

# Object Reported In Sky At Young

**YOUNG, Wednesday.**— A woman and a girl reported seeing a strange object in the sky over Young this afternoon.

Miss Marjorie McLennan, 34, of McLerie Street, Young, said that at 3.5 p.m. her dog, which always barks at aircraft, began to bark furiously.

She heard a strange, humming sound and at a great height directly above her home saw a long, cylindrical object.

"It was coloured to two shades of white and seemed to taper off to one end," she said.

"For five minutes it did not seem to move an inch and then it seemed to gradually float down towards the skyline until it disappeared at 3.15 p.m."

Miss McLennan said she

had seen a helicopter and many aircraft, but the object did not appear to be like any of them. It seemed bigger than a plane and was certainly much longer.

Miss McLennan said she called to Miss Moya Hugget, 16, who lives next door.

Miss Hugget said she

Miss Hugget said she saw a long object of two shades of white.

The tail seemed to "trail off."

"It may have been a reflection of the sun, but I got the impression that it was surrounded by a faint ring like a halo," Miss Hugget said.

Miss McLennan and Miss Hugget said that as the object was disappearing, an aircraft flew over, travelling in the same direction, but further south.
