

“Bridal Bouquet” In The Sky

Reports of a flying saucer over Grafton last week have prompted Mrs. H. Cunningham, of Pipe Clay, to describe a strange phenomenon in the sky on February 10.

This appeared in the west at 10.5 p.m. and was “like a bridal bouquet, in a shape which resembled a horseshoe,” she stated.

Glittering streamers followed from the two points of the “horseshoe.”

She said the area around the object was a glittering mass. It disappeared about 10.20 p.m.
