

U.S. "shuts down" on saucers

MONTREAL, Wed.:
Major Donald Keyhoe, author of the book "Flying Saucers from Outer Space," said today the US Air Force had embarked on a policy of "thought control" on the subject of flying saucers.

Major Keyhoe said the US Air Force had clamped down on all information pertaining to saucers and no reason had been given.

"The Air Force doesn't want the public to realise how concerned it is over flying saucers until it has all the answers," he said in an interview.—AAP.
