

## 'FLYING SAUCER' SEEN IN Q'LAND

BRISBANE, Wed. — Many residents of Maryborough claimed tonight that they saw a flying saucer over the town soon after 8 p.m.

The president of the local branch of the Returned Servicemen's League (Mr. S. Bryant-Smith) said he estimated the speed of the object at between 400 and 500 m.p.h.

Mrs. J. Turner said that she and members of her family saw a bright blue object traveling north at a great speed.
