

Flying Saucer Seen

Many people in a number of towns in New South Wales reported having seen a flying "saucer" last night.

The people were from Coolah, Dunedoo, Merriwa, Cassilis, Quirindi, Rylstone, Upper Maitland, Newcastle and Hexham.

Former Cessnock man, Constable Jack Stephenson, of Merriwa, said he heard something at 7.55 p.m. It sounded like thunder and seemed to come from the direction of Coolah.

"The police station trembled and the rumbling noise continued for about 30 seconds," he said.

"I went out to the backyard and looked at the cloudy sky, but could not see anything."
