

## **“FLYING SAUCER” SEEN ON TWEED**

**MURWILLUMBAH, Wednesday.**

—The flying saucer, or what the observers believe to be that celestial phenomenon, has appeared in the Tweed district.

Mrs. Noel Holmes, of North Tumbulgum, said she walked to the door of her residence about 7 p.m. and saw a round object, with a tail, streaking across the sky in an east-west direction.

“It seemed to be fairly high”, said Mrs. Holmes, “and it travelled at high speed, on a straight course”.

Mrs. Holmes called her husband, and a visitor, Mr. Arthur Smith. Mr. Holmes said the object was moonshaped and had a tail. It had taken about three seconds to disappear behind a neighbouring hill.

Mr. Smith also said he had never seen anything like it before.
