

## **Flying Saucer Over Desert**

**Three east-west motorists saw what they believed to be a flying saucer north-west of Eucla over the Nullarbor Plain shortly after 8 o'clock on Sunday night.**

**They are Mr. T. A. Mulhearn and his wife and 23-year-old son Paul, of Sydney.**

**The party had pulled up for a cup of tea about six miles west of Eucla, and were getting ready to set out again when Paul called the attention of his parents to the object.**

**They watched it for 15 minutes as it manoeuvred around the sky, "obviously under control." It disappeared suddenly, and did not reappear.**

**Mr. Mulhearn said last night that the object appeared as a brilliant white light against a background of dark storm clouds — drizzling rain was falling at the time—and appeared to have two fins or elevators, one at each side, which moved up and down.**

**They estimated that the object was about five miles distant, and no more than 1000 ft. high.**

**When they mentioned the**

**When they mentioned the matter at the motel at Madura they were told that another party of overland motorists reported seeing a similar object out over the sea about 7.30 p.m. on Sunday.**
