

"1,000 M.P.H. Flying Saucer" Reported

NEW YORK, June 22.—AAP

A flying saucer, "roaring like thunder at over 1,000 m.p.h.," was reported at Oakland, California, early yesterday.

Three control tower officers said that a disc-shaped object dived five times over Hamilton Air Force base.

It approached at altitudes of between 2,000 and 5,000 ft., shooting blue flame.

The men said that they followed the disc's course with binoculars.

Cpl. Roger Pryor said:—"At first I thought it was a falling star, but it did not fall, it kept on going."
