

NZ Farmer Reports Flying Saucer

WELLINGTON, April 28. —
A report of a flying saucer
over New Zealand came today
from a farmer, J. Erceg, of
Kokopu, 13 miles west of
Whangarei (North Auckland).
He claims to have seen an
oval, boat-shaped object trav-
elling across the sky at 10.35
p.m. on Saturday.

Erceg said the object was
bright blue and seemed about
10 to 12 ft long. It travelled
across the night sky "slower
than a meteor, but faster than
a plane" and went from north
to south.

Erceg claims to have seen it
while he was returning with
his family from an evening at
the pictures.
