

"SAUCER" SEEN IN KOREA

SEOUL, Monday.

Four United States Army airmen yesterday reported seeing a white object flying at 60 to 80 miles an hour over Communist territory on the Korean Western front, an official intelligence report said.

The object was reported seen in the Old Baldy-Pork Chop Hill area.

An official report said the airmen in two planes observed "a white, rounded, delta-shaped object" while flying routine reconnaissance missions.

The object was estimated to be five to seven feet in diameter. The observers had no idea of its length or thickness.

"It was travelling between 60 and 80 miles an hour in a vibrating motion. The course of flight was over enemy territory."

The altitude of the object was not reported.
