

Flying Saucers Again Reported

SYDNEY, Sunday—Fresh reports reached Sydney to-day of mysterious flying saucers seen over the South Coast and Northern Victoria yesterday.

One report from a young motor cyclist near Nowra described the saucer as a bright glittering object shaped like a cigar.

The other from Benalla, Northern Victoria, was seen by an interstate truck driver and his wife at 3.00 a.m. yesterday.

The driver said the object had rows of lights on either side and was traveling at high speed.

Eleven people yesterday reported seeing similar objects in Sydney, Berowa and Parkes. All of them saw the saucer after 6.00 a.m.

All reports described the

All reports described the objects as cigar-shaped, much larger than a normal

aircraft and leaving a blue trail.

Air Force and Civil Aviation authorities or meteorologists, have been unable to give an explanation of the reports.
