

"THEY DO EXIST!"

AN eminent Australian nuclear physicist, who has studied "flying saucer" reports since 1948, claims saucers do exist.

An intriguing 1800-word report by the physicist is published exclu-

lished exclusively in tomorrow's enlarged 10-page Weekender.

Watch for these other outstanding features.

tures:

● **Harry Collier, ex - Collingwood captain, recalls rough games of the past.**

● **Third thrilling instalment of Cheshire, V.C.**
