

Encounter With 'Flying Saucer'

A.A.P. And Our Special Representative

NEW YORK, Oct. 3.

"Flying saucers" again hit the front pages of the US press today, when the Sunday newspapers carried a report from a National Guard pilot, Lt. George Gorman, who told of a half-hour encounter with an illuminated disc in North Dakota on Friday night.

In a signed statement for Air Force Intelligence, the pilot, who was flying an F51 fighter, said that he encountered "a lighted disc-like object" at 4,500 feet.

It out-ran and out-manoeuvred him in a series of swift manoeuvres until he lost it at 17,500 feet.
