

"FLYING SAUCER" AT MARYBOROUGH

WIDE SWEEP OVER DISTRICT

MARYBOROUGH, Dec. 6.— Maryborough residents to-night watched a "flying saucer" make a wide sweep over the district. About 8 o'clock a bright blue object was seen travelling at a great speed to the north and then return at a low level. Approaching River Heads directly, the phenomena moved almost perpendicularly to an estimated 8000 feet.

The Maryborough R.S.L. sub-branch president (Mr. S. Bryant-Smith) said he estimated its speed at 400-500 m.p.h.
