

## **"SAUCER" OVER U.S. AIR BASE**

**OAKLAND (Cal.), Thursday.**

A "flying saucer," "roaring like thunder at over 1,000 m.p.h.," was reported here early yesterday.

Three control-tower officers who followed its course with binoculars, said that a disc-shaped object dived five times over Hamilton air force base.

It approached at altitudes between 2,000 and 5,000 feet, shooting blue flame.

Corporal Roger Pryor commented: "At first I thought it was a falling star. But it didn't fall. It kept going."
