

PORTABLE RADIO FOR SOME LUCKY DANCER

Although it will be "flying saucer" night at the Manhattan Club's next dance in the Civic Hall on Friday, September 1, the feature of the evening will be a competition for a portable radio valued at £20.

Winner of the radio will be the dancer with the most points from competitions and quizzes throughout the evening. The first will be at 8.15.

Manhattan Club President (Mr. Col Davis) said yesterday that a portable radio had been chosen because it would be useful to a person living either in the country or the town.
