

White Object Seen

IPSWICH, Aug. 9. Several Ipswich people reported having seen a slender white object across the sky this afternoon. Mrs. T. Sharp and Mr. and Mrs. J. Gooz saw the "phenomenon" just after two o'clock. Mrs. Sharp said that the object, which appeared to be about the thickness of a walking stick, approached over the top of Kruger's sawmill. It came across the sky and vanished in the direction of Raceview. She said there were no clouds in the sky at the time and there were no planes. The object, which was fairly high, took about 20 minutes to pass. Similar reports came to hand from the western part of the city.
