

Goulburn Man Saw "Saucer"?

A Goulburn man claims he "definitely saw a flying saucer" in the early hours of this morning.

The man—Mr. Vince Little, of 16 Bellevue Street, North Goulburn—said he was returning home from work at the Woollen Mills this morning at about 3.30 when he saw the "saucer."

"It was one of the prettiest things I've seen in all my born days," he said.

"It was shaped more or less like a beetle, had a tail about six feet long and three feet wide and behind it were all the colours of the rainbow."

He said "it had a fair roar" and was travelling in a southerly direction.

It appears that the "saucer" could have been a meteor.
