

Clamp Down on Saucers

New York: Major Donald Keyhoe, author of the book: **Flying Saucers from Outer Space**, in Montreal said that the United States Air Force had embarked on a policy of "thought control" on "flying saucers." It had clamped down on all information about "saucers" and no reason had been given. "The Air Force doesn't want the public to realise how concerned it is over 'flying saucers' until it has all the answers," he said.
