

TWO SEE "FLYING SAUCER" OVER WAGGA

A Wagga taxi-driver, Mr. Owen claims he saw a "flying saucer" shoot over the city early on Saturday morning.

Mr. Forest's "flying saucer" "ball" maintained a course across the sky, reportedly seen by people rising nor falling. Parkes and Sydney late on Friday night and early Saturday morning.

The Wagga "saucer" was two thousand feet also seen by Mrs. A. Hay, said.

147 Gurwood Street, who told friends she thought it was a plane, with its engine cut off coming in to land.

No sound

Mr. Forest said he saw his taxi immediately after the object, but it appeared behind a

About 6 a.m.

Mr. Forest and Mrs. Hay both saw the object at about 6 o'clock on Saturday morning.

Mr. Forest checked the time on his watch, which he says, accurate to within half a minute. The time was four minutes past six.

He first saw the object flying across the sky when he was cruising in his taxi towards the railway station.

"It seemed about 18 inches in diameter, like a big white ball," Mr. Forest said last night.

"The thing had a white tail behind it, with sparks spilling off the end of the tail," he said.

Mr. Forest added that the "ball" maintained a
