

# £11,000 flying saucer reward

NEW YORK, Thursday.

—A reward of £11,000 was offered today for proof of the existence of flying saucers.

Milton Reynolds, millionaire ballpoint pen manufacturer, said he would give that amount to "anyone who can prove scientifically the existence of flying saucers."

He meant by flying saucer an interplanetary flying object guided by living beings from another planet.

He said he would give an additional £44,600 to anyone who could obtain a ride for him in a flying saucer.—
