

## U.S. Pilot's Encounter With Flying Saucer

**NEW YORK:** Flying saucers hit the front pages of the Sunday papers with a report from a National Guard pilot who told of a half-hour encounter with an illuminated disc in North Dakota on Friday night.

In a statement to Air Force Intelligence the pilot, who was flying an F51 fighter, said he encountered the disc at 4500 ft. It out-ran and out-maneuvred him until he lost it at 17,500 ft.

The performance was watched by two control tower operators and the pilot of another plane.
