

## **FLYING SAUCER SEEN NEAR PEAK HILL**

Six Peak Hill men reported recently that they had seen a "flying saucer" near Peak Hill.

The men, Ron, Joe and Roy Bruce, Jack Write, D. Baxter and Simpson Williamson, said they saw the object flying from north to south across Mr. Williamson's property.

The object was described as being "like a silver parachute with a tail, all bright silver like aluminium."

The men were erecting a tank about 9 o'clock in the morning when they saw the object.

They claim that it was travelling so fast that nothing could catch it, and disappeared from view in a few seconds.

**view in a few seconds.  
It made no noise.**
