

“IMPRESSIVE” STORY OF FLYING SAUCERS

NEW YORK, Monday.

Eleanor Roosevelt said yesterday she was impressed by a report of a “flying saucer” from two veteran airline pilots.

She interviewed Captain Jack Adams and First Officer G. Anderson on her weekly television programme.

They had caused a stir by declaring they sighted “a strange circular craft with blinking lights” speeding over Arkansas last Monday night.

Mrs. Roosevelt said she had thought people who reported flying saucers were “seeing things” until she heard the pilots’ story.

She described it as “evidence we have not heard before—from qualified people.”

told in Cairo yesterday of three silver flying saucers which he saw on Saturday over the Mediterranean, 35 miles south-west of Haifa.

He said: "They were flying in perfect triangular formation at great speed at a height of about 1200 feet. I was flying from Cairo to Beirut when suddenly the second pilot pointed to the west, where I saw three metallic discs travelling at staggering speed."

He estimated they were about the size of a fighter aircraft.
