

## FLYING SAUCER SCARE IN SINGAPORE—"NO LEG PULL"

SINGAPORE, September 5.—A flying saucer scare swept Singapore last night. Several people reported to R.A.F. authorities at the civil airport at Kallang that they had seen a fast moving light.

They claimed, "It could only have been a flying saucer."

An R.A.F. spokesman said, "This is no leg pull.

"Something strange has been seen by at least six people and probably many more. We have no explanation to offer yet."

Mrs. R. Whitley told Reuter's representative she saw a large white light, much brighter than any star, moving at a terrific speed and quite low over Kallang airport.
