

FORMER AIRMAN SEES "FLYING SAUCER"

Muswellbrook Man's Claim

A former member of the R.A.A.F., Mr. Jack Raoul, together with Mr. B. Hartigan and the latter's family, claim to have seen a "flying saucer" at 4.30 p.m. on Saturday. The party said that the "saucer" appeared at about 5000 feet above the Durham open cut mine area. Mr. Raoul said the object emitted a blueish green light, which was different from the reflection of the sun on any aircraft he had seen. At no time did the object assume the shape of an aircraft.

The party said the object disappeared to the east at a speed estimated at between 400 and 500 miles per hour.
