

'Flying Saucer' Over Tamar

A "FLYING SAUCER" was seen over the River Tamar in the vicinity of Rosevears yesterday afternoon by a number of people.

Mr. J. Tehan, assistant Public Works Department engineer in Northern Tasmania, saw one about 2 p.m. just after he crossed the Cataract Bridge over the Gorge before driving down the West Tamar Rd.

It was a round, bright, metallic-looking object, and appeared to be about 5,000 ft. up and over the direction of Rosevears, he said.

He kept the object in view as he drove slowly down the road, and stopped his car near Riverside to observe it from the side of the road for about four minutes.

It appeared to hover for several minutes, then make off in a northerly

make off in a northerly direction.

No R.A.A.F. Report

CANBERRA, Wed. —
The Minister for Air (Mr. McMahon) said in the House of Representatives today that he had received

no reports from the R.A.A.F. of "flying saucers" in Australia.

He told Mr. Downer (Lib., S.A.) that he had not been in contact with the U.S. Air Force about reports of "flying saucers."
