in the first week (our italics) of July 1959". This investigation's original letter made NO mention whatsoever of "the first week" or of any other week, in that month of that year, and this slip of the Air-Commodorial pen is regarded as a Dead Giveaway: if "no knowledge of such an incident is known at this H.Q." (in Mr. Ford's tautological phrasing) then how did they know the date even approximately?

Another significant factor is not only the fact that the original enquiry was passed to the Department of Air, Canberra (A,C,T,) but also that it was not simply left to dust-up in some forgotten Intelligence pigeonhole but upsub'd to Headquarters of Admin Wing. It could have been disregarded altogether; it could have been answered by O. C. Intelligence Section, in the simple and lucid phrasology of that department, to the effect that (civilian) children must not ask embarrassing questions; but no. It went on up the chain of command and was, as we have seen, dealt with (so far) at Station Level.

Nary a word has been heard since - either from Butterworth or from Canberra. The incident remains an unsolved mystery.

November 24, 1968

AN OPEN LETTER TO DR. E. U. CONDON
UNIVERSITY OF COLORADO

from HANS LAURITZEN
HOKDEDRAGET 30
VALBY - COPENHAGEN, DENMARK

Dear Prof. Condon:

We take the liberty to address this open letter to you, because we feel that some of the information we have might be of interest to you in your UFO-investigation. Throughout the years we have studied plasma physics especially plasmas created by nuclear bomb explosions. Due to the violent implosion in the middle of the explosion the created plasma is stable, and it will ascent into the sky as a bright silvery shining light. Usually it remains in the ionosphere, but under certain magnetic conditions it might again come close to the surface of the earth.

Nuclear bomb explosions are accompanied by the so-called electromagnetic pulse - (EMP) phenomenon, which causes a black-out of electricity in a vast area, because a littleknown kind of energy puts all the electrons in vibration. Electrons can only give off energy when moving in curved paths. When they are made to vibrate in linear paths, no energy can be released, because their movement along the curved paths is stopped. The effect is a total black-out.

Exactly the same EMP and black-out effects accompany the UFO's, and this should not be any surprise, as many UFO's are but the stable plasmas created during our own nuclear bomb explosions.

Let me quote the following paragraphs of a letter written by Mr. Dean Ledbetter, Gaffny, South Carolina: "While serving in the Navy and visiting in Japan, I went to Nagasaki. I talked with a few of the men who run bars there, and was shocked to hear their reports of UFO's that were sighted after we had dropped the bomb." — And the following quote: "According to Jack Robertson of Fairchild News Service whose column appears in the Electronic News, a littleknown phenomenon - electromagnetic pulse (EMP) - is among the many blast, blackout and radiation effects produced by nuclear testing. In a story datelined Washington and published in Oct. 1967, he writes: "The quiet predawn in Honolulu in 1961 was shattered by the simultaneous pealing of hundreds of burglar alarms. At the same instant circuit breakers on the power lines started blowing like popcorn. Not a cloud in the sky, so lightning could not be blamed. The power company failed to trace any gigantic electrical surge able to blow out virtually the entire system simultaneously. The mystery was solved later -- then promptly sealed under a "TOP SECRET" stamp. The culprit: A high altitude nuclear test burst more than 500 miles away..." and the EMP phenomena. The United States had been alerted to EMP a year or so earlier by .. the Soviet Union." But apparently no one took it very seriously until the 1961 bomb showed the terrible impact of EMP at even vast distances. EMP is a leviathan surge of 10,000 volts per meter over a broad band. It sweeps over vast ranges causing effects in any electrical opening it can find... Despite a wealth of research, even today EMP is a great unknown. The nuclear test ban treaty shut off atmospheric tests before the United States could crank up EMP studies...

CONTINUED

The Pentagon declines to discuss EMP at all (admitting only that) EMP has "unwanted effects on unprotected electrical and electronic equipment" and that it is continually testing weapon systems against simulated EMP".

Most of the material giving information about EMP and black-outs effects caused by nuclear bomb testing and plasma research in laboratories is "classified". However, we feel that you are qualified to work with "classified" material, and we believe that if you ask for the information you need to solve the UFO question, you will get the permission to have it.

The EMP accompanying both nuclear bomb tests and laboratory plasma research has a strong psychic impact on human beings. This is probably due to the fact that the electron impulses in the nerve system and in the brain cease because of the induced linear vibrations of the electrons. The consequence is a black-out of consciousness or memory.

When the persons wake up, they are in a state resembling that of a deep hypnosis, just they are conscious. As this hypnotic state is not human induced, it does not seem possible to get them out of it. Everything they hear will be perceived like hypnotic suggestions meant personally for them. The many different and often contradictory opinions they hear might soon place them in a state of mental distress, general confusion and inability to concentrate.

Sometimes the persons become fanatics or deep religious. In a few cases, the consequence is such a deep depression or desperation that the person commits suicide or ends up in an asylums. Therefore it is of utmost importance that these persons are guarded carefully against negative or contradictory influences. There seems to be a lasting change of personality, although the effects gradually diminish somewhat.

Most of the material giving information about the psychic effects caused by EMP is also "classified", but you will probably be able to get it, if you ask for it. It is of utmost importance because the same psychic effects seem to accompany close encounters of so-called "silent contacts" with UFO's.

We suggest that you work out two reports, a "classified" one and a public one. The scientists who cannot accept to work with "classified" material might assist you in working out the public report.

We realize that our information reaches you late in your program, but we hope that nevertheless it will be of value to your work.....

SCOOPNOTE: YESSIR, BOY, just what we needed....! ANOTHER coverup! And at OUR OWN expense too! What a setup. When are those people who should know better going to realize that the American 'public', per se, CAN 'take it'? That 'we' are NOT all lilly-livered cowards hiding behind apron strings? We have some guts -- if only some kind bureaucrat would only give us a chance to PROOVE it. S0000 - we have "EMP" - so what? We have thousands dying every year from automobiles - we still drive..... So - who needs to be told that nuclear bomb blasts are NOT good????? Come on, Fellas, try us....! Just once - print the truth....! See how many of us Earthlings come up off that floor fighting..!

FLYING SAUCER LANDINGS AND UFO KIDNAPING REPORTS --- by BRENT RAYNES

The following sighting would be utterly fantastic, if it were not for the astonishing fact that it is TRUE. On March 9, 1955, Eugene Metcalf of Paris, Illinois, observed an enormous bell-shaped UFO that swallowed a jet plane in midair. "This observation was made March 9, 1955, just after sundown," Mr. Metcalf wrote me. "The visibility was good as the weather was clear and no haze." "The size of the object was approximately the size of a large grapefruit held at arms length and a silver color." "Thru an opening that appeared on the plane side it swallowed the plane. It only lasted a matter of seconds."

What do the occupants of UFO's want with our primitive terrestrial airplanes? What happens to the crews of such planes? Are they used as guinea pigs in bizarre biological experiments? I only wish I knew.

On the morning of Nov. 10, 1965, at about 2:10 AM, a farmer in Palermo, Maine, observed a huge luminous spherical shaped object taking off from a large field in back of his farm. At the exact location in the field where the mysterious glowing UFO had been seen to take off from, several residents found a mysteriously burned circular area. Many similar burned areas, commonly referred to as "saucer nests" have been appearing in this same field like clock work since 1958.

A resident of Augusta, Me. told APRO investigator Jim Carey and myself that one afternoon at about 4:30 PM in Nov. of 1965, he and several other persons watched a huge luminous disc-shaped object take-off from a deserted field in Palermo. This same person told us that one night about 11:30 PM in the fall of 1945, he and another person observed the landing and take off of a disc-shaped object outside the Waterville Airport, in Waterville, Maine. A teenager told me that on July 29, 1968, at about 10:00 PM he and two other persons observed a huge domed - shaped (disc) UFO in Oakland, Me. that slowly rose into the sky and out of sight.

A resident of Richmond, Me. told me that one night at about 11:45 PM in the fall of 1949, he observed a large hissing "bluish-green" UFO that flew overhead from the northwest to the southeast. For several days afterwards his eyes bothered him ... aftermath of staring at the brightly glowing UFO. On Monday, Oct. 21, 1968, at about 11:30 PM APRO investigator Jim Carey of Augusta, Me. received a long distance call from a truck driver who said that at about 9:30 PM that night a huge dark object with two large lighted rectangular windows chased him along the Massachusetts Turnpike. Ufologist Merton Haskel of Palermo, Me. told Jim and me that one night in the Spring of 1968, he saw a soundless UFO with two pink lights fly overhead from South to North at an altitude of less than two hundred feet. A neighbor, who was a hard bitten UFO skeptic, told Merton that at about 7:30 AM one morning early in June of 1968, he and another man witnessed a cigar-shaped object that flew noiselessly from the northwest to the southeast.

Throughout 1968, radar screens have been completely covered with unidentified blips and all over the country the telephones of police stations have been ringing day and night with reports of UFO kidnappings, gas attacks, people being injured and even murdered. Even the police officers themselves have fallen prey to the hostile actions of these elusive objects. It's time we did something about all this hostile activity. --- but what?

If you or somebody you know sight a UFO have them contact A.P.R.O. -
3910 E. Kleindale Road, Tucson, Arizona -- or -- BRENT RAYNES - Perkins Lane
Hallowell, Maine -
APRO investigators - Brent Raynes - Jim Carey -

B.U.F.O.R.A REPORTS

(British Unidentified Flying Object Research Association -
3 Devendish Rd - Weeks - Winchester - Hampshire - England)

At 1:30 PM on Saturday the 18th May, 1968, Mr. Bellenger of Swansea, Glamorgan decided to go out of the front entrance of his maisonette for a breath of fresh air. On this clear, sunny afternoon he noticed what appeared to be a small patch of fog coming over the buildings opposite him. To his amazement it continued towards him, gliding just two feet above the ground. He describes it as a puffy, white cloud, two feet by one, completely silent. He saw it for about three minutes. The cloud continued towards Mr. Bellenger until it touched his left hand side, whereupon it stopped. He felt a stabbing pain in the left of his stomach and the cloud suddenly disappeared. He staggered back through the front entrance, panting for breath. The pain, which felt like a knife going through him, lasted for several minutes, after which his stomach felt like ice, and he ate no meals. The following Tuesday he went to his doctor who prescribed medicines which cleared the trouble.

One afternoon in late May 1968 two couples travelled in their cars from Maipu, Argentina, to Chascomus, 150 miles away, to attend a celebration party. Just before midnight the two couples set off together on the drive back to Maipu, both taking the same route. The first couple arrived safely in Maipu and waited for their friends, the Vidals, who did not turn up.

After a while the couple drove back along the route to Chascomus, looking for the Vidals. At Chascomus they checked with the police, who were unable to help. Then they drove slowly back to Maipu looking to see if their friends' car had crashed off the road; but they saw nothing.

The Vidals told of their strange disappearance when they turned up two days later. After they had left Chascomus they had followed the rear lights of their friend's car when they ran into a patch of thick mist and had to slow down. They could remember nothing else until they awoke in broad daylight, still in the car but in a strange country road. Dr. Vidal got out of the car to inspect it and found that all the paint was completely burnt (shades of Barney and Betty Hill). Otherwise, everything was all right. Dr. Vidal drove around for a while asking people of his whereabouts, and although he could not believe it, he had to accept that they were in Mexico; 4,500 miles from Maipu. The couple were taken to the Argentine Consulate in Mexico, where they told their strange story, then they 'phones friends in Maipu.

Dr. Vidal's car was taken to an American laboratory for examination and he was given a new one. The Argentine Consul gave him strict instructions not to comment on the incident, then they were put on a plane back to Argentina where friends met them at the airport.

Although the story sounds fantastic there are a number of facts that fit: the disappearance of the Vidals between Chascomus and Maipu, their arrival at the airport in a plane from Mexico, the Argentine Consul's intervention, the phone call from Mexico, the police earnestness, and the disappearance of the Vidal's Peugeot 403.....

"NEW SCIENCES" IS ONLY 50¢ A Copy-!

"NEW SCIENCES"- Is a Totally New Publication- written to give you, hundreds of New Ideas As To Making Hundreds Of New Science Projects, Experiments, . New Inventions, New Discoveries-!.

"NEW SCIENCES"- Is written so every one can understand what is presented to YOU- about many Sciences you have never even heard about-!. "NEW SCIENCES"- Presents- Outlines, News, about, nearly all of the "SPACE AGE SCIENCES"- Plus whats going on in other countries NEW-! what is planned, what is happening, behind the news stories.

"NEW SCIENCES"- Presents to you " TOMORROWS SCIENCES"- TODAY! From the young grade school student to the college professor, will enjoy reading about new concepts in science, New discoveries, New Ideas. It goes into " LASERS"- MASERS- PULSARS- SPACE SCIENCES, Chemistry, Health, Foods, U.F.O, s New Weapon Systems, The Buck Rogers, Space Guns, now been developed, The Rocket Pistol, s, Ray Guns, and affords a great deal of information that if you wish to you could make some real, exciting projects, Mystery, excitement, 1970 , the future of science, what scientists, students, even grade school students are working on as science projects, in other countries, medical research, and many-many new and exciting ideas are presented

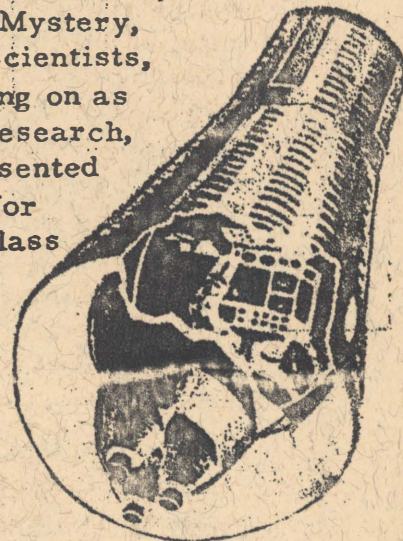

To You-! Only 50¢ a Copy, add 25¢ for Postage. Send \$1.00 for rush 1st class mail handling. send orders to:

Jan-5th 1969

To: Mrs. Joan Whritenour "AN EXCLUSIVE FOR SAUCER SCOOP"
Editor: Publisher, Of The Saucer Scoop Publication.
6464- 34th Ave, North St. Petersburg, Fla- 33710. U. S. A.

Dear Joan: And Ron:-

This Is Another Scoop For "Saucer Scoop" Publication, s.
DATE LINE: Jan-5th 1969. JACKSONVILLE, FLA. 9.P.M. STORY
RELEASED FROM: GREEN COVE SPRINGS, FLA. 11 AM Jan-6th 1969.

----- " U. F. O, s SIGHTED OVER JACKSONVILLE, FLA. "-----
Alarmed citizens of Jacksonville, and surrounding towns, swamped the switch boards of the T. V. Radio Stations, Newspapers, at 9PM tonight, with requests for action to be taken by reporters, newsmen of the T. V. Stations, Channel 17- Of Jacksonville, sent out camera crews, reporters, and was the ONLY NEWS MEDIA, to make known the great number of sightings, and the number of POWER FAILURES THAT FOLLOWED the sightings. No other station NOR NEWSPAPER, carried one word about the strange happenings and the sightings, that were seen and reported by dozens of excited citizens. I feel we should all thank Channel 17- for been unafraid to report the news. Our Laboratory here, at once set up instruments for measureing, magnetic activity and or any form of strange activity in this district, we recorded the power failures, and these are now confirmed in Jacksonville, and many other small towns around Jacksonville. Includeing Green Cove Springs, located 28 miles south of Jacksonville, Fla. at 9.30 PM all power failed here, and we were forced to turn on our emergency generators. I took many sightings on the objects, and measurements. The very strange thing we noticed was, the lack of any MAGNETIC DIFFERENCES, in the atmosphere. The U.F.O, s were at about 15.000ft, reports confirm, round, glowing, discs flashing lights, first moveing east, then rapidly changeing to a westly- direction and fadeing from sight at high speeds. Speeds were estimated to be from 200 to 600 M. P. H. We gained this important scientific fact, that from what was learned last night, the U. F. O, s do not! - transmitt rays, or strong magnetic fields, all of the time, this was proven by tests made last night. This then opens the door for additional research as to why, in so many cases they have transmitted strong magnetic fields. This proves that magnetic-instruments are "NOT!" dependable for announcèing U. F. O, s.

Your Friend In Science. A. Roy Davis.

THE NEW COSMIC STAR *** The latest news and events in psychic phenomena, ESP, Hypnosis, astrology, UFO's, self-improvement, philosophy, spiritual unfoldments, and developments. You will find reports and happenings from all throughout the world. The world's fastest growing monthly publication reporting news and events of this nature. 1 year subscription - \$5.00. 2 year subscription - \$8.00... SPECIAL OFFER! ATTACH THIS AD FROM "SAUCER SCOOP" to your subscription order and DISCOUNT \$2.00 from the regular 1 year subscription - \$3.00 from the regular 2 years subscription price!!! UFO MAPS !!! ALL DIFFERENT !!! SUITABLE FOR FRAMING !!!

Set of 10 (ten) different individual UFO MAPS which pinpoint where the UFO's are seen, the top 100 UFO CASES, the top 50 UFO LANDINGS (U.S.A.), the top 75 UFO LANDINGS (World), UFO OCCUPANT sightings, UFO ORGANIZATIONS of the world, "ANGEL HAIR" Falls, and much, MUCH, more! A MUST for every researcher and organization. Each map professionally prepared and suitable for framing. ALL TEN MAPS: ONLY \$1.50 post paid! ----- DON'T FORGET ----- Subscribe to "FLYING SAUCER DIGEST" - the Illustrated UFO magazine. Every issue is jammed packed with weird and eerie cases told by popular researchers themselves. 6 issues - \$3.50! ALSO: Have you sent for our special magazine publication of "FLYING SAUCER CLASSICS"??? This LARGE special magazine is loaded with the top UFO cases from 1896-1966. Each case illustrated and documented... \$1.00! SAVE!!! For every order of UFO MAPS and subscription to FLYING SAUCER DIGEST (Total: \$5.00), we will send you --- ABSOLUTELY FREE... A copy of FLYING SAUCER CLASSICS. HURRY! LIMITED OFFER! SEND TO: UAPA-9 -- PO Box 9811, Cleveland, Ohio - 44142 - SCOOPSAYS: We received our maps -- and they are BEAUTIFUL! A real eye-catcher for SCOOPOFFICE... In our opinion they are UNDERpriced!!!!

SPECIAL OFFER!!! 10 - YES! - 10 MONTHS of SKYLOOK FOR ONLY \$2.00! Don't miss a single issue of this bright bulletin from Missouri by Mrs. Norma Short -- Editor - Write to: Box 129, Stover, Mo. 65078

SPECIAL ANNOUNCEMENT

A comprehensive review of ufological events in the United States will soon be released by the FLYING SAUCER REVIEW of London, England. Titled NORTH AMERICAN REPORT - this special issue contains outstanding articles by such distinguished ufologists as Dr. Leo Sprinkle of the University of Wyoming; Dr. Berthold Schwarz, author of "A PSYCHIATRIST LOOKS AT ESP" and other important works; the full text of the neglected 1952 UFO Study carried out by Ohio Northern University; Otto Binder, author of "WHAT WE REALLY KNOW ABOUT FLYING SAUCERS" and "FLYING SAUCERS ARE WATCHING US"; Mort Young, author of "UFO's - TOP SECRET": Brad Steiger and Joan Whritenour, authors of several important books and articles on UFO's; John A. Keel, well-known UFO writer, and other noted ufologists including Jerome Clark, Richard Hack and Jennifer Stevens.

NORTH AMERICAN REPORT will be filled with charts, graphs, analyses and detailed studies of important cases never before revealed. It will cover many hitherto neglected aspects of the phenomenon and offer startling new evidence. Due to be released early in the SPRING of 1964, only a limited number of copies will be available. To assure obtaining your copy of this important contribution to the subject, send \$1.50 to FLYING SAUCER REVIEW - 49a Kings Grove, Peckham, London - SE 15, England.....
