

## FLYING SAUCER REPORTS

### Mrs. Roosevelt Impressed

NEW YORK, Monday—Mrs. Eleanor Roosevelt said yesterday she was impressed by the report of a "flying saucer" from two veteran airline pilots.

She interviewed Captain Jack Adams and First-Officer G. Anderson on her weekly television programme.

They had caused a stir by declaring they sighted a "strange circular craft with blinking lights," speeding over Arkansas last Monday night. Mrs. Roosevelt said she had thought people who reported flying saucers were "seeing things," until she heard the pilot's story.

She described it as "evidence we have not heard before—from qualified people."

Mrs. Roosevelt asked Captain Adams whether he thought people were aboard the saucer. "I don't know, but I am positive it was a controlled flight," he replied.

A scale of "weird craft, fitting the pilots' description, was televised. It was shaped like a Chinese coolie hat with one large light at its pointed top. Other lights were spaced around the brim.

Captain Ali Baayoun, pilot of Egyptian MISR airlines, told in Cairo yesterday of three silver flying saucers which he saw on Saturday over the Mediterranean, 35 miles south-west of Haifa.

He added that they were flying in

He added that they were flying in perfect triangular formation at great speed at a height of about 1200 feet.

"I was flying from Cairo to Beirut when suddenly the second pilot pointed to the west where I saw three metallic discs travelling at a staggering speed," he said.

He estimated that they were about the size of fighter aircraft
