

Flying Saucer Seen Over Maryborough

MARYBOROUGH, December 6.—Maryborough residents to-night watched a "flying saucer" make a wide sweep over the district.

About 8 o'clock a bright blue object was seen travelling at a great speed to the north and returned at a low level. Approaching the river heads direction the phenomenon moved almost perpendicularly to an estimated 8000 feet.

Maryborough R.S.L. sub-branch president, Mr S. Bryant-Smith, said he estimated its speed at 400 to 500 miles an hour.
