

FINAL FLASHES

● **FRENCH NEWSPAPERS** reported yesterday a "flying saucer meteor," which resembled a round red ball tinged with blue and with a long train, travelling from east to west.

● **THE BERLIN** newspaper, "Telegraf" stated yesterday that the Russians were attempting to camouflage their policy of rearmament in the Soviet Zone by distributing German shock troops in small groups in nationalised and private factories.

● **TELEVISION SETS** have been installed in certain units of the British fleet to test whether a general operational briefing at sea could be effectively relayed to the various ships.
