

Another Flying Saucer

REPORT FROM ALBANY DISTRICT

Albany, Dec. 19.—Mr. F. R. Pfeiffer, cropping hay last Friday on his property near Mt. Many Peaks, stopped for a moment for a drink of water. Suddenly he heard a noise like a high explosive shell whistling through the air. He looked up into the sky and saw a greyish object like two saucers put together travelling fast in a south-westerly direction. The sky was clear with the exception of a lone bank of clouds. Mr. Pfeiffer watched the object for about a minute and a half until it disappeared into the bank. He noted the time as 11 a.m.

No reports on this phenomenon had been received up to to-night by the Government Astronomer, Mr. H. S. Spigl.
