

# **STRANGE LIGHT**

## **Seen By Atlantic Liner**

---

## **DROPPED WITH STREAMING TAIL**

---

LONDON, Saturday.

The passengers and crew of the Canadian-Pacific Company's liner **Montclare**, bound for Liverpool, eagerly watched during the voyage for signs of MacDonald.

It was reported that a strange light had been seen in the sky astern at 6.30 on Thursday night, when the **Montclare** was 150 miles west of Tory Island. The light was later seen to drop from the sky with a streaming tail.
