

“Saucer” seen at George Town

LAUNCESTON — The “flying saucer” reported over Beauty Point on Friday was also clearly seen at George Town, according to Mrs. T. Thomas, of Paterson Cres.

Mrs. Thomas said yesterday the object appeared the exact shape of the “flying saucer” sketched recently by Mr. K. L. Littlejohn, of Perth.

Mrs. Thomas’ attention was directed to the object by a loud rumbling noise, and she saw it clearly as it dived away.
