

## Thinks he saw saucer

Mr. V. W. Lehmann, of Dunluce avenue, Brighton, claims he saw a flying saucer over the Adelaide Hills about 1.52 a.m. today.

He said it was flying north at terrific speed. It was visible for only about 1½ seconds at a time. He saw it eight times.

"In shape, it looked like an Army tin plate," he said. "It was colored between an orange and red on the outside, but the color was much fainter towards the middle."

"I hadn't been drinking, and I'm sure I wasn't seeing things. It was definitely a flying saucer."
