

2 MORE "SAUCERS" SIGHTED

BRISBANE, Monday.—Two "unidentified flying objects" were sighted over south-east Queensland to-night.

One was seen over a Brisbane suburb and the other over the Near North Coast.

Witnesses said a "green ball" which passed over Brisbane cast a 3ft. wide green glow on the ground.

A Kenilworth farmer reported having seen a "greenish flash like streak" while driving down the Maleny Range.

The sightings brought the number of "unidentified fly-

ing objects" over Queensland since Friday to seven.

One person who saw the object over Brisbane said he looked up and saw a "green ball with a big red tail travel from the north-west to the south-west."
