

Saw Flying Saucer At Latrobe

A WOMAN who never believed in flying saucers is now convinced they really exist. She is Mrs. J. A. Lovell, of Bridgewater, near Hobart, who claims to have seen a flying saucer at Latrobe about 4 p.m. on Tuesday afternoon.

Mrs. Lovell, who with her husband, Sgt. J. A. Lovell, of the R.A.E.M.E., spending a holiday with Mrs. George Young, Latrobe, when her attention was drawn by her six-year-old son to a strange object travelling low and at high speed in the direction of Railton.

Mrs. Lovell said the object was oval shaped with a black bottom and appeared to have a silver edge. It made no noise.
