

were sacked as a result of the molestation inquiry.

UFO confusion

CAPE TOWN: A speeding light seen by millions of people over southern Africa was more likely to be a meteor than a UFO, an astronomer said.

"From what I've heard the most obvious explanation is that it was a meteor burning up in the earth's atmosphere," Cape Town-based astronomer Dave Laney said.

Corpse returned

The remains of a US plane was shot Soviet-

NEIL MORTIMER.
