

## **“Saucer” Attack**

---

**NEW YORK, July 30 (A.A.P.).—A salesman told police at Enid, Oklahoma, that his car was almost swept from the road last night by a huge “flying saucer” which swooped low at high speed.**

**The salesman, Mr. Sid Eubanks, aged 50, was trembling when he walked into the police station.**

**Mr. Eubanks said that the object, which he described as a “yellow-green, then yellow-brown streak about 400 feet long,” dived low over the road, turned around, and disappeared in a few seconds.**

**“The tremendous pressure nearly threw my car off the road,” he said.**
