

Flying saucer in Maryborough

MARYBOROUGH, Wed.—Maryborough residents to-night watched a flying saucer make a wide sweep over the district.

About 8 o'clock a bright blue object was seen travelling at a great speed to the north and returned at a low level.

Approaching the river heads direction the phenomena moved almost perpendicularly to an estimated height of 8000 feet.

Maryborough R.S.L. sub-branch president (Mr. S. Bryant-Smith) said he estimated its speed at 400-500 miles per hour.
