

# Hold fire if you see flying saucers

WASHINGTON, Tues.: Mr. Robert Farnsworth, president of the US Rocket Society, today appealed to American armed forces to hold their fire when they saw any mystery objects such as flying saucers.

In telegrams to President Truman, the Defence Secretary and the Army Secretary, he said:

"I respectfully suggest that no offensive action be taken against the objects reported as unidentified which have been sighted over our nation.

"Should they be extra-terrestrial, such action might result in the gravest consequences, as well as possibly alienating us from beings of far superior powers.

"Friendly contact should be sought as long as possible."—AAP.
