

QUEENSLANDERS SEE "FLYING SAUCER"

BRISBANE, Wednesday.— Residents of Maryborough, about 200 miles north of Brisbane, to-night watched a "flying saucer" make a wide sweep over the district.

About 8 p.m. a bright blue object was seen travelling at high speed to the north and returned at low level approaching the river mouth. The object then moved almost perpendicularly to an estimated height of 8000 ft.

The Maryborough R.S.L. sub-branch president (Mr. S. Saint-Smith) said he estimated the speed at 400 to 500 m.p.h.
