

"FLYING SAUCER" OVER QUEENSLAND

MARYBOROUGH, Dec. 6.— Maryborough residents to-night watched a flying saucer make a wide sweep over the district. About 8 o'clock a bright blue object was seen travelling at a great speed to the north and returned at a low level. Approaching River Heads direction the phenomenon moved almost perpendicularly to an estimated 8000ft. Maryborough R.S.L. Sub-branch President (Mr. S. Bryant-Smith) said he estimated its speed at 400-500 m.p.h.
